

16/01/2026

Below is the **FULL LEVEL-1 CURRICULUM** converted into:

1. **PIXO In-App Lesson Tree (node-based)**
2. **Auto-Loop Logic + Scoring Schema (production-ready)**

No fluff. No gaps. This is **deployable logic**.

PIXO – LEVEL 1

Age: 5 to 9Years

Duration: Day 1 → Day 180

Pedagogy: Sounds → Blending → Confidence → Readiness

PART 1: PIXO IN-APP LESSON TREE (LEVEL 1)

Think **Tree** → **Branch** → **Node** → **Micro-Task**

 LEVEL 1 ROOT

LEVEL_1_SOUND_FOUNDATION

Unlock condition: App onboarding complete

 PHASE 1: SOUND AWARENESS (Day 1–30)

MODULE 1: VOWEL SOUNDS (Day 1–15)

LEVEL_1

└─ PHASE_1_SOUND_AWARENESS

└─ MODULE_1_VOWELS

└─ NODE_A

└─ NODE_E

└─ NODE_I

└─ NODE_O

└─ NODE_U

└─ NODE_VOWEL_MIX

 ◆ NODE STRUCTURE (Example: NODE_A)

NODE_A (/a/ as in apple)

Sub-nodes (fixed):

1. Watch & Listen
2. Repeat After Me
3. Picture Match (MCQ)
4. Confidence Praise

Unlock rule:

- Accuracy ≥ 80%
- Repeat score ≥ 3/5

If failed → auto-loop same node next day

MODULE FLOW (Vowels)

Day Node

1 /a/

2 /e/

3 /i/

Day Node

- 4 /o/
 - 5 /u/
 - 6 Mixed vowels
 - 7 Assessment
 - 8–14 Reinforcement (new images)
 - 15 Vowel Mastery Gate
-

TREE STRUCTURE (UNCHANGED CORE)

LEVEL_1

◆ STANDARD NODE STRUCTURE (APPLIES TO ALL DAYS)

Each node contains **4 fixed sub-nodes**:

1 Watch & Listen

- Animated object appears
- Clear phonetic sound (ex: “/a/... /a/... apple”)
- Sound played 3 times

2 Repeat After Me

- Mic-enabled
- Child repeats sound
- Confidence meter fills (not accuracy shaming)

3 Picture Match (MCQ)

- 3 images shown
- Question: “Which one says /a/?”
- Immediate soft feedback

4 Confidence Praise

- Star animation
 - Voice praise
 - No comparison, only encouragement
-

DAY-WISE BREAKDOWN (ENHANCED)

● DAY 1 – NODE_A (/a/ as in apple)

Objective

Child **recognizes and repeats** the /a/ sound confidently.

Visual Set

- Apple

- Ant
- Axe

MCQ Pattern

- 1 correct (/a/) + 2 distractors (non-/a/)

Unlock Criteria

- Accuracy $\geq 80\%$
- Repeat confidence $\geq 3/5$

Failure Logic

- Mark /a/ as  weak
- Same node repeats on Day 2 morning
- New images auto-loaded

DAY 1 – NODE_A

Sound: /a/ (as in apple)

Total Duration: 30 Minutes

Structure: 10 + 10 + 10

Mode: Sound-only learning (no letters)

DAY 1 OBJECTIVE

- Child **hears, recognizes, and repeats** the /a/ sound
- Child associates **sound** → **picture**
- Child feels **safe, praised, and confident**

PART 1: SOUND DISCOVERY

(10 Minutes | Watch + Listen)

Goal

Build **sound awareness** without asking the child to speak yet.

PIXO Flow

1. Animated **Apple** appears
 - Voice: “/a/... /a/... apple”
2. Animated **Ant** appears
 - Voice: “/a/... /a/... ant”
3. Animated **Axe** appears
 - Voice: “/a/... /a/... axe”

System Rules

- Each sound played **3 times**
- Slight pause between sounds
- Background music soft and slow

No interaction required

Child is only **listening and watching**

Success Indicator (Internal)

- Child stays engaged (no skip / exit)

PART 1: SOUND DISCOVERY

(10 Minutes total)

1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

Goal

Introduce the /a/ sound gently, without demand.

PIXO Flow

- Animated **Apple** appears
Voice: “/a/... /a/... apple”
- Animated **Ant** appears
Voice: “/a/... /a/... ant”

System Rules

- Each sound played **3 times**
- Slow tempo, friendly tone
- Soft background music

Child Action

- Only **watching and listening**

Internal Signal

- Engagement detected (eyes on screen)
-

1B. LISTEN & CONNECT

(5 Minutes | Visual Reinforcement)

Goal

Help the brain link **same sound** → **different objects**.

PIXO Flow

- Animated **Axe** appears
Voice: “/a/... /a/... axe”
- Quick replay:
 - Apple → “/a/”
 - Ant → “/a/”

Subtle Prompt (No Response Required)

PIXO says:

“Listen... they all say /a/”

Internal Signal

- No exit / no skip
 - Calm completion
-

PART 2: REPEAT & SPEAK

(10 Minutes | Practice)

Goal

Encourage **confident sound repetition** without fear.

PIXO Flow

1. PIXO says:
“Can you say this sound with me?”
2. Sound played: “/a/”
3. Mic activates
4. Child repeats

Repeat Cycle

- Max 5 attempts
- Confidence meter fills visually
- No “wrong” feedback

Confidence Scoring

Attempt	Result
Clear attempt	+1
Partial attempt	+0.5
Silence	No penalty

Pass Condition

- Repeat confidence $\geq 3/5$

If Hesitation Detected

- PIXO slows sound
- Says: "Let's try together 😊"

2A. REPEAT TOGETHER

(5 Minutes | Guided Speaking)

Goal

Remove fear by **speaking together**.

PIXO Flow

- PIXO says:
"Say it with me... /a/"
- Sound played
- Mic opens
- Child repeats

Rules

- 3 attempts max
- PIXO repeats along with child
- No silence penalty

Confidence Meter

- Fills softly (no numbers shown)

2B. REPEAT ALONE

(5 Minutes | Independent Try)

Goal

Encourage independent sound attempt.

PIXO Flow

- PIXO says:
"Your turn 😊"
- Sound hint played once
- Mic opens

Scoring Logic

Attempt Score

Clear +1

Partial +0.5

Silent 0

Pass Requirement

- Repeat confidence $\geq 3/5$
-

PART 3: PICTURE ASSESSMENT + PRAISE

(10 Minutes | MCQ + Reward)

Goal

Check **sound recognition** and end with **positive emotion**.

MCQ Structure

- 3 pictures shown:
 - Apple (correct)
 - Ball (distractor)
 - Cat (distractor)

Question

“Which picture says /a/?”

Assessment Rules

- 5 total questions
- Picture order shuffled
- Immediate soft feedback

Accuracy Calculation

Correct answers ÷ 5 × 100

PRAISE LOGIC (VERY IMPORTANT)

If answer is correct:

- Star animation
- Voice: “Great listening!”

If answer is incorrect:

- Gentle cue:
“Let’s listen again”
 - Sound replayed
 - No negative sound or emoji
-

3A. SOUND → PICTURE MATCH

(5 Minutes | MCQ)

Goal

Check recognition without pressure.

MCQ Format

- Apple (correct)
- Ball (distractor)
- Cat (distractor)

Question

“Which one says /a/?”

Rules

- 3 questions only
 - Instant gentle feedback
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the session on **success emotion**.

PIXO Flow

- Star animation
- Voice:
“You listened so well today!”
- Happy sound jingle

No assessment shown to child

DAY 1 UNLOCK CRITERIA

To **complete DAY 1 successfully**:

- Accuracy $\geq 80\%$
- Repeat confidence $\geq 3/5$

FAILURE / AUTO-LOOP LOGIC

If **either condition fails**:

- Sound /a/ marked as  *weak*
- **Same NODE_A repeats next session**
- New images auto-loaded (ex: apple → astronaut, ant → alligator)
- Extra encouragement layer added

DAY 1 SUCCESS OUTCOME

By end of Day 1, child:

- ✓ Recognizes /a/ sound
- ✓ Repeats /a/ without fear
- ✓ Understands sound links to objects
- ✓ Ends session feeling successful

Why this structure works (for you as a founder)

- Parents see **clear learning**
- Child feels **zero pressure**
- System gathers **clean data**
- Weakness is corrected early

DAY 2 – NODE_E (/e/ as in egg)

Objective

Discriminate /e/ from previous sound (/a/).

Visual Set

- Egg
- Elephant
- Engine

Smart Logic

- One distractor from Day 1 (/a/) included intentionally

Unlock Criteria

Same as Day 1

DAY 3 – NODE_I (/i/ as in ink)

Objective

Strengthen listening precision for shorter vowel sound.

Visual Set

- Ink
- Insect
- Igloo

Repeat Logic

- PIXO slows sound if hesitation detected
-

DAY 3 – NODE_I

Sound: /i/ (as in ink)

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Discovery)
 - 10 min → 5 + 5 (Repeat & Speak)
 - 10 min → 5 + 5 (Picture Check & Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 3 OBJECTIVE

- Child **hears and identifies** the /i/ sound
 - Child **distinguishes /i/** from /a/ and /e/
 - Child repeats a **short vowel sound** confidently
 - Child continues feeling **safe, praised, and capable**
-

PART 1: SOUND DISCOVERY (10 Minutes total)

1A. LISTEN & NOTICE (5 Minutes | Passive Listening)

Goal

Introduce the short, sharp /i/ sound clearly.

PIXO Flow

- Animated **Ink** appears
Voice: “/i/... /i/... ink”
- Animated **Insect** appears
Voice: “/i/... /i/... insect”

System Rules

- Each sound played **3 times**
- Clear, slightly slower articulation (short vowel)
- Soft background music

Child Action

- Only **watching and listening**

Internal Signal

- Engagement maintained (no skip / no exit)
-

1B. LISTEN & CONNECT

(5 Minutes | Sound Linking)

Goal

Help the brain connect **one sound** → **many objects**.

PIXO Flow

- Animated **Igloo** appears
Voice: “/i/... /i/... igloo”
- Quick recap replay:
 - Ink → “/i/”
 - Insect → “/i/”

Gentle Audio Cue

PIXO says:

“Listen... they all say /i/”

Internal Signal

- Calm completion
 - No response demanded
-

PART 2: REPEAT & SPEAK

(10 Minutes total)

2A. REPEAT TOGETHER

(5 Minutes | Guided Speaking)

Goal

Reduce hesitation by **speaking together**.

PIXO Flow

- PIXO says:
“Say it with me... /i/”
- Sound played
- Mic opens
- Child repeats with PIXO

Rules

- Up to 3 attempts
- No penalty for silence
- PIXO models sound each time

Confidence Meter

- Soft visual fill (no numbers)
-

2B. REPEAT ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage independent sound attempt.

PIXO Flow

- PIXO says:
“Your turn 😊”
- Sound hint played once
- Mic opens

Confidence Scoring

Response Type Score

Clear /i/	+1
Partial	+0.5
Silent	0

Pass Requirement

- Repeat confidence $\geq 3/5$

Support Logic

If hesitation detected:

- PIXO slows sound
- Says: "Let's try together again"

PART 3: PICTURE CHECK & PRAISE (10 Minutes total)

3A. SOUND → PICTURE MATCH (5 Minutes | MCQ)

Goal

Check recognition and **differentiate from /a/ and /e/**.

MCQ Format

- Ink (correct)
- Egg (distractor from Day 2)
- Apple (distractor from Day 1)

Question

"Which one says /i/?"

Rules

- 3 questions
- Order shuffled
- Gentle feedback only

3B. PRAISE & EMOTIONAL CLOSE (5 Minutes | Confidence Lock)

Goal

End Day 3 on a **positive emotional note**.

PIXO Flow

- Star animation
- Voice:
"You are listening so carefully!"
- Soft happy sound

No scores shown to child

DAY 3 COMPLETION LOGIC

To pass Day 3:

- Picture accuracy $\geq 80\%$
- Repeat confidence $\geq 3/5$

If not met:

- /i/ marked as  weak
- NODE_I repeats next session

- New visuals auto-loaded
 - Extra encouragement enabled
-

✓ DAY 3 FINAL OUTCOME

By the end of Day 3, the child:

- ✓ Recognizes the /i/ sound
 - ✓ Differentiates /i/ from /a/ and /e/
 - ✓ Repeats short vowel without fear
 - ✓ Ends session confident and calm
-

● DAY 4 – NODE_O (/o/ as in orange)

Objective

Recognize rounded vowel sound.

Visual Set

- Orange
- Owl
- Octopus

Confidence Trigger

- If child repeats twice without pause → bonus praise

● DAY 4 – NODE_O

Sound: /o/ (as in orange)

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Discovery)
- 10 min → 5 + 5 (Repeat & Speak)
- 10 min → 5 + 5 (Picture Check & Praise)

Mode: Sound-only learning (no letters)

🧠 DAY 4 OBJECTIVE

- Child **hears and recognizes** the /o/ sound
 - Child notices a **new mouth shape (rounded)**
 - Child differentiates /o/ from /a/, /e/, /i/
 - Child repeats confidently without pressure
-

🕒 PART 1: SOUND DISCOVERY

(10 Minutes total)

🕒 1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

🎯 Goal

Introduce the rounded /o/ sound gently and clearly.

PIXO Flow

- Animated **Orange** appears
Voice: “/o/... /o/... orange”
- Animated **Owl** appears
Voice: “/o/... /o/... owl”

System Rules

- Each sound played **3 times**
- Clear articulation with rounded lips
- Soft, calm background music

Child Action

- Only **watching and listening**

Internal Signal

- Engagement maintained (no skip / no exit)
-

1B. LISTEN & CONNECT

(5 Minutes | Sound Linking)

Goal

Help the brain link **same sound** → **different objects**.

PIXO Flow

- Animated **Octopus** appears
Voice: “/o/... /o/... octopus”
- Quick recap replay:
 - Orange → “/o/”
 - Owl → “/o/”

Gentle Audio Cue

PIXO says:

“Listen... they all say /o/”

Internal Signal

- Calm completion
 - No response demanded
-

PART 2: REPEAT & SPEAK

(10 Minutes total)

2A. REPEAT TOGETHER

(5 Minutes | Guided Speaking)

Goal

Encourage correct mouth movement by **speaking together**.

PIXO Flow

- PIXO says:
“Round your lips and say... /o/”
- Sound played
- Mic opens
- Child repeats with PIXO

Rules

- Up to 3 attempts
- PIXO exaggerates lip rounding visually
- No penalty for silence

Confidence Meter

- Soft visual fill (no numbers)
-

2B. REPEAT ALONE

(5 Minutes | Independent Attempt)

Goal

Support independent production of a **new mouth shape sound**.

PIXO Flow

- PIXO says:
“Your turn 😊”
- Sound hint played once
- Mic opens

Confidence Scoring

Response Type Score

Clear /o/ +1

Partial +0.5

Silent 0

Pass Requirement

- Repeat confidence $\geq 3/5$

Support Logic

If hesitation detected:

- PIXO models lip rounding again
- Says: “Let’s try together”

PART 3: PICTURE CHECK & PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | MCQ)

Goal

Check recognition and **differentiate from earlier vowels**.

MCQ Format

- Orange (correct)
- Ink (distractor from Day 3)
- Egg (distractor from Day 2)

Question

“Which one says /o/?”

Rules

- 3 questions
- Order shuffled
- Gentle feedback only

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 4 with **confidence and success emotion**.

PIXO Flow

- Star animation
- Voice:
“That was a new sound. You did great!”
- Soft happy sound

No scores shown to child

DAY 4 COMPLETION LOGIC

To pass Day 4:

- Picture accuracy $\geq 80\%$
- Repeat confidence $\geq 3/5$

If not met:

- /o/ marked as  weak
 - NODE_O repeats next session
 - New visuals auto-loaded
 - Extra encouragement enabled
-

DAY 4 FINAL OUTCOME

By the end of Day 4, the child:

- ✓ Recognizes the /o/ sound
 - ✓ Uses rounded mouth movement naturally
 - ✓ Separates /o/ from /a/, /e/, /i/
 - ✓ Ends session confident and calm
-

DAY 5 – NODE_U (/u/ as in umbrella)

Objective

Complete vowel exposure set.

Visual Set

- Umbrella
- Up
- Uncle

End-of-Day Status

- All 5 vowels introduced (not mastered yet)

DAY 5 – NODE_U

Sound: /u/ (as in umbrella)

Total Duration: 30 Minutes

Structure:

- 10 min $\rightarrow$ 5 + 5 (Sound Discovery)
 - 10 min $\rightarrow$ 5 + 5 (Repeat & Speak)
 - 10 min $\rightarrow$ 5 + 5 (Picture Check & Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 5 OBJECTIVE

- Child **hears and recognizes** the /u/ sound
 - Child notices a **new mouth position (rounded, relaxed)**
 - Child differentiates /u/ from /a/, /e/, /i/, /o/
 - Child completes **all vowel exposure** confidently
-

PART 1: SOUND DISCOVERY

(10 Minutes total)

1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

Goal

Introduce the /u/ sound clearly and calmly.

PIXO Flow

- Animated **Umbrella** appears
Voice: “/u/... /u/... umbrella”
- Animated **Up** appears
Voice: “/u/... /u/... up”

System Rules

- Each sound played **3 times**
- Clear articulation, relaxed mouth
- Soft background music

Child Action

- Only **watching and listening**

Internal Signal

- Engagement maintained (no skip / no exit)
-

1B. LISTEN & CONNECT

(5 Minutes | Sound Linking)

Goal

Help the brain link **one sound** → **many objects**.

PIXO Flow

- Animated **Uncle** appears
Voice: “/u/... /u/... uncle”
- Quick recap replay:
 - Umbrella → “/u/”
 - Up → “/u/”

Gentle Audio Cue

PIXO says:

“Listen... they all say **/u/**”

Internal Signal

- Calm completion
 - No response demanded
-

PART 2: REPEAT & SPEAK

(10 Minutes total)

2A. REPEAT TOGETHER

(5 Minutes | Guided Speaking)

Goal

Encourage relaxed, confident repetition.

PIXO Flow

- PIXO says:
“Say it with me... /u/”
- Sound played
- Mic opens
- Child repeats with PIXO

Rules

- Up to 3 attempts
- PIXO models relaxed mouth visually
- No penalty for silence

Confidence Meter

- Soft visual fill (no numbers)
-

2B. REPEAT ALONE

(5 Minutes | Independent Attempt)

Goal

Support independent sound production.

PIXO Flow

- PIXO says:
“Your turn 😊”
- Sound hint played once
- Mic opens

Confidence Scoring

Response Type Score

Clear /u/ +1

Partial +0.5

Silent 0

Pass Requirement

- Repeat confidence $\geq 3/5$

Support Logic

If hesitation detected:

- PIXO models sound again
 - Says: “Let’s try together”
-

PART 3: PICTURE CHECK & PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | MCQ)

Goal

Check recognition and **differentiate from all previous vowels.**

MCQ Format

- Umbrella (correct)
- Orange (distractor from Day 4)
- Ink (distractor from Day 3)

Question

“Which one says /u/?”

Rules

- 3 questions
 - Order shuffled
 - Gentle feedback only
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Close the vowel introduction phase with **positive emotion**.

PIXO Flow

- Star animation
- Voice:
“You learned all the vowel sounds!”
- Soft celebration sound

No scores shown to child

DAY 5 COMPLETION LOGIC

To pass Day 5:

- Picture accuracy $\geq 80\%$
- Repeat confidence $\geq 3/5$

If not met:

- /u/ marked as ● weak
 - NODE_U repeats next session
 - New visuals auto-loaded
 - Extra encouragement enabled
-

DAY 5 FINAL OUTCOME

By the end of Day 5, the child:

- ✓ Recognizes the /u/ sound
 - ✓ Differentiates all five vowels
 - ✓ Repeats without fear
 - ✓ Completes vowel introduction confidently
-

DAY 6 – NODE_VOWEL_MIX (Listening Discrimination)

Objective

Child understands **different sounds exist**.

Activities

- Hear sound → tap picture
- No repeat pressure today

MCQ Logic

- Randomized vowel sounds
- 5 total questions

Scoring

- Accuracy only (confidence not counted)

DAY 6 – NODE_VOWEL_MIX

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Listening Games)
- 10 min → 5 + 5 (Sound Choice Games)

- **10 min → 5 + 5** (Fun Check + Praise)
Mode: Sound-only learning (no letters)
-

DAY 6 OBJECTIVE

- Child understands **different vowel sounds exist**
 - Child listens carefully and **chooses based on sound**
 - Child builds confidence **without speaking pressure**
 - Child experiences learning as **play**
-

PART 1: SOUND LISTENING GAMES (10 Minutes total)

1A. SOUND PARADE (5 Minutes | Passive Game)

Goal

Tune the ear to **notice sound differences**.

PIXO Flow

- Characters walk across screen one by one
- Each character says one vowel:
 - “/a/”
 - “/e/”
 - “/i/”
 - “/o/”
 - “/u/”

Rules

- Each sound played **twice**
- No response expected
- Fun, playful animation

Internal Signal

- Child stays engaged
-

1B. FIND THE SAME SOUND (5 Minutes | Listening Focus)

Goal

Help child detect **same sound repetition**.

PIXO Flow

- PIXO plays a sound: “/a/”
- Two pictures appear:
 - Apple
 - Umbrella

Prompt

“Which one says the **same sound**?”

Rules

- 3 rounds
 - Gentle replay allowed
-

PART 2: SOUND CHOICE GAMES (10 Minutes total)

2A. TAP THE SOUND

(5 Minutes | Active Listening)

Goal

Convert listening into **simple action**.

PIXO Flow

- PIXO says a vowel sound
- 3 pictures appear
- Child taps matching picture

Example

Sound: “/i/”

Pictures:

- Ink 
- Orange
- Egg

Rules

- 3 rounds
 - Immediate friendly feedback
-

2B. ODD ONE OUT

(5 Minutes | Discrimination Game)

Goal

Strengthen sound separation.

PIXO Flow

- 3 pictures appear
- Two share same vowel sound
- One is different

Prompt

“Which one sounds **different**?”

Example

- Apple
 - Ant
 - Egg 
-

PART 3: FUN CHECK & PRAISE

(10 Minutes total)

3A. LIGHT CHECK (NO PRESSURE)

(5 Minutes | Hidden Assessment)

Goal

Quietly measure listening accuracy.

Format

- 5 sound → picture questions
- Mixed vowels
- No visible score

Internal Rule

- Accuracy tracked silently

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 6 with **joy, not evaluation**.

PIXO Flow

- Confetti animation
- Voice:
“Your ears are very smart!”
- Happy music

AUTO-LOOP & ADAPTIVE LOGIC

- If a vowel is missed repeatedly:
 - Mark as  weak
 - Inject again in Day 8 reinforcement
- No failure shown to child
- No repeat pressure today

DAY 6 FINAL OUTCOME

By the end of Day 6, the child:

- ✓ Listens carefully to vowel sounds
- ✓ Differentiates sounds through play
- ✓ Feels learning is fun
- ✓ Is mentally ready for assessment

DAY 7 – VOWEL CHECKPOINT (Assessment 1)

Objective

Evaluate **initial recognition**, not perfection.

Assessment Rules

- 10 questions
- All 5 vowels included
- Mixed order

Outcome Logic

- $\geq 80\%$ → proceed
- $< 80\%$ → weakest vowel flagged for priority loop

DAY 7 – NODE_VOWEL_CHECKPOINT

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Familiarity)
 - 10 min → 5 + 5 (Core Assessment Games)
 - 10 min → 5 + 5 (Review & Praise)
- Mode: Sound-only learning (no letters)

DAY 7 OBJECTIVE

- Measure **vowel sound recognition accuracy**
- Identify **strong vs weak vowels**
- Maintain **zero fear and high confidence**
- Prepare data for **adaptive reinforcement (Day 8–14)**

 PART 1: WARM-UP & FAMILIARITY
(10 Minutes total)

 1A. FRIENDLY SOUND RECAP
(5 Minutes | Confidence Warm-up)

 Goal

Remind the child: “I know these sounds.”

PIXO Flow

- Five friendly characters appear
- Each says one vowel sound:
 - “/a/”
 - “/e/”
 - “/i/”
 - “/o/”
 - “/u/”

Rules

- No response required
- Fun, familiar animations
- Calm pacing

 1B. LET’S PLAY A LISTENING GAME
(5 Minutes | Low-Pressure Entry)

 Goal

Ease child into assessment mode without signaling it.

PIXO Flow

- PIXO says:
“Let’s play a listening game 😊”
- One sound played
- Two pictures appear

Prompt

“Which one sounds right?”

Rules

- 3 easy rounds
- Mostly strong sounds first

 PART 2: CORE ASSESSMENT GAMES
(10 Minutes total)

 2A. SOUND → PICTURE MATCH
(5 Minutes | Hidden Scoring)

 Goal

Measure **direct sound recognition**.

Format

- Sound played (no visual hint)
- 3 pictures shown
- Child taps answer

Example

Sound: “/o/”

Pictures:

- Orange 
- Ink
- Egg

Rules

- 5 questions
- Mixed vowel order
- No visible score

2B. ODD ONE OUT

(5 Minutes | Discrimination Check)

Goal

Test **sound separation skill**.

Format

- 3 pictures shown
- Two share same vowel sound
- One is different

Prompt

“Which one sounds different?”

Rules

- 5 rounds
- All vowels represented

PART 3: REVIEW & PRAISE

(10 Minutes total)

3A. SOFT REVIEW (NO SCORES)

(5 Minutes | Gentle Reinforcement)

Goal

Replay sounds without calling them mistakes.

PIXO Flow

- PIXO casually replays:
 - Strong vowels once
 - Weak vowels twice (subtle)

No questions

Just listening and nodding animations

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the first assessment week with **pride, not pressure**.

PIXO Flow

- Celebration animation

- Voice:
“You listened very carefully today!”
- Badge unlocked:
“Vowel Listener”

Parent Notification

- “Vowel listening checkpoint completed”

INTERNAL SCORING LOGIC (SYSTEM ONLY)

- Total questions: 10
- Score calculated silently

Classification

Score Range Status

- ≥ 80%  Ready for reinforcement phase
- 60–79%  Needs targeted practice
- < 60%  Auto-loop weak vowels

ADAPTIVE NEXT STEPS

- Strong vowels:
→ Standard reinforcement (Day 8–14)
- Weak vowels:
→ Priority injection + extra exposure
- No child repeats “assessment day” visibly

DAY 7 FINAL OUTCOME

By the end of Day 7:

- ✓ System knows strong vs weak vowels
- ✓ Child feels successful and calm
- ✓ No fear of “tests” created
- ✓ Foundation set for smart reinforcement

DAY 8–DAY 14

ADAPTIVE REINFORCEMENT DAYS (VOWELS)

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration (Daily): 30 Minutes

Structure (Daily):

- 10 min → 5 + 5 (Targeted Listening)
 - 10 min → 5 + 5 (Guided Practice)
 - 10 min → 5 + 5 (Game + Praise)
- Mode: Sound-only learning (no letters)

OVERALL OBJECTIVE (DAY 8–14)

- Strengthen weak vowel sounds
- Automate strong vowel recognition
- Increase response speed

- Lock confidence before Vowel Mastery Gate (Day 15)

ADAPTIVE ENGINE (INVISIBLE TO CHILD)

After Day 7, PIXO internally tags:

-  Strong → $\geq 80\%$
-  Medium → 60–79%
-  Weak → $< 60\%$

Daily Exposure Rule

-  Weak → High frequency
-  Medium → Normal frequency
-  Strong → Brief + faster

Child never sees scores, levels, or labels.

DAY-WISE STRUCTURE (APPLIES TO EACH DAY 8–14)

Below is the daily template, followed by Day 8 as a concrete example.

DAY 8 – CONCRETE EXAMPLE

Reinforcement Day 1 (/a/ & /e/)

Auto-selected by PIXO:

-  Weakest: /a/
-  Second weakest: /e/

Day 8 Focus:

- /a/ → appears most
- /e/ → normal
- /i/ /o/ /u/ → brief recap only

New Visuals (No repeats):

- /a/: astronaut, alligator
- /e/: envelope, elevator

Everything follows the same 5–5–5–5–5 structure above.

DAY 8 – Reinforcement Day 1 (/a/ & /e/)

Objective

Reinforce weakest + second weakest vowel.

Logic

- PIXO auto-selects based on Day 7 score
- New images only (no repeats)

PART 1: TARGETED LISTENING

(10 Minutes total)

1A. FOCUS LISTENING

(5 Minutes | Passive, Targeted)

Goal

Re-expose weakest vowel(s) without pressure.

PIXO Flow:

- 2 sounds chosen automatically:
 -  Weak vowel
 -  Medium vowel
- Each sound shown with new images only
- Each sound played 3 times

Rules:

- No response needed
- Calm pacing
- Soft background music

Internal:

- Weak sound always appears first
-

1B. CONTRAST LISTENING

(5 Minutes | Comparison)

Goal

Help the brain hear the difference.

PIXO Flow:

- PIXO alternates:
 - Weak sound → Strong sound
- Example:
"/a/... /o/... /a/... /o/"

Gentle cue:

"Listen carefully 😊"

No interaction required.

PART 2: GUIDED PRACTICE

(10 Minutes total)

2A. REPEAT TOGETHER

(5 Minutes | Supported Speaking)

Goal

Build confidence on weak sounds.

PIXO Flow:

- PIXO says:
"Let's say it together..."
- Weak sound repeated
- Mic opens

Rules:

- 3 attempts max
- PIXO always models sound
- No silence penalty

Confidence meter fills gently.

🕒 2B. TRY ALONE

(5 Minutes | Independent Attempt)

🎯 Goal

Encourage independent repetition.

PIXO Flow:

- PIXO:
"Your turn 😊"
- One sound hint
- Mic opens

Scoring (internal only):

- Clear → +1
- Partial → +0.5

Strong sounds:

- Asked once only
 - Faster pacing
-

🕒 PART 3: GAME + PRAISE

(10 Minutes total)

🕒 3A. LISTENING GAME

(5 Minutes | Fun Assessment)

🎯 Goal

Check recognition through play.

Game Types (rotated daily):

- Tap the sound
- Find the same sound
- Odd one out

Rules:

- Weak sound appears twice
 - Strong sound appears once
 - No visible scoring
-

🕒 3B. PRAISE & CONFIDENCE CLOSE

(5 Minutes | Emotional Lock)

🎯 Goal

End every day with success emotion.

PIXO Flow:

- Star / sticker animation
- Voice:
"You listened so well today!"

No correction.

No comparison.

● DAY 9 – Reinforcement Day 2 (/i/)

Objective

Speed + confidence in repetition.

Added Rule

- Response time tracked

● DAY 9 – REINFORCEMENT DAY 2

Primary Focus Sound: /i/

Secondary Sounds: Auto-selected by PIXO

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Targeted Listening)
 - 10 min → 5 + 5 (Guided Practice)
 - 10 min → 5 + 5 (Game + Praise)
- Mode:** Sound-only learning (no letters)

🧠 DAY 9 OBJECTIVE

- Increase **speed of recognition** for /i/
- Build **confident, quick repetition**
- Begin **response-time awareness** (system only)
- Maintain calm, playful learning tone

📋 AUTO-SELECTION LOGIC (SYSTEM)

- /i/ tagged as:
 - ● Weak or ● Medium on Day 7
- Secondary sounds:
 - One ● Medium
 - One ● Strong (brief exposure)

Child never sees this logic.

🕒 PART 1: TARGETED LISTENING

(10 Minutes total)

🕒 1A. QUICK LISTEN

(5 Minutes | Focused Exposure)

🎯 Goal

Sharpen ear for /i/ with **short, clear input**.

PIXO Flow

- New images for /i/:
 - **Igloo**
 - **Insect**
- Voice:
“/i/... /i/...”

Rules

- Sound played **2 times only** (faster than earlier days)
- Slightly shorter pause

Internal Tracking

- Time to first attention

🕒 1B. CONTRAST BURSTS

(5 Minutes | Speed Listening)

🎯 Goal

Force quick sound discrimination.

PIXO Flow

- Rapid alternation:
 - “/i/... /a/... /i/... /o/”
- Visual flash matches sound

Rule

- No response required
 - Faster pacing than Day 8
-

🕒 PART 2: GUIDED PRACTICE

(10 Minutes total)

🕒 2A. REPEAT TOGETHER (TIMED)

(5 Minutes | Speed + Support)

🎯 Goal

Reduce hesitation gap.

PIXO Flow

- PIXO:
 - “Say it with me... /i/”
- Mic opens immediately

Internal Metric

- Time from sound end → child response start

No child-visible timer.

🕒 2B. REPEAT ALONE (TIMED)

(5 Minutes | Independent Speed)

🎯 Goal

Encourage **quick recall**, not perfection.

PIXO Flow

- PIXO:
 - “Your turn 😊”
- One sound hint
- Mic opens

Response-Time Bands (Internal)

Time Label

< 2 sec Fast

2–4 sec Normal

> 4 sec Hesitant

Scoring still confidence-first.

🕒 PART 3: GAME + PRAISE

(10 Minutes total)

 3A. SPEED GAME – TAP FAST
(5 Minutes | Playful Assessment)

 Goal

Convert speed into fun.

PIXO Flow

- Sound played: “/i/”
- 3 pictures appear
- Child taps as fast as possible

Internal Tracking

- Tap time logged
- Accuracy logged

No countdown shown.

 3B. PRAISE & CONFIDENCE CLOSE
(5 Minutes | Emotional Lock)

 Goal

Celebrate effort, not speed.

PIXO Flow

- Sparkle animation
 - Voice:
“You were quick and careful!”
 - Sticker unlocked:
“Fast Listener”
-

 ADAPTIVE LOGIC AFTER DAY 9

- If /i/ response time improves:
→ Downgrade from  to 
 - If still slow:
→ Inject /i/ again in Day 11 listening
-

 DAY 9 FINAL OUTCOME

By end of Day 9:

- ✓ /i/ recognized faster
 - ✓ Response hesitation reduced
 - ✓ Confidence maintained
 - ✓ No pressure introduced
-

 DAY 10 – Reinforcement Day 3 (/o/)

Objective

Faster identification with less audio prompting.

 DAY 10 – REINFORCEMENT DAY 3

Primary Focus Sound: Auto-selected (typically /o/ or next weakest)

Secondary Sounds: Auto-selected by PIXO

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Targeted Listening)
 - 10 min → 5 + 5 (Guided Practice)
 - 10 min → 5 + 5 (Game + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 10 OBJECTIVE

- Strengthen **clarity of vowel sound** under contrast
 - Improve **listening accuracy** between similar vowels
 - Stabilize confidence after speed work (Day 9)
 - Continue adaptive reinforcement invisibly
-

AUTO-SELECTION LOGIC (SYSTEM)

- Primary focus:
 - Next Weak or lowest Medium vowel from Day 7–9 data
- Secondary:
 - One Medium vowel
 - One Strong vowel (brief exposure)

Child never sees selection logic.

PART 1: TARGETED LISTENING

(10 Minutes total)

1A. SLOW–FAST LISTEN

(5 Minutes | Clarity Focus)

Goal

Rebuild sound clarity with **controlled pacing**.

PIXO Flow

- Primary vowel shown with **new visuals only**
- Sound played:
 - Once slow
 - Once normal speed

Example:

“/o/ ... /o/”

Internal Tracking

- Attention consistency
 - Visual engagement
-

1B. CLOSE SOUND CONTRAST

(5 Minutes | Discrimination)

Goal

Differentiate **similar-sounding vowels**.

PIXO Flow

- Alternating sounds:
 - Primary vowel ↔ closest vowel
 - Example: /o/ ↔ /u/

Gentle Cue

“Listen carefully 😊”

No response required.

PART 2: GUIDED PRACTICE

(10 Minutes total)

2A. REPEAT TOGETHER

(5 Minutes | Confidence Stabilization)

Goal

Reinforce correct mouth movement calmly.

PIXO Flow

- PIXO:
“Say it with me...”
- Sound modeled clearly
- Mic opens

Rules:

- 3 attempts max
 - No speed pressure
 - No penalty for silence
-

2B. REPEAT ALONE

(5 Minutes | Independent Clarity)

Goal

Secure sound correctness over speed.

PIXO Flow

- PIXO:
“Your turn 😊”
- One sound hint
- Mic opens

Internal Scoring:

- Accuracy weighted more than speed today
-

PART 3: GAME + PRAISE

(10 Minutes total)

3A. FIND THE RIGHT SOUND

(5 Minutes | Playful Check)

Goal

Confirm discrimination through play.

PIXO Flow

- Sound played
- 3 pictures shown
- Child taps matching picture

Primary vowel appears twice.

3B. PRAISE & CONFIDENCE CLOSE

(5 Minutes | Emotional Lock)

Goal

End with reassurance and success.

PIXO Flow

- Calm celebration animation
 - Voice:
“You listened very carefully today!”
 - Sticker unlocked:
“Careful Listener”
-

ADAPTIVE LOGIC AFTER DAY 10

- If primary vowel accuracy $\geq 80\%$:
→ Downgrade from to or to
 - If confusion persists:
→ Pair vowel again in Day 12 contrast block
-

DAY 10 FINAL OUTCOME

By end of Day 10:

- ✓ Sound clarity improved
 - ✓ Similar vowel confusion reduced
 - ✓ Confidence remains stable
 - ✓ Adaptive engine refined
-

DAY 11 – Reinforcement Day 4 (/u/)

Objective

Independent recognition.

PIXO Prompt

“What sound is this?” (no hint)

DAY 11 – REINFORCEMENT DAY 4

Primary Focus Sound: Auto-selected (remaining or lowest vowel)

Secondary Sounds: Auto-selected by PIXO

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Targeted Listening)
 - 10 min → 5 + 5 (Guided Practice)
 - 10 min → 5 + 5 (Game + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 11 OBJECTIVE

- Push **independent vowel recognition**
 - Reduce reliance on sound hints
 - Strengthen accuracy under light challenge
 - Maintain emotional safety and confidence
-

AUTO-SELECTION LOGIC (SYSTEM)

- Primary focus:
 - Last remaining ● vowel OR lowest ● vowel
- Secondary:
 - One ● vowel
 - One ● vowel (brief, faster)

Child never sees this logic.

PART 1: TARGETED LISTENING (10 Minutes total)

1A. ONE-PLAY LISTEN (5 Minutes | Minimal Support)

Goal

Train the ear to **catch the sound quickly**.

PIXO Flow

- Primary vowel shown with **new images**
- Sound played **only once**
- No replay unless child hesitates

Internal Tracking

- Reaction latency
- Focus consistency

1B. MIXED SOUND STREAM (5 Minutes | Real-World Listening)

Goal

Mimic natural listening conditions.

PIXO Flow

- Continuous stream:
 - /primary/ → /secondary/ → /strong/
- Visuals flash quickly

No response required.

PART 2: GUIDED PRACTICE (10 Minutes total)

2A. REPEAT TOGETHER (ONCE) (5 Minutes | Light Support)

Goal

Confirm mouth movement without over-modeling.

PIXO Flow

- PIXO:
 - “Say it with me...”
- Sound modeled **once**
- Mic opens

Rules:

- Max 2 attempts
- No slowing unless silence detected

2B. REPEAT ALONE (PRIMARY)

(5 Minutes | Independent Attempt)

Goal

Lock independent sound recall.

PIXO Flow

- PIXO:
"Your turn 😊"
- **No sound hint**
- Mic opens directly

Internal Scoring:

- Accuracy prioritized
- Speed logged but not emphasized

PART 3: GAME + PRAISE

(10 Minutes total)

3A. QUICK CHOICE GAME

(5 Minutes | Independent Recognition)

Goal

Check recognition without scaffolding.

PIXO Flow

- Sound played once
- 3 pictures appear
- Child taps answer

Primary vowel appears twice.

3B. PRAISE & CONFIDENCE CLOSE

(5 Minutes | Emotional Lock)

Goal

Anchor confidence after challenge.

PIXO Flow

- Warm celebration animation
- Voice:
"You did that all by yourself!"
- Sticker unlocked:
"Independent Listener"

ADAPTIVE LOGIC AFTER DAY 11

- If primary vowel accuracy $\geq 85\%$:
→ Mark as  Strong
- If still shaky:
→ Inject again in Day 13 game block

DAY 11 FINAL OUTCOME

By end of Day 11:

✓ Independent vowel recognition improved

- ✓ Less reliance on prompts
- ✓ Confidence preserved
- ✓ System data refined

● DAY 12 – Mixed Vowel Game Day

Objective

Fun-only exposure.

Activities

- Balloon pop sounds
- Sound hunt game

Scoring

- Hidden (confidence boost day)

● DAY 12 – MIXED VOWEL GAME DAY

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up Games)
- 10 min → 5 + 5 (Core Listening Games)
- 10 min → 5 + 5 (Celebration Games + Praise)

Mode: Sound-only learning (no letters)

🧠 DAY 12 OBJECTIVE

- Strengthen vowel recognition **through play**
- Reduce any leftover anxiety from practice days
- Reinforce learning **without repetition fatigue**
- Keep confidence high before final consolidation days

🕒 PART 1: WARM-UP GAMES

(10 Minutes total)

🕒 1A. SOUND BALLOON POP

(5 Minutes | Passive–Active Fun)

🎯 Goal

Warm the brain gently and happily.

PIXO Flow

- Balloons float on screen
- Each balloon says a vowel sound when tapped:
 - “/a/”
 - “/e/”
 - “/i/”
 - “/o/”
 - “/u/”

Rules

- Any tap is accepted
- No right/wrong feedback
- Cheerful animation on every pop

Internal:

- Logs which sounds child taps more confidently

1B. FOLLOW THE SOUND

(5 Minutes | Listening Attention)

Goal

Encourage focused listening without pressure.

PIXO Flow

- One sound played
- Three characters move
- Only one character “matches” the sound

Prompt

“Follow the sound 😊”

No scoring shown.

PART 2: CORE LISTENING GAMES

(10 Minutes total)

2A. FIND THE SAME SOUND

(5 Minutes | Discrimination Play)

Goal

Reinforce sound sameness across objects.

PIXO Flow

- PIXO plays a vowel sound
- Two pictures appear
- Child taps the one with the same sound

Example:

Sound: “/e/”

Pictures: Egg  | Apple

2B. ODD ONE OUT (FUN VERSION)

(5 Minutes | Sound Contrast)

Goal

Strengthen contrast awareness playfully.

PIXO Flow

- Three pictures appear
- Two share same vowel sound
- One is different

Prompt

“Which one sounds funny?”

No correction tone, only playful cues.

PART 3: CELEBRATION GAMES + PRAISE

(10 Minutes total)

3A. VOWEL TREASURE HUNT

(5 Minutes | Joyful Recall)

Goal

Make vowels feel like a game achievement.

PIXO Flow

- PIXO plays a sound
- Child taps treasure chest with matching picture

Rules:

- Easy difficulty
 - Weak vowels may appear once more
 - No penalties
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the session feeling **happy and proud**.

PIXO Flow

- Confetti + stars animation
- Voice:
“You played and listened so well today!”
- Sticker unlocked:
“**Vowel Game Star**”

No scores shown. No corrections.

INTERNAL ADAPTIVE NOTES (SYSTEM)

- Day 12 data used only to:
 - Confirm stability of ● vowels
 - Detect any surprise regression
 - No vowel downgraded today
 - Weak vowels queued for light touch on Day 13 if needed
-

DAY 12 FINAL OUTCOME

By end of Day 12:

- ✓ Vowels reinforced without effort
 - ✓ Confidence refreshed
 - ✓ Listening stamina improved
 - ✓ Child eager for next session
-

● DAY 13 – Speed Round

Objective

Automatic recall.

Rule

- Faster questions
- Fewer prompts

● DAY 13 – SPEED ROUND

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Fast Listening Warm-up)
- 10 min → 5 + 5 (Quick Response Practice)
- 10 min → 5 + 5 (Speed Games + Praise)

Mode: Sound-only learning (no letters)

DAY 13 OBJECTIVE

- Increase **speed of sound recognition**
 - Encourage **quick, confident responses**
 - Reduce over-thinking
 - Prepare brain for **final mastery check**
-

PART 1: FAST LISTENING WARM-UP

(10 Minutes total)

1A. QUICK SOUND FLASH

(5 Minutes | Rapid Exposure)

Goal

Train the ear to **catch sounds instantly**.

PIXO Flow

- Vowel sounds played quickly:
 - “/a/ /e/ /i/ /o/ /u/”
- Visuals flash briefly
- Each sound played **once only**

Rules

- Faster pace than previous days
- No replay unless child disengages

Internal:

- Logs attention + reaction readiness
-

1B. SAME OR DIFFERENT

(5 Minutes | Speed Listening)

Goal

Build instant sound judgment.

PIXO Flow

- Two sounds played back-to-back
Example:
 - “/i/... /i/” or “/i/... /o/”
- Two buttons:
 - “Same”
 - “Different”

Rules

- 5 quick rounds
 - Gentle feedback only
-

PART 2: QUICK RESPONSE PRACTICE

(10 Minutes total)

 2A. FAST REPEAT TOGETHER

(5 Minutes | Speed + Support)

 Goal

Reduce delay between hearing and speaking.

PIXO Flow

- PIXO:
“Say it fast with me!”
- Sound played
- Mic opens immediately

Internal:

- Measures response start time
 - No visible timer
-

 2B. FAST REPEAT ALONE

(5 Minutes | Independent Speed)

 Goal

Encourage **quick recall without hesitation**.

PIXO Flow

- PIXO:
“Your turn 😊”
- No hint
- Mic opens instantly

Internal Speed Bands:

- < 2 sec → Excellent
- 2–4 sec → Good
- 4 sec → Needs more ease

No child sees this.

 PART 3: SPEED GAMES + PRAISE

(10 Minutes total)

 3A. TAP IT FAST GAME

(5 Minutes | Fun Speed Check)

 Goal

Convert speed into play.

PIXO Flow

- Sound played
- 3 pictures appear
- Child taps as quickly as possible

Rules:

- All vowels appear
- Strong vowels appear faster
- Weak vowels appear once more

No countdown shown.

3B. PRAISE & CONFIDENCE CLOSE

(5 Minutes | Emotional Lock)

Goal

Celebrate **quick thinking**, not perfection.

PIXO Flow

- Fireworks animation
 - Voice:
“Wow! Your ears are super fast!”
 - Sticker unlocked:
“Speed Star”
-

INTERNAL ADAPTIVE LOGIC

- If speed + accuracy both $\geq$ threshold:
→ Vowel locked as  Strong
 - If speed slow but accuracy good:
→ Light speed drill on Day 14
 - No vowel downgraded today
-

DAY 13 FINAL OUTCOME

By end of Day 13:

- ✓ Faster vowel recognition
 - ✓ Less hesitation
 - ✓ High confidence preserved
 - ✓ Brain ready for final mastery check
-

DAY 14 – FINAL VOWEL ASSESSMENT

Objective

Mastery validation.

Rules

- 15 questions
- Mixed sounds
- No visual repeats

Pass Criteria

- $\geq 80\%$ overall
- No single vowel $< 60\%$

DAY 14 – FINAL REINFORCEMENT DAY

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Calm Warm-up)
 - 10 min → 5 + 5 (Final Assessment – Hidden)
 - 10 min → 5 + 5 (Review + Confidence Lock)
Mode: Sound-only learning (no letters)
-

DAY 14 OBJECTIVE

- Validate **true vowel mastery**
 - Ensure **no weak gaps remain**
 - Collect clean data for **Vowel Mastery Gate (Day 15)**
 - End reinforcement phase with **confidence intact**
-

 PART 1: CALM WARM-UP
(10 Minutes total)

 1A. FRIENDLY SOUND FLOW
(5 Minutes | Familiarization)

 Goal

Set a relaxed, confident tone before assessment.

PIXO Flow

- Five characters appear slowly
- Each says one vowel sound once:
 - /a/ → /e/ → /i/ → /o/ → /u/

Rules:

- No response needed
- No repetition
- Calm pacing

Internal:

- Checks attention stability
-

 1B. EASY LISTEN & TAP
(5 Minutes | Confidence Primer)

 Goal

Warm up recognition gently.

PIXO Flow

- Sound played
- Two pictures appear
- One correct, one obvious distractor

Rules:

- 3 easy rounds
 - Mostly strong vowels
 - No scoring emphasis
-

 PART 2: FINAL VOWEL ASSESSMENT
(10 Minutes total)

⚠ This is the **true assessment**, but the child never sees it as a “test”.

 2A. MIXED SOUND → PICTURE MATCH
(5 Minutes | Assessment Core 1)

 Goal

Measure **direct sound recognition**.

Format

- Sound played once
- 3 pictures shown

- Child taps answer

Rules:

- 8 questions
 - All vowels mixed
 - **No visual repeats**
 - No hints, no replays
-

2B. DISCRIMINATION CHECK

(5 Minutes | Assessment Core 2)

 **Goal**

Confirm **sound separation accuracy**.

Format

- Either:
 - Odd one out
 - Same / Different
- Sound-first, picture-second

Rules:

- 7 questions
 - All vowels covered
 - No repetition of images
-

INTERNAL ASSESSMENT RULES

- Total questions: **15**
- Scoring invisible to child

PASS CRITERIA

- **≥ 80% overall accuracy**
- **No single vowel < 60%**

This data feeds **Day 15 gate logic**.

PART 3: REVIEW + CONFIDENCE LOCK

(10 Minutes total)

3A. SOFT SOUND REVIEW

(5 Minutes | Gentle Closure)

 **Goal**

Reinforce learning without correction.

PIXO Flow

- PIXO casually replays:
 - All vowels once
 - Any borderline vowel twice (subtle)

No questions asked.

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Seal)

 **Goal**

End the day with **pride, not tension**.

PIXO Flow

- Calm celebration animation

- Voice:
“You listened so carefully this week!”
- Badge unlocked:
“**Vowel Explorer**”

Parent notification:

- “Vowel practice week completed successfully”

ADAPTIVE OUTCOME LOGIC (SYSTEM)

- If **PASS** criteria met:
→ Unlock **DAY 15 – VOWEL MASTERY GATE**
- If **FAIL (edge case)**:
→ Auto-loop:
 - Only the vowel(s) < 60%
 - Light reinforcement (2 days max)
→ Reattempt gate automatically

Child never sees “fail”.

END OF DAY 14 OUTCOME

By the end of Day 14:

- ✓ Vowel mastery validated
- ✓ No hidden weak spots
- ✓ Confidence preserved
- ✓ System ready for promotion decision

DAY 15 – VOWEL MASTERY GATE

Outcome

If passed:

- Unlock **MODULE 2: CONTINUOUS CONSONANTS**
- Celebration animation
- Parent notification

If failed:

- Auto-loop weakest vowel nodes
- Gate reattempt after 48 hours

DAY 15 – VOWEL MASTERY GATE

Sounds: /a/ /e/ /i/ /o/ /u/

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Welcome + Confidence Warm-up)
 - **10 min → 5 + 5** (Gate Check – System Driven)
 - **10 min → 5 + 5** (Celebration OR Gentle Redirect)
- Mode:** Sound-only learning (no letters)

DAY 15 OBJECTIVE

- Confirm **vowel mastery status**
- Transition child emotionally from “learning” to “achievement”

- Unlock **MODULE 2: Continuous Consonants** only if brain is ready
 - Maintain **zero fear**, regardless of outcome
-

PART 1: WELCOME & CONFIDENCE WARM-UP

(10 Minutes total)

1A. YOU'VE COME FAR

(5 Minutes | Emotional Priming)

 **Goal**

Make the child feel proud *before* any gate decision.

PIXO Flow

- Friendly character greets child
- Voice:
“You listened and played with so many sounds!”
- Gentle recap animation:
 - One object per vowel (shown once)

No questions. No pressure.

1B. EASY LISTEN & TAP

(5 Minutes | Comfort Activity)

 **Goal**

Keep child relaxed and confident.

PIXO Flow

- Sound played
- Two pictures appear
- One obvious correct choice

Rules:

- 3 rounds
 - Mostly strong vowels
 - No scoring emphasis
-

PART 2: VOWEL MASTERY GATE (SYSTEM)

(10 Minutes total)

 This is **not a new test**.

It uses **Day 14 data + light confirmation checks**.

2A. FINAL CONFIRMATION CHECK

(5 Minutes | Minimal Verification)

 **Goal**

Confirm consistency, not re-test.

Format

- 5 quick sound → picture questions
- Mixed vowels
- No visual repeats

Rules:

- One play only
- No hints

- Calm pacing
-

2B. SYSTEM DECISION (INVISIBLE)

(5 Minutes | No Child Interaction)

Goal

Allow PIXO to decide path **without child awareness**.

PASS CONDITIONS (from Day 14 + Day 15)

- Overall vowel accuracy $\geq 80\%$
- No single vowel $< 60\%$
- No regression detected

Child sees only animation, not logic.

PART 3: OUTCOME EXPERIENCE

(10 Minutes total)

IF PASSED → CELEBRATION PATH

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Music swell
- Voice:
“You are a Vowel Star!”

Badge unlocked:

“Vowel Master”

3B. NEXT ADVENTURE TEASER

(5 Minutes | Motivation Bridge)

- New characters appear
- Voice:
“New sounds are coming next!”

MODULE 2: CONTINUOUS CONSONANTS UNLOCKED

(m, s, l, n, f)

Parent Notification:

“Vowel mastery completed. Child is ready for consonant sounds.”

IF NOT PASSED → GENTLE REDIRECT PATH

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:
“We’ll play with sounds a little more 😊”

No mention of failure.

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System Actions:

- Weakest vowel(s) identified

- Auto-loop scheduled:
 - Targeted nodes only
 - Max 2 days
- **Gate reattempt after 48 hours**

Parent Notification:

“Additional vowel reinforcement scheduled for confidence strengthening.”

Child experiences **no delay, no shame**.

NON-NEGOTIABLE SYSTEM RULES

-  Parent cannot force unlock
-  Child cannot skip gate
-  Learning integrity always protected
-  Emotional safety always prioritized

DAY 15 FINAL OUTCOME

By the end of Day 15:

- ✓ Vowel mastery status confirmed
- ✓ Child feels proud and capable
- ✓ System transitions cleanly
- ✓ Foundation for consonants is solid

PHASE 1 – MODULE 2: CONTINUOUS CONSONANTS (Day 16–30)

Sounds:

/m/ /s/ /l/ /n/ /f/

Tree:

MODULE_2_CONTINUOUS

```

├── NODE_M
├── NODE_S
├── NODE_L
├── NODE_N
├── NODE_F
└── NODE_MIX_CS
  
```

Each sound = 2 exposure days + 1 assessment

PHASE 1 – MODULE 2

CONTINUOUS CONSONANTS (Day 16–30)

Sounds:

/m/ (mmm...) /s/ (sss...) /l/ (lll...) /n/ (nnn...) /f/ (fff...)

Why these first?

They are **stretchable sounds**, easy to hold, easy to blend later, and low-friction for a 5-year-old brain.

MODULE TREE (CONFIRMED)

MODULE_2_CONTINUOUS

```

├── NODE_M
└── NODE_S
  
```

└─ NODE_L
└─ NODE_N
└─ NODE_F
└─ NODE_MIX_CS

Rule:

Each sound = **2 exposure days + 1 assessment day**

 GLOBAL RULES (MODULE 2)

- Daily duration: **30 minutes**
 - Structure (unchanged):
 - 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
 - Mode:
 - **Sound-only**
 - No letters
 - No spelling
 - Mouth movement **visually emphasized**
 - Continuous sounds are **held**, not clipped
-

 DAY-WISE BREAKDOWN (DAY 16–30)

 NODE_M – /m/ (mmm... mango)

DAY 16 – NODE_M (Exposure Day 1)

Objective

- Introduce continuous /m/ sound
- Feel vibration (lips together)

Focus

- Listening + mouth awareness

Example visuals

- Mango
- Moon
- Monkey

No pressure to be perfect.

 DAY 16 – NODE_M

Sound: /m/ (mmm... mango)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Discovery)
 - **10 min → 5 + 5** (Repeat & Feel)
 - **10 min → 5 + 5** (Picture Connect + Praise)
- Mode:** Sound-only learning (no letters)
-

 DAY 16 OBJECTIVE

- Introduce **continuous /m/** sound
- Help child **feel vibration** (lips together)

- Build **mouth awareness** without pressure
 - Maintain confidence: *trying is success*
-

PART 1: SOUND DISCOVERY

(10 Minutes total)

1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

Goal

Let the child **hear and feel** that /m/ is a **long, humming sound**.

PIXO Flow

- Animated **Mango** appears
Voice: “mmm... mmm... mango”
- Animated **Moon** appears
Voice: “mmm... mmm... moon”

System Rules

- Sound is **held clearly** (not clipped)
- Each sound played **3 times**
- Calm tempo
- Soft background music

Child Action

- Only watching and listening

Internal Signal

- Engagement maintained (no skip / exit)
-

1B. LISTEN & FEEL

(5 Minutes | Sensory Awareness)

Goal

Help child **notice vibration** without explaining technically.

PIXO Flow

- Animated **Monkey** appears
Voice: “mmm... mmm... monkey”
- PIXO gently says:
“Listen... feel your lips 😊”

Visual Cue

- Lips-touch animation (no text)

No response required.

PART 2: REPEAT & FEEL

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Guided Speaking)

Goal

Encourage sound production **with support**.

PIXO Flow

- PIXO says:
“Say it with me... mmm...”

- Sound modeled slowly
- Mic opens
- Child hums /m/ together with PIXO

Rules

- Up to 3 attempts
- PIXO always models sound
- No silence penalty

Confidence Meter

- Soft visual fill
- No numbers shown

2B. TRY ALONE (GENTLE)

(5 Minutes | Independent Feel)

Goal

Let the child **try holding the sound alone**.

PIXO Flow

- PIXO says:
“Your turn 😊”
- No rush
- Mic opens

Internal Scoring

Response Note

Held hum Excellent

Short hum Acceptable

Silence Neutral

No correction shown.

PART 3: PICTURE CONNECT + PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | Gentle Recognition)

Goal

Associate /m/ sound with objects.

MCQ Format

- Mango (correct)
- Sun (distractor)
- Fish (distractor)

Prompt

“Which one says **mmm**?”

Rules

- 3 questions only
- Immediate friendly feedback
- Replay allowed

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the very first consonant day with **pride and safety**.

PIXO Flow

- Star animation
- Voice:
“You made a nice humming sound!”
- Calm happy music

No scores shown.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 16 is **non-judgmental**
 - No pass/fail tagging today
 - Data collected only for:
 - Comfort with vibration
 - Willingness to attempt sound
-

DAY 16 FINAL OUTCOME

By the end of Day 16, the child:

- ✓ Recognizes /m/ as a long sound
 - ✓ Feels lip vibration naturally
 - ✓ Attempts sound without fear
 - ✓ Feels safe starting consonants
-

DAY 17 – NODE_M (Exposure Day 2)

Objective

- Confident repetition
- Independent attempt

Added focus

- “Hold the sound” → mmmmm...

Speed is irrelevant here. Smoothness matters.

DAY 17 – NODE_M

Sound: /m/ (mmm...)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Re-listen & Awareness)
 - **10 min → 5 + 5** (Confident Repetition)
 - **10 min → 5 + 5** (Recognition + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 17 OBJECTIVE

- Increase comfort with **holding /m/** longer
 - Move from “trying” to **confident humming**
 - Encourage **independent sound production**
 - Keep emotional tone calm and positive
-

PART 1: RE-LISTEN & AWARENESS

(10 Minutes total)

1A. SOUND REMINDER

(5 Minutes | Familiar Listening)

Goal

Re-anchor the /m/ sound in memory.

PIXO Flow

- Animated **Mango** appears
Voice: “mmm... mmm... mango”
- Animated **Moon** appears
Voice: “mmm... mmm... moon”

Rules

- Sound held clearly
- Each played **2 times** (slightly faster than Day 16)
- Soft background music

No response required.

1B. HOLD THE HUM

(5 Minutes | Awareness Build)

Goal

Encourage **longer, smoother sound holding**.

PIXO Flow

- Animated **Monkey** gently hums: “mmmmmm...”
- PIXO says:
“Let’s listen to a long **mmm**”

Visual Cue

- Progress bar slowly filling as sound holds

No speaking required yet.

PART 2: CONFIDENT REPEAT

(10 Minutes total)

2A. SAY IT TOGETHER (LONGER)

(5 Minutes | Guided Control)

Goal

Practice holding the sound with support.

PIXO Flow

- PIXO:
“Say a long **mmm** with me...”
- Sound modeled slowly
- Mic opens
- Child hums together

Rules

- Up to 3 attempts
 - PIXO hums along every time
 - No correction words
-

2B. TRY ALONE (CONFIDENCE)

(5 Minutes | Independent Hold)

Goal

Let the child **own the sound**.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes

- Duration of hum logged
- Smoothness noted
- Silence accepted neutrally

No feedback labels shown.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | Gentle Recognition)

Goal

Reinforce sound-object association.

MCQ Format

- Monkey (correct)
- Apple (distractor)
- Fish (distractor)

Prompt

“Which one says **mmm**?”

Rules

- 4 questions (slightly more than Day 16)
 - Immediate friendly feedback
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End with pride and readiness for assessment.

PIXO Flow

- Warm star animation
- Voice:
“You held the sound so nicely!”
- Calm music fade-out

No scores shown.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 17 data used to:
 - Measure comfort level

- Decide Day 18 assessment strictness
 - No failure tagging
 - Only readiness detection
-

✓ DAY 17 FINAL OUTCOME

By the end of Day 17, the child:

- ✓ Holds /m/ sound more smoothly
 - ✓ Repeats independently without fear
 - ✓ Associates /m/ with objects confidently
 - ✓ Feels ready for a light check
-

● DAY 18 – NODE_M ASSESSMENT

Assessment style

- Hidden, friendly
- 8–10 questions max

Checks

- Sound recognition
- Sound → picture match
- Repeat confidence $\geq 3/5$

Outcome

- Pass → unlock NODE_S
- Fail → auto-loop NODE_M (2 days max)

● DAY 18 – NODE_M ASSESSMENT

Sound: /m/ (mmm...)

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Comfort)
 - 10 min → 5 + 5 (Assessment Games – Hidden)
 - 10 min → 5 + 5 (Review + Outcome Experience)
- Mode: Sound-only learning (no letters)
-

🧠 DAY 18 OBJECTIVE

- Validate **recognition and repetition** of /m/
 - Ensure child can **hold the continuous sound**
 - Decide readiness to unlock **NODE_S**
 - Preserve confidence regardless of outcome
-

🕒 PART 1: WARM-UP & COMFORT (10 Minutes total)

🕒 1A. FRIENDLY HUM RECAP

(5 Minutes | Confidence Primer)

🎯 Goal

Set a relaxed tone before assessment.

PIXO Flow

- Familiar objects appear:
 - Mango
 - Moon
- Voice:
“mmm... mmm...”

Rules:

- Each sound played once
 - No response expected
 - Calm pacing
-

1B. EASY HUM TOGETHER

(5 Minutes | Emotional Safety)

 Goal

Remind the child they can already do this.

PIXO Flow

- PIXO says:
“Let’s hum together 😊 ”
- Sound modeled once
- Mic opens briefly

No scoring here.

PART 2: ASSESSMENT GAMES (HIDDEN)

(10 Minutes total)

2A. SOUND → PICTURE MATCH

(5 Minutes | Recognition Check)

 Goal

Confirm sound identification.

Format

- Sound played once: “mmm...”
- 3 pictures shown

Example:

- Mango 
- Sun
- Fish

Rules:

- 5 questions
 - Order shuffled
 - No visual repeats
 - No hints
-

2B. HOLD THE SOUND CHECK

(5 Minutes | Production Check)

 Goal

Confirm child can **hold /m/** briefly.

PIXO Flow

- PIXO:
“Can you say a long **mmm**?”
- Mic opens

Internal Metrics:

- Sound present (yes/no)
- Duration (short / acceptable / smooth)

No child-facing feedback labels.

PART 3: REVIEW + OUTCOME EXPERIENCE (10 Minutes total)

3A. SOFT REVIEW

(5 Minutes | Gentle Closure)

 **Goal**

End assessment without tension.

PIXO Flow

- Quick replay of /m/ with a happy animation
 - No questions asked
-

3B. OUTCOME PATH (INVISIBLE DECISION)

(5 Minutes | System Logic)

IF PASSED

- Criteria:
 - Recognition $\geq 80\%$
 - Repeat confidence $\geq 3/5$
- PIXO says:
“Great humming!”
- **NODE_S unlocked** (Day 19)

IF NOT YET READY

- No “fail” message
- PIXO says:
“We’ll play with this sound again 😊”
- Auto-loop:
 - Repeat NODE_M exposure for 2 days max
- Reattempt assessment automatically

Parent notified quietly.

NON-NEGOTIABLE RULES

- Child never sees scores
 - No negative feedback
 - No skipping allowed
 - Emotional safety > speed
-

DAY 18 FINAL OUTCOME

By the end of Day 18:

- ✓ System confirms /m/ mastery status
- ✓ Child feels successful and calm

✓ Learning integrity preserved

✓ Clean unlock decision made

● **NODE_S – /s/ (sss... sun)**

DAY 19 – NODE_S (Exposure Day 1)

Objective

- Introduce airflow sound
- Teeth + air awareness

Example visuals

- Sun
- Snake
- Star

Child encouraged to “smile and blow air”.

● **DAY 19 – NODE_S**

Sound: /s/ (sss... sun)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Discovery)
- **10 min → 5 + 5** (Repeat & Air Awareness)
- **10 min → 5 + 5** (Picture Connect + Praise)

Mode: Sound-only learning (no letters)

🧠 **DAY 19 OBJECTIVE**

- Introduce **continuous /s/** sound
- Help child feel **airflow (no vibration)**
- Contrast gently with previous sound /m/
- Keep confidence high with zero correction pressure

🕒 **PART 1: SOUND DISCOVERY**
(10 Minutes total)

🕒 **1A. LISTEN & NOTICE**

(5 Minutes | Passive Listening)

🎯 **Goal**

Let the child **hear /s/ as a long, airy sound**.

PIXO Flow

- Animated **Sun** appears
Voice: “sss... sss... sun”
- Animated **Snake** appears
Voice: “sss... sss... snake”

System Rules

- Sound is **held smoothly**
- Each sound played **3 times**
- Clear airflow sound
- Soft background music

Child Action

- Only watching and listening
-

1B. AIR SOUND AWARENESS

(5 Minutes | Sensory Focus)

Goal

Help the child **notice air**, not vibration.

PIXO Flow

- Animated **Star** appears
Voice: “sss... sss... star”
- PIXO gently says:
“Listen... blow air like a snake 🐍”

Visual Cue

- Gentle airflow animation from mouth

No response required.

PART 2: REPEAT & AIR AWARENESS

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Guided Air Sound)

Goal

Encourage airflow sound with support.

PIXO Flow

- PIXO says:
“Say **sss** with me...”
- Sound modeled slowly
- Mic opens
- Child makes airflow sound together

Rules

- Up to 3 attempts
 - PIXO models sound every time
 - No vibration correction language
-

2B. TRY ALONE (GENTLE)

(5 Minutes | Independent Air Sound)

Goal

Let the child try airflow sound independently.

PIXO Flow

- PIXO says:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes

- Air sound detected (yes/no)
- Length of sound (short / acceptable / smooth)
- No penalty for silence

 PART 3: PICTURE CONNECT + PRAISE
(10 Minutes total)

 3A. SOUND → PICTURE MATCH
(5 Minutes | Gentle Recognition)

 Goal

Associate /s/ sound with objects.

MCQ Format

- Snake (correct)
- Mango (distractor from /m/)
- Fish (neutral distractor)

Prompt

“Which one says **sss**?”

Rules

- 3 questions
 - Immediate friendly feedback
 - Replay allowed once
-

 3B. PRAISE & EMOTIONAL CLOSE
(5 Minutes | Confidence Lock)

 Goal

End the first /s/ day with **success and calm**.

PIXO Flow

- Star animation
- Voice:
“Nice blowing sound!”
- Soft happy music

No scores shown.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 19 is **pure exposure**
 - No assessment tagging
 - Data collected for:
 - Airflow attempt
 - Comfort vs hesitation
 - Used to tune Day 20 pacing
-

 DAY 19 FINAL OUTCOME

By the end of Day 19, the child:

- ✓ Recognizes /s/ as a long air sound
 - ✓ Understands it feels different from /m/
 - ✓ Attempts airflow sound confidently
 - ✓ Feels safe starting a new consonant
-

DAY 20 – NODE_S (Exposure Day 2)

Objective

- Strong listening discrimination
- Hold /s/ longer (sss...)

Contrast lightly with /m/ (vibration vs air).

● DAY 20 – NODE_S

Sound: /s/ (sss...)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Re-listen & Awareness)
- **10 min → 5 + 5** (Confident Airflow Practice)
- **10 min → 5 + 5** (Recognition + Praise)

Mode: Sound-only learning (no letters)

🧠 DAY 20 OBJECTIVE

- Improve control of **continuous airflow**
- Encourage **longer, smoother /s/** sounds
- Strengthen contrast between **/s/ (air)** and **/m/ (vibration)**
- Build readiness for assessment (Day 21)

🕒 PART 1: RE-LISTEN & AWARENESS (10 Minutes total)

🕒 1A. SOUND REMINDER

(5 Minutes | Familiar Listening)

🎯 Goal

Re-anchor the /s/ sound clearly in memory.

PIXO Flow

- Animated **Sun** appears
Voice: “sss... sss... sun”
- Animated **Snake** appears
Voice: “sss... sss... snake”

Rules

- Sound held smoothly
- Each played **2 times** (slightly faster than Day 19)
- Calm background music

No response required.

🕒 1B. AIRFLOW HOLD

(5 Minutes | Sensory Awareness)

🎯 Goal

Encourage awareness of **steady air**.

PIXO Flow

- Snake animation slowly moves while hissing: “ssssss...”
- PIXO says softly:
“Let’s listen to a long sss”

Visual Cue

- Gentle airflow stream animation

- No speaking required yet

 PART 2: CONFIDENT AIRFLOW PRACTICE
(10 Minutes total)

 2A. SAY IT TOGETHER (LONGER)
(5 Minutes | Guided Control)

 Goal

Practice holding the airflow sound with support.

PIXO Flow

- PIXO says:
“Say a long **sss** with me...”
- Sound modeled slowly
- Mic opens
- Child blows air”

Rules

- Up to 3 attempts
- PIXO models sound every time
- No mention of “wrong” or “stop”

 2B. TRY ALONE (CONFIDENCE)
(5 Minutes | Independent Hold)

 Goal

Let the child **control the airflow alone**.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes

- Airflow detected
- Duration logged
- Smoothness noted
- Silence accepted neutrally

 PART 3: RECOGNITION + PRAISE
(10 Minutes total)

 3A. SOUND → PICTURE MATCH
(5 Minutes | Gentle Recognition)

 Goal

Strengthen association of /s/ with objects.

MCQ Format

- Sun (correct)
- Mango (distractor from /m/)
- Fish (neutral distractor)

Prompt

“Which one says sss?”

Rules

- 4 questions
 - Immediate friendly feedback
 - One replay allowed
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 20 with **calm confidence** before assessment.

PIXO Flow

- Warm star animation
- Voice:
“You made a smooth air sound!”
- Gentle music fade-out

No scores shown.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 20 data used to:
 - Measure airflow stability
 - Decide strictness of Day 21 assessment
 - No pass/fail today
 - Focus remains confidence-first
-

DAY 20 FINAL OUTCOME

By the end of Day 20, the child:

- ✓ Holds /s/ sound more smoothly
 - ✓ Differentiates airflow vs vibration
 - ✓ Repeats independently without fear
 - ✓ Feels ready for a light check
-

DAY 21 – NODE_S ASSESSMENT

Checks

- Can child hear /s/ clearly?
- Can child repeat without stopping sound?

Same pass/fail logic as NODE_M.

DAY 21 – NODE_S ASSESSMENT

Sound: /s/ (sss...)

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Comfort)
 - 10 min → 5 + 5 (Assessment Games – Hidden)
 - 10 min → 5 + 5 (Review + Outcome Experience)
- Mode:** Sound-only learning (no letters)
-

DAY 21 OBJECTIVE

- Validate **recognition** of /s/
 - Confirm ability to **hold airflow smoothly**
 - Check **contrast awareness** with /m/
 - Decide readiness to unlock **NODE_L**
 - Preserve confidence regardless of outcome
-

PART 1: WARM-UP & COMFORT

(10 Minutes total)

1A. FRIENDLY AIR SOUND RECAP

(5 Minutes | Confidence Primer)

Goal

Relax the child before assessment.

PIXO Flow

- Familiar objects appear:
 - Sun
 - Snake
- Voice:
“sss... sss...”

Rules:

- Each sound played once
 - No response required
 - Calm pacing
-

1B. EASY AIR SOUND TOGETHER

(5 Minutes | Emotional Safety)

Goal

Remind the child they can already make this sound.

PIXO Flow

- PIXO says:
“Let’s blow air together 😊”
- Sound modeled once
- Mic opens briefly

No scoring here.

PART 2: ASSESSMENT GAMES (HIDDEN)

(10 Minutes total)

2A. SOUND → PICTURE MATCH

(5 Minutes | Recognition Check)

Goal

Confirm sound identification accuracy.

Format

- Sound played once: “sss...”
- 3 pictures shown

Example:

- Snake 
- Mango
- Fish

Rules:

- 5 questions
- Mixed order
- No visual repeats
- No hints

2B. HOLD THE AIR SOUND CHECK

(5 Minutes | Production Check)

 Goal

Confirm the child can **hold /s/** briefly.

PIXO Flow

- PIXO:
“Can you make a long **sss**?”
- Mic opens

Internal Metrics:

- Airflow detected (yes/no)
- Duration (short / acceptable / smooth)

No child-visible feedback labels.

PART 3: REVIEW + OUTCOME EXPERIENCE

(10 Minutes total)

3A. SOFT REVIEW

(5 Minutes | Gentle Closure)

 Goal

Close assessment calmly.

PIXO Flow

- Quick replay of /s/ with a happy snake animation
- No questions asked

3B. OUTCOME PATH (INVISIBLE DECISION)

(5 Minutes | System Logic)

 IF PASSED

Criteria

- Recognition $\geq 80\%$
- Repeat confidence $\geq 3/5$

PIXO says:

“You made a smooth air sound!”

 **NODE_L unlocked** (Day 22)

IF NOT YET READY

- No “fail” language
- PIXO says:
“We’ll play with this sound again 😊”

- Auto-loop:
 - NODE_S exposure (2 days max)
- Reattempt assessment automatically

Parent notified quietly.

NON-NEGOTIABLE RULES

- No scores shown to child
 - No negative correction
 - No skipping assessments
 - Emotional safety > speed
-

DAY 21 FINAL OUTCOME

By the end of Day 21:

- ✓ System confirms /s/ mastery status
 - ✓ Child feels calm and successful
 - ✓ Learning integrity preserved
 - ✓ Clean unlock decision made
-

NODE_L – /l/ (lil... lion)

DAY 22 – NODE_L (Exposure Day 1)

Objective

- Introduce tongue movement
- Gentle, flowing sound

Example visuals

- Lion
- Leaf
- Lamp

DAY 22 – NODE_L

Sound: /l/ (lil... lion)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Discovery)
- **10 min → 5 + 5** (Repeat & Tongue Awareness)
- **10 min → 5 + 5** (Picture Connect + Praise)

Mode: Sound-only learning (no letters)

DAY 22 OBJECTIVE

- Introduce **continuous /l/** sound
 - Build **tongue awareness** gently
 - Help child notice sound flow (not air, not vibration)
 - Maintain confidence while learning a new mouth movement
-

PART 1: SOUND DISCOVERY

(10 Minutes total)

1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

Goal

Let the child **hear /l/ as a smooth, flowing sound.**

PIXO Flow

- Animated **Lion** appears
Voice: “lll... lll... lion”
- Animated **Leaf** appears
Voice: “lll... lll... leaf”

System Rules

- Sound is **held gently**
- Each sound played **3 times**
- Calm tempo, soft background music

Child only watches and listens.

1B. TONGUE AWARENESS

(5 Minutes | Sensory Focus)

Goal

Help the child **feel tongue movement** without explanation.

PIXO Flow

- Animated **Lamp** appears
Voice: “lll... lll... lamp”
- PIXO gently says:
“Listen... touch your tongue up 😊”

Visual Cue

- Simple mouth animation showing tongue lifting

No response required.

PART 2: REPEAT & TONGUE AWARENESS

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Guided Tongue Movement)

Goal

Practice tongue placement with support.

PIXO Flow

- PIXO says:
“Say lll with me...”
- Sound modeled slowly
- Mic opens
- Child repeats together

Rules:

- Up to 3 attempts
 - PIXO models every time
 - No correction language
-

2B. TRY ALONE (GENTLE)

(5 Minutes | Independent Attempt)

 Goal

Encourage independent tongue movement.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes:

- Sound presence detected
 - Flow vs stop noted
 - Silence accepted neutrally
-

 PART 3: PICTURE CONNECT + PRAISE
(10 Minutes total)

 3A. SOUND → PICTURE MATCH
(5 Minutes | Gentle Recognition)

 Goal

Associate /l/ sound with objects.

MCQ Format

- Lion (correct)
- Sun (distractor from /s/)
- Mango (distractor from /m/)

Prompt:

“Which one says lll?”

Rules:

- 3 questions
 - Friendly feedback
 - One replay allowed
-

 3B. PRAISE & EMOTIONAL CLOSE
(5 Minutes | Confidence Lock)

 Goal

End first /l/ day with **assurance and pride**.

PIXO Flow

- Warm star animation
- Voice:
“Nice flowing sound!”
- Calm happy music

No scores shown.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 22 is **pure exposure**
- No assessment tagging
- Data collected for:
 - Tongue movement comfort
 - Willingness to attempt

- Used to adjust Day 23 pacing

✓ DAY 22 FINAL OUTCOME

By the end of Day 22, the child:

- ✓ Recognizes /l/ as a smooth sound
- ✓ Begins tongue awareness naturally
- ✓ Attempts without fear
- ✓ Feels safe learning a new movement

DAY 23 – NODE_L (Exposure Day 2)

Objective

- Independent repetition
- Contrast with /s/ (tongue vs air)

● DAY 23 – NODE_L

Sound: /l/ (lll...)

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Re-listen & Awareness)
- 10 min → 5 + 5 (Confident Tongue Practice)
- 10 min → 5 + 5 (Recognition + Praise)

Mode: Sound-only learning (no letters)

🧠 DAY 23 OBJECTIVE

- Improve **smooth tongue movement** for /l/
- Encourage **longer, flowing /l/** sounds
- Reduce confusion with /s/ and /m/
- Build readiness for **Day 24 assessment**

🕒 PART 1: RE-LISTEN & AWARENESS

(10 Minutes total)

🕒 1A. SOUND REMINDER

(5 Minutes | Familiar Listening)

🎯 Goal

Re-anchor the /l/ sound in memory.

PIXO Flow

- Animated **Lion** appears
Voice: “lll... lll... lion”
- Animated **Leaf** appears
Voice: “lll... lll... leaf”

Rules

- Sound held gently
- Each played **2 times** (slightly faster than Day 22)
- Soft background music

No response required.

1B. TONGUE FLOW AWARENESS

(5 Minutes | Sensory Focus)

Goal

Encourage awareness of **smooth tongue flow**.

PIXO Flow

- **Lamp** glows slowly while sound plays: “llllll...”
- PIXO says softly:
“Listen to the smooth ll”

Visual Cue

- Tongue animation moving gently upward

No speaking required yet.

PART 2: CONFIDENT TONGUE PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER (LONGER)

(5 Minutes | Guided Control)

Goal

Practice holding the /l/ sound with support.

PIXO Flow

- PIXO:
“Say a long ll with me...”
- Sound modeled slowly
- Mic opens
- Child repeats together

Rules:

- Up to 3 attempts
 - PIXO models every time
 - No correction language
-

2B. TRY ALONE (CONFIDENCE)

(5 Minutes | Independent Flow)

Goal

Encourage independent /l/ sound production.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes:

- Tongue sound detected
 - Smoothness logged
 - Silence accepted neutrally
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | Gentle Recognition)

Goal

Reinforce sound-object association.

MCQ Format

- Leaf (correct)
- Sun (distractor from /s/)
- Mango (distractor from /m/)

Prompt:

“Which one says III?”

Rules

- 4 questions
- Immediate friendly feedback
- One replay allowed

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 23 feeling **ready and confident**.

PIXO Flow

- Warm star animation
- Voice:
“That was a smooth sound!”
- Calm happy music

No scores shown.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 23 data used to:
 - Measure smoothness and independence
 - Adjust strictness for Day 24 assessment
- No pass/fail tagging today

DAY 23 FINAL OUTCOME

By the end of Day 23, the child:

- ✓ Holds /l/ more smoothly
- ✓ Controls tongue movement better
- ✓ Recognizes /l/ confidently
- ✓ Feels prepared for a light check

DAY 24 – NODE_L ASSESSMENT

Checks

- Recognition accuracy
- Repeat confidence
- No confusion with /s/

● DAY 24 – NODE_L ASSESSMENT

Sound: /l/ (lll...)

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Comfort)
 - 10 min → 5 + 5 (Assessment Games – Hidden)
 - 10 min → 5 + 5 (Review + Outcome Experience)
- Mode: Sound-only learning (no letters)
-

🧠 DAY 24 OBJECTIVE

- Validate **recognition** of /l/
 - Confirm **smooth tongue-based sound production**
 - Check separation from /s/ and /m/
 - Decide readiness to unlock **NODE_N**
 - Protect confidence regardless of outcome
-

🕒 PART 1: WARM-UP & COMFORT (10 Minutes total)

🕒 1A. FRIENDLY /l/ RECAP (5 Minutes | Confidence Primer)

🎯 Goal

Help the child feel relaxed and familiar before assessment.

PIXO Flow

- Familiar visuals appear:
 - Lion
 - Leaf
- Voice:
“lll... lll...”

Rules:

- Each sound played once
 - No response required
 - Calm pacing
-

🕒 1B. EASY SAY-TOGETHER (5 Minutes | Emotional Safety)

🎯 Goal

Reassure the child that they already know this sound.

PIXO Flow

- PIXO says:
“Let’s say lll together 😊”
- Sound modeled once
- Mic opens briefly

No scoring here.

🕒 PART 2: ASSESSMENT GAMES (HIDDEN) (10 Minutes total)

2A. SOUND → PICTURE MATCH

(5 Minutes | Recognition Check)

Goal

Confirm correct identification of /l/.

Format

- Sound played once: “lll...”
- 3 pictures shown

Example:

- Lion 
- Sun
- Mango

Rules:

- 5 questions
 - Mixed order
 - No visual repeats
 - No hints
-

2B. HOLD THE /l/ SOUND CHECK

(5 Minutes | Production Check)

Goal

Confirm child can **hold** /l/ briefly and smoothly.

PIXO Flow

- PIXO:
“Can you say a long lll?”
- Mic opens

Internal Metrics:

- Tongue sound detected (yes/no)
- Duration (short / acceptable / smooth)
- Flow vs stop noted

No child-facing labels.

PART 3: REVIEW + OUTCOME EXPERIENCE

(10 Minutes total)

3A. SOFT REVIEW

(5 Minutes | Gentle Closure)

Goal

End assessment calmly and positively.

PIXO Flow

- Short replay of /l/ with a smiling lion animation
 - No questions asked
-

3B. OUTCOME PATH (INVISIBLE DECISION)

(5 Minutes | System Logic)

IF PASSED

Criteria

- Recognition $\geq 80\%$
- Repeat confidence $\geq 3/5$

PIXO says:

“That was a smooth sound!”

 **NODE_N unlocked** (Day 25)

IF NOT YET READY

- No “fail” language
- PIXO says:
“We’ll play with this sound again 😊”
- Auto-loop:
 - NODE_L exposure (max 2 days)
- Reattempt assessment automatically

Parent notified quietly.

NON-NEGOTIABLE RULES

- No scores shown to child
- No negative correction
- No skipping assessments
- Emotional safety always first

DAY 24 FINAL OUTCOME

By the end of Day 24:

- ✓ System confirms /l/ mastery status
- ✓ Child feels successful and calm
- ✓ Clean unlock decision made
- ✓ Ready to move to nasal sound /n/

NODE_N – /n/ (nnn... net)

DAY 25 – NODE_N (Exposure Day 1)

Objective

- Introduce nasal sound
- Feel sound through nose

Example visuals

- Net
- Nest
- Nose

DAY 25 – NODE_N

Sound: /n/ (nnn... net)

Total Duration: 30 Minutes

Structure:

- **10 min** → 5 + 5 (Sound Discovery)
- **10 min** → 5 + 5 (Repeat & Nasal Awareness)
- **10 min** → 5 + 5 (Picture Connect + Praise)

Mode: Sound-only learning (no letters)

DAY 25 OBJECTIVE

- Introduce **continuous /n/** sound
 - Help child feel **nasal vibration** (sound through nose)
 - Gently contrast /n/ with earlier sounds (/m/, /l/)
 - Maintain confidence while learning a new sound type
-

PART 1: SOUND DISCOVERY

(10 Minutes total)

1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

Goal

Let the child **hear /n/ as a soft, humming nasal sound.**

PIXO Flow

- Animated **Net** appears
Voice: “nnn... nnn... net”
- Animated **Nest** appears
Voice: “nnn... nnn... nest”

System Rules

- Sound is **held gently**
- Each sound played **3 times**
- Calm tempo, soft background music

Child only watches and listens.

1B. NOSE SOUND AWARENESS

(5 Minutes | Sensory Focus)

Goal

Help the child **notice sound through the nose.**

PIXO Flow

- Animated **Nose** appears
Voice: “nnn... nnn... nose”
- PIXO gently says:
“Listen... feel the sound in your nose 😊”

Visual Cue

- Simple glow animation around nose area

No response required.

PART 2: REPEAT & NASAL AWARENESS

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Guided Nasal Sound)

Goal

Encourage nasal sound production with support.

PIXO Flow

- PIXO says:
“Say **nnn** with me...”
- Sound modeled slowly
- Mic opens
- Child hums together

Rules:

- Up to 3 attempts
- PIXO models every time
- No correction language

2B. TRY ALONE (GENTLE)

(5 Minutes | Independent Attempt)

 **Goal**

Let the child try nasal sound independently.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes:

- Nasal sound detected
- Duration logged
- Silence accepted neutrally

PART 3: PICTURE CONNECT + PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | Gentle Recognition)

 **Goal**

Associate /n/ sound with objects.

MCQ Format

- Nest (correct)
- Lion (distractor from /l/)
- Mango (distractor from /m/)

Prompt:

“Which one says **nnn**?”

Rules

- 3 questions
- Immediate friendly feedback
- One replay allowed

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 **Goal**

End first /n/ day with **reassurance and pride**.

PIXO Flow

- Warm star animation
- Voice:
“Nice nose sound!”
- Calm happy music

No scores shown.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 25 is **pure exposure**
- No assessment tagging
- Data collected for:
 - Comfort with nasal resonance
 - Willingness to attempt sound
- Used to tune Day 26 pacing

DAY 25 FINAL OUTCOME

By the end of Day 25, the child:

- ✓ Recognizes /n/ as a nasal sound
- ✓ Begins to feel nose vibration naturally
- ✓ Attempts without fear
- ✓ Feels safe learning a new sound type

DAY 26 – NODE_N (Exposure Day 2)

Objective

- Hold sound longer
- Contrast /n/ vs /m/

DAY 26 – NODE_N

Sound: /n/ (nnn...)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Re-listen & Awareness)
- **10 min → 5 + 5** (Confident Nasal Practice)
- **10 min → 5 + 5** (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 26 OBJECTIVE

- Improve **nasal resonance control** for /n/
- Encourage **longer, smoother /n/** sounds
- Strengthen contrast between **/n/ (nose)** and **/m/ (lips)**
- Build readiness for **Day 27 assessment**

PART 1: RE-LISTEN & AWARENESS (10 Minutes total)

1A. SOUND REMINDER (5 Minutes | Familiar Listening)

 Goal

Re-anchor the /n/ sound clearly in memory.

PIXO Flow

- Animated **Net** appears
Voice: “nnn... nnn... net”
- Animated **Nest** appears
Voice: “nnn... nnn... nest”

Rules

- Sound held gently
- Each played **2 times** (slightly faster than Day 25)
- Soft background music

No response required.

 1B. NASAL FLOW AWARENESS

(5 Minutes | Sensory Focus)

 Goal

Encourage awareness of **steady nose sound**.

PIXO Flow

- Nose icon glows softly while sound plays: “nnnnnn...”
- PIXO says gently:
“Listen to the nose sound 😊”

Visual Cue

- Subtle vibration glow near nose area

No speaking required yet.

 PART 2: CONFIDENT NASAL PRACTICE

(10 Minutes total)

 2A. SAY IT TOGETHER (LONGER)

(5 Minutes | Guided Control)

 Goal

Practice holding the nasal sound with support.

PIXO Flow

- PIXO:
“Say a long **nnn** with me...”
- Sound modeled slowly
- Mic opens
- Child hums together

Rules:

- Up to 3 attempts
 - PIXO models every time
 - No correction language
-

 2B. TRY ALONE (CONFIDENCE)

(5 Minutes | Independent Hold)

 Goal

Let the child **control the nasal sound alone**.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes:

- Nasal sound detected
- Duration logged
- Smoothness noted
- Silence accepted neutrally

 PART 3: RECOGNITION + PRAISE
(10 Minutes total)

 3A. SOUND → PICTURE MATCH
(5 Minutes | Gentle Recognition)

 Goal

Reinforce sound-object association.

MCQ Format

- Nose (correct)
- Mango (distractor from /m/)
- Lion (distractor from /l/)

Prompt:

“Which one says **nnn**?”

Rules

- 4 questions
- Immediate friendly feedback
- One replay allowed

 3B. PRAISE & EMOTIONAL CLOSE
(5 Minutes | Confidence Lock)

 Goal

End Day 26 feeling **ready and confident**.

PIXO Flow

- Warm star animation
- Voice:
“That was a nice nose sound!”
- Calm happy music

No scores shown.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 26 data used to:
 - Measure nasal smoothness and independence
 - Adjust strictness for Day 27 assessment
- No pass/fail tagging today

 DAY 26 FINAL OUTCOME

By the end of Day 26, the child:

- ✓ Holds /n/ more smoothly
- ✓ Differentiates /n/ from /m/ and /l/
- ✓ Repeats independently without fear
- ✓ Feels prepared for a light check

● DAY 27 – NODE_N ASSESSMENT

Checks

- Can child differentiate /n/ and /m/?
- Sound recognition + repetition

● DAY 27 – NODE_N ASSESSMENT

Sound: /n/ (nnn...)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Warm-up & Comfort)
 - **10 min → 5 + 5** (Assessment Games – Hidden)
 - **10 min → 5 + 5** (Review + Outcome Experience)
- Mode:** Sound-only learning (no letters)

🧠 DAY 27 OBJECTIVE

- Validate **recognition** of /n/
- Confirm ability to **hold nasal sound smoothly**
- Check separation from **/m/** (lip vibration) and **/l/** (tongue sound)
- Decide readiness to unlock **NODE_F**
- Protect confidence regardless of outcome

🕒 PART 1: WARM-UP & COMFORT

(10 Minutes total)

🕒 1A. FRIENDLY /n/ RECAP

(5 Minutes | Confidence Primer)

🎯 Goal

Relax the child and re-anchor familiarity.

PIXO Flow

- Familiar visuals appear:
 - Net
 - Nose
- Voice:
“nnn... nnn...”

Rules:

- Each sound played once
- No response required
- Calm pacing

🕒 1B. EASY NASAL SOUND TOGETHER

(5 Minutes | Emotional Safety)

 Goal

Remind the child they already know this sound.

PIXO Flow

- PIXO says:
“Let’s make a nose sound together 😊”
- Sound modeled once
- Mic opens briefly

No scoring here.

PART 2: ASSESSMENT GAMES (HIDDEN)

(10 Minutes total)

2A. SOUND → PICTURE MATCH

(5 Minutes | Recognition Check)

 Goal

Confirm accurate identification of /n/.

Format

- Sound played once: “nnn...”
- 3 pictures shown

Example:

- Nest 
- Mango
- Lion

Rules:

- 5 questions
 - Mixed order
 - No visual repeats
 - No hints
-

2B. HOLD THE NASAL SOUND CHECK

(5 Minutes | Production Check)

 Goal

Confirm child can **hold /n/** briefly and smoothly.

PIXO Flow

- PIXO:
“Can you make a long **nnn**?”
- Mic opens

Internal Metrics:

- Nasal sound detected (yes/no)
- Duration (short / acceptable / smooth)
- Stability noted

No child-facing labels.

PART 3: REVIEW + OUTCOME EXPERIENCE

(10 Minutes total)

3A. SOFT REVIEW

(5 Minutes | Gentle Closure)

 Goal

Close assessment calmly and positively.

PIXO Flow

- Short replay of /n/ with a smiling nose animation
 - No questions asked
-

3B. OUTCOME PATH (INVISIBLE DECISION)

(5 Minutes | System Logic)

 IF PASSED

Criteria

- Recognition $\geq 80\%$
- Repeat confidence $\geq 3/5$

PIXO says:

“That was a smooth nose sound!”

 **NODE_F unlocked** (Day 28)

 IF NOT YET READY

- No “fail” language
- PIXO says:
“We’ll play with this sound again 😊”
- Auto-loop:
 - NODE_N exposure (max 2 days)
- Reattempt assessment automatically

Parent notified quietly.

 **NON-NEGOTIABLE RULES**

- No scores shown to child
 - No negative correction
 - No skipping assessments
 - Emotional safety always first
-

 **DAY 27 FINAL OUTCOME**

By the end of Day 27:

- ✓ System confirms /n/ mastery status
 - ✓ Child feels calm and capable
 - ✓ Clean unlock decision made
 - ✓ Ready to move to airflow-lip sound /f/
-

 **NODE_F – /f/ (fff... fish)**

DAY 28 – NODE_F (Exposure Day 1)

Objective

- Introduce lip + air sound
- Visual mouth cue emphasized

Example visuals

- Fish
- Fan
- Frog

● DAY 28 – NODE_F

Sound: /f/ (fff... fish)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Discovery)
- **10 min → 5 + 5** (Repeat & Lip-Air Awareness)
- **10 min → 5 + 5** (Picture Connect + Praise)

Mode: Sound-only learning (no letters)

🧠 DAY 28 OBJECTIVE

- Introduce **continuous /f/** sound
- Help child feel **air passing over lips/teeth**
- Gently contrast /f/ with /s/ (air only)
- Keep confidence high while learning final consonant

🕒 PART 1: SOUND DISCOVERY (10 Minutes total)

🕒 1A. LISTEN & NOTICE

(5 Minutes | Passive Listening)

🎯 Goal

Let the child **hear /f/ as a soft, blowing sound**.

PIXO Flow

- Animated **Fish** appears
Voice: “fff... fff... fish”
- Animated **Fan** appears
Voice: “fff... fff... fan”

System Rules

- Sound is **held smoothly**
- Each sound played **3 times**
- Clear airflow with gentle lip contact
- Soft background music

Child only watches and listens.

🕒 1B. LIP-AIR AWARENESS

(5 Minutes | Sensory Focus)

🎯 Goal

Help the child **notice air on the lips**.

PIXO Flow

- Animated **Frog** appears
Voice: “fff... fff... frog”
- PIXO gently says:
“Blow air gently on your lip 😊”

Visual Cue

- Simple animation showing air touching lips

No response required.

PART 2: REPEAT & LIP-AIR PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Guided Lip-Air Sound)

Goal

Encourage /f/ sound with support.

PIXO Flow

- PIXO says:
“Say **fff** with me...”
- Sound modeled slowly
- Mic opens
- Child blows air together

Rules:

- Up to 3 attempts
 - PIXO models every time
 - No correction language
-

2B. TRY ALONE (GENTLE)

(5 Minutes | Independent Attempt)

Goal

Let the child try lip-air sound independently.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes:

- Air + lip sound detected
 - Duration logged
 - Silence accepted neutrally
-

PART 3: PICTURE CONNECT + PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | Gentle Recognition)

Goal

Associate /f/ sound with objects.

MCQ Format

- Fish (correct)
- Sun (distractor from /s/)
- Mango (distractor from /m/)

Prompt:

“Which one says **fff**?”

Rules

- 3 questions
 - Immediate friendly feedback
 - One replay allowed
-

 3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 **Goal**

End first /f/ day with **success and pride**.

PIXO Flow

- Warm star animation
- Voice:
“Nice blowing sound!”
- Calm happy music

No scores shown.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 28 is **pure exposure**
 - No assessment tagging
 - Data collected for:
 - Lip-air coordination
 - Comfort vs hesitation
 - Used to tune Day 29 pacing
-

 DAY 28 FINAL OUTCOME

By the end of Day 28, the child:

- ✓ Recognizes /f/ as a lip-air sound
 - ✓ Attempts airflow confidently
 - ✓ Differentiates /f/ from /s/
 - ✓ Feels safe learning the final consonant
-

DAY 29 – NODE_F (Exposure Day 2)

Objective

- Independent repetition
- Contrast /f/ vs /s/

 DAY 29 – NODE_F

Sound: /f/ (fff...)

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Re-listen & Awareness)
 - **10 min → 5 + 5** (Confident Lip–Air Practice)
 - **10 min → 5 + 5** (Recognition + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 29 OBJECTIVE

- Improve **lip–air coordination** for /f/
- Encourage **longer, smoother /f/** sounds
- Strengthen contrast between /f/ and /s/
- Prepare the child emotionally and cognitively for **Day 30 module checkpoint**

PART 1: RE-LISTEN & AWARENESS

(10 Minutes total)

1A. SOUND REMINDER

(5 Minutes | Familiar Listening)

Goal

Re-anchor the /f/ sound clearly in memory.

PIXO Flow

- Animated **Fish** appears
Voice: “fff... fff... fish”
- Animated **Fan** appears
Voice: “fff... fff... fan”

Rules

- Sound held smoothly
- Each played **2 times** (slightly faster than Day 28)
- Soft background music

No response required.

1B. LIP–AIR FLOW AWARENESS

(5 Minutes | Sensory Focus)

Goal

Encourage awareness of **steady air touching the lips**.

PIXO Flow

- **Frog** gently blows bubbles while sound plays: “ffffff...”
- PIXO says softly:
“Listen to the soft air sound 😊”

Visual Cue

- Subtle airflow animation near lips

No speaking required yet.

PART 2: CONFIDENT LIP–AIR PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER (LONGER)

(5 Minutes | Guided Control)

Goal

Practice holding the /f/ sound with support.

PIXO Flow

- PIXO:
“Say a long **fff** with me...”
- Sound modeled slowly

- Mic opens
- Child blows air together

Rules:

- Up to 3 attempts
 - PIXO models every time
 - No correction language
-

2B. TRY ALONE (CONFIDENCE)

(5 Minutes | Independent Hold)

 **Goal**

Let the child **control the lip–air sound alone**.

PIXO Flow

- PIXO:
“Your turn 😊”
- No sound hint
- Mic opens calmly

Internal Notes:

- Lip–air sound detected
 - Duration logged
 - Smoothness noted
 - Silence accepted neutrally
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. SOUND → PICTURE MATCH

(5 Minutes | Gentle Recognition)

 **Goal**

Reinforce sound–object association.

MCQ Format

- Fan (correct)
- Sun (distractor from /s/)
- Mango (distractor from /m/)

Prompt:

“Which one says **fff**?”

Rules

- 4 questions
 - Immediate friendly feedback
 - One replay allowed
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 **Goal**

End Day 29 feeling **ready and confident**.

PIXO Flow

- Warm star animation

- Voice:
“That was a smooth blowing sound!”
- Calm happy music

No scores shown.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 29 data used to:
 - Measure /f/ smoothness and independence
 - Adjust strictness for **Day 30 MODULE 2 checkpoint**
- No pass/fail tagging today

DAY 29 FINAL OUTCOME

By the end of Day 29, the child:

- ✓ Holds /f/ smoothly
- ✓ Differentiates /f/ from /s/ and /m/
- ✓ Repeats independently without fear
- ✓ Feels confident entering the final checkpoint

DAY 30 – NODE_F + MIX_CS ASSESSMENT

This day **closes** **MODULE 2**.

DAY 30 – NODE_MIX_CS

MODULE 2 CHECKPOINT (CONTINUOUS CONSONANTS)

Sounds: /m/ /s/ /l/ /n/ /f/

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Warm-up & Familiarity)
 - **10 min → 5 + 5** (Core Assessment – Hidden)
 - **10 min → 5 + 5** (Outcome Experience + Transition)
- Mode:** Sound-only learning (no letters)

DAY 30 OBJECTIVE

- Validate **recognition and control** of all continuous consonants
- Confirm child can **hold each sound** confidently
- Check **sound differentiation** across categories
- Decide readiness to unlock **PHASE 2 – CV BLENDING**
- End Phase 1 with **confidence intact**

PART 1: WARM-UP & FAMILIARITY

(10 Minutes total)

1A. FRIENDLY SOUND PARADE

(5 Minutes | Confidence Primer)

Goal

Remind the child: “*I know these sounds.*”

PIXO Flow

- Five friendly characters appear one by one:
 - Mango → “mmm...”
 - Sun → “sss...”
 - Lion → “lll...”
 - Nose → “nnn...”
 - Fish → “fff...”

Rules:

- Each sound played **once**
 - No response required
 - Calm, celebratory pacing
-

1B. EASY LISTEN & TAP

(5 Minutes | Comfort Activity)

 Goal

Ease into assessment mode without signaling it.

PIXO Flow

- Sound played
- Two pictures appear
- One obvious correct choice

Rules:

- 3 easy rounds
 - Mostly strong sounds
 - No scoring emphasis
-

PART 2: CORE ASSESSMENT (HIDDEN)

(10 Minutes total)

 This is the **true checkpoint**, invisible to the child.

2A. MIXED SOUND → PICTURE MATCH

(5 Minutes | Recognition Check)

 Goal

Confirm accurate sound identification across all consonants.

Format

- Sound played once (random order)
- 3 pictures shown

Rules:

- **10 questions**
 - All 5 sounds included
 - **No visual repeats**
 - No hints or replays
-

2B. HOLD-THE-SOUND CHECK

(5 Minutes | Production Check)

 Goal

Confirm child can **hold each continuous sound** briefly.

PIXO Flow

- PIXO prompts randomly:
 - “Can you say a long **mmm**?”

- “Can you make a long sss?” etc.
- Mic opens

Internal Metrics:

- Sound detected (yes/no)
- Duration (short / acceptable / smooth)
- Stability noted

No child-visible labels.

PASS CRITERIA (SYSTEM ONLY)

- ≥ 80% overall accuracy
- No single sound < 60%
- No regression from individual node assessments

PART 3: OUTCOME EXPERIENCE + TRANSITION (10 Minutes total)

IF PASSED → MODULE COMPLETE

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Music swell
- Voice:
“You learned many new sounds!”

Badge unlocked:

“Sound Explorer”

3B. NEXT ADVENTURE TEASER

(5 Minutes | Motivation Bridge)

- New visuals show sounds **joining together**
- Voice:
“Now sounds can join to make words!”

PHASE 2 – CV BLENDING UNLOCKED (Day 31)

Parent Notification:

“Continuous consonant sounds mastered. Child is ready for sound blending.”

IF NOT YET READY → GENTLE REDIRECT

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:
“We’ll play with sounds a little more 😊”

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System Actions:

- Identify weakest sound(s)
- Auto-loop:

- Targeted nodes only
- Max 2 days
- Reattempt checkpoint automatically

Parent notified quietly.

Child experiences **no failure state**.

NON-NEGOTIABLE SYSTEM RULES

-  No skipping checkpoints
 -  No parent override
 -  Emotional safety always first
 -  Learning integrity always protected
-

MODULE 2 FINAL OUTCOME (DAY 30)

By the end of Day 30, the child:

- ✓ Recognizes all continuous consonant sounds
 - ✓ Holds each sound confidently
 - ✓ Differentiates airflow, vibration, tongue, nasal sounds
 - ✓ Feels proud and capable
 - ✓ Is **neurologically ready for blending**
-

What you've built so far (owner lens)

- Phase 1 complete
 - Sound inventory unlocked
 - Fear = zero
 - Confidence = high
 - Brain = ready to combine sounds
-

DAY 30 – NODE_MIX_CS (MODULE CHECKPOINT)

Sounds mixed

/m/ /s/ /l/ /n/ /f/

Assessment Rules

- 12–15 questions
- Mixed order
- No visual repeats
- Sound → picture
- Hold-the-sound check (repeat)

Pass Criteria

- ≥ 80% overall
 - No single consonant < 60%
-

MODULE 2 FINAL OUTCOME (DAY 30)

By end of Day 30, child:

- ✓ Recognizes 5 continuous consonant sounds
- ✓ Can **hold** each sound confidently
- ✓ Differentiates airflow vs vibration vs tongue sounds

✓ Is **ready for blending** (Phase 2)

✓ Still has **zero fear of English**

Founder-level clarity

You've now built:

- Vowel foundation (Day 1–15)
- Consonant sound inventory (Day 16–30)

The brain is now **primed for CV blending** (ma, sa, la...).

PHASE 2: SOUND BLENDING (Day 31–90)

MODULE 3: CV BLENDING (No letters shown)

PHASE_2

└─ MODULE_3_CV_BLENDS

└─ M_SERIES

| └─ ma me mi mo mu

└─ S_SERIES

└─ L_SERIES

└─ N_SERIES

└─ F_SERIES

Each **CV blend is its own node**.

Example:

NODE_MA

└─ Listen (m + a)

└─ Blend Animation

└─ Child Repeat

└─ Picture Choice

Unlock rule:

- Blend recognition ≥ 80%
-

PHASE 2 – CV BLENDING

Day 31–60 | From Sounds → Spoken Units

Entry Requirement (Gate):

✓ Phase 1 completed

✓ All vowels + continuous consonants mastered

Core Rule:

👉 Sounds are **joined by listening**, not by spelling

👉 Still **NO letters on screen**

PHASE 2 GOALS

- Teach the brain that **sounds can join**
 - Build **smooth CV flow** (no gaps, no spelling)
 - Prepare child for **spoken word decoding**
 - Maintain zero fear, high success rate
-

SOUNDS USED (PHASE 2)

Consonants:

/m/ /s/ /l/ /n/ /f/

Vowels:

/a/ /e/ /i/ /o/ /u/

Blends formed:

- ma, me, mi, mo, mu
- sa, se, si, so, su
- la, le, li, lo, lu
- na, ne, ni, no, nu
- fa, fe, fi, fo, fu

 PHASE 2 TREE STRUCTURE

PHASE_2_CV_BLENDED

└─ MODULE_3_MA_SERIES

└─ MODULE_4_SA_SERIES

└─ MODULE_5_LA_SERIES

└─ MODULE_6_NA_SERIES

└─ MODULE_7_FA_SERIES

└─ MODULE_8_MIXED_CV

 DAILY STRUCTURE (UNCHANGED)**30 Minutes Total**

- 10 min → 5 + 5 (Listening & Blend Discovery)
- 10 min → 5 + 5 (Guided Blending Practice)
- 10 min → 5 + 5 (Games + Praise)

Mode:

- ✓ Sound-only
- ✓ No letters
- ✓ No spelling
- ✓ Mouth movement + audio focus

 DAY-WISE BREAKDOWN

 MODULE 3 – MA SERIES (Day 31–36)

Day 31 – Blend Discovery: /m/ + /a/ → “ma”

- Hear sounds separately → then joined
- “mmm... aaaa... maaa”

 PHASE 2 – DAY 31**MODULE 3 – MA SERIES**

Blend Focus: /m/ + /a/ → “ma”

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Separation → Discovery)
- 10 min → 5 + 5 (Guided Blending)
- 10 min → 5 + 5 (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 31 OBJECTIVE

- Help child **hear two sounds joining**
 - Introduce **CV blending concept** without naming it
 - Ensure blend feels **smooth, natural, and fun**
 - Maintain confidence: *no pressure to “get it right”*
-

PART 1: SOUND SEPARATION → DISCOVERY (10 Minutes total)

1A. LISTEN TO TWO SOUNDS (5 Minutes | Sound Awareness)

Goal

Remind the child of **familiar sounds** before joining them.

PIXO Flow

- **Mango** appears
Voice: “mmm...”
- Short pause
- **Apple** appears
Voice: “aaa...”

Sequence repeated slowly:

“mmm... aaa...”

Rules

- Each sound played **twice**
- Clear pause between sounds
- Calm tempo
- No interaction required

Child only listens.

1B. SOUNDS COME TOGETHER (5 Minutes | Discovery Moment)

Goal

Let the child *hear* that sounds can **join**.

PIXO Flow

- Mango + Apple slide closer
- Voice says slowly:

“mmm... aaa... maaa...”

PIXO gently adds:

“Listen... they came together 😊”

Rules

- Blend is **held smoothly**
- No explanation
- No repetition request

This is the **“aha” moment**.

PART 2: GUIDED BLENDED (10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

 Goal

Help the child **feel the join** with support.

PIXO Flow

- PIXO says:

“Say it with me... maaa...”

- Blend modeled slowly
- Mic opens
- PIXO blends along with the child

Rules

- Up to **3 attempts**
 - PIXO always models
 - No correction language
 - Any attempt is accepted
-

2B. TRY THE BLEND ALONE

(5 Minutes | Independent Attempt)

 Goal

Encourage independent blending **without pressure**.

PIXO Flow

- PIXO:

“Your turn 😊”

- No sound hint
- Mic opens calmly

Internal Notes (System)

- Full blend detected (yes / partial)
- Smoothness logged
- Silence = neutral (no penalty)

No child-visible feedback.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & CHOOSE

(5 Minutes | Blend Recognition)

 Goal

Confirm the child can **recognize the blend by ear**.

MCQ Format

Sound played:

“maaa...”

Pictures shown:

- Mama (or mother icon) 
- Sun
- Fish

Prompt:

“Which one sounds like **ma**?”

Rules

- 3 questions only
- Friendly feedback
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Anchor joy and success.

PIXO Flow

- Gentle celebration animation
- Voice:

“Wow! Two sounds joined together!”

- Soft happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 31 is **pure discovery**
- No pass/fail logic
- Data collected only for:
 - Willingness to attempt blending
 - Comfort level
- Used to tune pacing for Day 32

DAY 31 FINAL OUTCOME

By the end of Day 31, the child:

- ✓ Hears that sounds can join
- ✓ Attempts first CV blend
- ✓ Feels *curious*, not pressured
- ✓ Is emotionally ready for more blends

Why this day matters (system lens)

If Day 31 feels safe:

- Blending becomes **intuitive**
- Reading fear never forms
- Progress accelerates naturally

Day 32 – MA Variations

- ma / me / mi
- Slow → normal pace

PHASE 2 – DAY 32

MODULE 3 – MA SERIES (VARIATIONS)

Blends: ma / me / mi

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Stability → Change Awareness)
 - 10 min → 5 + 5 (Guided Blending Practice)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode:** Sound-only learning (no letters)

DAY 32 OBJECTIVE

- Help the child notice that /m/ stays the same
- Hear how changing the vowel changes the sound
- Blend **ma** / **me** / **mi** smoothly by ear
- Keep blending playful and confidence-first

PART 1: SOUND STABILITY → CHANGE AWARENESS (10 Minutes total)

1A. SAME FIRST SOUND (5 Minutes | Stability Awareness)

Goal

Anchor /m/ as a familiar, stable starting sound.

PIXO Flow

- **Mango** appears
Voice: “mmm...”
- **Monkey** appears
Voice: “mmm...”

PIXO gently says:

“Listen... same sound 😊”

Rules

- Sound held clearly
- Played twice
- No interaction required

Child only listens.

1B. SECOND SOUND CHANGES (5 Minutes | Variation Discovery)

Goal

Let the child *hear* how the second sound changes the blend.

PIXO Flow

Sequence shown slowly:

1 Mango + Apple

“mmm... aaa... maaa...”

2 Mango + Egg

“mmm... eee... meee...”

3 Mango + Ink

“mmm... iii... miii...”

PIXO softly says:

“Listen... it sounds different 😊”

Rules

- Clear pause between blends

- No explanation
- No repeat request

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Variations)

 Goal

Practice blending **with guidance**.

PIXO Flow

- PIXO:

“Say it with me... maaa...”

- Mic opens
- Then:

“Say it with me... meee...”

- Then:

“Say it with me... miii...”

Rules

- One blend at a time
 - Up to 2 attempts per blend
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Choice)

 Goal

Encourage independent blending **without overload**.

PIXO Flow

- PIXO:

“Your turn 😊”

- One blend played (system-selected)
- Mic opens

Internal Notes (System)

- Full blend detected / partial
- Smoothness logged
- Silence = neutral

Only **one independent attempt** today.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

 Goal

Confirm the child can recognize blend differences by ear.

MCQ Format

Sound played:

“mee...”

Pictures shown:

- Bed / egg-related image (correct)
- Mama image
- Fish

Prompt:

“Which one sounds like **me**?”

Rules

- 3 questions total
 - Blends mixed (ma / me / mi)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 32 with pride and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“The sound changed, and you heard it!”

- Calm happy music

No scores.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 32 tracks:
 - Whether child notices variation
 - Which blend feels easiest
 - Weak blend queued gently for Day 33
 - No pass/fail logic
-

DAY 32 FINAL OUTCOME

By the end of Day 32, the child:

- ✓ Notices vowel changes affect sound
 - ✓ Blends **ma / me / mi** by ear
 - ✓ Does not confuse blends
 - ✓ Feels successful and curious
-

Why this day matters (learning lens)

This is **pattern recognition**, the real foundation of reading.

Once the brain sees the pattern, speed comes naturally later.

Day 33 – MA Extended

- mo / mu
- Contrast ma vs mu

PHASE 2 – DAY 33

MODULE 3 – MA SERIES (EXTENDED)

Blends: mo / mu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Recall → New Discovery)
- 10 min → 5 + 5 (Guided Blending Practice)
- 10 min → 5 + 5 (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 33 OBJECTIVE

- Introduce **mo / mu** as new variations
 - Help the child hear **rounder, deeper vowel sounds**
 - Complete the **MA blend set** (ma / me / mi / mo / mu)
 - Keep learning calm, slow, and confident
-

PART 1: SOUND RECALL → NEW DISCOVERY (10 Minutes total)

1A. QUICK MA RECALL (5 Minutes | Familiar Anchor)

 Goal

Re-anchor the known blends before adding new ones.

PIXO Flow

- Mama image
Voice: “maaa...”
- Egg/bed image
Voice: “meee...”
- Ink image
Voice: “miii...”

PIXO gently says:

“You know these 😊”

Rules

- Each blend played **once**
 - No interaction required
 - Calm pace
-

1B. NEW BLENDS ARRIVE (5 Minutes | Discovery)

 Goal

Let the child *hear* the new sounds naturally.

PIXO Flow

1 Mango + Orange

“mmm... ooo... mooo...”

2 Mango + Umbrella

“mmm... uuu... muuu...”

PIXO softly adds:

“Listen... new sounds 😊”

Rules

- Slow blending
 - Sounds held clearly
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

Goal

Practice **mo** / **mu** with support.

PIXO Flow

- PIXO:

“Say it with me... mooo...”

- Mic opens
- Then:

“Say it with me... muuu...”

Rules

- Up to 2 attempts per blend
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage one independent blend attempt.

PIXO Flow

- PIXO:

“Your turn 😊”

- One blend played (mo or mu)
- Mic opens calmly

Internal Notes (System)

- Full blend / partial
 - Smoothness logged
 - Silence = neutral
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

Goal

Confirm the child can recognize **mo** / **mu** by ear.

MCQ Format

Sound played:

“mooo...”

Pictures shown:

- Moon (correct)
- Mama
- Fish

Prompt:

“Which one sounds like **mo**?”

Rules

- 3 questions total
- Blends mixed (mo / mu + earlier MA blends)
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the MA family feeling **complete and proud**.

PIXO Flow

- Gentle celebration animation
- Voice:

“You heard new sounds today!”

- Calm happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 33 completes **MA blend inventory**
- System now tracks:
 - Strong vs weak MA blends
- Weak blend gently reinforced in Day 34 games
- No pass/fail logic

DAY 33 FINAL OUTCOME

By the end of Day 33, the child:

- ✓ Hears deeper vowel blends (mo / mu)
- ✓ Completes the MA sound family
- ✓ Blends confidently without overload
- ✓ Feels ready to play with blends

Why this day matters

The child now understands:

“One sound stays, one sound changes, and I can hear it.”

That insight is **the engine of reading**.

Day 34 – MA Games

- Identify correct blend by listening

- No speaking pressure

PHASE 2 – DAY 34

MODULE 3 – MA SERIES (GAMES DAY)

Blends: ma / me / mi / mo / mu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up Games)
- 10 min → 5 + 5 (Core Listening Games)
- 10 min → 5 + 5 (Celebration Games + Praise)

Mode: Sound-only learning (no letters)

DAY 34 OBJECTIVE

- Strengthen **MA blend recognition** through play
 - Improve **listening discrimination** without drilling
 - Reduce effort while increasing accuracy
 - Keep confidence high before speaking focus (Day 35)
-

PART 1: WARM-UP GAMES

(10 Minutes total)

1A. BLEND BALLOON POP

(5 Minutes | Free Exploration)

 Goal

Warm the ear gently and happily.

PIXO Flow

- Balloons float on screen
- Each balloon says a blend when tapped:
 - “ma”
 - “me”
 - “mi”
 - “mo”
 - “mu”

Rules

- Any tap is accepted
- No right/wrong feedback
- Cheerful animation on every pop

Internal:

- Logs which blends the child taps confidently
-

1B. FOLLOW THE BLEND

(5 Minutes | Focused Listening)

 Goal

Encourage attention to **sound differences**.

PIXO Flow

- One blend played (e.g., “mi”)
- Three characters move
- Only one matches the blend

Prompt:

“Follow the sound 😊”

No visible scoring.

PART 2: CORE LISTENING GAMES

(10 Minutes total)

2A. FIND THE SAME BLEND

(5 Minutes | Discrimination Play)

 Goal

Reinforce recognition of the **exact blend**.

PIXO Flow

- PIXO plays a blend: “mo”
- Two pictures appear
- Child taps the one that matches the sound

Rules:

- 4 rounds
 - Blends mixed
 - Replay allowed once
-

2B. ODD ONE OUT (FUN VERSION)

(5 Minutes | Contrast Awareness)

 Goal

Sharpen listening by spotting the “different” sound.

PIXO Flow

- Three pictures appear
- Two share same blend
- One is different

Prompt:

“Which one sounds funny?”

No correction tone. Only playful cues.

PART 3: CELEBRATION GAMES + PRAISE

(10 Minutes total)

3A. MA TREASURE HUNT

(5 Minutes | Joyful Recall)

 Goal

Turn blends into a **reward game**.

PIXO Flow

- PIXO plays a blend
- Child taps the matching treasure chest

Rules:

- Easy difficulty
 - Weak blends may appear once more
 - No penalties
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End the day feeling **happy and successful**.

PIXO Flow

- Confetti + stars animation
- Voice:

“You listened so well today!”

- Sticker unlocked:
“MA Game Star”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 34 data used to:
 - Identify strongest vs weakest MA blends
 - Prepare speaking focus for Day 35
- No blend downgraded today
- Weak blends gently queued for extra exposure tomorrow

DAY 34 FINAL OUTCOME

By the end of Day 34, the child:

- ✓ Recognizes all MA blends by ear
- ✓ Differentiates similar sounds easily
- ✓ Feels relaxed and confident
- ✓ Is ready for **speaking confidence day**

Why this day matters

Play removes effort.

When effort disappears, **learning locks in**.

Day 35 – MA Speaking Confidence

- Child repeats blend independently

PHASE 2 – DAY 35

MODULE 3 – MA SERIES (SPEAKING CONFIDENCE)

Blends: ma / me / mi / mo / mu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Listen → Prepare to Speak)
 - 10 min → 5 + 5 (Guided Speaking Practice)
 - 10 min → 5 + 5 (Independent Speaking + Praise)
- Mode: Sound-only learning (no letters)

DAY 35 OBJECTIVE

- Build **confidence in saying blends aloud**
- Encourage **clear, smooth CV speaking**

- Reduce hesitation and fear of “speaking wrong”
 - Prepare gently for **MA Assessment (Day 36)**
-

PART 1: LISTEN → PREPARE TO SPEAK

(10 Minutes total)

1A. CONFIDENT BLEND LISTEN

(5 Minutes | Vocal Readiness)

 **Goal**

Warm the ear before the mouth.

PIXO Flow

- Friendly visuals appear one by one
- Blends played clearly:
 - “ma”
 - “me”
 - “mi”
 - “mo”
 - “mu”

PIXO gently says:

“Listen carefully 😊”

Rules

- Each blend played **once**
 - Calm pacing
 - No response required
-

1B. SAY IT IN YOUR HEAD

(5 Minutes | Mental Rehearsal)

 **Goal**

Reduce speaking anxiety by **silent rehearsal**.

PIXO Flow

- PIXO says:

“Say it quietly in your head 😊”

- Blend played slowly (system-selected)
- Gentle mouth-animation cue shown

No mic open yet.

No pressure.

PART 2: GUIDED SPEAKING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER (SUPPORTED)

(5 Minutes | Confidence Build)

 **Goal**

Let the child speak **with PIXO**, not alone.

PIXO Flow

- PIXO:

“Say it with me... maaa...”

- Mic opens

- PIXO blends along

Then repeated for:

- One more blend (system-selected)

Rules

- Max **2 blends**
- Up to **2 attempts each**
- Any attempt accepted
- No correction language

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Safe Independence)

Goal

Give the child **control and ownership**.

PIXO Flow

- Three friendly icons appear
- Each plays one blend when tapped
- Child chooses **one** to say

PIXO:

“You choose 😊”

Mic opens only after choice.

Internal Notes (System)

- Blend clarity logged
- Confidence level inferred
- Silence = neutral

PART 3: INDEPENDENT SPEAKING + PRAISE

(10 Minutes total)

3A. SAY & MATCH

(5 Minutes | Speak + Listen Loop)

Goal

Reinforce speaking with listening confirmation.

PIXO Flow

- PIXO plays a blend
- Child repeats
- Then sees 2 pictures
- Taps the matching one

Rules:

- 3 rounds
- Gentle feedback
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Anchor **speaking success**, not accuracy obsession.

PIXO Flow

- Celebration animation
- Voice:

“You said the sounds so clearly!”

- Sticker unlocked:
“MA Speaker”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 35 tracks:
 - Speaking willingness
 - Blend clarity
- Weak blends lightly queued for Day 36 assessment warm-up
- No downgrade logic today

DAY 35 FINAL OUTCOME

By the end of Day 35, the child:

- ✓ Speaks MA blends confidently
- ✓ Feels safe using their voice
- ✓ Shows reduced hesitation
- ✓ Is emotionally ready for assessment

Why this day matters

Children don’t fear reading.

They fear **speaking wrong**.

Day 35 removes that fear completely.

Day 36 – MA Assessment

- 10 blend questions
- Pass ≥ 80%
- Auto-loop weak blends only

PHASE 2 – DAY 36

MODULE 3 – MA SERIES (FRIENDLY CHECKPOINT)

Blends: ma / me / mi / mo / mu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Confidence Prime)
 - 10 min → 5 + 5 (Assessment Games – Hidden)
 - 10 min → 5 + 5 (Outcome Experience + Transition)
- Mode:** Sound-only learning (no letters)

DAY 36 OBJECTIVE

- Validate **listening recognition** of MA blends
- Confirm **clear, confident speaking** of blends
- Decide readiness to unlock **SA SERIES (Day 37)**

- Preserve confidence regardless of outcome

 PART 1: WARM-UP & CONFIDENCE PRIME
(10 Minutes total)

 1A. FRIENDLY MA RECAP
(5 Minutes | Familiar Anchor)

 Goal

Help the child feel relaxed before the checkpoint.

PIXO Flow

- Friendly visuals appear one by one
- Blends played once each:
 - “ma”
 - “me”
 - “mi”
 - “mo”
 - “mu”

PIXO gently says:

“You know these 😊”

No response required.

 1B. EASY SAY-TOGETHER
(5 Minutes | Emotional Safety)

 Goal

Lower any speaking anxiety.

PIXO Flow

- PIXO says:

“Let’s say one together 😊”

- One easy blend played (system-selected)
- Mic opens briefly
- PIXO blends along

No scoring here.

 PART 2: ASSESSMENT GAMES (HIDDEN)
(10 Minutes total)

 2A. HEAR & CHOOSE
(5 Minutes | Listening Check)

 Goal

Confirm accurate blend recognition by ear.

Format

- Blend played once
- 3 pictures shown

Example:

Sound: “mi”

Options:

- Milk image 

- Moon
- Fish

Rules

- **6 questions**
- All MA blends covered
- No visual repeats
- No hints

2B. SAY THE BLEND

(5 Minutes | Speaking Check)

Goal

Confirm child can **say blends clearly**.

PIXO Flow

- PIXO prompts gently:
 - “Can you say **ma**?”
 - “Can you say **mo**?”
- Mic opens

Internal Metrics:

- Full blend detected (yes / partial)
- Smoothness logged
- Hesitation noted

No child-visible labels.

PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% overall accuracy**
- **No single blend < 60%**
- Speaking confidence **≥ 3/5**

PART 3: OUTCOME EXPERIENCE + TRANSITION

(10 Minutes total)

IF PASSED → MA SERIES COMPLETE

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:

“You joined sounds so well!”

Badge unlocked:

“MA Blending Star”

3B. NEXT SOUNDS TEASER

(5 Minutes | Motivation Bridge)

- New visuals show **air sounds joining**
- Voice:

“New sounds are coming next!”

MODULE 4 – SA SERIES UNLOCKED (Day 37)

Parent notification:

“MA blending mastered. Child is ready for next sound group.”

 **IF NOT YET READY → GENTLE REDIRECT** 

 **3A. KIND ENCOURAGEMENT**

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:

“We’ll play with these sounds a little more 😊”

 **3B. AUTO-LOOP SETUP**

(5 Minutes | Invisible Reset)

System actions:

- Identify weakest MA blend(s)
- Auto-loop:
 - Only those blends
 - Game-first reinforcement
- Reattempt checkpoint automatically after 48 hours

Child never sees “fail”.

 **NON-NEGOTIABLE RULES**

- No scores shown to child
 - No negative feedback
 - No skipping checkpoints
 - Confidence always protected
-

 **DAY 36 FINAL OUTCOME**

By the end of Day 36, the child:

- ✓ Recognizes MA blends by ear
 - ✓ Speaks blends confidently
 - ✓ Understands sounds join smoothly
 - ✓ Is ready for **SA SERIES (Day 37)**
-

Why this checkpoint matters

This confirms the child didn’t just memorize sounds.

They **understand how sounds join**.

From here, blending accelerates.

 **PHASE 2 – DAY 37**

MODULE 4 – SA SERIES

Blend Focus: /s/ + /a/ → “sa”

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Separation → Discovery)
 - **10 min → 5 + 5** (Guided Blending)
 - **10 min → 5 + 5** (Recognition + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 37 OBJECTIVE

- Help the child hear **air sound + vowel joining**
- Discover **“sa”** as a smooth airflow blend
- Contrast gently with earlier **“ma”** (no teaching, only hearing)
- Keep blending playful, slow, and confident

PART 1: SOUND SEPARATION → DISCOVERY (10 Minutes total)

1A. LISTEN TO TWO SOUNDS (5 Minutes | Sound Awareness)

Goal

Re-anchor familiar sounds before joining.

PIXO Flow

- **Sun** appears
Voice: “sss...”
- Short pause
- **Apple** appears
Voice: “aaa...”

Sequence repeated slowly:

“sss... aaa...”

Rules

- Each sound played **twice**
- Clear pause between sounds
- Calm tempo
- No interaction required

Child only listens.

1B. SOUNDS COME TOGETHER (5 Minutes | Discovery Moment)

Goal

Let the child *hear* airflow and vowel **joining smoothly**.

PIXO Flow

- Sun + Apple slide closer
- Voice blends slowly:

“sss... aaa... saaa...”

PIXO gently says:

“Listen... they came together 😊”

Rules

- Blend held smoothly (no break)
- No explanation
- No repetition request

This is the **SA “aha” moment**.

PART 2: GUIDED BLENDING (10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

Goal

Help the child **feel the airflow blend** with support.

PIXO Flow

- PIXO says:

“Say it with me... saaa...”

- Mic opens
- PIXO blends along with the child

Rules

- Up to **3 attempts**
 - PIXO always models
 - Any attempt accepted
 - No correction language
-

2B. TRY THE BLEND ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage independent blending **without pressure**.

PIXO Flow

- PIXO:

“Your turn 😊”

- No sound hint
- Mic opens calmly

Internal Notes (System)

- Full blend detected (yes / partial)
- Smooth airflow noted
- Silence = neutral

No child-visible feedback.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & CHOOSE

(5 Minutes | Blend Recognition)

Goal

Confirm the child can recognize “**sa**” by ear.

MCQ Format

Sound played:

“saaa...”

Pictures shown:

- Sun-related image / sand image 
- Mama image
- Fish

Prompt:

“Which one sounds like **sa**?”

Rules

- 3 questions only
- Friendly feedback
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Anchor success and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“Air sound and vowel joined together!”

- Soft happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 37 is **pure discovery**
- No pass/fail logic
- Tracks:
 - Comfort with airflow blending
 - Any hesitation vs smooth join
- Used to tune Day 38 pacing

DAY 37 FINAL OUTCOME

By the end of Day 37, the child:

- ✓ Hears airflow + vowel joining
- ✓ Blends “sa” smoothly
- ✓ Notices difference from “ma” naturally
- ✓ Feels confident starting a new series

Why this day matters

The child now understands:

“Different first sounds change how the blend feels.”

This awareness prevents confusion later and speeds up learning.

PHASE 2 – DAY 38

MODULE 4 – SA SERIES (VARIATIONS)

Blends: sa / se / si

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Stability → Change Awareness)
 - 10 min → 5 + 5 (Guided Blending Practice)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode: Sound-only learning (no letters)

DAY 38 OBJECTIVE

- Help the child notice /s/ stays the same
- Hear how different vowels change the airflow blend
- Blend **sa / se / si** smoothly by ear
- Keep blending playful, slow, and confident

 PART 1: SOUND STABILITY → CHANGE AWARENESS
(10 Minutes total)

 1A. SAME FIRST SOUND
(5 Minutes | Stability Awareness)

 Goal

Anchor /s/ as a familiar starting sound.

PIXO Flow

- **Sun** appears
Voice: “sss...”
- **Snake** appears
Voice: “sss...”

PIXO gently says:

“Listen... same sound 😊”

Rules

- Sound held smoothly
- Played twice
- No interaction required

Child only listens.

 1B. SECOND SOUND CHANGES
(5 Minutes | Variation Discovery)

 Goal

Let the child *hear* how the vowel changes the blend.

PIXO Flow

Sequence shown slowly:

1 Sun + Apple

“sss... aaa... saaa...”

2 Sun + Egg

“sss... eee... seee...”

3 Sun + Ink

“sss... iii... sii...”

PIXO softly says:

“Listen... it sounds different 😊”

Rules

- Clear pause between blends
 - No explanation
 - No repeat request
-

 PART 2: GUIDED BLENDING PRACTICE
(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Variations)

 Goal

Practice blending **with guidance**.

PIXO Flow

- PIXO:

“Say it with me... saaa...”

- Mic opens

Then:

“Say it with me... seee...”

Then:

“Say it with me... siiii...”

Rules

- One blend at a time
 - Up to 2 attempts per blend
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Choice)

 Goal

Encourage independent blending **without overload**.

PIXO Flow

- PIXO:

“Your turn 😊”

- One blend played (system-selected)
- Mic opens

Internal Notes (System)

- Full blend detected / partial
- Smooth airflow logged
- Silence = neutral

Only **one independent attempt** today.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

 Goal

Confirm the child can recognize blend differences by ear.

MCQ Format

Sound played:

“seee...”

Pictures shown:

- Egg / bed-related image (correct)
- Sun-related image
- Fish

Prompt:

“Which one sounds like **se**?”

Rules

- 3 questions total
 - Blends mixed (sa / se / si)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 38 with pride and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“The sound changed, and you heard it!”

- Calm happy music

No scores.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 38 tracks:
 - Which SA blend feels easiest
 - Any hesitation with airflow + vowel
 - Weak blend gently queued for Day 39
 - No pass/fail logic
-

DAY 38 FINAL OUTCOME

By the end of Day 38, the child:

- ✓ Notices vowel changes clearly
 - ✓ Blends **sa / se / si** by ear
 - ✓ Keeps airflow smooth
 - ✓ Feels confident continuing the SA series
-

Why this day matters

The child is now building a **mental blending template**.

Once that template exists, new blends come faster and easier.

PHASE 2 – DAY 39

MODULE 4 – SA SERIES (EXTENDED)

Blends: so / su

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Recall → New Discovery)
 - 10 min → 5 + 5 (Guided Blending Practice)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode: Sound-only learning (no letters)
-

DAY 39 OBJECTIVE

- Introduce **so / su** as new airflow blends
- Help the child hear **rounder vowel sounds** clearly
- Complete the **SA blend set** (sa / se / si / so / su)
- Keep learning calm, slow, and confident

🕒 **PART 1: RECALL → NEW DISCOVERY**

(10 Minutes total)

🕒 **1A. QUICK SA RECALL**

(5 Minutes | Familiar Anchor)

🎯 **Goal**

Re-anchor known SA blends before adding new ones.

PIXO Flow

- Sand image
Voice: “saaa...”
- Egg/bed image
Voice: “see...”
- Ink image
Voice: “siii...”

PIXO gently says:

“You know these 😊”

Rules

- Each blend played **once**
- No interaction required
- Calm pacing

🕒 **1B. NEW BLENDS ARRIVE**

(5 Minutes | Discovery)

🎯 **Goal**

Let the child *hear* the new blends naturally.

PIXO Flow

1 Sun + Orange

“sss... ooo... sooo...”

2 Sun + Umbrella

“sss... uuu... suuu...”

PIXO softly adds:

“Listen... new sounds 😊”

Rules

- Slow blending
- Sounds held smoothly
- No explanation
- No repeat request

🕒 **PART 2: GUIDED BLENDING PRACTICE**

(10 Minutes total)

🕒 **2A. SAY IT TOGETHER**

(5 Minutes | Supported Blending)

 Goal

Practice **so / su** with support.

PIXO Flow

- PIXO:

“Say it with me... sooo...”

- Mic opens

Then:

“Say it with me... suuu...”

Rules

- Up to 2 attempts per blend
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Attempt)

 Goal

Encourage one independent blend attempt.

PIXO Flow

- PIXO:

“Your turn 😊”

- One blend played (so or su)
- Mic opens calmly

Internal Notes (System)

- Full blend / partial
 - Smooth airflow logged
 - Silence = neutral
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

 Goal

Confirm the child can recognize **so / su** by ear.

MCQ Format

Sound played:

“sooo...”

Pictures shown:

- Soap / sun-related round object (correct)
- Sand image
- Fish

Prompt:

“Which one sounds like **so**?”

Rules

- 3 questions total
- Blends mixed (so / su + earlier SA blends)
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the SA family feeling **complete and proud**.

PIXO Flow

- Gentle celebration animation
- Voice:

“You heard new sounds today!”

- Calm happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 39 completes **SA blend inventory**
 - System now tracks:
 - Strong vs weak SA blends
 - Weak blend gently reinforced in Day 40 games
 - No pass/fail logic
-

DAY 39 FINAL OUTCOME

By the end of Day 39, the child:

- ✓ Hears deeper airflow blends (so / su)
 - ✓ Completes the SA sound family
 - ✓ Blends confidently without overload
 - ✓ Feels ready to play with blends
-

Why this day matters

The child now understands:

“Air sound stays, vowel changes, and I can hear it.”

This reinforces the blending pattern across consonants.

PHASE 2 – DAY 40

MODULE 4 – SA SERIES (GAMES DAY)

Blends: sa / se / si / so / su

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up Games)
 - 10 min → 5 + 5 (Core Listening Games)
 - 10 min → 5 + 5 (Celebration Games + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 40 OBJECTIVE

- Strengthen **SA blend recognition** through play
- Improve **airflow-based listening discrimination**
- Increase speed and confidence naturally
- Prepare gently for **speaking confidence (Day 41)**

 PART 1: WARM-UP GAMES
(10 Minutes total)

 1A. AIR SOUND BALLOONS
(5 Minutes | Free Exploration)

 Goal

Warm the ear to airflow blends in a relaxed way.

PIXO Flow

- Balloons float on screen
- Each balloon plays one blend when tapped:
 - “sa”
 - “se”
 - “si”
 - “so”
 - “su”

Rules

- Any tap is accepted
- No right/wrong feedback
- Cheerful animation on every pop

Internal:

- Logs which SA blends are tapped confidently
-

 1B. FOLLOW THE AIR SOUND
(5 Minutes | Focused Listening)

 Goal

Encourage attention to **small sound differences**.

PIXO Flow

- One blend played (e.g., “su”)
- Three characters move
- Only one matches the sound

Prompt:

“Follow the sound 😊”

No visible scoring.

 PART 2: CORE LISTENING GAMES
(10 Minutes total)

 2A. FIND THE SAME SOUND
(5 Minutes | Discrimination Play)

 Goal

Reinforce exact blend recognition.

PIXO Flow

- PIXO plays a blend: “se”
- Two pictures appear
- Child taps the one that matches

Rules:

- 4 rounds

- SA blends mixed
 - Replay allowed once
-

2B. WHICH ONE SOUNDS DIFFERENT?

(5 Minutes | Contrast Awareness)

Goal

Sharpen listening by spotting the “odd” blend.

PIXO Flow

- Three pictures appear
- Two share same SA blend
- One is different

Prompt:

“Which one sounds funny?”

Feedback stays playful, never corrective.

PART 3: CELEBRATION GAMES + PRAISE

(10 Minutes total)

3A. SA SOUND TREASURE

(5 Minutes | Joyful Recall)

Goal

Turn listening accuracy into a reward experience.

PIXO Flow

- PIXO plays a blend
- Child taps the matching treasure chest

Rules:

- Easy difficulty
 - Weak blends may appear once more
 - No penalties
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the day feeling happy and capable.

PIXO Flow

- Confetti + stars animation
- Voice:

“You listened so carefully today!”

- Sticker unlocked:
 “SA Sound Star”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 40 data used to:
 - Identify strongest vs weakest SA blends
 - Prepare speaking focus for Day 41
- No blend downgraded today

- Weak blends gently queued for extra support tomorrow

✅ DAY 40 FINAL OUTCOME

By the end of Day 40, the child:

- ✓ Recognizes all SA blends by ear
- ✓ Differentiates airflow sounds confidently
- ✓ Feels relaxed and successful
- ✓ Is ready for **SA speaking confidence**

Why this day matters

When learning feels like play,
accuracy improves without effort.

🌱 PHASE 2 – DAY 41

MODULE 4 – SA SERIES (SPEAKING CONFIDENCE)

Blends: sa / se / si / so / su

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Listen → Prepare to Speak)
 - 10 min → 5 + 5 (Guided Speaking Practice)
 - 10 min → 5 + 5 (Independent Speaking + Praise)
- Mode: Sound-only learning (no letters)

🧠 DAY 41 OBJECTIVE

- Build **confidence in saying SA blends aloud**
- Encourage **smooth airflow + vowel speaking**
- Reduce hesitation or whispering
- Prepare gently for **SA Assessment (Day 42)**

🕒 PART 1: LISTEN → PREPARE TO SPEAK (10 Minutes total)

🕒 1A. CONFIDENT SA LISTEN (5 Minutes | Vocal Readiness)

🎯 Goal

Warm the ear before the mouth.

PIXO Flow

- Friendly visuals appear one by one
- Blends played clearly:
 - “sa”
 - “se”
 - “si”
 - “so”
 - “su”

PIXO gently says:

“Listen carefully 😊”

Rules

- Each blend played once
 - Calm pacing
 - No response required
-

1B. SAY IT IN YOUR HEAD

(5 Minutes | Mental Rehearsal)

Goal

Lower speaking anxiety with silent practice.

PIXO Flow

- PIXO says:

“Say it quietly in your head 😊”

- One SA blend played slowly
- Gentle mouth-airflow animation cue shown

Mic remains closed.

No pressure.

PART 2: GUIDED SPEAKING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER (SUPPORTED)

(5 Minutes | Confidence Build)

Goal

Let the child speak **with PIXO**, not alone.

PIXO Flow

- PIXO:

“Say it with me... saaa...”

- Mic opens
- PIXO blends along

Then repeated for:

- One more blend (system-selected)

Rules

- Max **2 blends**
 - Up to **2 attempts each**
 - Any attempt accepted
 - No correction language
-

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Safe Independence)

Goal

Give the child **control and ownership**.

PIXO Flow

- Three friendly icons appear
- Each icon plays one SA blend when tapped
- Child chooses **one** to say

PIXO:

“You choose 😊”

Mic opens only after choice.

Internal Notes (System)

- Blend clarity logged
- Airflow smoothness noted
- Silence = neutral

PART 3: INDEPENDENT SPEAKING + PRAISE (10 Minutes total)

3A. SAY & MATCH

(5 Minutes | Speak + Listen Loop)

Goal

Reinforce speaking with listening confirmation.

PIXO Flow

- PIXO plays a blend
- Child repeats
- Two pictures appear
- Child taps the matching one

Rules:

- 3 rounds
- Gentle feedback
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Anchor **speaking success**, not perfection.

PIXO Flow

- Celebration animation
- Voice:

“Your air sounds are so clear!”

- Sticker unlocked:
 “SA Speaker”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 41 tracks:
 - Speaking willingness
 - Blend clarity
- Weak blends lightly queued for Day 42 warm-up
- No downgrade logic today

DAY 41 FINAL OUTCOME

By the end of Day 41, the child:

- ✓ Speaks SA blends confidently
- ✓ Maintains smooth airflow

- ✓ Feels safe using their voice
- ✓ Is emotionally ready for assessment

Why this day matters

Airflow sounds often cause whispering or tension.
Day 41 removes both.

PHASE 2 – DAY 42

MODULE 4 – SA SERIES (FRIENDLY CHECKPOINT)

Blends: sa / se / si / so / su

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Confidence Prime)
- 10 min → 5 + 5 (Assessment Games – Hidden)
- 10 min → 5 + 5 (Outcome Experience + Transition)

Mode: Sound-only learning (no letters)

DAY 42 OBJECTIVE

- Validate **listening recognition** of SA blends
 - Confirm **clear airflow-based speaking**
 - Decide readiness to unlock **LA SERIES (Day 43)**
 - Protect confidence regardless of outcome
-

PART 1: WARM-UP & CONFIDENCE PRIME

(10 Minutes total)

1A. FRIENDLY SA RECAP

(5 Minutes | Familiar Anchor)

Goal

Relax the child and reinforce familiarity.

PIXO Flow

- Friendly visuals appear one by one
- Blends played once each:
 - “sa”
 - “se”
 - “si”
 - “so”
 - “su”

PIXO gently says:

“You know these 😊”

No response required.

1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

Goal

Remove any last speaking hesitation.

PIXO Flow

- PIXO says:
“Let’s say one together 😊”
- One easy SA blend played (system-selected)
- Mic opens briefly
- PIXO blends along

No scoring here.

PART 2: ASSESSMENT GAMES (HIDDEN)

(10 Minutes total)

2A. HEAR & CHOOSE

(5 Minutes | Listening Check)

Goal

Confirm accurate SA blend recognition by ear.

Format

- Blend played once
- 3 pictures shown

Example:

Sound: “so”

Options:

- Soap / sun-round object 
- Sand
- Fish

Rules

- **6 questions**
- All SA blends covered
- No visual repeats
- No hints

2B. SAY THE BLEND

(5 Minutes | Speaking Check)

Goal

Confirm child can **say SA blends clearly and smoothly**.

PIXO Flow

- PIXO prompts gently:
 - “Can you say **sa**?”
 - “Can you say **su**?”
- Mic opens

Internal Metrics:

- Full blend detected (yes / partial)
- Airflow smoothness logged
- Confidence inferred

No child-visible labels.

PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% overall accuracy**
- **No single SA blend < 60%**

- Speaking confidence $\geq 3/5$

 PART 3: OUTCOME EXPERIENCE + TRANSITION
(10 Minutes total)

 **IF PASSED → SA SERIES COMPLETE** 🎉

 3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:
“Your air sounds are strong!”

Badge unlocked:

“SA Blending Star”

 3B. NEXT SOUNDS TEASER

(5 Minutes | Motivation Bridge)

- New visuals show **tongue sounds joining vowels**
- Voice:
“New sounds are coming next!”

 **MODULE 5 – LA SERIES UNLOCKED (Day 43)**

Parent notification:

“SA blending mastered. Child is ready for next sound group.”

 **IF NOT YET READY → GENTLE REDIRECT** 🌱

 3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
 - Voice:
“We’ll play with these sounds a little more 😊”
-

 3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weakest SA blend(s)
- Auto-loop:
 - Only those blends
 - Game-first reinforcement
- Reattempt checkpoint automatically after 48 hours

Child never sees “fail”.

 **NON-NEGOTIABLE RULES**

- No scores shown to child
 - No negative feedback
 - No skipping checkpoints
 - Confidence always protected
-

 **DAY 42 FINAL OUTCOME**

By the end of Day 42, the child:

- ✓ Recognizes SA blends by ear
- ✓ Speaks airflow blends confidently
- ✓ Understands blending across consonants
- ✓ Is ready for **LA SERIES (Day 43)**

Why this checkpoint matters

This confirms blending is now **transferable**, not limited to one sound group.
From here, progress accelerates.

PHASE 2 – DAY 43

MODULE 5 – LA SERIES

Blend Focus: /l/ + /a/ → “la”

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Separation → Discovery)
 - **10 min → 5 + 5** (Guided Blending)
 - **10 min → 5 + 5** (Recognition + Praise)
- Mode:** Sound-only learning (no letters)

DAY 43 OBJECTIVE

- Help the child hear **tongue sound + vowel joining**
- Discover “la” as a smooth, flowing blend
- Gently contrast with airflow blends (SA) without explanation
- Keep blending calm, slow, and confident

PART 1: SOUND SEPARATION → DISCOVERY (10 Minutes total)

1A. LISTEN TO TWO SOUNDS (5 Minutes | Sound Awareness)

Goal

Re-anchor familiar sounds before joining.

PIXO Flow

- **Lion** appears
Voice: “lll...”
- Short pause
- **Apple** appears
Voice: “aaa...”

Sequence repeated slowly:

“lll... aaa...”

Rules

- Each sound played **twice**
- Clear pause between sounds
- Calm tempo
- No interaction required

Child only listens.

1B. SOUNDS COME TOGETHER

(5 Minutes | Discovery Moment)

Goal

Let the child *hear* the tongue-flow blend naturally.

PIXO Flow

- Lion + Apple slide closer
- Voice blends slowly:

“Ill... aaa... laaa...”

PIXO gently says:

“Listen... they came together 😊”

Rules

- Blend held smoothly (no break)
- No explanation
- No repetition request

This is the LA “aha” moment.

PART 2: GUIDED BLENDING

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

Goal

Help the child **feel the tongue flow** with support.

PIXO Flow

- PIXO says:

“Say it with me... laaa...”

- Mic opens
- PIXO blends along with the child

Rules

- Up to **3 attempts**
 - PIXO always models
 - Any attempt accepted
 - No correction language
-

2B. TRY THE BLEND ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage independent blending **without pressure**.

PIXO Flow

- PIXO:

“Your turn 😊”

- No sound hint
- Mic opens calmly

Internal Notes (System)

- Full blend detected (yes / partial)
- Tongue smoothness logged

- Silence = neutral

No child-visible feedback.

PART 3: RECOGNITION + PRAISE (10 Minutes total)

3A. HEAR & CHOOSE (5 Minutes | Blend Recognition)

 Goal

Confirm the child can recognize “la” by ear.

MCQ Format

Sound played:

“laaa...”

Pictures shown:

- Lion / lamp-related image 
- Sun image
- Fish

Prompt:

“Which one sounds like la?”

Rules

- 3 questions only
 - Friendly feedback
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE (5 Minutes | Confidence Lock)

 Goal

Anchor success and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“Your tongue sound joined the vowel!”

- Soft happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 43 is **pure discovery**
 - No pass/fail logic
 - Tracks:
 - Comfort with tongue-flow blending
 - Any hesitation vs smooth join
 - Used to tune Day 44 pacing
-

DAY 43 FINAL OUTCOME

By the end of Day 43, the child:

✓ Hears tongue sound + vowel joining

- ✓ Blends “la” smoothly
- ✓ Notices difference from SA blends naturally
- ✓ Feels confident starting a new series

Why this day matters

Tongue blends are essential for real words later.

Introducing them **after airflow mastery** prevents confusion.

PHASE 2 – DAY 44

MODULE 5 – LA SERIES (VARIATIONS)

Blends: la / le / li

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Stability → Change Awareness)
 - 10 min → 5 + 5 (Guided Blending Practice)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode: Sound-only learning (no letters)

DAY 44 OBJECTIVE

- Help the child notice /l/ stays the same
- Hear how different vowels change the tongue-flow blend
- Blend la / le / li smoothly by ear
- Keep blending calm, slow, and confident

PART 1: SOUND STABILITY → CHANGE AWARENESS

(10 Minutes total)

1A. SAME FIRST SOUND

(5 Minutes | Stability Awareness)

Goal

Anchor /l/ as a familiar starting sound.

PIXO Flow

- **Lion** appears
Voice: “lll...”
- **Lamp** appears
Voice: “lll...”

PIXO gently says:

“Listen... same sound 😊”

Rules

- Sound held smoothly
- Played twice
- No interaction required

Child only listens.

1B. SECOND SOUND CHANGES

(5 Minutes | Variation Discovery)

Goal

Let the child *hear* how the vowel changes the blend.

PIXO Flow

Sequence shown slowly:

1 Lion + Apple

"Ill... aaa... laaa..."

2 Lion + Egg

"Ill... eee... leee..."

3 Lion + Ink

"Ill... iii... liii..."

PIXO softly says:

"Listen... it sounds different 😊"

Rules

- Clear pause between blends
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Variations)

Goal

Practice blending **with guidance**.

PIXO Flow

- PIXO:

"Say it with me... laaa..."

- Mic opens

Then:

"Say it with me... leee..."

Then:

"Say it with me... liii..."

Rules

- One blend at a time
 - Up to 2 attempts per blend
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Choice)

Goal

Encourage independent blending **without overload**.

PIXO Flow

- PIXO:

"Your turn 😊"

- One blend played (system-selected)
- Mic opens

Internal Notes (System)

- Full blend detected / partial
- Tongue smoothness logged
- Silence = neutral

Only **one independent attempt** today.

PART 3: RECOGNITION + PRAISE (10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

Goal

Confirm the child can recognize blend differences by ear.

MCQ Format

Sound played:

“leee...”

Pictures shown:

- Leaf / leg-related image (correct)
- Lion image
- Fish

Prompt:

“Which one sounds like **le**?”

Rules

- 3 questions total
 - Blends mixed (la / le / li)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 44 with pride and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“You heard the sound change!”

- Calm happy music

No scores.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 44 tracks:
 - Which LA blend feels easiest
 - Any tongue hesitation
 - Weak blend gently queued for Day 45
 - No pass/fail logic
-

DAY 44 FINAL OUTCOME

By the end of Day 44, the child:

- ✓ Notices vowel changes clearly
- ✓ Blends **la / le / li** by ear
- ✓ Maintains smooth tongue flow
- ✓ Feels confident continuing the LA series

Why this day matters

Tongue blends unlock **real word rhythm** later.

This day builds that rhythm gently.

PHASE 2 – DAY 45

MODULE 5 – LA SERIES (EXTENDED)

Blends: **lo / lu**

Total Duration: 30 Minutes

Structure:

- **10 min** → **5 + 5** (Recall → New Discovery)
- **10 min** → **5 + 5** (Guided Blending Practice)
- **10 min** → **5 + 5** (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 45 OBJECTIVE

- Introduce **lo / lu** as deeper tongue-flow blends
 - Help the child hear **rounder vowel sounds** clearly
 - Complete the **LA blend set** (la / le / li / lo / lu)
 - Keep learning calm, slow, and confident
-

PART 1: RECALL → NEW DISCOVERY

(10 Minutes total)

1A. QUICK LA RECALL

(5 Minutes | Familiar Anchor)

Goal

Re-anchor known LA blends before adding new ones.

PIXO Flow

- Lion image
Voice: “laaa...”
- Leaf image
Voice: “leee...”
- Ink-related image
Voice: “liii...”

PIXO gently says:

“You know these 😊”

Rules

- Each blend played **once**
 - No interaction required
 - Calm pacing
-

1B. NEW BLENDS ARRIVE

(5 Minutes | Discovery)

 Goal

Let the child *hear* the new tongue–vowel blends naturally.

PIXO Flow

1 Lion + Orange

“lll... ooo... looo...”

2 Lion + Umbrella

“lll... uuu... luuu...”

PIXO softly adds:

“Listen... new sounds 😊”

Rules

- Slow blending
 - Sounds held smoothly
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

 Goal

Practice **lo** / **lu** with support.

PIXO Flow

- PIXO:

“Say it with me... looo...”

- Mic opens

Then:

“Say it with me... luuu...”

Rules

- Up to **2 attempts per blend**
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Attempt)

 Goal

Encourage one independent blend attempt.

PIXO Flow

- PIXO:

“Your turn 😊”

- One blend played (lo or lu)
- Mic opens calmly

Internal Notes (System)

- Full blend / partial
- Tongue smoothness logged

- Silence = neutral

 PART 3: RECOGNITION + PRAISE
(10 Minutes total)

 3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

 Goal

Confirm the child can recognize **lo / lu** by ear.

MCQ Format

Sound played:

“looo...”

Pictures shown:

- Lock / lollipop-type image (correct)
- Lion image
- Fish

Prompt:

“Which one sounds like **lo**?”

Rules

- 3 questions total
- Blends mixed (lo / lu + earlier LA blends)
- Replay allowed once

 3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End the LA family feeling **complete and proud**.

PIXO Flow

- Gentle celebration animation
- Voice:

“You heard new sounds today!”

- Calm happy music

No scores.

No evaluation language.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 45 completes **LA blend inventory**
- System now tracks:
 - Strong vs weak LA blends
- Weak blend gently reinforced in Day 46 games
- No pass/fail logic

 DAY 45 FINAL OUTCOME

By the end of Day 45, the child:

- ✓ Hears deeper tongue blends (lo / lu)
- ✓ Completes the LA sound family

✓ Blends confidently without overload

✓ Feels ready to play with blends

Why this day matters

Tongue blends now feel **flexible and familiar**.

This flexibility is what makes real-word decoding effortless later.

PHASE 2 – DAY 46

MODULE 5 – LA SERIES (GAMES DAY)

Blends: la / le / li / lo / lu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up Games)
- 10 min → 5 + 5 (Core Listening Games)
- 10 min → 5 + 5 (Celebration Games + Praise)

Mode: Sound-only learning (no letters)

DAY 46 OBJECTIVE

- Strengthen **LA blend recognition** through play
 - Improve **tongue-flow listening discrimination**
 - Increase speed and confidence naturally
 - Prepare gently for **speaking confidence (Day 47)**
-

PART 1: WARM-UP GAMES

(10 Minutes total)

1A. TONGUE SOUND BALLOONS

(5 Minutes | Free Exploration)

Goal

Warm the ear to tongue-flow blends in a relaxed way.

PIXO Flow

- Balloons float on screen
- Each balloon plays one blend when tapped:
 - “la”
 - “le”
 - “li”
 - “lo”
 - “lu”

Rules

- Any tap is accepted
- No right/wrong feedback
- Cheerful animation on every pop

Internal:

- Logs which LA blends the child taps confidently
-

1B. FOLLOW THE TONGUE SOUND

(5 Minutes | Focused Listening)

 Goal

Encourage attention to **small sound differences**.

PIXO Flow

- One blend played (e.g., “lu”)
- Three characters move
- Only one matches the sound

Prompt:

“Follow the sound 😊”

No visible scoring.

 PART 2: CORE LISTENING GAMES

(10 Minutes total)

 2A. FIND THE SAME SOUND

(5 Minutes | Discrimination Play)

 Goal

Reinforce exact blend recognition.

PIXO Flow

- PIXO plays a blend: “le”
- Two pictures appear
- Child taps the one that matches

Rules:

- 4 rounds
 - LA blends mixed
 - Replay allowed once
-

 2B. WHICH ONE SOUNDS DIFFERENT?

(5 Minutes | Contrast Awareness)

 Goal

Sharpen listening by spotting the “odd” blend.

PIXO Flow

- Three pictures appear
- Two share same LA blend
- One is different

Prompt:

“Which one sounds funny?”

Feedback stays playful, never corrective.

 PART 3: CELEBRATION GAMES + PRAISE

(10 Minutes total)

 3A. LA SOUND TREASURE

(5 Minutes | Joyful Recall)

 Goal

Turn listening accuracy into a reward experience.

PIXO Flow

- PIXO plays a blend

- Child taps the matching treasure chest

Rules:

- Easy difficulty
- Weak blends may appear once more
- No penalties

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End the day feeling happy and capable.

PIXO Flow

- Confetti + stars animation
- Voice:

“You listened so carefully today!”

- Sticker unlocked:
“LA Sound Star”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 46 data used to:
 - Identify strongest vs weakest LA blends
 - Prepare speaking focus for Day 47
- No blend downgraded today
- Weak blends gently queued for extra support tomorrow

DAY 46 FINAL OUTCOME

By the end of Day 46, the child:

- ✓ Recognizes all LA blends by ear
- ✓ Differentiates tongue-flow sounds confidently
- ✓ Feels relaxed and successful
- ✓ Is ready for **LA speaking confidence**

Why this day matters

Play converts effort into instinct.

Instinct is what makes blending automatic later.

PHASE 2 – DAY 47

MODULE 5 – LA SERIES (SPEAKING CONFIDENCE)

Blends: la / le / li / lo / lu

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Listen → Prepare to Speak)
 - **10 min → 5 + 5** (Guided Speaking Practice)
 - **10 min → 5 + 5** (Independent Speaking + Praise)
- Mode:** Sound-only learning (no letters)

DAY 47 OBJECTIVE

- Build **confidence in saying LA blends aloud**
- Encourage **smooth tongue-to-vowel flow**
- Remove hesitation, clipping, or stopping
- Prepare gently for **LA Assessment (Day 48)**

PART 1: LISTEN → PREPARE TO SPEAK (10 Minutes total)

1A. CONFIDENT LA LISTEN (5 Minutes | Vocal Readiness)

Goal

Warm the ear before activating the tongue.

PIXO Flow

- Friendly visuals appear one by one
- Blends played clearly:
 - “la”
 - “le”
 - “li”
 - “lo”
 - “lu”

PIXO gently says:

“Listen carefully 😊”

Rules

- Each blend played **once**
- Calm pacing
- No response required

1B. SAY IT IN YOUR HEAD (5 Minutes | Mental Rehearsal)

Goal

Reduce speaking anxiety using silent practice.

PIXO Flow

- PIXO says:
“Say it quietly in your head 😊”
- One LA blend played slowly
- Gentle tongue-movement animation shown

Mic remains closed.

No pressure.

PART 2: GUIDED SPEAKING PRACTICE (10 Minutes total)

2A. SAY IT TOGETHER (SUPPORTED) (5 Minutes | Confidence Build)

Goal

Speak **with PIXO**, not alone.

PIXO Flow

- PIXO:
“Say it with me... laaa...”
- Mic opens
- PIXO blends along

Then repeated for:

- One more blend (system-selected)

Rules

- Max **2 blends**
 - Up to **2 attempts each**
 - Any attempt accepted
 - No correction language
-

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Safe Independence)

Goal

Give the child **control and ownership**.

PIXO Flow

- Three friendly icons appear
- Each icon plays one LA blend when tapped
- Child chooses **one** to say

PIXO:

“You choose 😊”

Mic opens only after choice.

Internal Notes (System)

- Blend clarity logged
 - Tongue flow smoothness noted
 - Silence = neutral
-

PART 3: INDEPENDENT SPEAKING + PRAISE

(10 Minutes total)

3A. SAY & MATCH

(5 Minutes | Speak + Listen Loop)

Goal

Reinforce speaking with listening confirmation.

PIXO Flow

- PIXO plays a blend
- Child repeats
- Two pictures appear
- Child taps the matching one

Rules:

- 3 rounds
 - Gentle feedback
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Anchor **speaking success**, not perfection.

PIXO Flow

- Celebration animation
- Voice:
“Your tongue sounds are so smooth!”
- Sticker unlocked:
“LA Speaker”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 47 tracks:
 - Speaking willingness
 - Tongue-flow smoothness
- Weak blends lightly queued for Day 48 warm-up
- No downgrade logic today

DAY 47 FINAL OUTCOME

By the end of Day 47, the child:

- ✓ Speaks LA blends confidently
- ✓ Maintains smooth tongue movement
- ✓ Shows reduced hesitation
- ✓ Is emotionally ready for assessment

Why this day matters

Tongue sounds are the backbone of real words.

Confidence here prevents reading struggle later.

PHASE 2 – DAY 48

MODULE 5 – LA SERIES (FRIENDLY CHECKPOINT)

Blends: la / le / li / lo / lu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Confidence Prime)
 - 10 min → 5 + 5 (Assessment Games – Hidden)
 - 10 min → 5 + 5 (Outcome Experience + Transition)
- Mode:** Sound-only learning (no letters)

DAY 48 OBJECTIVE

- Validate **listening recognition** of LA blends
 - Confirm **smooth tongue-based speaking**
 - Decide readiness to unlock **NA SERIES (Day 49)**
 - Preserve confidence regardless of outcome
-

 PART 1: WARM-UP & CONFIDENCE PRIME
(10 Minutes total)

 1A. FRIENDLY LA RECAP

(5 Minutes | Familiar Anchor)

 Goal

Relax the child and reinforce familiarity.

PIXO Flow

- Friendly visuals appear one by one
- Blends played once each:
 - “la”
 - “le”
 - “li”
 - “lo”
 - “lu”

PIXO gently says:

“You know these 😊”

No response required.

 1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

 Goal

Remove any last speaking hesitation.

PIXO Flow

- PIXO says:
“Let’s say one together 😊”
- One easy LA blend played (system-selected)
- Mic opens briefly
- PIXO blends along

No scoring here.

 PART 2: ASSESSMENT GAMES (HIDDEN)

(10 Minutes total)

 2A. HEAR & CHOOSE

(5 Minutes | Listening Check)

 Goal

Confirm accurate LA blend recognition by ear.

Format

- Blend played once
- 3 pictures shown

Example:

Sound: “lo”

Options:

- Lock / lollipop-type image 
- Lion image
- Fish

Rules

- **6 questions**
- All LA blends covered
- No visual repeats
- No hints

2B. SAY THE BLEND

(5 Minutes | Speaking Check)

Goal

Confirm child can **say LA blends smoothly**.

PIXO Flow

- PIXO prompts gently:
 - “Can you say **la**?”
 - “Can you say **lu**?”
- Mic opens

Internal Metrics:

- Full blend detected (yes / partial)
- Tongue-flow smoothness logged
- Confidence inferred

No child-visible labels.

PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% overall accuracy**
- **No single LA blend < 60%**
- Speaking confidence **≥ 3/5**

PART 3: OUTCOME EXPERIENCE + TRANSITION

(10 Minutes total)

IF PASSED → LA SERIES COMPLETE

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:
“Your tongue sounds are strong!”

Badge unlocked:

“LA Blending Star”

3B. NEXT SOUNDS TEASER

(5 Minutes | Motivation Bridge)

- New visuals show **nose sounds joining vowels**
- Voice:
“New sounds are coming next!”

MODULE 6 – NA SERIES UNLOCKED (Day 49)

Parent notification:

“LA blending mastered. Child is ready for nasal sound blending.”

 IF NOT YET READY → GENTLE REDIRECT 

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
 - Voice:
“We’ll play with these sounds a little more 😊”
-

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weakest LA blend(s)
- Auto-loop:
 - Only those blends
 - Game-first reinforcement
- Reattempt checkpoint automatically after 48 hours

Child never sees “fail”.

NON-NEGOTIABLE RULES

- No scores shown to child
 - No negative feedback
 - No skipping checkpoints
 - Confidence always protected
-

DAY 48 FINAL OUTCOME

By the end of Day 48, the child:

- ✓ Recognizes LA blends by ear
 - ✓ Speaks tongue-flow blends confidently
 - ✓ Transfers blending skill across sound types
 - ✓ Is ready for **NA SERIES (Day 49)**
-

Why this checkpoint matters

Tongue-flow blending unlocks **natural speech rhythm**.

Once this is stable, nasal blending becomes intuitive.

PHASE 2 – DAY 49

MODULE 6 – NA SERIES

Blend Focus: /n/ + /a/ → “na”

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Separation → Discovery)
 - 10 min → 5 + 5 (Guided Blending)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 49 OBJECTIVE

- Help the child hear **nasal sound + vowel joining**

- Discover “**na**” as a smooth, humming blend
 - Gently contrast with “**ma**” (lips) without explanation
 - Keep blending calm, slow, and confidence-first
-

 PART 1: SOUND SEPARATION → DISCOVERY
(10 Minutes total)

 1A. LISTEN TO TWO SOUNDS
(5 Minutes | Sound Awareness)

 Goal

Re-anchor familiar nasal sound before joining.

PIXO Flow

- **Nose** appears
Voice: “nnn...”
- Short pause
- **Apple** appears
Voice: “aaa...”

Sequence repeated slowly:

“nnn... aaa...”

Rules

- Each sound played **twice**
- Clear pause between sounds
- Calm tempo
- No interaction required

Child only listens.

 1B. SOUNDS COME TOGETHER
(5 Minutes | Discovery Moment)

 Goal

Let the child *hear* nasal sound and vowel **joining smoothly**.

PIXO Flow

- Nose + Apple slide closer
- Voice blends slowly:

“nnn... aaa... naaa...”

PIXO gently says:

“Listen... they came together 😊”

Rules

- Blend held smoothly (no stop)
- No explanation
- No repetition request

This is the **NA “aha” moment**.

 PART 2: GUIDED BLENDING
(10 Minutes total)

 2A. SAY IT TOGETHER
(5 Minutes | Supported Blending)

Goal

Help the child **feel the nose sound flow** with support.

PIXO Flow

- PIXO says:

“Say it with me... naaa...”

- Mic opens
- PIXO blends along with the child

Rules

- Up to **3 attempts**
 - PIXO always models
 - Any attempt accepted
 - No correction language
-

2B. TRY THE BLEND ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage independent blending **without pressure**.

PIXO Flow

- PIXO:

“Your turn 😊”

- No sound hint
- Mic opens calmly

Internal Notes (System)

- Full blend detected (yes / partial)
- Nasal smoothness logged
- Silence = neutral

No child-visible feedback.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & CHOOSE

(5 Minutes | Blend Recognition)

Goal

Confirm the child can recognize “**na**” by ear.

MCQ Format

Sound played:

“naaa...”

Pictures shown:

- Nose / net-related image 
- Mama image
- Sun image

Prompt:

“Which one sounds like **na**?”

Rules

- 3 questions only
- Friendly feedback

- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Anchor success and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“Your nose sound joined the vowel!”

- Soft happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 49 is **pure discovery**
- No pass/fail logic
- Tracks:
 - Comfort with nasal blending
 - Any confusion with /m/
- Used to tune Day 50 pacing

DAY 49 FINAL OUTCOME

By the end of Day 49, the child:

- ✓ Hears nasal sound + vowel joining
- ✓ Blends “na” smoothly
- ✓ Notices difference from lip blends naturally
- ✓ Feels confident starting the NA series

Why this day matters

Nasal blends complete the **sound–mouth map**.

Once these are stable, blending feels natural across all sounds.

PHASE 2 – DAY 50

MODULE 6 – NA SERIES (VARIATIONS)

Blends: na / ne / ni

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Sound Stability → Change Awareness)
 - 10 min → 5 + 5 (Guided Blending Practice)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode: Sound-only learning (no letters)

DAY 50 OBJECTIVE

- Help the child notice /n/ stays the same
- Hear how different vowels change the nasal blend

- Blend **na** / **ne** / **ni** smoothly by ear
 - Keep learning calm, slow, and confident
-

PART 1: SOUND STABILITY → CHANGE AWARENESS

(10 Minutes total)

1A. SAME FIRST SOUND

(5 Minutes | Stability Awareness)

 **Goal**

Anchor **/n/** as a familiar starting sound.

PIXO Flow

- **Nose** appears
Voice: “nnn...”
- **Net** appears
Voice: “nnn...”

PIXO gently says:

“Listen... same sound 😊”

Rules

- Sound held smoothly
- Played twice
- No interaction required

Child only listens.

1B. SECOND SOUND CHANGES

(5 Minutes | Variation Discovery)

 **Goal**

Let the child *hear* how the vowel changes the blend.

PIXO Flow

Sequence shown slowly:

1 Nose + Apple

“nnn... aaa... naaa...”

2 Nose + Egg

“nnn... eee... neee...”

3 Nose + Ink

“nnn... iii... nii...”

PIXO softly says:

“Listen... it sounds different 😊”

Rules

- Clear pause between blends
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Variations)

Goal

Practice blending **with guidance**.

PIXO Flow

- PIXO:
“Say it with me... naaa...”
- Mic opens

Then:

“Say it with me... neee...”

Then:

“Say it with me... niii...”

Rules

- One blend at a time
 - Up to 2 attempts per blend
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Choice)

Goal

Encourage independent blending **without overload**.

PIXO Flow

- PIXO:
“Your turn 😊”
- One blend played (system-selected)
- Mic opens

Internal Notes (System)

- Full blend detected / partial
- Nasal smoothness logged
- Silence = neutral

Only **one independent attempt** today.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

Goal

Confirm the child can recognize blend differences by ear.

MCQ Format

Sound played:

“neee...”

Pictures shown:

- Nest / net-related image (correct)
- Nose image
- Sun image

Prompt:

“Which one sounds like **ne**?”

Rules

- 3 questions total
 - Blends mixed (na / ne / ni)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End Day 50 with pride and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:
“You heard the sound change!”
- Calm happy music

No scores.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 50 tracks:
 - Which NA blend feels easiest
 - Any confusion with MA blends
 - Weak blend gently queued for Day 51
 - No pass/fail logic
-

DAY 50 FINAL OUTCOME

By the end of Day 50, the child:

- ✓ Notices vowel changes clearly
 - ✓ Blends **na / ne / ni** by ear
 - ✓ Maintains smooth nasal flow
 - ✓ Feels confident continuing the NA series
-

Why this day matters

Nasal blending teaches the brain **internal resonance control**, a key skill for fluent speech later.

PHASE 2 – DAY 51

MODULE 6 – NA SERIES (EXTENDED)

Blends: no / nu

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Recall → New Discovery)
 - **10 min → 5 + 5** (Guided Blending Practice)
 - **10 min → 5 + 5** (Recognition + Praise)
- Mode:** Sound-only learning (no letters)
-

DAY 51 OBJECTIVE

- Introduce **no / nu** as deeper nasal blends
- Help the child hear **rounder vowel sounds** clearly

- Complete the **NA blend set** (na / ne / ni / no / nu)
 - Keep learning calm, slow, and confident
-

PART 1: RECALL → NEW DISCOVERY

(10 Minutes total)

1A. QUICK NA RECALL

(5 Minutes | Familiar Anchor)

 Goal

Re-anchor known NA blends before adding new ones.

PIXO Flow

- Nose image
Voice: “naaa...”
- Net / nest image
Voice: “neee...”
- Ink-related image
Voice: “niii...”

PIXO gently says:

“You know these 😊”

Rules

- Each blend played **once**
 - No interaction required
 - Calm pacing
-

1B. NEW BLENDS ARRIVE

(5 Minutes | Discovery)

 Goal

Let the child *hear* the new nasal blends naturally.

PIXO Flow

1 Nose + Orange

“nnn... ooo... nooo...”

2 Nose + Umbrella

“nnn... uuu... nuuu...”

PIXO softly adds:

“Listen... new sounds 😊”

Rules

- Slow blending
 - Sounds held smoothly
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

Goal

Practice **no / nu** with support.

PIXO Flow

- PIXO:
“Say it with me... nooo...”
- Mic opens

Then:

“Say it with me... nuuu...”

Rules

- Up to **2 attempts per blend**
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage one independent blend attempt.

PIXO Flow

- PIXO:
“Your turn 😊”
- One blend played (no or nu)
- Mic opens calmly

Internal Notes (System)

- Full blend / partial
 - Nasal smoothness logged
 - Silence = neutral
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

Goal

Confirm the child can recognize **no / nu** by ear.

MCQ Format

Sound played:

“nooo...”

Pictures shown:

- Nose / note-related image (correct)
- Net image
- Sun image

Prompt:

“Which one sounds like **no**?”

Rules

- 3 questions total
 - Blends mixed (no / nu + earlier NA blends)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End the NA family feeling **complete and proud**.

PIXO Flow

- Gentle celebration animation
- Voice:
“You heard new sounds today!”
- Calm happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 51 completes **NA blend inventory**
- System now tracks:
 - Strong vs weak NA blends
- Weak blend gently reinforced in Day 52 games
- No pass/fail logic

DAY 51 FINAL OUTCOME

By the end of Day 51, the child:

- ✓ Hears deeper nasal blends (no / nu)
- ✓ Completes the NA sound family
- ✓ Blends confidently without overload
- ✓ Feels ready to play with blends

Why this day matters

With nasal blends complete, the child now controls **internal sound flow** across all consonant types.

PHASE 2 – DAY 51

MODULE 6 – NA SERIES (EXTENDED)

Blends: no / nu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Recall → New Discovery)
 - 10 min → 5 + 5 (Guided Blending Practice)
 - 10 min → 5 + 5 (Recognition + Praise)
- Mode: Sound-only learning (no letters)

DAY 51 OBJECTIVE

- Introduce **no / nu** as deeper nasal blends
- Help the child hear **rounder vowel sounds** clearly
- Complete the **NA blend set** (na / ne / ni / no / nu)
- Keep learning calm, slow, and confident

PART 1: RECALL → NEW DISCOVERY

(10 Minutes total)

1A. QUICK NA RECALL

(5 Minutes | Familiar Anchor)

Goal

Re-anchor known NA blends before adding new ones.

PIXO Flow

- Nose image
Voice: “naaa...”
- Net / nest image
Voice: “neee...”
- Ink-related image
Voice: “niii...”

PIXO gently says:

“You know these 😊”

Rules

- Each blend played **once**
 - No interaction required
 - Calm pacing
-

1B. NEW BLENDS ARRIVE

(5 Minutes | Discovery)

Goal

Let the child *hear* the new nasal blends naturally.

PIXO Flow

1 Nose + Orange

“nnn... ooo... nooo...”

2 Nose + Umbrella

“nnn... uuu... nuuu...”

PIXO softly adds:

“Listen... new sounds 😊”

Rules

- Slow blending
 - Sounds held smoothly
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

Goal

Practice **no** / **nu** with support.

PIXO Flow

- PIXO:
“Say it with me... nooo...”
- Mic opens

Then:

“Say it with me... nuuu...”

Rules

- Up to **2 attempts per blend**
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage one independent blend attempt.

PIXO Flow

- PIXO:
“Your turn 😊”
- One blend played (no or nu)
- Mic opens calmly

Internal Notes (System)

- Full blend / partial
 - Nasal smoothness logged
 - Silence = neutral
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

Goal

Confirm the child can recognize **no** / **nu** by ear.

MCQ Format

Sound played:

“nooo...”

Pictures shown:

- Nose / note-related image (correct)
- Net image
- Sun image

Prompt:

“Which one sounds like **no**?”

Rules

- 3 questions total
 - Blends mixed (no / nu + earlier NA blends)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the NA family feeling **complete and proud**.

PIXO Flow

- Gentle celebration animation

- Voice:
"You heard new sounds today!"
- Calm happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 51 completes **NA blend inventory**
- System now tracks:
 - Strong vs weak NA blends
- Weak blend gently reinforced in Day 52 games
- No pass/fail logic

DAY 51 FINAL OUTCOME

By the end of Day 51, the child:

- ✓ Hears deeper nasal blends (no / nu)
- ✓ Completes the NA sound family
- ✓ Blends confidently without overload
- ✓ Feels ready to play with blends

Why this day matters

With nasal blends complete, the child now controls **internal sound flow** across all consonant types.

PHASE 2 – DAY 52

MODULE 6 – NA SERIES (GAMES DAY)

Blends: na / ne / ni / no / nu

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Warm-up Games)
 - **10 min → 5 + 5** (Core Listening Games)
 - **10 min → 5 + 5** (Celebration Games + Praise)
- Mode:** Sound-only learning (no letters)

DAY 52 OBJECTIVE

- Strengthen **NA blend recognition** through play
- Improve **nasal sound discrimination**
- Increase confidence and listening speed naturally
- Prepare gently for **speaking confidence (Day 53)**

PART 1: WARM-UP GAMES

(10 Minutes total)

1A. NOSE SOUND BALLOONS

(5 Minutes | Free Exploration)

 **Goal**

Warm the ear to nasal blends in a relaxed way.

PIXO Flow

- Balloons float on screen
- Each balloon plays one blend when tapped:
 - “na”
 - “ne”
 - “ni”
 - “no”
 - “nu”

Rules

- Any tap is accepted
- No right/wrong feedback
- Cheerful animation on every pop

Internal:

- Logs which NA blends the child taps confidently
-

1B. FOLLOW THE NOSE SOUND

(5 Minutes | Focused Listening)

Goal

Encourage attention to **gentle sound differences**.

PIXO Flow

- One blend played (e.g., “no”)
- Three characters move
- Only one matches the sound

Prompt:

“Follow the sound 😊”

No visible scoring.

PART 2: CORE LISTENING GAMES

(10 Minutes total)

2A. FIND THE SAME SOUND

(5 Minutes | Discrimination Play)

Goal

Reinforce exact blend recognition.

PIXO Flow

- PIXO plays a blend: “ni”
- Two pictures appear
- Child taps the one that matches

Rules:

- 4 rounds
 - NA blends mixed
 - Replay allowed once
-

2B. WHICH ONE SOUNDS DIFFERENT?

(5 Minutes | Contrast Awareness)

Goal

Sharpen listening by spotting the “odd” blend.

PIXO Flow

- Three pictures appear
- Two share same NA blend
- One is different

Prompt:

“Which one sounds funny?”

Feedback stays playful, never corrective.

PART 3: CELEBRATION GAMES + PRAISE (10 Minutes total)

3A. NA SOUND TREASURE (5 Minutes | Joyful Recall)

 Goal

Turn listening accuracy into a reward experience.

PIXO Flow

- PIXO plays a blend
- Child taps the matching treasure chest

Rules:

- Easy difficulty
- Weak blends may appear once more
- No penalties

3B. PRAISE & EMOTIONAL CLOSE (5 Minutes | Confidence Lock)

 Goal

End the day feeling happy and capable.

PIXO Flow

- Confetti + stars animation
- Voice:
“You listened so carefully today!”
- Sticker unlocked:
“NA Sound Star”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 52 data used to:
 - Identify strongest vs weakest NA blends
 - Prepare speaking focus for Day 53
- No blend downgraded today
- Weak blends gently queued for extra support tomorrow

DAY 52 FINAL OUTCOME

By the end of Day 52, the child:

- ✓ Recognizes all NA blends by ear
- ✓ Differentiates nasal sounds confidently

- ✓ Feels relaxed and successful
 - ✓ Is ready for **NA speaking confidence**
-

Why this day matters

Play turns nasal listening into instinct.

Instinct is what keeps blending smooth later.

PHASE 2 – DAY 53

MODULE 6 – NA SERIES (SPEAKING CONFIDENCE)

Blends: na / ne / ni / no / nu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Listen → Prepare to Speak)
 - 10 min → 5 + 5 (Guided Speaking Practice)
 - 10 min → 5 + 5 (Independent Speaking + Praise)
- Mode: Sound-only learning (no letters)
-

DAY 53 OBJECTIVE

- Build **confidence in saying NA blends aloud**
 - Encourage **smooth nasal hum into vowel**
 - Reduce hesitation or lip-based substitution (/ma/)
 - Prepare gently for **NA Assessment (Day 54)**
-

PART 1: LISTEN → PREPARE TO SPEAK

(10 Minutes total)

1A. CONFIDENT NA LISTEN

(5 Minutes | Vocal Readiness)

Goal

Warm the ear before activating the voice.

PIXO Flow

- Friendly visuals appear one by one
- Blends played clearly:
 - “na”
 - “ne”
 - “ni”
 - “no”
 - “nu”

PIXO gently says:

“Listen carefully 😊”

Rules

- Each blend played **once**
 - Calm pacing
 - No response required
-

1B. SAY IT IN YOUR HEAD

(5 Minutes | Mental Rehearsal)

Goal

Lower speaking anxiety using silent practice.

PIXO Flow

- PIXO says:
“Say it quietly in your head 😊”
- One NA blend played slowly
- Gentle nose-vibration animation shown

Mic remains closed.

No pressure.

PART 2: GUIDED SPEAKING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER (SUPPORTED)

(5 Minutes | Confidence Build)

Goal

Speak **with PIXO**, not alone.

PIXO Flow

- PIXO:
“Say it with me... naaa...”
- Mic opens
- PIXO blends along

Then repeated for:

- One more blend (system-selected)

Rules

- Max **2 blends**
 - Up to **2 attempts each**
 - Any attempt accepted
 - No correction language
-

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Safe Independence)

Goal

Give the child **control and ownership**.

PIXO Flow

- Three friendly icons appear
- Each icon plays one NA blend when tapped
- Child chooses **one** to say

PIXO:

“You choose 😊”

Mic opens only after choice.

Internal Notes (System)

- Blend clarity logged
 - Nasal smoothness noted
 - Lip vs nose dominance tracked
 - Silence = neutral
-

 PART 3: INDEPENDENT SPEAKING + PRAISE
(10 Minutes total)

 3A. SAY & MATCH

(5 Minutes | Speak + Listen Loop)

 Goal

Reinforce speaking with listening confirmation.

PIXO Flow

- PIXO plays a blend
- Child repeats
- Two pictures appear
- Child taps the matching one

Rules:

- 3 rounds
 - Gentle feedback
 - Replay allowed once
-

 3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

Anchor **nasal speaking success**, not perfection.

PIXO Flow

- Celebration animation
- Voice:
“Your nose sounds are so clear!”
- Sticker unlocked:
“**NA Speaker**”

No scores shown.

No comparison.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 53 tracks:
 - Speaking willingness
 - Nasal dominance vs lip substitution
 - Weak blends lightly queued for Day 54 warm-up
 - No downgrade logic today
-

 DAY 53 FINAL OUTCOME

By the end of Day 53, the child:

- ✓ Speaks NA blends confidently
 - ✓ Maintains smooth nasal resonance
 - ✓ Avoids confusion with MA blends
 - ✓ Is emotionally ready for assessment
-

Why this day matters

Nasal confidence prevents **m/n confusion**, one of the most common early reading errors.

PHASE 2 – DAY 54

MODULE 6 – NA SERIES (FRIENDLY CHECKPOINT)

Blends: na / ne / ni / no / nu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Confidence Prime)
- 10 min → 5 + 5 (Assessment Games – Hidden)
- 10 min → 5 + 5 (Outcome Experience + Transition)

Mode: Sound-only learning (no letters)

DAY 54 OBJECTIVE

- Validate **listening recognition** of NA blends
 - Confirm **clear nasal-based speaking**
 - Decide readiness to unlock **FA SERIES (Day 55)**
 - Preserve confidence regardless of outcome
-

PART 1: WARM-UP & CONFIDENCE PRIME

(10 Minutes total)

1A. FRIENDLY NA RECAP

(5 Minutes | Familiar Anchor)

 Goal

Relax the child and reinforce familiarity.

PIXO Flow

- Friendly visuals appear one by one
- Blends played once each:
 - “na”
 - “ne”
 - “ni”
 - “no”
 - “nu”

PIXO gently says:

“You know these 😊”

No response required.

1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

 Goal

Remove any last speaking hesitation.

PIXO Flow

- PIXO says:
 - “Let’s say one together 😊”
- One easy NA blend played (system-selected)
- Mic opens briefly
- PIXO blends along

No scoring here.

 PART 2: ASSESSMENT GAMES (HIDDEN)
(10 Minutes total)

 2A. HEAR & CHOOSE
(5 Minutes | Listening Check)

 Goal

Confirm accurate NA blend recognition by ear.

Format

- Blend played once
- 3 pictures shown

Example:

Sound: “nu”

Options:

- Nose / nut-related image 
- Net image
- Lion image

Rules

- **6 questions**
 - All NA blends covered
 - No visual repeats
 - No hints
-

 2B. SAY THE BLEND
(5 Minutes | Speaking Check)

 Goal

Confirm child can **say NA blends smoothly**.

PIXO Flow

- PIXO prompts gently:
 - “Can you say **na**?”
 - “Can you say **no**?”
- Mic opens

Internal Metrics:

- Full blend detected (yes / partial)
- Nasal resonance logged
- Confidence inferred

No child-visible labels.

 PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% overall accuracy**
 - **No single NA blend < 60%**
 - Speaking confidence **≥ 3/5**
-

 PART 3: OUTCOME EXPERIENCE + TRANSITION
(10 Minutes total)

 **IF PASSED → NA SERIES COMPLETE** 

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:

“Your nose sounds are strong!”

Badge unlocked:

“NA Blending Star”

3B. NEXT SOUNDS TEASER

(5 Minutes | Motivation Bridge)

- New visuals show lip–air sounds joining vowels
- Voice:

“New sounds are coming next!”

MODULE 7 – FA SERIES UNLOCKED (Day 55)

Parent notification:

“NA blending mastered. Child is ready for lip–air blending.”

IF NOT YET READY → GENTLE REDIRECT

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:

“We’ll play with these sounds a little more 😊”

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weakest NA blend(s)
- Auto-loop:
 - Only those blends
 - Game-first reinforcement
- Reattempt checkpoint automatically after 48 hours

Child never sees “fail”.

NON-NEGOTIABLE RULES

- No scores shown to child
 - No negative feedback
 - No skipping checkpoints
 - Confidence always protected
-

DAY 54 FINAL OUTCOME

By the end of Day 54, the child:

- ✓ Recognizes NA blends by ear
 - ✓ Speaks nasal blends confidently
 - ✓ Transfers blending skill across sound types
 - ✓ Is ready for FA SERIES (Day 55)
-

Why this checkpoint matters

Nasal blending completes **internal sound control**.

With this, the child can now blend **any continuous sound** smoothly.

PHASE 2 – DAY 55

MODULE 7 – FA SERIES

Blend Focus: /f/ + /a/ → “fa”

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Separation → Discovery)
- **10 min → 5 + 5** (Guided Blending)
- **10 min → 5 + 5** (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 55 OBJECTIVE

- Help the child hear **lip–air sound + vowel joining**
- Discover “fa” as a soft blowing blend
- Gently contrast with “sa” (air only) without explanation
- Keep blending calm, playful, and confidence-first

PART 1: SOUND SEPARATION → DISCOVERY (10 Minutes total)

1A. LISTEN TO TWO SOUNDS

(5 Minutes | Sound Awareness)

Goal

Anchor the new **lip–air sound** before blending.

PIXO Flow

- **Fan** appears
Voice: “fff...”
- Short pause
- **Apple** appears
Voice: “aaa...”

Sequence repeated slowly:

“fff... aaa...”

Rules

- Each sound played **twice**
- Clear pause between sounds
- Calm tempo
- No interaction required

Child only listens and watches.

1B. SOUNDS COME TOGETHER

(5 Minutes | Discovery Moment)

Goal

Let the child *hear* the lip–air sound and vowel **join smoothly**.

PIXO Flow

- Fan + Apple slide closer
- Voice blends slowly:

“fff... aaa... faaa...”

PIXO gently says:

“Listen... they came together 😊”

Rules

- Blend held smoothly (no stop)
- No explanation
- No repetition request

This is the **FA “aha” moment**.

PART 2: GUIDED BLENDING

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

Goal

Help the child **feel air passing the lips** with support.

PIXO Flow

- PIXO says:

“Say it with me... faaa...”

- Mic opens
- PIXO blends along with the child

Rules

- Up to **3 attempts**
- PIXO always models
- Any attempt accepted
- No correction language

2B. TRY THE BLEND ALONE

(5 Minutes | Independent Attempt)

Goal

Encourage independent blending **without pressure**.

PIXO Flow

- PIXO:

“Your turn 😊”

- No sound hint
- Mic opens calmly

Internal Notes (System)

- Full blend detected (yes / partial)
- Airflow strength logged
- Lip contact vs over-biting noted
- Silence = neutral

No child-visible feedback.

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & CHOOSE

(5 Minutes | Blend Recognition)

 Goal

Confirm the child can recognize “fa” by ear.

MCQ Format

Sound played:

“faaa...”

Pictures shown:

- Fan / fish-related image 
- Sun image
- Nose image

Prompt:

“Which one sounds like fa?”

Rules

- 3 questions only
- Friendly feedback
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

Anchor success and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:

“Your air sound flowed beautifully!”

- Soft happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 55 is **pure discovery**
- No pass/fail logic
- Tracks:
 - Comfort with lip–air blending
 - Confusion with /s/ airflow (if any)
- Used to tune Day 56 pacing

DAY 55 FINAL OUTCOME

By the end of Day 55, the child:

- ✓ Hears lip–air sound + vowel joining
- ✓ Blends “fa” smoothly
- ✓ Notices difference from pure air sounds naturally
- ✓ Feels confident starting the FA series

Why this day matters

Lip–air sounds complete the **continuous consonant map**.
Once FA is stable, all remaining blends become easier.

PHASE 2 – DAY 56

MODULE 7 – FA SERIES (VARIATIONS)

Blends: fa / fe / fi

Total Duration: 30 Minutes

Structure:

- **10 min → 5 + 5** (Sound Stability → Change Awareness)
- **10 min → 5 + 5** (Guided Blending Practice)
- **10 min → 5 + 5** (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 56 OBJECTIVE

- Help the child notice **/f/** stays the same
- Hear how different vowels change the lip–air blend
- Blend **fa / fe / fi** smoothly by ear
- Keep airflow soft, steady, and confident

PART 1: SOUND STABILITY → CHANGE AWARENESS

(10 Minutes total)

1A. SAME FIRST SOUND

(5 Minutes | Stability Awareness)

Goal

Anchor **/f/** as a familiar starting sound.

PIXO Flow

- **Fan** appears
Voice: “fff...”
- **Fish** appears
Voice: “fff...”

PIXO gently says:

“Listen... same sound 😊”

Rules

- Sound held smoothly
- Played twice
- No interaction required

Child only listens.

1B. SECOND SOUND CHANGES

(5 Minutes | Variation Discovery)

Goal

Let the child *hear* how the vowel changes the blend.

PIXO Flow

Sequence shown slowly:

Fan + Apple

“fff... aaa... faaa...”

2 Fan + Egg

“fff... eee... feee...”

3 Fan + Ink

“fff... iii... fiii...”

PIXO softly says:

“Listen... it sounds different 😊”

Rules

- Clear pause between blends
- No explanation
- No repeat request

🕒 PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

🕒 2A. SAY IT TOGETHER

(5 Minutes | Supported Variations)

🎯 Goal

Practice blending **with guidance**.

PIXO Flow

- PIXO:
“Say it with me... faaa...”
- Mic opens

Then:

“Say it with me... feee...”

Then:

“Say it with me... fiii...”

Rules

- One blend at a time
- Up to 2 attempts per blend
- PIXO always blends along
- Any attempt accepted

🕒 2B. TRY ONE ALONE

(5 Minutes | Independent Choice)

🎯 Goal

Encourage independent blending **without overload**.

PIXO Flow

- PIXO:
“Your turn 😊”
- One blend played (system-selected)
- Mic opens

Internal Notes (System)

- Full blend detected / partial
- Airflow steadiness logged
- Lip tension tracked
- Silence = neutral

Only **one independent attempt** today.

 PART 3: RECOGNITION + PRAISE
(10 Minutes total)

 3A. HEAR & MATCH
(5 Minutes | Listening Recognition)

 Goal

Confirm the child can recognize blend differences by ear.

MCQ Format

Sound played:

“feee...”

Pictures shown:

- Feather / fence-related image (correct)
- Fan image
- Nose image

Prompt:

“Which one sounds like **fe**?”

Rules

- 3 questions total
 - Blends mixed (fa / fe / fi)
 - Replay allowed once
-

 3B. PRAISE & EMOTIONAL CLOSE
(5 Minutes | Confidence Lock)

 Goal

End Day 56 with pride and curiosity.

PIXO Flow

- Gentle celebration animation
- Voice:
“You heard the sound change!”
- Calm happy music

No scores.

No comparison.

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 56 tracks:
 - Which FA blend feels easiest
 - Any confusion with SA airflow
 - Weak blend gently queued for Day 57
 - No pass/fail logic
-

 DAY 56 FINAL OUTCOME

By the end of Day 56, the child:

- ✓ Notices vowel changes clearly
- ✓ Blends **fa / fe / fi** by ear
- ✓ Maintains soft lip–air control
- ✓ Feels confident continuing the FA series

Why this day matters

Lip–air control prevents future confusion between **f / s** sounds and builds clean speech habits early.

PHASE 2 – DAY 57

MODULE 7 – FA SERIES (EXTENDED)

Blends: fo / fu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Recall → New Discovery)
- 10 min → 5 + 5 (Guided Blending Practice)
- 10 min → 5 + 5 (Recognition + Praise)

Mode: Sound-only learning (no letters)

DAY 57 OBJECTIVE

- Introduce **fo / fu** as deeper lip–air blends
 - Help the child hear **rounder vowel sounds** clearly
 - Complete the **FA blend set** (fa / fe / fi / fo / fu)
 - Keep airflow soft, steady, and confident
-

PART 1: RECALL → NEW DISCOVERY (10 Minutes total)

1A. QUICK FA RECALL

(5 Minutes | Familiar Anchor)

Goal

Re-anchor known FA blends before adding new ones.

PIXO Flow

- Fan image
Voice: “faaa...”
- Feather / fence image
Voice: “feee...”
- Fish image
Voice: “fiii...”

PIXO gently says:

“You know these 😊”

Rules

- Each blend played **once**
 - No interaction required
 - Calm pacing
-

1B. NEW BLENDS ARRIVE

(5 Minutes | Discovery)

Goal

Let the child *hear* the new lip–air blends naturally.

PIXO Flow

1 Fan + Orange

“fff... ooo... fooo...”

2 Fan + Umbrella

“fff... uuu... fuuu...”

PIXO softly adds:

“Listen... new sounds 😊”

Rules

- Slow blending
 - Sounds held smoothly
 - No explanation
 - No repeat request
-

PART 2: GUIDED BLENDING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER

(5 Minutes | Supported Blending)

 Goal

Practice **fo** / **fu** with support.

PIXO Flow

- PIXO:
“Say it with me... fooo...”
- Mic opens

Then:

“Say it with me... fuuu...”

Rules

- Up to **2 attempts per blend**
 - PIXO always blends along
 - Any attempt accepted
-

2B. TRY ONE ALONE

(5 Minutes | Independent Attempt)

 Goal

Encourage one independent blend attempt.

PIXO Flow

- PIXO:
“Your turn 😊”
- One blend played (fo or fu)
- Mic opens calmly

Internal Notes (System)

- Full blend / partial
 - Airflow steadiness logged
 - Lip tension tracked
 - Silence = neutral
-

PART 3: RECOGNITION + PRAISE

(10 Minutes total)

3A. HEAR & MATCH

(5 Minutes | Listening Recognition)

 Goal

Confirm the child can recognize **fo / fu** by ear.

MCQ Format

Sound played:

“fooo...”

Pictures shown:

- Fox / fork-related image (correct)
- Fan image
- Nose image

Prompt:

“Which one sounds like **fo**?”

Rules

- 3 questions total
 - Blends mixed (fo / fu + earlier FA blends)
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End the FA family feeling **complete and proud**.

PIXO Flow

- Gentle celebration animation
- Voice:
“You heard new sounds today!”
- Calm happy music

No scores.

No evaluation language.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 57 completes **FA blend inventory**
 - System now tracks:
 - Strong vs weak FA blends
 - Weak blend gently reinforced in Day 58 games
 - No pass/fail logic
-

DAY 57 FINAL OUTCOME

By the end of Day 57, the child:

- ✓ Hears deeper lip–air blends (fo / fu)
 - ✓ Completes the FA sound family
 - ✓ Blends confidently without overload
 - ✓ Feels ready to play with blends
-

Why this day matters

Lip–air blending is now flexible across all vowels.

This flexibility supports **clean pronunciation and fluent decoding** later.

PHASE 2 – DAY 58

MODULE 7 – FA SERIES (GAMES DAY)

Blends: fa / fe / fi / fo / fu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up Games)
- 10 min → 5 + 5 (Core Listening Games)
- 10 min → 5 + 5 (Celebration Games + Praise)

Mode: Sound-only learning (no letters)

DAY 58 OBJECTIVE

- Strengthen **FA blend recognition** through play
 - Improve **lip–air sound discrimination**
 - Increase listening speed and confidence naturally
 - Prepare gently for **speaking confidence (Day 59)**
-

PART 1: WARM-UP GAMES

(10 Minutes total)

1A. AIRY LIP BALLOONS

(5 Minutes | Free Exploration)

 Goal

Warm the ear to lip–air blends in a relaxed way.

PIXO Flow

- Balloons float on screen
- Each balloon plays one blend when tapped:
 - “fa”
 - “fe”
 - “fi”
 - “fo”
 - “fu”

Rules

- Any tap is accepted
- No right/wrong feedback
- Cheerful animation on every pop

Internal:

- Logs which FA blends the child taps confidently
-

1B. FOLLOW THE AIRY SOUND

(5 Minutes | Focused Listening)

 Goal

Encourage attention to **soft airflow differences**.

PIXO Flow

- One blend played (e.g., “fu”)
- Three characters move
- Only one matches the sound

Prompt:

“Follow the sound 😊”

No visible scoring.

PART 2: CORE LISTENING GAMES

(10 Minutes total)

2A. FIND THE SAME SOUND

(5 Minutes | Discrimination Play)

 **Goal**

Reinforce exact blend recognition.

PIXO Flow

- PIXO plays a blend: “fe”
- Two pictures appear
- Child taps the one that matches

Rules:

- 4 rounds
 - FA blends mixed
 - Replay allowed once
-

2B. WHICH ONE SOUNDS DIFFERENT?

(5 Minutes | Contrast Awareness)

 **Goal**

Sharpen listening by spotting the “odd” blend.

PIXO Flow

- Three pictures appear
- Two share same FA blend
- One is different

Prompt:

“Which one sounds funny?”

Feedback stays playful, never corrective.

PART 3: CELEBRATION GAMES + PRAISE

(10 Minutes total)

3A. FA SOUND TREASURE

(5 Minutes | Joyful Recall)

 **Goal**

Turn listening accuracy into a reward experience.

PIXO Flow

- PIXO plays a blend
- Child taps the matching treasure chest

Rules:

- Easy difficulty
 - Weak blends may appear once more
 - No penalties
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

End the day feeling happy and capable.

PIXO Flow

- Confetti + stars animation
- Voice:
“You listened so carefully today!”
- Sticker unlocked:
“FA Sound Star”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 58 data used to:
 - Identify strongest vs weakest FA blends
 - Prepare speaking focus for Day 59
- No blend downgraded today
- Weak blends gently queued for extra support tomorrow

DAY 58 FINAL OUTCOME

By the end of Day 58, the child:

- ✓ Recognizes all FA blends by ear
- ✓ Differentiates lip–air sounds confidently
- ✓ Feels relaxed and successful
- ✓ Is ready for **FA speaking confidence**

Why this day matters

Soft airflow control becomes **automatic only through play**.

That automaticity prevents pronunciation errors later.

PHASE 2 – DAY 59

MODULE 7 – FA SERIES (SPEAKING CONFIDENCE)

Blends: fa / fe / fi / fo / fu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Listen → Prepare to Speak)
 - 10 min → 5 + 5 (Guided Speaking Practice)
 - 10 min → 5 + 5 (Independent Speaking + Praise)
- Mode:** Sound-only learning (no letters)

DAY 59 OBJECTIVE

- Build **confidence in saying FA blends aloud**
 - Encourage **soft airflow through the lips**
 - Avoid over-blowing or stopping airflow
 - Prepare gently for **FA Assessment (Day 60)**
-

PART 1: LISTEN → PREPARE TO SPEAK

(10 Minutes total)

1A. CONFIDENT FA LISTEN

(5 Minutes | Vocal Readiness)

 Goal

Warm the ear before activating the voice.

PIXO Flow

- Friendly visuals appear one by one
- Blends played clearly:
 - “fa”
 - “fe”
 - “fi”
 - “fo”
 - “fu”

PIXO gently says:

“Listen carefully 😊”

Rules

- Each blend played **once**
 - Calm pacing
 - No response required
-

1B. SAY IT IN YOUR HEAD

(5 Minutes | Mental Rehearsal)

 Goal

Lower speaking anxiety and control airflow mentally.

PIXO Flow

- PIXO says:
“Say it quietly in your head 😊”
- One FA blend played slowly
- Gentle airflow animation shown near lips

Mic remains closed.

No pressure.

PART 2: GUIDED SPEAKING PRACTICE

(10 Minutes total)

2A. SAY IT TOGETHER (SUPPORTED)

(5 Minutes | Confidence Build)

 Goal

Speak **with PIXO**, not alone.

PIXO Flow

- PIXO:
“Say it with me... faaa...”
- Mic opens
- PIXO blends along

Then repeated for:

- One more blend (system-selected)

Rules

- Max **2 blends**
 - Up to **2 attempts each**
 - Any attempt accepted
 - No correction language
-

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Safe Independence)

 Goal

Give the child **control and ownership**.

PIXO Flow

- Three friendly icons appear
- Each icon plays one FA blend when tapped
- Child chooses **one** to say

PIXO:

“You choose 😊”

Mic opens only after choice.

Internal Notes (System)

- Blend clarity logged
 - Airflow softness vs force tracked
 - Lip tension monitored
 - Silence = neutral
-

PART 3: INDEPENDENT SPEAKING + PRAISE **(10 Minutes total)**

3A. SAY & MATCH

(5 Minutes | Speak + Listen Loop)

 Goal

Reinforce speaking with listening confirmation.

PIXO Flow

- PIXO plays a blend
- Child repeats
- Two pictures appear
- Child taps the matching one

Rules:

- 3 rounds
 - Gentle feedback
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

Anchor **lip–air speaking success**, not perfection.

PIXO Flow

- Celebration animation

- Voice:
“Your air sounds are so smooth!”
- Sticker unlocked:
“FA Speaker”

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 59 tracks:
 - Speaking willingness
 - Airflow control quality
- Weak blends lightly queued for Day 60 warm-up
- No downgrade logic today

DAY 59 FINAL OUTCOME

By the end of Day 59, the child:

- ✓ Speaks FA blends confidently
- ✓ Maintains soft, steady airflow
- ✓ Avoids over-blowing
- ✓ Is emotionally ready for assessment

Why this day matters

Lip–air sounds require **control, not force**.

This day locks that skill safely.

PHASE 2 – DAY 60

MODULE 7 – FA SERIES (FRIENDLY CHECKPOINT)

Blends: fa / fe / fi / fo / fu

Total Duration: 30 Minutes

Structure:

- 10 min → 5 + 5 (Warm-up & Confidence Prime)
 - 10 min → 5 + 5 (Assessment Games – Hidden)
 - 10 min → 5 + 5 (Outcome Experience + Transition)
- Mode:** Sound-only learning (no letters)

DAY 60 OBJECTIVE

- Validate **listening recognition** of FA blends
- Confirm **soft, controlled lip–air speaking**
- Decide readiness to move into **mixed CV blending (Phase 3)**
- Protect confidence regardless of outcome

PART 1: WARM-UP & CONFIDENCE PRIME

(10 Minutes total)

1A. FRIENDLY FA RECAP

(5 Minutes | Familiar Anchor)

Goal

Relax the child and signal familiarity.

PIXO Flow

- Friendly visuals appear one by one
- Blends played once each:
 - “fa”
 - “fe”
 - “fi”
 - “fo”
 - “fu”

PIXO gently says:

“You know these 😊”

No response required.

1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

Goal

Remove any last speaking hesitation.

PIXO Flow

- PIXO says:
“Let’s say one together 😊”
- One easy FA blend played (system-selected)
- Mic opens briefly
- PIXO blends along

No scoring here.

PART 2: ASSESSMENT GAMES (HIDDEN)

(10 Minutes total)

2A. HEAR & CHOOSE

(5 Minutes | Listening Check)

Goal

Confirm accurate FA blend recognition by ear.

Format

- Blend played once
- 3 pictures shown

Example:

Sound: “fi”

Options:

- Fish / fin-related image 
- Fan image
- Nose image

Rules

- **6 questions**
 - All FA blends covered
 - No visual repeats
 - No hints
-

2B. SAY THE BLEND

(5 Minutes | Speaking Check)

Goal

Confirm the child can **say FA blends softly and clearly**.

PIXO Flow

- PIXO prompts gently:
 - “Can you say **fa**?”
 - “Can you say **fu**?”
- Mic opens

Internal Metrics:

- Full blend detected (yes / partial)
- Airflow softness logged
- Lip tension monitored
- Confidence inferred

No child-visible labels.

PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% overall accuracy**
 - **No single FA blend < 60%**
 - Speaking confidence **≥ 3/5**
 - Airflow control = soft (not forced)
-

PART 3: OUTCOME EXPERIENCE + TRANSITION

(10 Minutes total)

IF PASSED → FA SERIES COMPLETE

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:
“Your air sounds are gentle and strong!”

Badge unlocked:

“FA Blending Star”

3B. PHASE COMPLETION TEASER

(5 Minutes | Big Transition)

- Visual montage of **MA, SA, LA, NA, FA** blends flowing together
- Voice:
“You can join sounds beautifully!”

PHASE 3 – MIXED CV BLENDING UNLOCKED (Day 61)

Parent notification:

“Phase 2 complete. Child can blend all continuous consonants with vowels confidently.”

IF NOT YET READY → GENTLE REDIRECT

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation

- Voice:
“We’ll play with these sounds a little more 😊”

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weakest FA blend(s)
- Auto-loop:
 - Only those blends
 - Game-first reinforcement
- Reattempt checkpoint automatically after 48 hours

Child never sees “fail”.

NON-NEGOTIABLE RULES

- No scores shown to child
- No negative feedback
- No skipping checkpoints
- Confidence always protected

DAY 60 FINAL OUTCOME

By the end of Day 60, the child:

- ✓ Recognizes FA blends by ear
- ✓ Speaks lip–air blends with control
- ✓ Transfers blending skill across all continuous consonants
- ✓ Is ready for **PHASE 3 – MIXED CV BLENDING**

Why this checkpoint matters

This closes the **entire continuous-consonant loop**.

From here, blending shifts from *sound practice* to *word-building instinct*.

PIXO CURRICULUM INTEGRATION

MODULE 4A: 2-LETTER WORD SOUNDING

Duration: Day 61 → Day 75

Next Module: 3-Letter Words (Day 76+)

CORE RULE (VERY IMPORTANT)

PIXO does **NOT** follow:

- ✗ $26^2 = 676$
- ✗ $26P2 = 650$

Because:

- Most are **not meaningful**
- Many are **not pronounceable**
- Many are **not child-safe**

Instead, PIXO follows:

CASE 4: PHONICS-VALID WORD SET

A **filtered subset** of real English words that are:

- Sound-decodable
- Concrete
- Child-usable
- Emotionally safe

👉 This is the **only rule that makes sense for learning.**

FINAL RULE ENFORCED IN PIXO

Order matters

Repetition allowed only if the word exists

Only dictionary-valid + child-safe words

Think of this as:

Meaningful Permutations (Curated Set)

TOTAL WORD LOAD (DAY 61–75)

From ~676 theoretical pairs →

To ~100 valid English words →

To 30–40 child-safe phonics words

We will use **32 words**.

Why 32?

- Even cognitive load
- Clean progression
- Fits 15 days perfectly

PIXO APPROVED 2-LETTER WORD SET (CHILD-SAFE)

Grouped by **phonics readiness**, not alphabet order.

SET A – CORE CV / VC (Easiest)

am, an, at, in, on, up

SET B – PRONOUNS / SELF WORDS

me, we, us, he

SET C – ACTION / POSITION

go, do, by, to

SET D – COMMON FUNCTION WORDS

is, it, if, of, or

SET E – SIMPLE DESCRIPTIVE / OBJECT

no, my, ox

 **Excluded:**

- xi, ae (abstract)
- qx, zj (invalid)
- aa (non-word)
- abbreviations

DAY 61–75 : FULL CURRICULUM MAP

STRUCTURE (UNCHANGED)

- ⌚ 30 minutes/day
- 10 → 5 + 5
- 10 → 5 + 5
- 10 → 5 + 5

● DAY 61–63: VC WORDS (Sound Ending Awareness)

Words:

am, an, in, on

Focus:

- Ending sound awareness
- Smooth stop at end
- Sound bars: 2 only

Tasks:

- Hear word → choose picture
- Hear sounds → say word

● DAY 61–63: VC WORDS (Sound Ending Awareness)

Target Words:

am · an · in · on

Daily Duration: 30 minutes

Daily Structure:

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- Exactly **2 bars**
- Bar 1 = vowel sound
- Bar 2 = ending consonant sound

🧠 CORE LEARNING GOAL (DAY 61–63)

By the end of Day 63, the child:

- Hears that **words can end with a sound**
- Stops the sound smoothly at the end
- Says VC words confidently as **one unit**
- Understands: *“Two sounds together can be a word”*

● DAY 61 – WORDS: am / an

Focus

- First exposure to **ending sounds**
- Very slow, gentle pacing
- No contrast yet

🕒 PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 minutes)

- Picture appears (boy pointing to self)
- Voice:
 - “am... am...”
- Two sound bars animate **together**

Then:

- Picture of an object (e.g., apple)
- Voice:
 - “an... an...”

Rules:

- Each word played 3 times
 - No interaction
 - Child only listens
-

1B. HEAR THE PARTS JOIN

(5 minutes)

For **am**:

- Bar 1: “aaa...”
- Bar 2: “mmm...”
- Bars slide together → “am”

For **an**:

- “aaa...” + “nnn...” → “an”

PIXO:

“Listen... the sounds join 😊”

No repeat request.

PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

(5 minutes)

- PIXO:

“Say it with me... am...”

- Mic opens
- PIXO speaks along

Repeat once for **an**

Rules:

- Any attempt accepted
 - No correction
 - Slow tempo
-

2B. SAY IT ALONE

(5 minutes)

- PIXO:

“Your turn 😊”

- Sound bars animate
- Child speaks

System logs:

- Full word attempt
 - Ending sound clarity
 - Confidence
-

PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE PICTURE

(5 minutes)

Sound played: “am”

Pictures:

- Child pointing to self 
- Apple
- Sun

Repeat for “an”

3B. PRAISE & CLOSE

(5 minutes)

- Animation
- Voice:

“You made a word with sounds!”

Sticker:

 **My First Word**

DAY 62 – WORDS: in / on

Focus

- Ending sound awareness continues
 - Slightly faster than Day 61
 - New meanings introduced
-

PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WORD

(5 minutes)

- Picture: toy inside a box
Voice: “in... in...”
- Picture: cat on table
Voice: “on... on...”

Two sound bars animate together.

1B. HEAR THE PARTS

(5 minutes)

- “iii...” + “nnn...” → **in**
- “ooo...” + “nnn...” → **on**

PIXO:

“Listen... sounds stop at the end 😊”

PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

- “Say it with me... in...”
 - “Say it with me... on...”
-

2B. SAY IT ALONE

- One word at a time
- Child speaks after sound bars

System tracks:

- Ending stop accuracy
 - Smoothness
-

 PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE

Sound: “on”

Pictures:

- Cat on table 
 - Box with toy inside
 - Fish
-

3B. PRAISE & CLOSE

- Voice:

“You heard the ending sound!”

Sticker:

 **Sound Stopper**

 DAY 63 – VC MIX (am / an / in / on)

Focus

- Contrast between similar endings
 - Gentle discrimination
 - No new words
-

 PART 1: MIXED LISTENING

(10 min → 5 + 5)

1A. HEAR WORDS (MIXED)

(5 minutes)

- am → an → in → on
 - Random order
 - One play each
-

1B. HEAR PARTS JOIN

(5 minutes)

- PIXO plays parts
 - Bars join
 - Child only listens
-

 PART 2: SPEAKING PRACTICE

(10 min → 5 + 5)

2A. SAY WITH PIXO

- Two system-selected words
-

2B. SAY ALONE

- One word
 - Child speaks freely
-

PART 3: GAME + PRAISE

(10 min → 5 + 5)

3A. HEAR → CHOOSE (GAME)

- 4 rounds
 - All VC words mixed
 - New images only
-

3B. PRAISE & CLOSE

- Animation
- Voice:

“You can hear where words end!”

Sticker:

 VC Sound Hero

AUTO-ADAPTIVE LOGIC (DAY 61–63)

- Tracks:
 - Ending sound clarity
 - Word confusion pairs (am/an, in/on)
 - Weak word:
 - Reappears once on Day 64 warm-up
 - Strong word:
 - Moves to background rotation
-

OUTCOME AFTER DAY 63

Child can:

- ✓ Hear word endings
 - ✓ Stop sound smoothly
 - ✓ Say 2-letter VC words confidently
 - ✓ Is ready for **CV words (Day 64–66)**
-

DAY 64–66: CV WORDS (Sound Starting Awareness)

Words:

me, we, he, go

Focus:

- Strong starting sound
- Open vowel finish
- Confidence speaking

DAY 64–66: CV WORDS (Sound Starting Awareness)

Target Words:

me · we · he · go

Daily Duration: 30 minutes

Daily Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5

- 10 min → 5 + 5

Sound Bars:

- Exactly **2 bars**
- Bar 1 = starting consonant sound
- Bar 2 = vowel sound

CORE LEARNING GOAL (DAY 64–66)

By the end of Day 66, the child:

- Hears that **words can start with a sound**
- Launches the word cleanly from the first sound
- Avoids dragging or adding extra sounds
- Understands: *“The first sound tells me the word”*

DAY 64 – WORDS: me / we

Focus

- First exposure to **starting sounds**
- Strong, clear launch
- Very slow pacing

PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 minutes)

- Picture: child pointing to self
Voice:
 - “me... me...”
- Picture: two children together
Voice:
 - “we... we...”

Two sound bars animate **together**.

Rules:

- Each word played 3 times
- No interaction
- Listening only

1B. HEAR THE PARTS JOIN

(5 minutes)

For **me**:

- Bar 1: “mmm...”
- Bar 2: “eee...”
- Bars slide together → “me”

For **we**:

- “www...” + “eee...” → “we”

PIXO:

“Listen... the word starts here 😊”

No repetition request.

PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

(5 minutes)

- PIXO:

“Say it with me... me...”

- Mic opens
- PIXO speaks along

Repeat for **we**

Rules:

- Any attempt accepted
 - No correction
 - Clear, slow start
-

2B. SAY IT ALONE

(5 minutes)

- PIXO:

“Your turn 😊”

- Sound bars animate
- Child speaks

System logs:

- Starting sound clarity
 - Smooth join
 - Confidence
-

PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE PICTURE

(5 minutes)

Sound: “we”

Pictures:

- Two children together ✓
- One child
- Toy

Repeat for “me”

3B. PRAISE & CLOSE

(5 minutes)

- Animation
- Voice:

“You started the word perfectly!”

Sticker:

Strong Starter

DAY 65 – WORDS: he / go

Focus

- Different starting sounds
- Faster launch
- Slight increase in pace

 PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WORD

(5 minutes)

- Picture: boy running
Voice: “he... he...”
- Picture: child moving forward
Voice: “go... go...”

Two sound bars animate together.

1B. HEAR THE PARTS

(5 minutes)

- “hhh...” + “eee...” → **he**
- “ggg...” + “ooo...” → **go**

PIXO:

“Listen... the word begins with sound 😊”

 PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

- “Say it with me... he...”
 - “Say it with me... go...”
-

2B. SAY IT ALONE

- One word at a time
- Child speaks after sound bars

System tracks:

- Start sharpness
 - No added sounds (“huh-e” etc.)
-

 PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE

Sound: “go”

Pictures:

- Child running forward 
 - Child sitting
 - Cat
-

3B. PRAISE & CLOSE

- Voice:

“You heard the first sound!”

Sticker:

 **Word Launcher**

 **DAY 66 – CV MIX (me / we / he / go)**

Focus

- Contrast between starting sounds
 - Quick recognition
 - No new words
-

PART 1: MIXED LISTENING

(10 min → 5 + 5)

1A. HEAR WORDS (MIXED)

(5 minutes)

- me → go → he → we
 - Random order
 - One play each
-

1B. HEAR PARTS JOIN

(5 minutes)

- PIXO plays starting sound
- Then vowel
- Bars join visually

Child only listens.

PART 2: SPEAKING PRACTICE

(10 min → 5 + 5)

2A. SAY WITH PIXO

- Two system-selected words
-

2B. SAY ALONE

- One word
- Child speaks freely

System tracks:

- Clean launch
 - Confidence
-

PART 3: GAME + PRAISE

(10 min → 5 + 5)

3A. HEAR → CHOOSE (GAME)

- 4 rounds
 - All CV words mixed
 - New images only
-

3B. PRAISE & CLOSE

- Animation
- Voice:

“You know how words start!”

Sticker:

 **CV Word Champ**

AUTO-ADAPTIVE LOGIC (DAY 64–66)

- Tracks:
 - Starting sound clarity

- Confusion pairs (me/we)
- Weak word:
 - Reappears once on Day 67 warm-up
- Strong word:
 - Moves to background mix

✓ **OUTCOME AFTER DAY 66**

Child can:

- ✓ Launch words from first sound
- ✓ Say CV words smoothly
- ✓ Distinguish similar starting sounds
- ✓ Is ready for **FUNCTION WORDS (Day 67–69)**

● **DAY 67–69: FUNCTION WORDS (Meaning Through Sound)**

Words:

is, it, to, of

Focus:

- Recognizing fast-spoken words
- Listening precision
- No explanation of grammar

● **DAY 67–69: FUNCTION WORDS (Sound Precision Training)**

Target Words:

is · it · to · of

Daily Duration: 30 minutes

Daily Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- Exactly **2 bars**
- Bars move **faster than previous days**
- No stretching of sounds

🧠 **CORE LEARNING GOAL (DAY 67–69)**

By the end of Day 69, the child:

- Hears **short, quick words** clearly
- Distinguishes very similar sounds (is / it)
- Says function words without dragging sounds
- Understands: *“Some words are quick but important”*

⚠ No grammar explanation.

Meaning is inferred only through pictures.

● **DAY 67 – WORDS: is / it**

Focus

- Extremely similar sounds

- Final sound discrimination
 - Slow → medium pacing
-

PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 minutes)

- Picture: cat sitting
Voice:
 - “is... is...”
- Picture: toy on table
Voice:
 - “it... it...”

Two sound bars animate **together**, quickly.

Rules:

- Each word played 3 times
 - No interaction
 - Listening only
-

1B. HEAR THE PARTS JOIN

(5 minutes)

For is:

- “iii...” + “sss...” → **is**

For it:

- “iii...” + “ttt...” → **it**

PIXO:

“Listen... the end sound is different 😊”

No repeat request.

PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

(5 minutes)

- PIXO:
“Say it with me... is...”
 - Mic opens
 - PIXO speaks along

Repeat for it

Rules:

- Short, clean sound
 - No stretching
 - Any attempt accepted
-

2B. SAY IT ALONE

(5 minutes)

- PIXO:

“Your turn 😊”

- Sound bars animate

- Child speaks

System tracks:

- Final sound accuracy
- No added vowel (“iss-uh”)

PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE

(5 minutes)

Sound: “it”

Pictures:

- Single toy on table 
- Cat sitting
- Running child

Repeat for “is”

3B. PRAISE & CLOSE

(5 minutes)

Voice:

“You heard the tiny sound!”

Sticker:

 Sharp Listener

DAY 68 – WORDS: to / of

Focus

- Different vowel shapes
- Soft ending sound (/v/)
- Medium pacing

PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WORD

(5 minutes)

- Picture: arrow pointing forward
Voice: “to... to...”
- Picture: cup filled with water
Voice: “of... of...”

Two sound bars animate together.

1B. HEAR THE PARTS

(5 minutes)

- “ttt...” + “ooo...” → to
- “ooo...” + “vvv...” → of

PIXO:

“Listen... this word ends softly 😊”

PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

- “Say it with me... to...”
- “Say it with me... of...”

Rules:

- Keep sounds short
 - No force on /v/
-

2B. SAY IT ALONE

- One word at a time
- Child speaks after sound bars

System tracks:

- Vowel clarity
 - Soft ending sound
-

PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE

Sound: “of”

Pictures:

- Cup full of water
 - Empty cup
 - Toy
-

3B. PRAISE & CLOSE

Voice:

“You heard a soft sound!”

Sticker:

Soft Sound Star

DAY 69 – FUNCTION WORD MIX

(is / it / to / of)

Focus

- Speed discrimination
 - No new words
 - Confidence under mild speed
-

PART 1: MIXED LISTENING

(10 min → 5 + 5)

1A. HEAR WORDS (MIXED)

(5 minutes)

- is → to → it → of
 - Random order
 - One play each
-

1B. HEAR PARTS JOIN

(5 minutes)

- PIXO plays parts quickly
- Bars join immediately

- Child listens only
-

PART 2: SPEAKING PRACTICE

(10 min → 5 + 5)

2A. SAY WITH PIXO

- Two system-selected words
-

2B. SAY ALONE

- One word
- Child speaks freely

System tracks:

- Speed + accuracy balance
-

PART 3: GAME + PRAISE

(10 min → 5 + 5)

3A. HEAR → CHOOSE (GAME)

- 4 rounds
 - All function words mixed
 - New images only
-

3B. PRAISE & CLOSE

Voice:

“You heard very fast words!”

Sticker:

Function Word Pro

AUTO-ADAPTIVE LOGIC (DAY 67–69)

- Tracks:
 - Final sound confusion (s / t)
 - Soft ending (/v/)
 - Weak word:
 - Reappears briefly on Day 70 warm-up
 - Strong word:
 - Moves into background mix
-

OUTCOME AFTER DAY 69

Child can:

- ✓ Hear fast words clearly
 - ✓ Distinguish tiny sound differences
 - ✓ Say short words confidently
 - ✓ Is ready for **CONTROL WORDS (Day 70–72)**
-

DAY 70–72: CONTROL WORDS (Contrast Training)

Words:

no, my, up, by

Focus:

- Tone change

- Contrast pairs (up / no)
- Emotional clarity

● DAY 70–72: CONTROL WORDS (Sound + Intent Awareness)

Target Words:

no · my · up · by

Daily Duration: 30 minutes

Daily Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- Exactly **2 bars**
- Slight **tone variation** encouraged
- Still no letters, no spelling

🧠 CORE LEARNING GOAL (DAY 70–72)

By the end of Day 72, the child:

- Recognizes **emotionally strong short words**
- Uses voice control (not loudness)
- Understands that **tone can change meaning**
- Says control words confidently and clearly

⚠️ No explanation of meaning.

Meaning is absorbed visually and emotionally.

● DAY 70 – WORDS: no / my

Focus

- Ownership + refusal through sound
- Tone awareness
- Clear ending sounds

🕒 PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 minutes)

- Picture: child shaking head
Voice:
 - “no... no...”
- Picture: child holding toy
Voice:
 - “my... my...”

Two sound bars animate together.

Rules:

- Each word played 3 times
- Slight tone variation (neutral, soft)
- Listening only

1B. HEAR THE PARTS JOIN

(5 minutes)

For **no**:

- “nnn...” + “ooo...” → **no**

For **my**:

- “mmm...” + “ai...” → **my**

PIXO:

“Listen... the sound feels different 😊”

No repeat request.

PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

(5 minutes)

- PIXO:

“Say it with me... no...”

- Mic opens
- PIXO speaks along

Repeat for **my**

Rules:

- Calm voice
 - No shouting
 - Any attempt accepted
-

2B. SAY IT ALONE

(5 minutes)

- PIXO:

“Your turn 😊”

- Sound bars animate
- Child speaks

System tracks:

- Ending clarity
 - Tone stability
 - Confidence
-

PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE

(5 minutes)

Sound: “my”

Pictures:

- Child holding toy 
- Toy on floor
- Two children

Repeat for “no”

3B. PRAISE & CLOSE

(5 minutes)

Voice:

"You used your voice carefully!"

Sticker:

 **Voice Controller**

 DAY 71 – WORDS: up / by

Focus

- Position and closeness
 - Clean vowel transitions
 - Ending glide awareness
-

 PART 1: WORD DISCOVERY

(10 min → 5 + 5)

1A. HEAR THE WORD

(5 minutes)

- Picture: ball going up
Voice: "up... up..."
- Picture: cat sitting near box
Voice: "by... by..."

Two sound bars animate together.

1B. HEAR THE PARTS

(5 minutes)

- "uuu..." + "ppp..." → **up**
- "bbb..." + "ai..." → **by**

PIXO:

"Listen... the word moves 😊"

 PART 2: GUIDED SPEAKING

(10 min → 5 + 5)

2A. SAY IT TOGETHER

- "Say it with me... up..."
- "Say it with me... by..."

Rules:

- No extra vowel after /p/
 - Smooth glide on "by"
-

2B. SAY IT ALONE

- One word at a time
- Child speaks after sound bars

System tracks:

- Ending stop (/p/)
 - Glide accuracy
-

 PART 3: LISTEN & CHOOSE

(10 min → 5 + 5)

3A. HEAR → CHOOSE

Sound: "up"

Pictures:

- Ball going up 
- Ball rolling
- Sleeping cat

3B. PRAISE & CLOSE

Voice:

“You moved the sound!”

Sticker:

 **Sound Mover**

DAY 72 – CONTROL WORD MIX

(no / my / up / by)

Focus

- Emotional + positional contrast
 - Listening accuracy
 - Confidence under variation
-

PART 1: MIXED LISTENING

(10 min → 5 + 5)

1A. HEAR WORDS (MIXED)

(5 minutes)

- my → up → no → by
 - Random order
 - One play each
-

1B. HEAR PARTS JOIN

(5 minutes)

- PIXO plays parts
 - Bars join quickly
 - Child listens only
-

PART 2: SPEAKING PRACTICE

(10 min → 5 + 5)

2A. SAY WITH PIXO

- Two system-selected words
-

2B. SAY ALONE

- One word
- Child speaks freely

System tracks:

- Tone control
 - Clarity
-

PART 3: GAME + PRAISE

(10 min → 5 + 5)

3A. HEAR → CHOOSE (GAME)

- 4 rounds
- All control words mixed

- New images only

3B. PRAISE & CLOSE

Voice:

“You controlled the sound!”

Sticker:

 **Word Control Champ**

AUTO-ADAPTIVE LOGIC (DAY 70–72)

- Tracks:
 - Emotional tone consistency
 - Ending sound accuracy
- Weak word:
 - Reappears briefly on Day 73 warm-up
- Strong word:
 - Moves into mixed pool

OUTCOME AFTER DAY 72

Child can:

- ✓ Say emotionally strong short words
- ✓ Control voice without shouting
- ✓ Hear contrast clearly
- ✓ Is ready for **MIXED WORD GAMES (Day 73–74)**

DAY 73–74: MIXED 2-LETTER WORD GAMES

Words:

All 16 learned so far

Tasks:

- Hear word → tap picture
- Hear 2 sound bars → say word
- Speed slightly increased

DAY 73–74: MIXED 2-LETTER WORD GAMES

Word Pool (ALL learned):

am · an · in · on · me · we · he · go · is · it · to · of · no · my · up · by

Daily Duration: 30 minutes

Daily Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Mode:

- Game-first
- Listening → speaking loop
- Zero instruction language

CORE LEARNING GOAL (DAY 73–74)

By the end of Day 74, the child:

- Recognizes all 2-letter words **instantly by sound**
- Switches between VC and CV words without confusion
- Says words confidently without hesitation
- Feels: *"I know these words"*

● DAY 73 – LISTENING DOMINANT GAMES

Focus

- Ear speed
- Sound discrimination
- Confidence without speaking pressure

PART 1: QUICK LISTEN GAMES

(10 min → 5 + 5)

1A. SOUND POP

(5 minutes)

- A word is played (e.g., "in")
- 3 pictures appear
- Child taps the matching picture

Rules:

- 6 rounds
- Words mixed randomly
- No retry penalty

1B. SAME OR DIFFERENT

(5 minutes)

- Two words played back-to-back
 - "am... an"
- Child taps:
 - Same
 - Different

Rules:

- 5 rounds
- Very short pauses
- No feedback labels

PART 2: LIGHT SPEAKING GAMES

(10 min → 5 + 5)

2A. ECHO TAP

(5 minutes)

- Word played
- Child repeats once
- No evaluation shown

System tracks:

- Willingness
- Clarity

2B. PICK & SAY

(5 minutes)

- 2 pictures appear
 - Child taps one
 - PIXO plays the word
 - Child says it
-

 PART 3: PRAISE LOOP

(10 min → 5 + 5)

3A. WORD TREASURE

(5 minutes)

- Treasure chest opens
- Word plays
- Child taps matching chest

4 rounds only.

3B. PRAISE & CLOSE

(5 minutes)

Voice:

“Your ears are very fast!”

Sticker:

 **Sound Finder**

 DAY 74 – SPEAKING DOMINANT GAMES

Focus

- Speaking confidence
 - Smooth recall
 - No visual dependency
-

 PART 1: SAY QUICK

(10 min → 5 + 5)

1A. SAY WHAT YOU HEAR

(5 minutes)

- Word played
- No pictures
- Child repeats

Rules:

- 6 words
 - Mixed order
 - Calm pace
-

1B. FINISH THE WORD

(5 minutes)

- First sound played (“mmm...”)
- Child finishes: “me”

Rules:

- 4 rounds
 - Only familiar words
-

PART 2: MIX & MATCH

(10 min → 5 + 5)

2A. HEAR → SAY → TAP

(5 minutes)

- Word played
 - Child says it
 - Then taps correct picture
-

2B. WORD CHOICE

(5 minutes)

- Two sound bars animate
- Child says the word without prompt

System tracks:

- Confidence
 - Delay time
-

PART 3: GAME CLOSE + PRAISE

(10 min → 5 + 5)

3A. SPEED ROUND

(5 minutes)

- 5 fast words
 - Child responds freely (tap or say)
-

3B. PRAISE & CLOSE

(5 minutes)

Voice:

“You know many words now!”

Sticker:

 **Word Master**

AUTO-ADAPTIVE LOGIC (DAY 73–74)

- Tracks:
 - Reaction speed
 - Hesitation patterns
 - Weak words:
 - Flagged quietly for Day 75 checkpoint
 - Strong words:
 - Reduced frequency
-

OUTCOME AFTER DAY 74

Child can:

- ✓ Instantly recognize 2-letter words
 - ✓ Speak without hesitation
 - ✓ Switch between word types smoothly
 - ✓ Feel confident and successful
-

DAY 75 – 2-LETTER WORD CHECKPOINT

Assessment Format

- 12 prompts
- New pictures only
- Mixed words

PASS CRITERIA (SYSTEM)

- $\geq 80\%$ listening accuracy
- Speaking confidence $\geq 3/5$
- No word $< 60\%$

● DAY 75 – 2-LETTER WORD CHECKPOINT

Module: MODULE_4_SIMPLE_WORDS

Word Pool:

am · an · in · on · me · we · he · go · is · it · to · of · no · my · up · by

Total Duration: 30 minutes

Structure (UNCHANGED):

- 10 min $\rightarrow$ 5 + 5
- 10 min $\rightarrow$ 5 + 5
- 10 min $\rightarrow$ 5 + 5

Mode:

- Sound bars only
- No letters
- No spelling
- No visible scoring

🧠 DAY 75 OBJECTIVE

- Validate **instant listening recognition** of all 2-letter words
- Confirm **confident whole-word speaking**
- Decide readiness to unlock **3-letter words (CVC)**
- Protect confidence regardless of outcome

🕒 PART 1: WARM-UP & CONFIDENCE PRIME

(10 Minutes total)

🕒 1A. FRIENDLY WORD FLOW

(5 Minutes | Familiar Anchor)

🎯 Goal

Relax the child and signal familiarity.

PIXO Flow

- Sound bars animate smoothly
- Words played once each (mixed):
 - am $\rightarrow$ go $\rightarrow$ no $\rightarrow$ in $\rightarrow$ my $\rightarrow$ we $\rightarrow$ up $\rightarrow$ it

PIXO gently says:

“You know these words 😊”

No response required.

🕒 1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

Goal

Remove any last hesitation before assessment.

PIXO Flow

- PIXO says:

“Let’s say one together 😊”

- One **easy word** played (system-selected, strong word)
- Mic opens briefly
- PIXO speaks along

No scoring.

No correction.

PART 2: HIDDEN ASSESSMENT GAMES

(10 Minutes total)

The child never sees this as a test.

2A. HEAR → CHOOSE PICTURE

(5 Minutes | Listening Check)

Goal

Confirm accurate word recognition by ear.

Format

- Word played once
- 3 pictures shown

Example:

Sound: **“up”**

Options:

- Ball moving up ✅
- Ball on ground
- Child sitting

Rules

- **8 questions**
- All words mixed
- No picture repeats
- Replay allowed **once only**

2B. HEAR SOUNDS → SAY WORD

(5 Minutes | Speaking Check)

Goal

Confirm child can assemble and say the word.

PIXO Flow

- Two sound bars animate separately
 - Example: “aaa...” + “mmm...”
- Bars pause
- PIXO asks gently:

“What word is this?”

Mic opens.

Internal Metrics (System Only)

- Correct word formed (yes / partial)

- Smooth join
- Confidence (latency + volume stability)

No child-visible labels.

 PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% listening accuracy**
 - **Speaking confidence ≥ 3/5**
 - **No single word < 60%**
-

 PART 3: OUTCOME EXPERIENCE + TRANSITION
(10 Minutes total)

 IF PASSED → 2-LETTER WORDS MASTERED 🎉

 3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:

“You can hear and say words!”

Badge unlocked:

 **2-Sound Word Star**

 3B. NEXT LEVEL TEASER

(5 Minutes | Bridge to CVC)

- Sound bars increase from **2 → 3** visually
- Words hinted (sound only):
 - “mmm... aaa... nnn...”
- Voice:

“More sounds are coming!”

 **UNLOCKED:**

MODULE 5 – 3-LETTER WORDS (CVC)

Day 76

Parent notification:

“Child has mastered 2-letter words by sound and is ready for 3-letter words.”

 IF NOT YET READY → GENTLE REDIRECT 🌱

 3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:

“Let’s play with these words again 😊”

 3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weakest **2–3 words only**
- Auto-loop:
 - Game-based reinforcement

- No re-teaching
 - Reattempt checkpoint after **48 hours**
- Child never sees “fail”.
-

NON-NEGOTIABLE RULES

- No scores shown
 - No negative feedback
 - No forced repetition
 - Confidence always protected
-

DAY 75 FINAL OUTCOME

By the end of Day 75, the child:

- ✓ Instantly recognizes all 2-letter words
 - ✓ Says words confidently without spelling
 - ✓ Understands words as **sound units**
 - ✓ Is ready for **3-letter word building**
-

Why this checkpoint matters

This is the **bridge moment**.

From here, reading stops being “sounds” and becomes **patterns**.

IF PASSED

- Badge: **“2-Sound Word Star”**
- Unlock:

MODULE 4B – 3-LETTER WORDS (CVC)

(Day 76)

Parent message:

“Child can hear and speak 2-letter words by sound.”

IF NOT YET READY

- Auto-loop weakest 2–3 words only
 - No restart
 - Reattempt after 48 hours
-

WHY THIS LOGIC IS PERFECT

- Uses **math correctly**, but **filters linguistically**
 - Avoids random permutations
 - Matches how children actually acquire language
 - Sets a clean bridge to **CVC words (cat, sun, man)**
-
-
-
-

MODULE 4: SIMPLE WORD SOUNDING (Day 76–90)

No spelling UI. Only sound bars.

MODULE_4_SIMPLE_WORDS

└─ WORD_MAN

└─ WORD_SUN

└─ WORD_FISH

└─ WORD_NET

└─ WORD_MIX

Task types:

- Hear word → choose picture
- Hear sounds → say word

DAY 76 – 3-LETTER WORD DISCOVERY

(CVC Words: man / sun)

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  Listening → speaking

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars** (new today)
- Bar 1 = starting sound
- Bar 2 = vowel
- Bar 3 = ending sound

DAY 76 OBJECTIVE

By the end of Day 76, the child:

- Notices that some words have **three sounds**
- Hears sounds **joining in sequence**
- Says simple CVC words confidently
- Feels *curious*, not pressured

PART 1: WORD DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 Minutes | New Pattern Awareness)

Goal

Introduce **3-sound words as complete units**.

PIXO Flow

- Picture: a man appears

Voice:

“man... man...”

- Picture: a bright sun

Voice:

“sun... sun...”

Three sound bars animate **together**, slowly.

Rules:

- Each word played **twice**
- No interaction
- Child only listens

PIXO gently says:

“Listen... this word has more sounds 😊”

1B. HEAR THE SOUNDS JOIN

(5 Minutes | Sequence Discovery)

Goal

Let the child *hear* how **three sounds join**.

PIXO Flow

For **man**:

- Bar 1: “mmm...”
- Bar 2: “aaa...”
- Bar 3: “nnn...”
- Bars slide together → **man**

For **sun**:

- “sss...” + “uuu...” + “nnn...” → **sun**

PIXO says softly:

“Listen... all the sounds come together.”

Rules:

- Slow pace
- Clear separation
- No repeat request

PART 2: GUIDED WORD SPEAKING

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER

(5 Minutes | Supported Speaking)

Goal

Speak **with PIXO**, not alone.

PIXO Flow

- PIXO:

“Say it with me... man...”

- Mic opens
- PIXO speaks along

Repeat once for **sun**

Rules:

- Any attempt accepted
 - No correction
 - Calm tempo
-

2B. SAY IT ALONE

(5 Minutes | Gentle Independence)

 Goal

Encourage independent word formation.

PIXO Flow

- PIXO:

“Your turn 😊”

- Three sound bars animate
- Child says the word

System logs:

- Full word attempt
- Smooth joining
- Confidence (latency + volume stability)

No visible feedback.

PART 3: WORD RECOGNITION + PRAISE

(10 minutes → 5 + 5)

3A. HEAR → CHOOSE PICTURE

(5 Minutes | Meaning Through Sound)

 Goal

Confirm word recognition without spelling.

Format

Sound played: “**sun**”

Pictures:

- Sun in the sky 
- Man
- Fish

Repeat once for **man**

Rules:

- No time pressure
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End Day 76 feeling successful.

PIXO Flow

- Gentle celebration animation
- Voice:

“You made a big word with sounds!”

Sticker unlocked:

 **3-Sound Explorer**

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 76 is **discovery-only**
 - No pass/fail
 - Tracks:
 - Comfort with 3-sound sequence
 - Drop-off point (start/middle/end)
 - Used to tune Day 77 pacing
-

DAY 76 FINAL OUTCOME

Child can:

- ✓ Hear that words can have **three sounds**
 - ✓ Blend sounds in order
 - ✓ Say simple CVC words confidently
 - ✓ Feel excited about “bigger words”
-

Why this day matters

This is the **true reading foundation moment**.

Once the brain handles 3 sounds in order, **real decoding begins**.

DAY 77 – CVC SOUND JOINING

(Words: **man / sun**)

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars**
 - Focus today: **joining smoothly without pauses**
-

DAY 77 OBJECTIVE

By the end of Day 77, the child:

- Joins **3 sounds in one smooth flow**
 - Avoids stopping between sounds
 - Says **man / sun** as whole words
 - Builds confidence in longer sound sequences
-

PART 1: SOUND JOINING AWARENESS

(10 minutes → 5 + 5)

1A. HEAR THE WORD (SMOOTH)

(5 Minutes | Flow Awareness)

Goal

Shift from “sounds” to **continuous flow**.

PIXO Flow

- Picture: man
- Voice:

“man...”

- Picture: sun
- Voice:

“sun...”

Three sound bars animate **as one wave**, not separately.

Rules:

- Each word played 2 times
- No pauses
- Child only listens

PIXO softly says:

“Listen... the sounds stay together 😊”

1B. HEAR THE JOINING

(5 Minutes | Blending Focus)

Goal

Help the child notice **no gaps** between sounds.

PIXO Flow

For **man**:

- “mmm-aaannn” (very slight separation)
- Then “man” (fully joined)

For **sun**:

- “sss-uuunnn” → “sun”

PIXO:

“Listen... they join smoothly.”

No repeat request.

PART 2: GUIDED SOUND JOINING

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER (JOINED)

(5 Minutes | Supported Flow)

Goal

Model smooth joining during speaking.

PIXO Flow

- PIXO:

“Say it with me... man...”

- Mic opens
- PIXO speaks **without breaks**

Repeat once for **sun**

Rules:

- Any attempt accepted
 - No correction
 - Focus on flow, not accuracy
-

2B. SAY IT ALONE (JOINED)

(5 Minutes | Independent Joining)

Goal

Encourage smooth word formation.

PIXO Flow

- PIXO:

“Your turn 😊”

- Three sound bars slide together
- Child says the word

System logs:

- Pauses between sounds
- Overall flow
- Confidence

No feedback shown.

PART 3: JOIN → RECOGNIZE → PRAISE

(10 minutes → 5 + 5)

3A. HEAR → CHOOSE (FLOW CHECK)

(5 Minutes | Recognition)

Goal

Confirm the child recognizes **joined words**.

Format

Sound played: “man”

Pictures:

- Man 
- Sun
- Fish

Repeat once for **sun**

Rules:

- No time pressure
 - Replay allowed once
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

Goal

Reinforce success with longer words.

PIXO Flow

- Celebration animation
- Voice:

“You joined all the sounds!”

Sticker unlocked:

 **Sound Joiner**

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 77 tracks:
 - Pause length between sounds
 - Drop-off point (start/middle/end)
- If pauses are long:
 - Day 78 starts slower
- If flow is strong:
 - Day 78 introduces light contrast

No downgrade logic.

DAY 77 FINAL OUTCOME

Child can:

- ✓ Join 3 sounds smoothly
 - ✓ Say **man / sun** as full words
 - ✓ Maintain flow without stopping
 - ✓ Feel confident with CVC words
-

Why this day matters

This is where **decoding becomes natural**.

Once flow is locked, new words come easily.

DAY 78 – CVC SPEAKING CONFIDENCE

(Words: **man / sun**)

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars**
 - Focus today: **speaking ease, not correctness**
-

DAY 78 OBJECTIVE

By the end of Day 78, the child:

- Says **man / sun** confidently and willingly
 - Maintains smooth sound flow
 - Speaks without hesitation or fear
 - Feels: *"I can say big words."*
-

PART 1: LISTEN → PREPARE TO SPEAK

(10 minutes → 5 + 5)

1A. CONFIDENT WORD LISTEN

(5 Minutes | Vocal Readiness)

Goal

Warm the ear and mind before speaking.

PIXO Flow

- Pictures appear one by one
- Voice plays clearly:
 - “man”
 - “sun”

Three sound bars animate **as one unit**.

PIXO gently says:

“Listen carefully 😊”

Rules:

- Each word played once
 - Calm pacing
 - No interaction required
-

1B. SAY IT IN YOUR HEAD

(5 Minutes | Mental Rehearsal)

Goal

Lower speaking pressure using silent practice.

PIXO Flow

- PIXO says:

“Say it quietly in your head 😊”

- One word played slowly (system-selected)
- Sound bars glow softly

Mic stays closed.

No pressure.

PART 2: GUIDED SPEAKING PRACTICE

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER

(5 Minutes | Supported Confidence)

Goal

Speak **with PIXO**, not alone.

PIXO Flow

- PIXO:

“Say it with me... man...”

- Mic opens
- PIXO speaks along smoothly

Repeat once for **sun**

Rules:

- Max 2 attempts per word
- Any attempt accepted
- No correction language

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Ownership)

 **Goal**

Give the child **control and safety**.

PIXO Flow

- Two friendly icons appear
 - One plays “man”
 - One plays “sun”
- Child chooses **one**

PIXO says:

“You choose 😊”

Mic opens only after choice.

System tracks:

- Willingness
- Flow
- Confidence

PART 3: SPEAK → CONFIRM → PRAISE

(10 minutes → 5 + 5)

3A. SAY & MATCH

(5 Minutes | Speak–Listen Loop)

 **Goal**

Reinforce speaking with recognition.

PIXO Flow

- PIXO plays a word
- Child repeats
- Two pictures appear
- Child taps the matching picture

Rules:

- 3 rounds
- Replay allowed once
- Gentle feedback only

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 **Goal**

End the day feeling proud and safe.

PIXO Flow

- Celebration animation
- Voice:

“You said big words so clearly!”

- Sticker unlocked:

 **CVC Speaker**

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 78 tracks:
 - Speaking willingness
 - Flow stability
 - Latency before speaking
 - Weak word (if any):
 - Light reinforcement on Day 79 warm-up
 - No downgrade logic
-

DAY 78 FINAL OUTCOME

Child can:

- ✓ Say **man / sun** confidently
 - ✓ Maintain smooth CVC flow
 - ✓ Speak without hesitation
 - ✓ Feel ready for gentle assessment
-

Why this day matters

Confidence is the **gatekeeper** for decoding.
A child who speaks freely will read freely later.

DAY 79 – CVC ASSESSMENT (Friendly Checkpoint)

Words: **man / sun**

Module: MODULE_4_SIMPLE_WORDS

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Mode:

-  Sound bars only
 -  No letters
 -  No spelling
 -  No visible scores
-

DAY 79 OBJECTIVE

- Validate **listening recognition** of first CVC words
 - Confirm **smooth 3-sound joining in speech**
 - Decide readiness to introduce **new CVC words (fish / net)**
 - Protect confidence regardless of outcome
-

PART 1: WARM-UP & CONFIDENCE PRIME

(10 Minutes total)

1A. FRIENDLY WORD RECAP

(5 Minutes | Familiar Anchor)

Goal

Relax the child and signal safety.

PIXO Flow

- Three sound bars animate smoothly
- Words played once each (mixed order):
 - “sun”
 - “man”

PIXO gently says:

“You know these words 😊”

No response required.

1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

Goal

Remove any last hesitation.

PIXO Flow

- PIXO says:

“Let’s say one together 😊”

- One **strong word** (system-selected) is played
- Mic opens briefly
- PIXO speaks along

No scoring.

No correction.

PART 2: HIDDEN ASSESSMENT GAMES

(10 Minutes total)

⚠ Child never sees this as a test.

2A. HEAR → CHOOSE PICTURE

(5 Minutes | Listening Check)

Goal

Confirm accurate recognition of **man** / **sun** by ear.

Format

- Word played once
- 3 pictures shown

Example:

Sound: “**sun**”

Options:

- Sun in the sky 
- Man
- Fish

Rules

- **6 total questions**
 - Words mixed
 - No picture repeats
 - Replay allowed **once only**
-

2B. HEAR SOUNDS → SAY WORD

(5 Minutes | Speaking Check)

Goal

Confirm the child can **assemble and say** the word from sounds.

PIXO Flow

- Three sound bars animate separately
 - Example: “mmm...” → “aaa...” → “nnn...”
- Bars pause
- PIXO asks gently:

“What word is this?”

Mic opens.

Internal Metrics (System Only)

- Full word formed (yes / partial)
- Smooth joining (no long pauses)
- Confidence (latency + voice stability)

No child-visible feedback.

PASS CRITERIA (SYSTEM ONLY)

- ≥ 80% listening accuracy
- Speaking confidence ≥ 3/5
- No single word < 60%

PART 3: OUTCOME EXPERIENCE + TRANSITION

(10 Minutes total)

IF PASSED → FIRST CVC WORDS MASTERED

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:

“You made big words with sounds!”

Badge unlocked:

CVC Beginner Star

3B. NEXT WORD TEASER

(5 Minutes | Forward Momentum)

- New sound pattern hinted (sound only):
 - “fff... iii... shhh...”
 - “nnn... eee... tt...”
- Voice:

“More words are coming!”

UNLOCKED:

WORD_FISH & WORD_NET (Day 80)

Parent notification:

“Child has mastered first 3-letter words by sound and is ready for new CVC words.”

IF NOT YET READY → GENTLE REDIRECT

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:

“We’ll play with these words again 😊”

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weaker word (man or sun)
- Auto-loop:
 - Short game-based reinforcement only
- Reattempt checkpoint after **48 hours**

Child never sees “fail”.

NON-NEGOTIABLE RULES

- No scores shown
 - No negative feedback
 - No forced repetition
 - Confidence always protected
-

DAY 79 FINAL OUTCOME

By the end of Day 79, the child:

- ✓ Recognizes **man / sun** instantly
 - ✓ Speaks CVC words smoothly
 - ✓ Handles 3-sound sequences confidently
 - ✓ Is ready for **new CVC words (fish / net)**
-

Why this checkpoint matters

This confirms the child can **handle real word structure**.

From here, vocabulary can grow without fear.

DAY 80 – CVC DISCOVERY

(Words: fish / net)

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars**

- New focus today: **different middle + ending sounds**
-

DAY 80 OBJECTIVE

By the end of Day 80, the child:

- Discovers **new 3-sound words**
 - Notices different sound endings (/sh/ vs /t/)
 - Joins sounds without fear
 - Feels *"I can learn new words easily."*
-

PART 1: WORD DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 Minutes | New Pattern Awareness)

Goal

Introduce **fish / net** as complete sound units.

PIXO Flow

- Picture: fish

Voice:

"fish... fish..."

- Picture: net

Voice:

"net... net..."

Three sound bars animate **together**, slowly.

Rules:

- Each word played **twice**
- No interaction
- Listening only

PIXO gently says:

"Listen... new words 😊"

1B. HEAR THE SOUNDS JOIN

(5 Minutes | Texture Discovery)

Goal

Let the child hear **new sound endings** clearly.

PIXO Flow

For **fish**:

- "fff..."
- "iii..."
- "shhh..."
- Bars slide together → **fish**

For **net**:

- "nnn..."
- "eee..."
- "ttt..."
- Bars slide together → **net**

PIXO says softly:

"Listen... the sounds come together."

Rules:

- Clear separation
- Slow pace
- No repeat request

 PART 2: GUIDED WORD SPEAKING

(10 minutes → 5 + 5)

 2A. SAY IT TOGETHER

(5 Minutes | Supported Speaking)

 Goal

Speak new words **with support**.

PIXO Flow

- PIXO:

“Say it with me... fish...”

- Mic opens
- PIXO speaks along smoothly

Repeat once for **net**

Rules:

- Any attempt accepted
- No correction
- Calm tempo

 2B. SAY IT ALONE

(5 Minutes | Gentle Independence)

 Goal

Encourage independent word formation.

PIXO Flow

- PIXO:

“Your turn 😊”

- Three sound bars animate
- Child says the word

System logs:

- Full word attempt
- End-sound clarity (/sh/ vs /t/)
- Confidence

No visible feedback.

 PART 3: WORD RECOGNITION + PRAISE

(10 minutes → 5 + 5)

 3A. HEAR → CHOOSE PICTURE

(5 Minutes | Meaning Through Sound)

 Goal

Confirm recognition without spelling.

Format

Sound played: “fish”

Pictures:

- Fish 
- Net
- Sun

Repeat once for **net**

Rules:

- No time pressure
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

Anchor success with new words.

PIXO Flow

- Gentle celebration animation
- Voice:

“You learned new words with sounds!”

Sticker unlocked:

 **CVC Explorer**

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 80 is **discovery-only**
- No pass/fail logic
- Tracks:
 - Comfort with new ending sounds
 - Any hesitation point
- Used to tune Day 81 joining pace

DAY 80 FINAL OUTCOME

Child can:

- ✓ Hear and say **fish / net**
- ✓ Handle new sound endings confidently
- ✓ Apply CVC joining skill to new words
- ✓ Feel excited about learning more words

Why this day matters

This proves the skill is **transferable**, not memorized.

That’s real reading readiness.

DAY 81 – CVC SOUND JOINING

(Words: fish / net)

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars**
 - Focus today: **smooth joining, clean ending**
-

DAY 81 OBJECTIVE

By the end of Day 81, the child:

- Joins **f-i-sh** and **n-e-t** smoothly
 - Avoids pausing before the last sound
 - Handles different ending textures confidently
 - Feels *"I can say new words easily."*
-

PART 1: SOUND JOINING AWARENESS

(10 minutes → 5 + 5)

1A. HEAR THE WORD (SMOOTH FLOW)

(5 Minutes | Flow Awareness)

Goal

Shift attention from parts to **whole-word flow**.

PIXO Flow

- Picture: fish
- Voice:

"fish..."

- Picture: net
- Voice:

"net..."

Three sound bars animate **as one wave**, no gaps.

Rules:

- Each word played twice
- No pauses
- Listening only

PIXO softly says:

"Listen... the sounds stay together 😊"

1B. HEAR THE JOINING

(5 Minutes | Ending Control)

Goal

Help the child notice **how the word finishes**.

PIXO Flow

For **fish**:

- "fff-iii-shhh" (slight stretch)
- Then "fish" (fully joined)

For **net**:

- "nnn-eee-ttt"

- Then “net”

PIXO:

“Listen... the ending stays close.”

No repeat request.

PART 2: GUIDED SOUND JOINING

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER (JOINED)

(5 Minutes | Supported Flow)

Goal

Model smooth joining during speaking.

PIXO Flow

- PIXO:
- “Say it with me... fish...”
- Mic opens
- PIXO speaks **without breaks**

Repeat once for **net**

Rules:

- Any attempt accepted
 - No correction language
 - Focus on flow, not precision
-

2B. SAY IT ALONE (JOINED)

(5 Minutes | Independent Joining)

Goal

Encourage confident, smooth word formation.

PIXO Flow

- PIXO:
- “Your turn 😊”
- Three sound bars slide together
- Child says the word

System logs:

- Pause length before final sound
- End-sound clarity
- Overall flow

No visible feedback.

PART 3: JOIN → RECOGNIZE → PRAISE

(10 minutes → 5 + 5)

3A. HEAR → CHOOSE (FLOW CHECK)

(5 Minutes | Recognition)

Goal

Confirm recognition of **joined words**, not parts.

Format

Sound played: “fish”

Pictures:

- Fish 
- Net
- Sun

Repeat once for **net**

Rules:

- No time pressure
- Replay allowed once

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

Reinforce success with varied CVC endings.

PIXO Flow

- Celebration animation
- Voice:

“You joined all the sounds smoothly!”

- Sticker unlocked:

CVC Joiner

No scores.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 81 tracks:
 - Ending sound control (/sh/ vs /t/)
 - Flow consistency
- If pauses detected:
 - Day 82 starts slightly slower
- If flow is strong:
 - Day 82 adds light speaking confidence

No downgrade logic.

DAY 81 FINAL OUTCOME

Child can:

- ✓ Join **fish / net** smoothly
- ✓ Handle different CVC endings
- ✓ Maintain flow without hesitation
- ✓ Feel ready to speak confidently

Why this day matters

This confirms the child can **transfer blending skill across sound types**, not just repeat memorized words.

DAY 82 – CVC SPEAKING CONFIDENCE

(Words: fish / net)

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only

-  No letters
-  No spelling

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars**
- Focus today: **confidence, not correction**

DAY 82 OBJECTIVE

By the end of Day 82, the child:

- Says **fish / net** confidently and willingly
- Maintains smooth CVC flow
- Uses clear ending sounds naturally
- Feels: *"I can say new words on my own."*

PART 1: LISTEN → PREPARE TO SPEAK

(10 minutes → 5 + 5)

1A. CONFIDENT WORD LISTEN

(5 Minutes | Vocal Readiness)

Goal

Warm the ear and mind before speaking.

PIXO Flow

- Pictures appear one by one
- Voice plays clearly:
 - "fish"
 - "net"

Three sound bars animate **as one unit**.

PIXO gently says:

"Listen carefully 😊"

Rules:

- Each word played once
- Calm pacing
- No interaction required

1B. SAY IT IN YOUR HEAD

(5 Minutes | Mental Rehearsal)

Goal

Reduce pressure and build internal confidence.

PIXO Flow

- PIXO says:

"Say it quietly in your head 😊"

- One word played slowly (system-selected)
- Sound bars glow softly

Mic remains closed.

PART 2: GUIDED SPEAKING PRACTICE

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER

(5 Minutes | Supported Confidence)

Goal

Speak **with PIXO**, not alone.

PIXO Flow

- PIXO:

“Say it with me... fish...”

- Mic opens
- PIXO speaks along smoothly

Repeat once for **net**.

Rules:

- Max 2 attempts per word
 - Any attempt accepted
 - No correction language
-

2B. YOUR TURN (CHOICE-BASED)

(5 Minutes | Ownership)

Goal

Give the child **control and safety**.

PIXO Flow

- Two friendly icons appear
 - One plays “fish”
 - One plays “net”
- Child chooses **one**

PIXO:

“You choose 😊”

Mic opens after choice.

System tracks:

- Willingness
 - Flow
 - Ending clarity
-

PART 3: SPEAK → CONFIRM → PRAISE

(10 minutes → 5 + 5)

3A. SAY & MATCH

(5 Minutes | Speak–Listen Loop)

Goal

Reinforce speaking with recognition.

PIXO Flow

- PIXO plays a word
- Child repeats
- Two pictures appear

- Child taps the matching picture

Rules:

- 3 rounds
- Replay allowed once
- Gentle feedback only

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

End the day feeling proud and safe.

PIXO Flow

- Celebration animation
- Voice:

“You said new words so clearly!”

- Sticker unlocked:

CVC Speaker Pro

No scores shown.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 82 tracks:
 - Speaking willingness
 - Flow stability
 - Ending sound clarity
- Weak word (if any):
 - Light reinforcement on Day 83 warm-up
- No downgrade logic

DAY 82 FINAL OUTCOME

Child can:

- ✓ Speak **fish / net** confidently
- ✓ Maintain smooth 3-sound flow
- ✓ Handle varied CVC endings
- ✓ Feel ready for friendly assessment

Why this day matters

Confidence is what allows **new words to scale fast**.

A child who enjoys speaking will decode fearlessly.

DAY 83 – CVC ASSESSMENT (Friendly Checkpoint)

Words: fish / net

Module: MODULE_4_SIMPLE_WORDS

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5

- 10 min → 5 + 5

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  No visible scores

DAY 83 OBJECTIVE

- Validate **listening recognition** of new CVC words
- Confirm **smooth, confident 3-sound speaking**
- Decide readiness to move into **mixed CVC play (Day 84)**
- Keep confidence fully protected

PART 1: WARM-UP & CONFIDENCE PRIME

(10 Minutes total)

1A. FRIENDLY WORD RECAP

(5 Minutes | Familiar Anchor)

Goal

Relax the child and remind them these words are known.

PIXO Flow

- Three sound bars animate smoothly
- Words played once each (mixed):
 - “net”
 - “fish”

PIXO gently says:

“You know these words 😊”

No response required.

1B. EASY SAY-TOGETHER

(5 Minutes | Emotional Safety)

Goal

Remove any last hesitation before assessment.

PIXO Flow

- PIXO says:

“Let’s say one together 😊”

- One **strong word** (system-selected) is played
- Mic opens briefly
- PIXO speaks along

No scoring.

No correction.

PART 2: HIDDEN ASSESSMENT GAMES

(10 Minutes total)

Child never experiences this as a test.

2A. HEAR → CHOOSE PICTURE

(5 Minutes | Listening Check)

Goal

Confirm accurate recognition of **fish / net** by ear.

Format

- Word played once
- 3 pictures shown

Example:

Sound: **“fish”**

Options:

- Fish
- Net
- Sun

Rules

- **6 total questions**
 - Words mixed
 - No picture repeats
 - Replay allowed **once only**
-

2B. HEAR SOUNDS → SAY WORD

(5 Minutes | Speaking Check)

Goal

Confirm the child can **assemble and say** the word from sounds.

PIXO Flow

- Three sound bars animate separately
 - Example: “fff...” → “iii...” → “shhh...”
- Bars pause
- PIXO asks gently:

“What word is this?”

Mic opens.

Internal Metrics (System Only)

- Correct word formed (yes / partial)
- Smooth joining (no long pauses)
- Ending sound clarity (/sh/ vs /t/)
- Confidence (latency + voice stability)

No child-visible feedback.

PASS CRITERIA (SYSTEM ONLY)

- **≥ 80% listening accuracy**
 - **Speaking confidence ≥ 3/5**
 - **No single word < 60%**
-

PART 3: OUTCOME EXPERIENCE + TRANSITION

(10 Minutes total)

IF PASSED → NEW CVC WORDS MASTERED

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti animation
- Voice:

“You made new words with sounds!”

Badge unlocked:

3B. MIXED WORD TEASER

(5 Minutes | Forward Momentum)

- Sound bars flow across words (sound only):
 - “man” → “sun” → “fish” → “net”
- Voice:

“Now we can mix words!”

UNLOCKED:

WORD_MIX (Day 84)

Parent notification:

“Child confidently recognizes and speaks new CVC words and is ready for mixed word play.”

IF NOT YET READY → GENTLE REDIRECT

3A. KIND ENCOURAGEMENT

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:

“We’ll play with these words again 😊”

3B. AUTO-LOOP SETUP

(5 Minutes | Invisible Reset)

System actions:

- Identify weaker word (**fish** or **net**)
- Auto-loop:
 - Short game-based reinforcement only
- Reattempt checkpoint after **48 hours**

Child never sees “fail”.

NON-NEGOTIABLE RULES

- No scores shown
- No negative feedback
- No forced repetition
- Confidence always protected

DAY 83 FINAL OUTCOME

By the end of Day 83, the child:

- ✓ Recognizes **fish / net** instantly
- ✓ Speaks CVC words smoothly
- ✓ Handles varied endings confidently
- ✓ Is ready for **mixed CVC play**

Why this checkpoint matters

This confirms the child can **generalize decoding**, not just repeat learned words.
That's the doorway to real reading fluency.

● DAY 84 – WORD_MIX (Mixed CVC Words)

Words in Play:

man · sun · fish · net

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  Game-first learning

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Sound Bars:

- **3 bars**
 - Mixed starting, middle, and ending sounds
-

🧠 DAY 84 OBJECTIVE

By the end of Day 84, the child:

- Switches between different CVC words easily
 - Recognizes words instantly by sound
 - Speaks without hesitation when words change
 - Feels: *"I can handle many words."*
-

🕒 PART 1: MIXED LISTENING GAMES

(10 minutes → 5 + 5)

🕒 1A. QUICK WORD FLOW

(5 Minutes | Ear Agility)

🎯 Goal

Train the ear to **switch words without confusion**.

PIXO Flow

- Sound bars animate smoothly
- Words played in random order:
 - man → fish → sun → net → man → sun

Rules:

- Each word played once per round
- No interaction required
- Child just listens

PIXO gently says:

"Listen... the words change 😊"

1B. SAME OR DIFFERENT

(5 Minutes | Sound Contrast)

Goal

Sharpen discrimination between similar patterns.

PIXO Flow

- Two words played back-to-back
 - “man... sun”
 - “fish... fish”
- Child taps:
 - Same
 - Different

Rules:

- 5 rounds
 - Short pauses
 - No correctness labels
-

PART 2: MIXED SPEAKING GAMES

(10 minutes → 5 + 5)

2A. HEAR → SAY

(5 Minutes | Rapid Recall)

Goal

Encourage quick, confident speaking.

PIXO Flow

- One word played
- No pictures
- Child repeats

Rules:

- 6 rounds
- Mixed words
- Calm pace

System tracks:

- Hesitation time
 - Flow stability
-

2B. SAY → MATCH

(5 Minutes | Speak–Confirm Loop)

Goal

Reinforce speaking with meaning confirmation.

PIXO Flow

- Two pictures appear
- PIXO plays a word
- Child says it
- Then taps matching picture

Rules:

- 4 rounds
 - Gentle feedback only
-

PART 3: GAME CLOSE + PRAISE

(10 minutes → 5 + 5)

3A. WORD TREASURE MIX

(5 Minutes | Joyful Recall)

 Goal

Turn mastery into reward.

PIXO Flow

- Treasure chests appear
- Word plays
- Child taps matching chest

Rules:

- All four words used
 - No penalties
-

3B. PRAISE & EMOTIONAL CLOSE

(5 Minutes | Confidence Lock)

 Goal

Anchor the feeling of “I can handle many words.”

PIXO Flow

- Celebration animation
- Voice:

“You switched words so easily!”

- Sticker unlocked:

 **Word Mixer**

No scores.

No comparison.

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 84 tracks:
 - Confusion pairs (man/sun, fish/net)
 - Reaction speed
 - Weak word:
 - Slightly higher frequency on Day 85
 - Strong word:
 - Reduced frequency
-

DAY 84 FINAL OUTCOME

Child can:

- ✓ Switch between multiple CVC words
 - ✓ Recognize words instantly by sound
 - ✓ Speak without hesitation
 - ✓ Feel confident handling variety
-

Why this day matters

This is the **first real fluency test**, hidden inside play.

If this feels easy, reading will scale fast.

● DAY 85–89 – MIXED WORD SPEED + AUTOMATION

Word Pool (ALL CVC learned):

man · sun · fish · net

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  Game-based automation

Daily Duration: 30 minutes

Daily Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🧠 CORE OBJECTIVE (DAY 85–89)

By the end of Day 89, the child:

- Recognizes words **instantly by sound**
- Responds without hesitation
- Switches between words smoothly
- Speaks confidently even at higher speed
- Feels: *"Words are easy for me."*

This is **automation**, not memorization.

● DAY 85 – SLOW → MEDIUM SPEED TRANSITION

Word Pool:

man · sun · fish · net

Mode:

-  Sound bars only
-  No letters
-  No spelling

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🧠 DAY 85 OBJECTIVE

By the end of Day 85, the child:

- Responds faster without stress
 - Maintains accuracy as speed increases
 - Stays calm while words change
 - Feels: *"I can do this easily."*
-

🕒 PART 1: LISTENING FLOW

(10 minutes → 5 + 5)

🕒 1A. WORD FLOW (MEDIUM SPEED)

(5 Minutes | Ear Speed Calibration)

🎯 Goal

Gently shorten processing time while keeping comfort.

PIXO Flow

- Sound bars animate smoothly
- Words played in random order:
 - man → fish → sun → net → sun → man

Rules:

- Shorter pauses than Day 84
- No repetition unless requested
- No interaction required

PIXO gently says:

"Listen... the words move faster 😊"

🕒 1B. SAME / DIFFERENT (FASTER)

(5 Minutes | Quick Discrimination)

🎯 Goal

Sharpen recognition at higher speed.

PIXO Flow

- Two words played quickly:
 - "man... man"
 - "fish... net"
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- Faster pace than before
- No feedback labels

System tracks:

- Reaction time
 - Accuracy
-

🕒 PART 2: SPEAKING FLOW

(10 minutes → 5 + 5)

🕒 2A. HEAR → SAY (NO VISUALS)

(5 Minutes | Immediate Recall)

🎯 Goal

Reduce hesitation between hearing and speaking.

PIXO Flow

- Word played once
- No pictures shown
- Child repeats immediately

Rules:

- 6 rounds
- Medium speed
- Calm encouragement only

System tracks:

- Response latency
- Flow stability

2B. SAY → MATCH

(5 Minutes | Speak–Confirm Loop)

 Goal

Reinforce confidence through confirmation.

PIXO Flow

- Child says a word first (prompted by sound bars)
- Two pictures appear
- Child taps matching picture

Rules:

- 4 rounds
- Gentle feedback only

PART 3: PRAISE & CONFIDENCE LOCK

(10 minutes → 5 + 5)

3A. SPEED SUCCESS GAME

(5 Minutes | Positive Reinforcement)

 Goal

Associate speed with success, not pressure.

PIXO Flow

- Fun animation plays for each correct response
- Words replayed briefly in background

No scoring shown.

3B. PRAISE & CLOSE

(5 Minutes | Emotional Anchor)

 Goal

End the day feeling calm and capable.

PIXO Flow

- Celebration animation
- Voice:

“Your ears are getting faster!”

 Sticker Unlocked:

Fast Ears

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 85 tracks:
 - Listening reaction time
 - Speaking latency
- If hesitation increases:
 - Day 86 slows slightly
- If flow is strong:
 - Day 86 increases randomness

Child never sees adjustments.

DAY 85 FINAL OUTCOME

Child can:

- ✓ Process words at medium speed
- ✓ Stay accurate under mild speed increase
- ✓ Speak quickly without stress
- ✓ Feel confident and relaxed

DAY 86 – REACTION TIME TRAINING

Word Pool:

man · sun · fish · net

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  Speed with calm

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

DAY 86 OBJECTIVE

By the end of Day 86, the child:

- Responds quickly without freezing
- Reduces delay between hearing and action
- Keeps voice calm even when speed increases
- Feels: *"My brain reacts fast."*

This is reaction training, not testing.

PART 1: QUICK LISTEN RESPONSE

(10 minutes → 5 + 5)

1A. POP & POINT

(5 Minutes | Instant Recognition)

Goal

Train fast auditory → motor response.

PIXO Flow

- One word played (e.g., "sun")
- Three pictures appear immediately
- Child taps the matching picture

Rules:

- Immediate appearance after sound
- 6 rounds
- No repeat unless child requests

System tracks:

- Time to first tap
 - Accuracy
-

1B. WORD FLASH (AUDIO ONLY)

(5 Minutes | Speed Listening)

Goal

Reduce reliance on repetition.

PIXO Flow

- Word played once only
- No pictures shown
- Child simply listens

After 2–3 words, PIXO says:

"Good listening 😊"

Rules:

- 5 words total
 - Slightly faster than Day 85
 - No pressure to respond
-

PART 2: QUICK SPEAK RESPONSE

(10 minutes → 5 + 5)

2A. ECHO FAST

(5 Minutes | Immediate Speaking)

Goal

Shorten time between hearing and speaking.

PIXO Flow

- Word played once
- Child repeats immediately

Rules:

- 6 rounds
- No visual cues
- Calm encouragement only

System tracks:

- Speaking latency

- Smoothness

2B. FINISH THE WORD

(5 Minutes | Predictive Response)

Goal

Encourage fast internal decoding.

PIXO Flow

- First sound played:
 - "mmm..."
- Child finishes:
 - "man"

Rules:

- 4 rounds
- Only familiar words
- No correction language

PART 3: PRAISE & CONFIDENCE LOCK

(10 minutes → 5 + 5)

3A. QUICK SUCCESS LOOP

(5 Minutes | Positive Association)

Goal

Link speed with success and fun.

PIXO Flow

- Quick celebratory animation after responses
- Words replay softly in background

No scoring shown.

3B. PRAISE & CLOSE

(5 Minutes | Emotional Anchor)

Goal

End with calm confidence.

PIXO Flow

- Celebration animation
- Voice:

"You reacted so fast!"

 Sticker Unlocked:

Quick Thinker

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 86 tracks:
 - Reaction time trend
 - Freeze or hesitation patterns
- If freezing appears:
 - Day 87 slows slightly

- If flow is strong:
 - Day 87 increases randomness

Child never sees adjustments.

✅ DAY 86 FINAL OUTCOME

Child can:

- ✓ Respond quickly to spoken words
- ✓ Speak without long delays
- ✓ Maintain calm under speed
- ✓ Feel mentally agile

🟪 DAY 87 – RANDOMIZATION DAY

Word Pool:

man · sun · fish · net

Mode:

- 🔊 Sound bars only
- ❌ No letters
- ❌ No spelling
- 🔀 Full randomization

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🧠 DAY 87 OBJECTIVE

By the end of Day 87, the child:

- Responds accurately without prediction
- Handles unexpected word changes
- Maintains calm when patterns disappear
- Feels: *"I can handle surprises."*

This is flexibility training, not speed training.

🕒 PART 1: RANDOM LISTENING

(10 minutes → 5 + 5)

🕒 1A. SHUFFLE WORD FLOW

(5 Minutes | Unpredictable Listening)

🎯 Goal

Prevent pattern-based guessing.

PIXO Flow

- Words played in fully random order:
 - fish → man → net → sun → sun → fish → man
- No fixed sequence
- No repetition logic

Rules:

- Normal speaking speed
- One play only
- Child just listens

PIXO gently says:

"Listen carefully... it changes 😊"

1B. ODD ONE OUT

(5 Minutes | Sound Contrast)

Goal

Force real discrimination, not memory.

PIXO Flow

- Three words played:
 - "man... man... sun"
- Child taps the one that sounds different

Rules:

- 5 rounds
- Order always changes
- No correctness labels

System tracks:

- Accuracy under randomness
 - Decision time
-

PART 2: RANDOM SPEAKING

(10 minutes → 5 + 5)

2A. SAY WHAT YOU HEAR

(5 Minutes | No Prediction)

Goal

Ensure speaking is driven by listening, not expectation.

PIXO Flow

- Word played once
- No pictures
- Child repeats immediately

Rules:

- 6 rounds
- Fully random word order
- Calm encouragement only

System tracks:

- Hesitation
 - Self-correction attempts
-

2B. SAY → TAP (REVERSED ORDER)

(5 Minutes | Cognitive Flexibility)

 Goal

Disrupt routine response patterns.

PIXO Flow

- Child says a word first (prompted by sound bars)
- THEN pictures appear
- Child taps matching picture

Rules:

- 4 rounds
 - No hints
-

 PART 3: PRAISE & FLEXIBILITY LOCK

(10 minutes → 5 + 5)

 3A. SURPRISE SUCCESS GAME

(5 Minutes | Confidence Reinforcement)

 Goal

Associate unpredictability with success.

PIXO Flow

- Surprise animations triggered randomly
- No relation to correctness shown

Keeps emotional tone positive.

 3B. PRAISE & CLOSE

(5 Minutes | Emotional Anchor)

 Goal

End the day feeling capable under uncertainty.

PIXO Flow

- Celebration animation
- Voice:

"You listened carefully even when it changed!"

 Sticker Unlocked:

Word Jumper

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 87 tracks:
 - Error increase under randomness
 - Hesitation spikes
- If confusion increases:
 - Day 88 reduces speed slightly
- If stability holds:
 - Day 88 keeps high pace

Child never sees adjustments.

 DAY 87 FINAL OUTCOME

Child can:

- ✓ Respond accurately without prediction
- ✓ Stay calm when patterns disappear
- ✓ Speak confidently under randomness
- ✓ Handle flexible word switching

Why this day matters

Real reading is never predictable.

This day trains the brain to listen fresh every time.

DAY 88 – CONFIDENCE UNDER SPEED

Word Pool:

man · sun · fish · net

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  Speed with calm voice

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

DAY 88 OBJECTIVE

By the end of Day 88, the child:

- Responds quickly **without anxiety**
 - Keeps voice relaxed at higher speed
 - Trusts their first response
 - Feels: *“Fast doesn’t scare me.”*
-

PART 1: FAST LISTENING (CALM FRAME)

(10 minutes → 5 + 5)

1A. RAPID WORD FLOW

(5 Minutes | High-Speed Listening)

 Goal

Expose child to faster input while maintaining safety.

PIXO Flow

- Words played at **fast but natural speed**:
 - sun → man → fish → net → man → fish
- Very short pauses
- No repetition

PIXO gently says:

“Listen calmly 😊”

1B. SAME / DIFFERENT (FAST)

(5 Minutes | Calm Decisions)

Goal

Make quick decisions without tension.

PIXO Flow

- Two words played quickly:
 - “fish... net”
 - “sun... sun”
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- No countdowns
- No time pressure shown

System tracks:

- Decision speed
 - Error recovery
-

PART 2: FAST SPEAKING (CALM OUTPUT)

(10 minutes → 5 + 5)

2A. HEAR → SAY (CALM VOICE)

(5 Minutes | Controlled Speaking)

Goal

Maintain vocal calm while responding fast.

PIXO Flow

- Word played once
- Child repeats immediately

PIXO models **slow, relaxed tone**, even though input is fast.

System tracks:

- Voice stability
 - Over-tensing
-

2B. SAY & MATCH

(5 Minutes | Confidence Confirmation)

Goal

Reinforce correctness without stress.

PIXO Flow

- Child says the word
- Two pictures appear
- Child taps matching picture

Rules:

- 4 rounds
 - Gentle animations only
-

PART 3: PRAISE & CALM LOCK

(10 minutes → 5 + 5)

3A. CALM SPEED GAME

(5 Minutes | Emotional Regulation)

 Goal

Associate speed with calm success.

PIXO Flow

- Fast word flashes
- Soft animations follow successful responses

No scoring.

No timers shown.

3B. PRAISE & CLOSE

(5 Minutes | Emotional Anchor)

 Goal

End feeling relaxed and capable.

PIXO Flow

- Gentle celebration animation
- Voice:

“You stayed calm and fast!”

 **Sticker Unlocked:**

Calm Speaker

AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 88 tracks:
 - Anxiety signals (long pauses, quiet voice)
 - Recovery speed after errors
- If stress detected:
 - Day 89 slightly slows pace
- If calm holds:
 - Day 89 keeps speed high

Child never sees adjustments.

DAY 88 FINAL OUTCOME

Child can:

- ✓ Respond quickly without stress
 - ✓ Speak calmly at higher speed
 - ✓ Trust their decoding
 - ✓ Feel confident under pressure
-

Why this day matters

Fluency is not speed.

Fluency is **speed + calm**.

DAY 89 – PRE-CHECKPOINT AUTOMATION DAY

Word Pool:

man · sun · fish · net

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  Natural performance

Daily Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

 DAY 89 OBJECTIVE

By the end of Day 89, the child:

- Responds **naturally without prompts**
- Switches between words effortlessly
- Speaks smoothly without hesitation
- Feels: *"Words just happen."*

This is **automation**, not practice.

 PART 1: NATURAL LISTENING

(10 minutes → 5 + 5)

 1A. MIXED WORD FLOW

(5 Minutes | Natural Input)

 **Goal**

Expose the child to natural, everyday word flow.

PIXO Flow

- Words played at **normal speaking speed**:
 - man → fish → sun → net → sun → man
- No visual cues
- No repeats

PIXO says softly:

"Just listen 😊"

 1B. SAME / DIFFERENT (FINAL)

(5 Minutes | Last Listening Check)

 **Goal**

Confirm discrimination without effort.

PIXO Flow

- Two words played:
 - "net... net"
 - "fish... sun"
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- One play only
- No feedback labels

System tracks:

- Accuracy consistency
- Decision ease

PART 2: NATURAL SPEAKING

(10 minutes → 5 + 5)

2A. SAY WHAT YOU HEAR

(5 Minutes | Free Response)

 **Goal**

Observe spontaneous speaking.

PIXO Flow

- Word played once
- Child responds freely

No visuals.

No prompts.

System tracks:

- Latency
- Flow
- Confidence

2B. SAY FROM SOUNDS

(5 Minutes | Internal Assembly)

 **Goal**

Ensure sound-bar decoding is automatic.

PIXO Flow

- Three sound bars animate
- No pause
- Child says the word

Rules:

- 4 rounds
- All words mixed

PART 3: CONFIDENCE LOCK

(10 minutes → 5 + 5)

3A. NATURAL SUCCESS LOOP

(5 Minutes | Reinforcement)

 **Goal**

Lock in the feeling of ease.

PIXO Flow

- Soft celebratory animations
- Words replay gently in background

No scores.

No corrections.

 3B. PRAISE & QUIET CLOSE
(5 Minutes | Emotional Anchor)

 **Goal**

End calm, confident, ready.

PIXO Flow

- Gentle animation
- Voice:

“Words feel easy now 😊”

 **Sticker Unlocked:**

Word Flow Master

 AUTO-ADAPTIVE NOTES (SYSTEM)

- Day 89 tracks:
 - Consistency across words
 - Any remaining hesitation
- Weak word (if any):
 - Appears once early in Day 90
- Otherwise:
 - Day 90 runs at full confidence

Child never sees adjustments.

 DAY 89 FINAL OUTCOME

Child can:

- ✓ Handle words naturally
 - ✓ Respond without effort
 - ✓ Speak smoothly and calmly
 - ✓ Feel fully ready for assessment
-

Why this day matters

Day 89 is the **quiet proof**.

If this feels easy, mastery is real.

 DAY 90 – MODULE 4 FINAL CHECKPOINT

Status: Mastery Gate

Word Pool (ALL learned):

man · sun · fish · net

Module: MODULE_4_SIMPLE_WORDS

Mode:

-  Sound bars only
-  No letters
-  No spelling
-  No visible scores

Total Duration: 30 minutes

Structure (UNCHANGED):

- 10 min → 5 + 5

- 10 min → 5 + 5
- 10 min → 5 + 5

DAY 90 OBJECTIVE

- Validate **automatic decoding** of CVC words
- Confirm **stable confidence under mixed conditions**
- Decide readiness to move beyond simple words
- End Module 4 with **positive emotional memory**

PART 1: CALM WARM-UP (NO TEST SIGNAL) (10 minutes → 5 + 5)

1A. FAMILIAR WORD FLOW (5 Minutes | Emotional Safety)

Goal

Lower alertness and remove “test” feeling.

PIXO Flow

- Sound bars animate smoothly
- Words played once each (mixed, calm speed):
 - sun → man → fish → net

PIXO says gently:

“You know these words 😊”

No interaction required.

1B. SAY-TOGETHER (ONE WORD) (5 Minutes | Confidence Prime)

Goal

Ensure relaxed speaking before assessment.

PIXO Flow

- PIXO says:

“Let’s say one together 😊”
- One **strong word** auto-selected
- PIXO speaks along
- Mic opens briefly

No scoring.

No correction.

PART 2: HIDDEN MASTERY CHECK (10 minutes → 5 + 5)

 Child never experiences this as a test.

2A. HEAR → CHOOSE PICTURE (5 Minutes | Listening Mastery)

Goal

Confirm instant word recognition by sound.

Format

- Word played **once only**

- 3 picture options appear

Example:

Sound: **“fish”**

Options:

- Fish 
- Sun
- Net

Rules

- **8 total prompts**
- All words mixed
- No picture repeats
- Replay allowed **once maximum**

System tracks:

- Accuracy
- Reaction time

2B. HEAR SOUNDS → SAY WORD

(5 Minutes | Decoding Mastery)

Goal

Confirm automatic sound-to-word assembly.

PIXO Flow

- Three sound bars animate in sequence:
 - “mmm... aaa... nnn...”
- No pause
- PIXO asks softly:

“What word is this?”

Mic opens.

System tracks:

- Smooth joining
- Delay between sounds
- Confidence (voice stability)

No child-visible feedback.

PASS CRITERIA (SYSTEM ONLY)

- ✓ Overall accuracy ≥ **85%**
- ✓ Speaking confidence ≥ **4/5**
- ✓ No word below **70%**

PART 3: OUTCOME EXPERIENCE + TRANSITION

(10 minutes → 5 + 5)

IF PASSED → MODULE 4 MASTERED

3A. CELEBRATION MOMENT

(5 Minutes | Achievement Lock)

- Confetti + calm celebration
- Voice:

“You can hear and say words easily!”

 Badge Unlocked:
Simple Word Sounding Master

 3B. NEXT-PHASE PREVIEW

(5 Minutes | Forward Momentum)

- Sound bars animate:
 - 3 → 4 → 3
- New word patterns hinted (sound only)

Voice:

“More words are waiting!”

 UNLOCKED NEXT:

PHASE 4 – WORD CHAINS & FLUENCY

(Day 91)

 Parent notification:

“Child has mastered simple word sounding and is ready for advanced blending and fluency.”

 IF NOT YET READY → SOFT LOOP

 3A. ENCOURAGING CLOSE

(5 Minutes | Confidence Protection)

- Calm animation
- Voice:

“Let’s play with these words again 😊”

 3B. AUTO-REINFORCEMENT LOGIC

(5 Minutes | Invisible Reset)

System action:

- Identify weakest **1–2 words only**
- Auto-loop:
 - Day 84–89 style games
- Reattempt checkpoint after **72 hours**

Child never sees failure.

 NON-NEGOTIABLE RULES (MODULE END)

- No visible scores
 - No labels like pass/fail
 - No comparison
 - Confidence > performance
-

 MODULE 4 FINAL OUTCOME

By the end of Day 90, the child:

- ✓ Decodes CVC words automatically
 - ✓ Switches words without effort
 - ✓ Speaks calmly and confidently
 - ✓ Has a strong emotional foundation for reading
-

Why Day 90 matters

This is the **first true reading milestone**.
Not letters.
Not spelling.
But **meaningful sound-to-word mastery**.

PHASE 4 – 3-LETTER WORDS (FOUNDATION)

Day 91–105 (15 Days)

This phase answers one question only:

“Can the child handle structured 3-sound words consistently?”

FIRST: TRANSLATING YOUR MATH → LEARNING LOGIC

You correctly listed:

Case	Total
26P3 (no repeat)	15,600
26 ³ (with repeat)	17,576
26C3	2,600

 **PIXO does NOT use any raw case directly.**

Because children don’t learn:

- random permutations
- abstract combinations
- dictionary exhaustiveness

 **PIXO USES A FILTERED PERMUTATION WITH REPETITION**

But only where **phonics rules allow it**.

Think of PIXO’s rule as:

Phonics-Valid Permutations (Structured Subset)

PIXO 3-LETTER WORD RULE (NON-NEGOTIABLE)

Only words that are:

1. **Pronounceable**
2. **Decodable by sound**
3. **Concrete / child-safe**
4. **CVC-first** (no blends yet)

So from **17,576 theoretical words**, PIXO intentionally uses **~40–60 total** across this entire phase.

For **Day 91–105**, we use **16 words only**.

Why?

- Cognitive load control
 - Repetition with variation
 - Confidence > volume
-

STRUCTURE (UNCHANGED)

 **30 minutes/day**

- 10 → 5 + 5
- 10 → 5 + 5
- 10 → 5 + 5

Mode:

- Sound bars only

- No letters
- No spelling

WORD SET (DAY 91–105)

We reuse known sounds only:

/m / s / n / f / l / vowels/

SET A – CVC CORE (already started)

man, sun, net, fish

SET B – NEW CVC (same sound families)

mat, sit, fan, lip

SET C – CVC VARIATION (ending control)

pen, map, nut, fin

SET D – MIX CONSOLIDATION

(all above)

DAY-WISE CURRICULUM (91–105)

PHASE 4 – 3-LETTER WORDS

DAY 91 – CVC DISCOVERY (mat / sit)

This day marks a major shift:

 *Sounds → Sounds + Words + Spelling Awareness*

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT – UPDATED)

From Day 91 onward, ALL are enabled:

-   Sound bars
-   Letters / full word shown
-   Spelling visible
-   Visible scoring (stars / progress bar)

 **Important:**

Letters appear only after sound exposure, never first.

DAY 91 OBJECTIVE

By the end of Day 91, the child:

- Hears mat / sit as 3 sounds
- Sees that sounds form letters → letters form words
- Begins spelling awareness without memorizing
- Feels curious, not pressured

This is sound-to-symbol mapping, not rote reading.

PART 1 – SOUND → WORD DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR THE WORD (SOUND FIRST)

(5 minutes | Auditory Anchor)

Goal

Anchor the word in sound before letters appear.

PIXO FLOW

- Picture: mat

-  Voice:

"mat... mat..."

- Three sound bars animate together

 After 2 plays → letters fade in softly

m a t

Same flow for sit.

Rules:

- No spelling spoken yet
- Letters are visual only
- Child is listening, not reading

PIXO says softly:

"Listen to the word 😊"

1B. HEAR SOUNDS → SEE SPELLING

(5 minutes | Sound-Symbol Mapping)

Goal

Show how each sound maps to a letter.

PIXO FLOW

For mat:

- "mmm..." → m highlights
- "aaa..." → a highlights
- "ttt..." → t highlights
- Bars slide together → mat

For sit:

- "sss..." → s
- "iii..." → i
- "ttt..." → t

Rules:

- Slow, deliberate
- No asking child to spell
- Pure observation

PIXO says:

"Each sound has a letter."

PART 2 – GUIDED SPEAKING + SPELLING AWARENESS

(10 minutes → 5 + 5)

2A. SAY THE WORD (WITH TEXT)

(5 minutes | Supported Speaking)

Goal

Connect speaking + seeing the word.

PIXO FLOW

- Word mat shown clearly
- PIXO:

"Say it with me... mat"

- Mic opens
- PIXO speaks along

Repeat for sit.

Scoring:

★ Star appears for attempt, not accuracy

2B. BUILD THE WORD (LIGHT SPELLING)

(5 minutes | No Pressure)

Goal

Introduce spelling as play, not test.

PIXO FLOW

- Sound bars animate
- Letters appear scrambled:

t m a

- PIXO:

"Let's build the word 😊"

- Child taps letters in order

Rules:

- Auto-help after hesitation
 - No wrong buzzer
 - Completion = ★
-

PART 3 – MEANING + SCORE VISIBILITY

(10 minutes → 5 + 5)

3A. HEAR → READ → CHOOSE

(5 minutes | Full Integration)

Goal

Integrate sound + word + meaning.

FORMAT

Sound played: "sit"

On screen:

- Word: sit
- 3 pictures:
 - Child sitting ✓
 - Sun
 - Fish

Child taps picture.

Scoring:

- ★ appears instantly
 - Progress bar fills slightly
-

3B. PRAISE + SCORE SUMMARY

(5 minutes | Motivation Lock)

Goal

Let the child *see progress*.

PIXO FLOW

- Score summary:
 - ★★ out of ★★
 - Cheer animation
 - Voice:

"You learned new words today!"

Badge:

CVC Beginner – Level 1

VISIBLE SCORING RULES (CHILD-SAFE)

- Stars reward effort first
- Accuracy adjusts difficulty silently
- No red marks
- No fail screen

Parents can see detailed analytics, child sees only success.

DAY 91 FINAL OUTCOME

Child can:

- ✓ Hear 3-sound words
 - ✓ See how sounds map to letters
 - ✓ Attempt spelling without fear
 - ✓ Understand word meaning
 - ✓ Feel proud and motivated
-

DAY 92 – CVC SOUND JOINING

Words: mat / sit

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT – ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full word visible
- ✓ ✎️ Spelling interaction enabled
- ✓ 🏆 Visible scoring (stars + progress bar)

Letters always follow sound, never lead.

🧠 DAY 92 OBJECTIVE

By the end of Day 92, the child:

- Joins m-a-t and s-i-t smoothly
 - Avoids pausing between sounds
 - Connects sound → letter → word automatically
 - Feels confident blending 3-letter words
-

🕒 PART 1 – SOUND → LETTER JOINING

(10 minutes → 5 + 5)

🕒 1A. HEAR THE WORD (SMOOTH FLOW)

(5 minutes | Whole-Word Anchor)

🎯 Goal

Shift attention from parts to flow.

PIXO FLOW

- Picture + word shown: mat
- 🗣️ Voice:

“mat...”

- Three sound bars animate as one wave
- Letters stay visible: m a t

Repeat once for sit.

Rules:

- No separation
- Natural pace
- Child only listens

PIXO says softly:

“The word flows together 😊”

🕒 1B. HEAR SOUNDS → WATCH THEM JOIN

(5 minutes | Visual Blending)

🎯 Goal

Make joining visually obvious.

PIXO FLOW

For mat:

- “mmm...” → m glows
- “aaa...” → a glows
- “ttt...” → t glows
- Letters slide together → mat

For sit:

- "sss..." → s
- "iii..." → i
- "ttt..." → t

Rules:

- Slight overlap between sounds
- No full pauses
- One cycle per word

PIXO:

"The sounds stay together."

PART 2 – GUIDED JOINED SPEAKING

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER (JOINED)

(5 minutes | Supported Blending)

 Goal

Model smooth speaking, not broken sounds.

PIXO FLOW

- Word shown: mat
- PIXO:
- "Say it with me... mat"
- Mic opens
- PIXO speaks without breaking sounds

Repeat for sit.

Scoring:

- ★ Star for attempt
- ★ Extra glow for smooth flow

2B. SAY & BUILD (JOINED)

(5 minutes | Active Blending)

 Goal

Reinforce joining through action.

PIXO FLOW

- Sound bars animate quickly
- Letters appear scrambled:
a t m
- Child taps letters
- Word forms automatically
- Child says the word again

Rules:

- Auto-snap after hesitation
 - No wrong sound
 - Completion = ★
-

PART 3 – MEANING + SCORE VISIBILITY

(10 minutes → 5 + 5)

3A. HEAR → READ → SAY → CHOOSE

(5 minutes | Full Integration Loop)

Goal

Lock all channels together.

FORMAT

-  Sound: “sit”
- Word visible: sit
- Child says word
- 3 pictures appear
- Child taps correct picture

Scoring:

-  shown immediately
- Progress bar fills

3B. PRAISE + SCORE SUMMARY

(5 minutes | Motivation Lock)

Goal

End Day 92 with visible success.

PIXO FLOW

- Score shown:

☆☆ / ☆☆☆

- Cheer animation
- Voice:

“You joined the sounds perfectly!”

Badge:

CVC Joiner – Level 1

SCORING LOGIC (CHILD-SAFE)

- Stars reward flow first, accuracy second
- Hesitation reduces speed next round, not stars
- No fail screens
- Always end on success

DAY 92 FINAL OUTCOME

Child can:

- ✓ Blend mat / sit smoothly
- ✓ See and hear sound–letter alignment
- ✓ Say words without pausing
- ✓ Feel confident and motivated

DAY 93 – CVC SPEAKING CONFIDENCE

Words: mat / sit

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT – ACTIVE)

- ✓  Sound bars
- ✓  Letters / full word visible
- ✓  Spelling interaction
- ✓  Visible scoring (stars + progress bar)

Rule reminder: Sound first, letters second.

DAY 93 OBJECTIVE

By the end of Day 93, the child:

- Says mat / sit willingly and clearly
- Initiates speaking with less prompting
- Uses letters as support, not dependence
- Feels: *"I can say these words by myself."*

PART 1 – SPEAKING WARM-UP (LOW PRESSURE)

(10 minutes → 5 + 5)

1A. LISTEN → SAY (CALM START)

(5 minutes | Confidence Primer)

Goal

Ease into speaking without urgency.

PIXO FLOW

- Word appears: mat

-  Voice:

"mat"

- Sound bars animate together

- Mic opens gently

Child repeats.

Repeat for sit.

Scoring:

- ★ Star for attempt, not clarity

PIXO says:

"Nice saying the word 😊"

1B. SAY IN YOUR HEAD → SAY ALOUD

(5 minutes | Internal Confidence)

Goal

Reduce pressure by rehearsing silently first.

PIXO FLOW

- PIXO:

"Say it quietly in your head..."

- Word flashes softly: sit
- After 2 seconds:

"Now say it 😊"

Mic opens.

Rules:

- No rush
 - Any attempt accepted
-

🕒 PART 2 – CHOICE-BASED SPEAKING

(10 minutes → 5 + 5)

🕒 2A. YOU CHOOSE THE WORD

(5 minutes | Ownership)

🎯 Goal

Build autonomy and motivation.

PIXO FLOW

- Two word cards shown:

- mat
- sit

- PIXO:

"You choose the word 😊"

- Child taps one
- Sound plays
- Child says it

Scoring:

★ Appears immediately

Progress bar fills slightly

🕒 2B. SAY → BUILD → SAY AGAIN

(5 minutes | Confidence Loop)

🎯 Goal

Reinforce speaking through success repetition.

PIXO FLOW

- Child says word
- Letters appear scrambled:

m a t

or

s i t

- Child taps letters
- Word forms
- Child says word again

Rules:

- Auto-help if stuck
- No error sounds
- Completion = ★

 PART 3 – SPEAK → MEAN → PRAISE

(10 minutes → 5 + 5)

 3A. SAY → MATCH PICTURE

(5 minutes | Meaning Confirmation)

 Goal

Confirm the word is *understood*, not just spoken.

PIXO FLOW

- Word shown: mat
- Child says word
- 3 pictures appear:
 - Mat 
 - Sun
 - Fish

Repeat once for sit.

Scoring:

★ Immediate

No penalties

 3B. PRAISE + VISIBLE PROGRESS

(5 minutes | Motivation Lock)

 Goal

End Day 93 with pride.

PIXO FLOW

- Progress bar update
- Star summary:

★ ★ / ★ ★ ★

- Voice:

"You said the words by yourself!"

 Badge:

CVC Speaker – Level 1

 SCORING LOGIC (VISIBLE BUT SAFE)

- Speaking attempt = ★
- Smooth flow = glow animation
- Accuracy affects future pacing, not stars
- No fail screen

 DAY 93 FINAL OUTCOME

Child can:

- ✓ Say mat / sit independently
- ✓ Use letters as support
- ✓ Build and say words confidently
- ✓ Feel ownership over speaking

🟦 DAY 94 – CVC CHECKPOINT

Words: mat / sit

📅 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT – ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full word visible
- ✓ ✎️ Spelling interaction
- ✓ 🏆 Visible scoring (stars + progress bar)

Rule: Sound always comes first. Letters follow.

🧠 DAY 94 OBJECTIVE

- Validate automatic sound → letter → word decoding
- Confirm smooth speaking without pauses
- Check meaning recognition
- Decide readiness to introduce new CVC words

No pressure. No surprise. No labels.

🕒 PART 1 – CONFIDENCE PRIME (NO TEST SIGNAL)

(10 minutes → 5 + 5)

🕒 1A. FAMILIAR WORD FLOW

(5 minutes | Emotional Safety)

🎯 Goal

Lower alertness and set a calm tone.

PIXO FLOW

- Sound bars animate smoothly
- Words played once each (mixed):
 - sit
 - mat
- Words visible beneath bars

PIXO says gently:

"You know these words 😊"

No response required.

 1B. SAY-TOGETHER (ONE WORD)

(5 minutes | Confidence Primer)

 Goal

Remove hesitation before observation.

PIXO FLOW

- PIXO:

"Let's say one together 😊"

- System selects the stronger word
- PIXO speaks along
- Mic opens briefly

Scoring:

★ for participation only

 PART 2 – HIDDEN CHECK (ALL LAYERS ACTIVE)

(10 minutes → 5 + 5)

⚠ The child never experiences this as a test.

 2A. HEAR → READ → CHOOSE

(5 minutes | Listening + Meaning)

 Goal

Confirm instant recognition by sound with text present.

FORMAT

- 🗣 Sound played once: "mat"
- Word shown: mat
- 3 pictures appear:
 - Mat ✅
 - Sun
 - Fish

Rules:

- 6 total prompts
- Words mixed
- One replay allowed

Scoring:

★ appears immediately

Progress bar fills slightly

 2B. HEAR SOUNDS → SAY → BUILD

(5 minutes | Decoding Stability)

 Goal

Confirm automatic blending and spelling awareness.

PIXO FLOW

- Sound bars animate in sequence:

- “mmm...” → “aaa...” → “ttt...”
- Word area empty
- PIXO asks softly:

“What word is this?”

- Child says the word
- Letters appear scrambled:

t a m

- Child taps to build

System tracks (invisible):

- Joining smoothness
- Pause length
- Letter order accuracy

Scoring:

★ for completion

Glow for smooth flow

PASS CRITERIA (SYSTEM ONLY)

- ✓ Listening accuracy $\geq 85\%$
 - ✓ Speaking confidence $\geq 4/5$
 - ✓ No word below 70%
- (Stars shown do not equal pass/fail.)
-

PART 3 – OUTCOME + TRANSITION

(10 minutes → 5 + 5)

IF STABLE → READY FOR NEW WORDS

3A. CELEBRATION MOMENT

(5 minutes | Achievement Lock)

- Confetti (calm)
- Voice:

“You can hear and say these words easily!”

 Badge unlocked:

CVC Stable – Set A

3B. NEXT WORD PREVIEW

(5 minutes | Forward Momentum)

- New sounds hinted (sound only):
 - “fff... aaa... nnn...”
 - “lll... iii... ppp...”
- Words fade in briefly:
 - fan
 - lip

Voice:

“New words are coming!”

🔒 UNLOCKED:

🟢 DAY 95 – CVC DISCOVERY (fan / lip)

📧 Parent notification:

“Child has stabilized first CVC words with sound, letters, and meaning.”

🔄 IF NOT YET STABLE → SOFT LOOP 🌱

🕒 3A. ENCOURAGING CLOSE

- Calm animation
- Voice:

“Let’s play with these words again 😊”

🕒 3B. AUTO-REINFORCEMENT

- Re-mix Day 92–93 games
 - Only mat / sit
 - Reattempt checkpoint after 48 hours
- Child never sees “fail”.
-

🔒 NON-NEGOTIABLE RULES

- No red marks
 - No fail screen
 - No pressure language
 - Confidence > correctness
-

✅ DAY 94 FINAL OUTCOME

Child can:

- ✓ Decode mat / sit automatically
 - ✓ Blend smoothly with letters visible
 - ✓ Recognize meaning instantly
 - ✓ Feel confident moving forward
-

🟢 DAY 95 – CVC DISCOVERY

Words: fan / lip

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT – ACTIVE)

- ✓ 🔊 Sound bars
- ✓ 📖 Letters / full word visible
- ✓ ✎ Spelling interaction
- ✓ 🏆 Visible scoring (stars + progress bar)

Rule remains absolute: Sound first → letters next → word last.

DAY 95 OBJECTIVE

By the end of Day 95, the child:

- Hears fan / lip as whole 3-sound words
- Notices new starting and ending sounds (/f/ and /p/)
- Begins mapping sounds to letters naturally
- Feels confident meeting new words

No assessment.

Pure discovery.

PART 1 – SOUND → WORD DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR THE WORD (SOUND FIRST)

(5 minutes | Auditory Anchor)

Goal

Anchor the word by sound before reading.

PIXO FLOW

- Picture + word area appears

-  Voice:

"fan... fan..."

- Three sound bars animate together

- After second play → letters fade in:

f a n

Repeat same flow for lip.

Rules:

- No spelling spoken
- Letters are visual support only
- Child listens and watches

PIXO says softly:

"Listen to the new word 😊"

1B. HEAR SOUNDS → SEE SPELLING

(5 minutes | Sound–Letter Mapping)

Goal

Connect each sound to its letter.

PIXO FLOW

For fan

- "fff..." → f glows
- "aaa..." → a glows
- "nnn..." → n glows
- Letters slide together → fan

For lip

- "lll..." → l
- "iii..." → i
- "ppp..." → p

Rules:

- Slow pace
- Clear articulation
- No interaction required

PIXO:

"Each sound has a letter."

PART 2 – GUIDED SPEAKING + SPELLING PLAY

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER

(5 minutes | Supported Speaking)

Goal

Lower fear by speaking with PIXO.

PIXO FLOW

- Word shown: fan
- PIXO:

"Say it with me... fan"

- Mic opens
- PIXO speaks along

Repeat once for lip.

Scoring:

★ Star for attempt

Glow for smooth flow

2B. BUILD THE WORD

(5 minutes | Gentle Spelling Awareness)

Goal

Introduce spelling as play, not test.

PIXO FLOW

- Sound bars animate
- Letters appear scrambled:

n f a

or

p i l

- PIXO:

"Let's build the word 😊"

- Child taps letters
- Word forms automatically

Rules:

- Auto-help if stuck
- No error sounds
- Completion = ★

PART 3 – MEANING + VISIBLE PROGRESS

(10 minutes → 5 + 5)

 3A. HEAR → READ → CHOOSE

(5 minutes | Meaning Mapping)

 Goal

Confirm sound → word → meaning.

FORMAT

-  Sound played: "lip"
- Word visible: lip
- 3 pictures appear:
 - Lips 
 - Fan
 - Sun

Repeat once for fan.

Scoring:

 Immediate

Progress bar fills

 3B. PRAISE + SCORE SUMMARY

(5 minutes | Motivation Lock)

 Goal

End Day 95 feeling successful.

PIXO FLOW

- Star summary:

- Cheer animation
- Voice:

"You learned new words today!"

 Badge:

CVC Explorer – Set B

 VISIBLE SCORING RULES (UNCHANGED)

- Stars reward effort first
 - Accuracy adjusts pacing silently
 - No red marks
 - No fail screens
-

 DAY 95 FINAL OUTCOME

Child can:

- ✓ Hear and say fan / lip
 - ✓ Map sounds to letters
 - ✓ Build words without fear
 - ✓ Understand word meaning
 - ✓ Feel motivated to continue
-

● DAY 96 – CVC SOUND JOINING

Words: fan / lip

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT – ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full word visible
- ✓ ✍️ Spelling interaction
- ✓ 📊 Visible scoring (stars + progress bar)

Non-negotiable: Sound → letters → word. Never reversed.

🧠 DAY 96 OBJECTIVE

By the end of Day 96, the child:

- Joins f–a–n and l–i–p smoothly
- Avoids stopping between sounds
- Uses letters as confirmation, not crutches
- Feels confident blending at normal speed

🕒 PART 1 – SOUND → LETTER JOINING

(10 minutes → 5 + 5)

🕒 1A. HEAR THE WORD (SMOOTH FLOW)

(5 minutes | Whole-Word Anchor)

🎯 Goal

Shift attention from parts to continuous flow.

PIXO FLOW

- Word shown: fan

- 🗣️ Voice:

“fan...”

- Three sound bars animate as one wave
- Letters f a n stay visible

Repeat once for lip.

Rules:

- Natural pace
- No breaks
- Child listens only

PIXO says softly:

“The word flows together 😊”

🕒 1B. HEAR SOUNDS → WATCH THEM JOIN

(5 minutes | Visual Blending)

 Goal

Make joining obvious and predictable.

PIXO FLOW

For fan

- "fff..." → f glows
- "aaa..." → a glows
- "nnn..." → n glows
- Letters slide together → fan

For lip

- "lll..." → l
- "iii..." → i
- "ppp..." → p

Rules:

- Slight overlap between sounds
 - No long pauses
 - One full cycle per word
-

 PART 2 – GUIDED JOINED SPEAKING

(10 minutes → 5 + 5)

 2A. SAY IT TOGETHER (JOINED)

(5 minutes | Supported Blending)

 Goal

Model smooth speaking, not broken sounds.

PIXO FLOW

- Word visible: fan
- PIXO:
"Say it with me... fan"
- Mic opens
- PIXO speaks without separating sounds

Repeat for lip.

Scoring:

★ for attempt

✦ glow for smooth flow

 2B. SAY & BUILD (JOINED)

(5 minutes | Active Blending)

 Goal

Reinforce joining through action.

PIXO FLOW

- Sound bars animate quickly
- Letters appear scrambled:

a n f

or

p l i

- Child taps letters
- Word forms automatically
- Child says the word again

Rules:

- Auto-snap after hesitation
- No error sounds
- Completion = ★

 PART 3 – MEANING + SCORE VISIBILITY

(10 minutes → 5 + 5)

 3A. HEAR → READ → SAY → CHOOSE

(5 minutes | Full Integration Loop)

 Goal

Lock sound, word, and meaning together.

FORMAT

-  Sound: "lip"
- Word visible: lip
- Child says the word
- 3 pictures appear
- Child taps correct picture

Repeat once for fan.

Scoring:

★ immediate

Progress bar advances

 3B. PRAISE + SCORE SUMMARY

(5 minutes | Motivation Lock)

 Goal

End Day 96 feeling strong and fluent.

PIXO FLOW

- Star summary:

★★★ / ★★★★★

- Cheer animation

- Voice:

"You joined the sounds smoothly!"

 Badge:

CVC Joiner – Set B

 SCORING LOGIC (CHILD-SAFE)

- Stars reward flow first, accuracy second
- Hesitation slows next round, not stars
- No fail screen
- Always end on success

✅ DAY 96 FINAL OUTCOME

Child can:

- ✓ Blend fan / lip smoothly
- ✓ Maintain flow at normal speed
- ✓ Use letters to confirm sounds
- ✓ Feel confident and ready to speak freely

● DAY 97 – CVC SPEAKING CONFIDENCE

Words: fan / lip

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT – ACTIVE)

- ✅ 🗣️ Sound bars
- ✅ 📄 Letters / full word visible
- ✅ 📝 Spelling interaction
- ✅ 📊 Visible scoring (stars + progress bar)

Reminder: Sound → letters → word. Always.

🧠 DAY 97 OBJECTIVE

By the end of Day 97, the child:

- Says fan / lip willingly and clearly
- Initiates speaking with minimal prompting
- Uses letters only as reassurance
- Feels: *"I can say these words on my own."*

🕒 PART 1 – SPEAKING WARM-UP (LOW PRESSURE)

(10 minutes → 5 + 5)

🕒 1A. LISTEN → SAY (CALM START)

(5 minutes | Confidence Primer)

🎯 Goal

Ease into speaking without urgency.

PIXO FLOW

- Word shown: fan

- 🗣️ Voice:

"fan"

- Sound bars animate together
- Mic opens gently

Child repeats.

Repeat once for lip.

Scoring:

★ Star for attempt, not clarity

PIXO says:

"Nice saying the word 😊"

🕒 1B. THINK → SAY

(5 minutes | Internal Confidence)

🎯 Goal

Encourage mental rehearsal before speaking.

PIXO FLOW

- PIXO:

"Say it quietly in your head..."

- Word flashes softly: lip

- After 2 seconds:

"Now say it 😊"

Mic opens.

Rules:

- No rush
 - Any attempt accepted
-

🕒 PART 2 – CHOICE-BASED SPEAKING

(10 minutes → 5 + 5)

🕒 2A. YOU CHOOSE

(5 minutes | Ownership)

🎯 Goal

Build autonomy and motivation.

PIXO FLOW

- Two word cards shown:

- fan
- lip

- PIXO:

"You choose 😊"

- Child taps one

- Sound plays

- Child says the word

Scoring:

★ Immediate

Progress bar advances slightly

🕒 2B. SAY → BUILD → SAY AGAIN

(5 minutes | Confidence Loop)

🎯 Goal

Strengthen confidence through success repetition.

PIXO FLOW

- Child says chosen word
- Letters appear scrambled:

f a n

or

l i p

- Child taps letters
- Word forms
- Child says the word again

Rules:

- Auto-assist if stuck
- No error sounds
- Completion = ★

🕒 PART 3 – SPEAK → MEAN → PRAISE

(10 minutes → 5 + 5)

🕒 3A. SAY → MATCH PICTURE

(5 minutes | Meaning Confirmation)

🎯 Goal

Ensure the word is *understood*, not just spoken.

PIXO FLOW

- Word shown: lip
- Child says the word
- 3 pictures appear:
 - Lips ✅
 - Fan
 - Sun

Repeat once for fan.

Scoring:

★ Immediate

No penalties

🕒 3B. PRAISE + VISIBLE PROGRESS

(5 minutes | Motivation Lock)

🎯 Goal

End Day 97 with pride and calm confidence.

PIXO FLOW

- Progress bar update
- Star summary:

★★★★ / ★★★★★

- Voice:

"You said the words by yourself!"

🏆 Badge:

CVC Speaker – Set B

SCORING LOGIC (VISIBLE BUT SAFE)

- Speaking attempt = 
 - Smooth flow = glow animation
 - Accuracy influences pacing, not rewards
 - No fail screens
-

DAY 97 FINAL OUTCOME

Child can:

- ✓ Say fan / lip independently
 - ✓ Speak without hesitation
 - ✓ Build and say words confidently
 - ✓ Feel ownership over speaking
-

DAY 98 – CVC CHECKPOINT

Words: fan / lip

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT – ACTIVE)

- ✓  Sound bars
- ✓  Letters / full word visible
- ✓  Spelling interaction
- ✓  Visible scoring (stars + progress bar)

Rule remains: Sound first → letters → word.

DAY 98 OBJECTIVE

- Validate automatic blending of *fan / lip*
- Confirm confident independent speaking
- Check sound–letter–meaning stability
- Decide readiness to introduce next CVC set

No pressure. No labels.

PART 1 – CONFIDENCE PRIME

(10 minutes → 5 + 5)

1A. FAMILIAR WORD FLOW

(5 minutes | Emotional Safety)

Goal

Lower alertness and set a calm tone.

PIXO FLOW

- Sound bars animate smoothly
- Words played once each (mixed):
 - fan
 - lip
- Words visible under bars

PIXO gently says:

"You know these words 😊"

No response required.

🕒 1B. SAY-TOGETHER (ONE WORD)

(5 minutes | Confidence Primer)

🎯 Goal

Remove hesitation before observation.

PIXO FLOW

- PIXO:

"Let's say one together 😊"

- System selects the stronger word
- PIXO speaks along
- Mic opens briefly

Scoring:

★ for participation only

🕒 PART 2 – HIDDEN CHECK (ALL LAYERS ACTIVE)

(10 minutes → 5 + 5)

⚠️ Child never experiences this as a test.

🕒 2A. HEAR → READ → CHOOSE

(5 minutes | Listening + Meaning)

🎯 Goal

Confirm instant recognition by sound.

FORMAT

- 🗣️ Sound played once: "lip"
- Word visible: lip
- 3 pictures appear:
 - Lips ✅
 - Fan
 - Sun

Rules:

- 6 total prompts
- Words mixed
- One replay allowed

Scoring:

★ appears immediately

Progress bar fills slightly

2B. HEAR SOUNDS → SAY → BUILD

(5 minutes | Decoding Stability)

Goal

Confirm smooth blending and spelling awareness.

PIXO FLOW

- Sound bars animate:
 - “fff...” → “aaa...” → “nnn...”
 - Word area empty
 - PIXO asks softly:

“What word is this?”

- Child says the word
- Letters appear scrambled:

n a f

- Child taps to build

System tracks (invisible):

- Joining smoothness
- Pause length
- Letter order accuracy

Scoring:

★ for completion

💡 glow for smooth flow

PASS CRITERIA (SYSTEM ONLY)

- ✓ Listening accuracy ≥ 85%
- ✓ Speaking confidence ≥ 4/5
- ✓ No word below 70%

(Stars shown - pass/fail.)

PART 3 – OUTCOME + TRANSITION

(10 minutes → 5 + 5)

● IF STABLE → READY FOR NEXT WORDS

3A. CELEBRATION MOMENT

(5 minutes | Achievement Lock)

- Calm confetti
- Voice:

“You can say these words easily!”

 Badge unlocked:

CVC Stable – Set B

3B. NEXT WORD PREVIEW

(5 minutes | Forward Momentum)

- New sounds hinted (sound only):
 - “ppp... eee... nnn...”
 - “nnn... uuu... ttt...”

• Words fade in briefly:

- pen
- nut

Voice:

"More words are coming!"

 UNLOCKED:

 DAY 99 – CVC DISCOVERY (pen / nut)

 Parent notification:

"Child has stabilized second CVC set with sound, letters, and meaning."

 IF NOT YET STABLE → SOFT LOOP 

- Re-mix Day 96–97 activities
 - Only fan / lip
 - Reattempt after 48 hours
- Child never sees failure.
-

 NON-NEGOTIABLE RULES

- No red marks
 - No fail screen
 - No pressure language
 - Confidence > correctness
-

 DAY 98 FINAL OUTCOME

Child can:

- ✓ Decode fan / lip automatically
 - ✓ Speak confidently with letters visible
 - ✓ Build words without hesitation
 - ✓ Feel ready to move forward
-

 DAY 99 – CVC DISCOVERY

Words: pen / nut

 STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

 MODE RULES (STRICT – ACTIVE)

- ✓  Sound bars
- ✓  Letters / full word visible
- ✓  Spelling interaction
- ✓  Visible scoring (stars + progress bar)

Rule stays absolute: Sound first → letters → word.

DAY 99 OBJECTIVE

By the end of Day 99, the child:

- Hears pen / nut as whole 3-sound words
- Notices new vowel sounds (/e/ vs /u/)
- Notices different ending sounds (/n/ vs /t/)
- Begins mapping these sounds to letters naturally
- Feels comfortable meeting new words

No assessment.

Pure discovery.

PART 1 – SOUND → WORD DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR THE WORD (SOUND FIRST)

(5 minutes | Auditory Anchor)

Goal

Anchor the word by sound before reading.

PIXO FLOW

- Picture + word area appears

-  Voice:

“pen... pen...”

- Three sound bars animate together
- After second play → letters fade in:

p e n

Repeat same flow for nut.

Rules:

- No spelling spoken
- Letters are visual support only
- Child listens and watches

PIXO says softly:

“Listen to the new word 😊”

1B. HEAR SOUNDS → SEE SPELLING

(5 minutes | Sound–Letter Mapping)

Goal

Show how each sound maps to a letter.

PIXO FLOW

For pen

- “ppp...” → p glows
- “eee...” → e glows
- “nnn...” → n glows
- Letters slide together → pen

For nut

- “nnn...” → n

- "uuu..." → u

- "ttt..." → t

Rules:

- Slow pace
- Clear articulation
- No interaction required

PIXO:

"Each sound has a letter."

PART 2 – GUIDED SPEAKING + SPELLING PLAY

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER

(5 minutes | Supported Speaking)

 Goal

Lower fear by speaking with PIXO.

PIXO FLOW

- Word shown: pen

- PIXO:

"Say it with me... pen"

- Mic opens

- PIXO speaks along

Repeat once for nut.

Scoring:

★ Star for attempt

✨ Glow for smooth flow

2B. BUILD THE WORD

(5 minutes | Gentle Spelling Awareness)

 Goal

Introduce spelling as play, not as a test.

PIXO FLOW

- Sound bars animate

- Letters appear scrambled:

e p n

or

t u n

- PIXO:

"Let's build the word 😊"

- Child taps letters

- Word forms automatically

Rules:

- Auto-help if stuck

- No error sounds

- Completion = ★

PART 3 – MEANING + VISIBLE PROGRESS

(10 minutes → 5 + 5)

3A. HEAR → READ → CHOOSE

(5 minutes | Meaning Mapping)

Goal

Confirm sound → word → meaning.

FORMAT

-  Sound played: "nut"
- Word visible: nut
- 3 pictures appear:
 - Nut 
 - Pen
 - Fan

Repeat once for pen.

Scoring:

★ Immediate

Progress bar fills

3B. PRAISE + SCORE SUMMARY

(5 minutes | Motivation Lock)

Goal

End Day 99 feeling successful.

PIXO FLOW

- Star summary:

★ ★ / ★ ★ ★

- Cheer animation

- Voice:

"You learned new words today!"

 Badge:

CVC Explorer – Set C

VISIBLE SCORING RULES (UNCHANGED)

- Stars reward effort first
 - Accuracy adjusts pacing silently
 - No red marks
 - No fail screens
-

DAY 99 FINAL OUTCOME

Child can:

- ✓ Hear and say pen / nut
- ✓ Distinguish vowel sounds /e/ vs /u/
- ✓ Build words without fear

- ✓ Understand word meaning
- ✓ Feel ready to blend smoothly

- 🟢 DAY 100 – CVC SOUND JOINING

- Words: pen / nut

- 🧱 STRUCTURE (UNCHANGED)

- 🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

- 🗝️ MODE RULES (STRICT – ACTIVE)

- ✓ 🔊 Sound bars
- ✓ 📄 Letters / full word visible
- ✓ ✎ Spelling interaction
- ✓ 📊 Visible scoring (stars + progress bar)
- Absolute rule: Sound first → letters → word.

- 🧠 DAY 100 OBJECTIVE

- By the end of Day 100, the child:
- Joins p–e–n and n–u–t smoothly
- Holds the ending /n/ and stops cleanly at /t/
- Blends at a natural pace without hesitation
- Uses letters only as confirmation

- 🕒 PART 1 – SOUND → LETTER JOINING

- (10 minutes → 5 + 5)

- 🕒 1A. HEAR THE WORD (SMOOTH FLOW)

- (5 minutes | Whole-Word Anchor)

- 🎯 Goal

Shift focus from parts to continuous flow.

- PIXO FLOW

- Word shown: pen

- 🔊 Voice:

“pen...”

- Three sound bars animate as one wave

- Letters p e n stay visible

- Repeat once for nut.

- Rules:

- Natural pace
- No pauses
- Child listens only

- PIXO says softly:

- "The word flows together 😊"

-

- 🕒 1B. HEAR SOUNDS → WATCH THEM JOIN
- (5 minutes | Visual Blending + Ending Control)

- 🎯 Goal

Make joining and ending contrasts clear.

- PIXO FLOW

- For pen

- "ppp..." → p glows
- "eee..." → e glows
- "nnn..." → n glows and holds briefly
- Letters slide together → pen

- For nut

- "nnn..." → n
- "uuu..." → u
- "ttt..." → t glows then stops cleanly
- Letters slide together → nut

- Rules:

- Slight overlap between sounds
- No exaggerated stops
- One full cycle per word

- PIXO:

- "Listen to the ending sound."

-

- 🕒 PART 2 – GUIDED JOINED SPEAKING

- (10 minutes → 5 + 5)

-

- 🕒 2A. SAY IT TOGETHER (JOINED)

- (5 minutes | Supported Blending)

- 🎯 Goal

Model smooth speaking with correct endings.

- PIXO FLOW

- Word visible: pen

- PIXO:

- "Say it with me... pen"

- Mic opens

- PIXO speaks with a soft /n/ hold

- Repeat for nut, with a clean stop.

- Scoring:

- ★ for attempt

- ✨ glow for smooth flow

-

- 🕒 2B. SAY & BUILD (JOINED)

- (5 minutes | Active Blending)

- 🎯 Goal
Reinforce flow through action.
 - PIXO FLOW
 - • Sound bars animate quickly
 - • Letters appear scrambled:
 - n e p
 - or
 - u t n
 - • Child taps letters
 - • Word forms automatically
 - • Child says the word again
 - Rules:
 - Auto-assist after hesitation
 - No error sounds
 - Completion = ★
-
- 🕒 PART 3 – MEANING + SCORE VISIBILITY
 - (10 minutes → 5 + 5)
-
- 🕒 3A. HEAR → READ → SAY → CHOOSE
 - (5 minutes | Full Integration Loop)
 - 🎯 Goal
Lock sound, word, and meaning together.
 - FORMAT
 - • 🗣️ Sound: "nut"
 - Word visible: nut
 - Child says the word
 - 3 pictures appear
 - Child taps correct picture
 - Repeat once for pen.
 - Scoring:
 - ★ immediate
 - Progress bar advances
-
- 🕒 3B. PRAISE + SCORE SUMMARY
 - (5 minutes | Motivation Lock)
 - 🎯 Goal
End Day 100 with strong fluency.
 - PIXO FLOW
 - • Star summary:
 - ★★★★ / ★★★★★
 - Cheer animation
 - Voice:
 - "You joined the sounds smoothly!"

- ---
- 📊 SCORING LOGIC (CHILD-SAFE)
 - Stars reward flow and attempt
 - Ending accuracy adjusts pacing silently
 - No fail screens
 - Always end on success
- ---
- ✅ DAY 100 FINAL OUTCOME
- Child can:
 - ✓ Blend pen / nut smoothly
 - ✓ Control different ending sounds
 - ✓ Read with letters visible
 - ✓ Feel confident and fluent
- ---

● DAY 101 – CVC SPEAKING CONFIDENCE

Words: pen / nut

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT – ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full word visible
- ✓ ✎️ Spelling interaction
- ✓ 📊 Visible scoring (stars + progress bar)

Reminder: Sound → letters → word. Always.

🧠 DAY 101 OBJECTIVE

By the end of Day 101, the child:

- Says pen / nut clearly and willingly
- Initiates speaking with minimal prompts
- Maintains correct endings (/n/ vs /t/)
- Uses letters as reassurance, not dependence
- Feels: *"I can say these words by myself."*

🕒 PART 1 – SPEAKING WARM-UP (LOW PRESSURE)

(10 minutes → 5 + 5)

🕒 1A. LISTEN → SAY (CALM START)

(5 minutes | Confidence Primer)

 Goal

Ease into speaking without urgency.

PIXO FLOW

- Word shown: pen

-  Voice:

"pen"

- Sound bars animate together

- Mic opens gently

Child repeats.

Repeat once for nut.

Scoring:

★ Star for attempt, not perfection

PIXO says:

"Nice saying the word 😊"

 1B. THINK → SAY

(5 minutes | Internal Confidence)

 Goal

Encourage mental rehearsal before speaking.

PIXO FLOW

- PIXO:

"Say it quietly in your head..."

- Word flashes softly: nut

- After 2 seconds:

"Now say it 😊"

Mic opens.

Rules:

- No rush

- Any attempt accepted

 PART 2 – CHOICE-BASED SPEAKING

(10 minutes → 5 + 5)

 2A. YOU CHOOSE

(5 minutes | Ownership)

 Goal

Build autonomy and motivation.

PIXO FLOW

- Two word cards shown:

- pen

- nut

- PIXO:

"You choose 😊"

- Child taps one
- Sound plays
- Child says the word

Scoring:

★ Immediate

Progress bar advances slightly

🕒 2B. SAY → BUILD → SAY AGAIN

(5 minutes | Confidence Loop)

🎯 Goal

Strengthen confidence through success repetition.

PIXO FLOW

- Child says chosen word
- Letters appear scrambled:

p e n

or

n u t

- Child taps letters
- Word forms
- Child says the word again

Rules:

- Auto-assist if stuck
 - No error sounds
 - Completion = ★
-

🕒 PART 3 – SPEAK → MEAN → PRAISE

(10 minutes → 5 + 5)

🕒 3A. SAY → MATCH PICTURE

(5 minutes | Meaning Confirmation)

🎯 Goal

Ensure the word is *understood*, not just spoken.

PIXO FLOW

- Word shown: nut
- Child says the word
- 3 pictures appear:

- Nut ✓
- Pen
- Fan

Repeat once for pen.

Scoring:

★ Immediate

No penalties

🕒 3B. PRAISE + VISIBLE PROGRESS

(5 minutes | Motivation Lock)

 Goal

End Day 101 with pride and calm confidence.

PIXO FLOW

- Progress bar update
- Star summary:

★ ★ / ★ ★ ★

- Voice:

 SCORING LOGIC (VISIBLE BUT SAFE)

- Speaking attempt = ★
 - Correct ending = glow
 - Accuracy influences pacing, not rewards
 - No fail screens
-

✓ DAY 101 FINAL OUTCOME

Child can:

- ✓ Say pen / nut independently
 - ✓ Maintain ending control
 - ✓ Build and say words confidently
 - ✓ Feel ownership over speaking
-

● DAY 102 – CVC CHECKPOINT

Words: pen / nut

 STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

 MODE RULES (STRICT – ACTIVE)

- ✓  Sound bars
- ✓  Letters / full word visible
- ✓  Spelling interaction
- ✓  Visible scoring (stars + progress bar)

Absolute rule: Sound first → letters → word.

 DAY 102 OBJECTIVE

- Validate automatic decoding of *pen* / *nut*
- Confirm ending control (/n/ vs /t/)
- Ensure independent, confident speaking

- Decide readiness for mixed-word integration

No pressure. No labels. No surprises.

PART 1 – CONFIDENCE PRIME

(10 minutes → 5 + 5)

1A. FAMILIAR WORD FLOW

(5 minutes | Emotional Safety)

Goal

Lower alertness and set a calm tone.

PIXO FLOW

- Sound bars animate smoothly
- Words played once each (mixed):
 - pen
 - nut
- Words visible under bars

PIXO gently says:

"You know these words 😊"

No response required.

1B. SAY-TOGETHER (ONE WORD)

(5 minutes | Confidence Primer)

Goal

Remove hesitation before observation.

PIXO FLOW

- PIXO:

"Let's say one together 😊"
- System selects the stronger word
- PIXO speaks along
- Mic opens briefly

Scoring:

★ for participation only

PART 2 – HIDDEN CHECK (ALL LAYERS ACTIVE)

(10 minutes → 5 + 5)

⚠ Child never experiences this as a test.

2A. HEAR → READ → CHOOSE

(5 minutes | Listening + Meaning)

Goal

Confirm instant recognition by sound with text support.

FORMAT

- 🔊 Sound played once: "pen"
- Word visible: pen
- 3 pictures appear:

- Pen 
- Nut
- Fan

Rules:

- 6 total prompts
- Words mixed
- One replay allowed

Scoring:

★ appears immediately

Progress bar advances slightly

 2B. HEAR SOUNDS → SAY → BUILD

(5 minutes | Decoding Stability)

 Goal

Confirm smooth blending and spelling awareness.

PIXO FLOW

- Sound bars animate:
 - "nnn..." → "uuu..." → "ttt..."
 - Word area empty
 - PIXO asks softly:

"What word is this?"

- Child says the word
- Letters appear scrambled:

u t n

- Child taps to build

System tracks (invisible):

- Sound joining smoothness
- Pause length
- Letter order accuracy

Scoring:

★ for completion

✨ glow for smooth flow

 PASS CRITERIA (SYSTEM ONLY)

- ✓ Listening accuracy $\geq 85\%$
- ✓ Speaking confidence $\geq 4/5$
- ✓ No word below 70%

(Stars shown do not equal pass/fail.)

 PART 3 – OUTCOME + TRANSITION

(10 minutes → 5 + 5)

● IF STABLE → READY FOR MIXING 

 3A. CELEBRATION MOMENT

(5 minutes | Achievement Lock)

- Calm confetti

- Voice:

"You can say these words easily!"

🏆 Badge unlocked:

CVC Stable – Set C

- "fan"
- "nut"
- "sit"

Voice:

"Let's mix all the words!"

🔓 UNLOCKED:

🟡 DAY 103 – MIXED CVC LISTENING

📧 Parent notification:

"Child has stabilized third CVC set and is ready for mixed-word fluency."

🔄 IF NOT YET STABLE → SOFT LOOP 🌱

- Re-mix Day 100–101 activities
- Only pen / nut
- Reattempt checkpoint after 48 hours

Child never sees failure.

🔒 NON-NEGOTIABLE RULES

- No red marks
 - No fail screen
 - No pressure language
 - Confidence > correctness
-

✅ DAY 102 FINAL OUTCOME

Child can:

- ✓ Decode pen / nut automatically
 - ✓ Control different ending sounds
 - ✓ Speak confidently with text visible
 - ✓ Transition smoothly to mixed words
-

- 🟡 DAY 103 – MIXED CVC LISTENING

- Word Pool (ALL learned CVCs):
mat · sit · fan · lip · pen · nut

- ---
- 🧩 STRUCTURE (UNCHANGED)

- 🕒 30 minutes total
 - 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
- ---
- 📖 MODE RULES (STRICT – ACTIVE)
- ✅ 🔊 Sound bars
- ✅ abo Letters / full word visible
- ✅ 🖱️ Spelling interaction (light)
- ✅ 📊 Visible scoring (stars + progress bar)
- Rule holds: Sound first → letters → word.

- ---
- 🧠 DAY 103 OBJECTIVE
- By the end of Day 103, the child:
- Listens carefully without guessing
- Distinguishes similar CVC words
- Handles mixed input calmly
- Feels: *"I can listen and know the word."*
- This is listening fluency, not speed.

- ---
- 🕒 PART 1 – MIXED WORD FLOW
- (10 minutes → 5 + 5)

- ---
- 🕒 1A. RANDOM WORD LISTENING
- (5 minutes | No Pattern)
- 🎯 Goal
 - Break sequence-based guessing.
- PIXO FLOW
 - Words played in random order:
 - pen → mat → nut → sit → fan → lip
 - Sound bars animate
 - Word text appears after sound
- Rules:
 - One play only
 - Normal pace
 - No response required
- PIXO says softly:
- "Listen carefully 😊"

- ---
- 🕒 1B. SAME / DIFFERENT
- (5 minutes | Sound Discrimination)
- 🎯 Goal
 - Force true listening.
- PIXO FLOW
 - Two words played:

- "fan... fan"
- "pen... pan" (contrast sound)
- "sit... sit"
- "nut... net"
- • Child taps:
- Same
- Different
- Rules:
 - 6 rounds
 - No replay
 - Calm pacing
- Scoring:
 - ★ for decision attempt

-
- ⌚ PART 2 – LISTEN → RECOGNIZE
 - (10 minutes → 5 + 5)
-

- ⌚ 2A. HEAR → CHOOSE WORD
 - (5 minutes | Auditory Recognition)
 - 🎯 Goal
- Map sound directly to word text.

- FORMAT
 - • 🗣️ Sound: "lip"
 - • Word options:
 - lip ✓
 - pen
 - sit
 - Repeat with mixed words.
 - Rules:
 - 6 prompts
 - One replay allowed
 - Scoring:
 - ★ immediate
- Progress bar advances

-
- ⌚ 2B. HEAR → BUILD (LIGHT)
 - (5 minutes | Listening → Spelling Awareness)
 - 🎯 Goal
- Ensure the child is *hearing accurately* before building.
- PIXO FLOW
 - • Sound played: "mat"
 - • Letters appear scrambled:
 - t a m
 - • Child taps to build

- Rules:
 - Auto-help after hesitation
 - No error sounds

 - CVC Listener
-
- 📊 SCORING LOGIC (VISIBLE BUT SAFE)
 - Stars reward attention and effort
 - Accuracy adjusts future speed silently
 - No fail screens
 - Always end on success
-
- ✅ DAY 103 FINAL OUTCOME
 - Child can:
 - ✓ Handle mixed CVC words
 - ✓ Listen without guessing
 - ✓ Distinguish similar sounds
 - ✓ Stay calm under variety

🟪 DAY 104 – MIXED CVC SPEAKING

Word Pool (ALL learned CVCs):

mat · sit · fan · lip · pen · nut

🗂️ STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT – ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full word visible
- ✓ ✎️ Spelling interaction
- ✓ 📊 Visible scoring (stars + progress bar)

Rule still holds: Sound first → letters → word.

🧠 DAY 104 OBJECTIVE

By the end of Day 104, the child:

- Says mixed CVC words confidently
- Switches words without confusion
- Speaks smoothly without waiting for hints
- Feels: *"I can say many words easily."*

This is speaking fluency, not memorization.

🕒 PART 1 – SPEAKING WARM-UP (MIXED)

(10 minutes → 5 + 5)

🕒 1A. LISTEN → SAY (MIXED ORDER)

(5 minutes | Retrieval Warm-up)

🎯 Goal

Activate word recall from sound.

PIXO FLOW

- 🗣️ Sounds played in random order:
 - "pen"
 - "fan"
 - "sit"
 - "nut"
- After each sound:
 - Word appears
 - Mic opens
 - Child repeats

Rules:

- One play only

- Calm pace
- Any attempt accepted

Scoring:

★ for each attempt

🕒 1B. SAY WITHOUT TEXT (BRIEF)

(5 minutes | Confidence Lift)

🎯 Goal

Encourage internal recall before seeing the word.

PIXO FLOW

- 🗣️ Sound played: "lip"
- 1-second pause
- Mic opens
- After speaking → word appears

Rules:

- Only 3 rounds
- No correction sounds

Scoring:

★ for attempt

💡 glow if smooth

🕒 PART 2 – CHOICE + CONTROL

(10 minutes → 5 + 5)

🕒 2A. YOU CHOOSE → SAY

(5 minutes | Ownership)

🎯 Goal

Build autonomy and motivation.

PIXO FLOW

- Three word cards shown:
 - mat
 - pen
 - nut

• PIXO:

"Choose a word 😊"

- Child taps one
- Sound plays
- Child says the word

Scoring:

★ Immediate

Progress bar advances

🕒 2B. SAY → BUILD → SAY

(5 minutes | Fluency Loop)

 Goal

Reinforce speaking through construction.

PIXO FLOW

- Child says the chosen word
- Letters appear scrambled
- Child builds the word
- Child says the word again

Rules:

- Auto-help if paused
- No error sounds

Scoring:

★ for completion

 PART 3 – SPEAK → MEAN → PRAISE

(10 minutes → 5 + 5)

 3A. SAY → MATCH PICTURE (MIXED)

(5 minutes | Meaning Confirmation)

 Goal

Ensure spoken words connect to meaning.

PIXO FLOW

- Word shown: fan
- Child says the word
- 3 pictures appear
- Child taps correct picture

Repeat with another random word.

Scoring:

★ Immediate

No penalties

 3B. PRAISE + PROGRESS LOCK

(5 minutes | Confidence Anchor)

 Goal

End Day 104 feeling fluent and capable.

PIXO FLOW

- Progress bar update
- Star summary:

★★★★ / ★★★★★

- Voice:

"You said many words smoothly!"

 Badge:

CVC Speaker – Mixed

 SCORING LOGIC (VISIBLE BUT SAFE)

- Stars reward speaking attempt and flow
 - Accuracy influences Day 105 pacing silently
 - No fail screens
 - Always end on success
-

✅ DAY 104 FINAL OUTCOME

Child can:

- ✓ Speak mixed CVC words confidently
 - ✓ Switch words without hesitation
 - ✓ Use letters as support, not crutch
 - ✓ Feel ready for mastery confirmation
-

🟣 DAY 105 – 3-LETTER WORD MASTERY GATE 🎉

Type: System Mastery Gate

Scope: All learned CVC words

Word Pool:

mat · sit · fan · lip · pen · nut

🎯 PURPOSE (SYSTEM)

Confirm automatic 3-letter word reading with:

- Stable listening
- Confident speaking
- No weak word dependency

This gate decides progression, not teaching.

📊 PASS CRITERIA (SYSTEM-ONLY)

All three conditions must be met:

1 Listening Accuracy $\geq 85\%$

- Hear word → select correct word/picture
- Mixed order, no repetition bias

2 Speaking Confidence $\geq 4 / 5$

Measured by:

- Latency (response speed)
- Voice stability
- Willingness to speak without hesitation

3 No Single Word $< 70\%$

- Each word evaluated independently
- Prevents “carried by strong words” effect

⚠️ These metrics are never shown to the child.

✅ IF PASSED → SUCCESS FLOW

🔓 UNLOCK

PHASE 5 – 3-LETTER EXPANSION

- CV blends

- Word chains
- Fluency building

🎉 CHILD EXPERIENCE

- Celebration animation
- Positive voice message

"You can read 3-letter words easily!"

📧 PARENT UPDATE

"Your child has mastered 3-letter words with sound, letters, spelling, and meaning. They're ready for advanced word expansion and fluency."

🏆 BADGE

3-Letter Word Master

🔧 IF NOT PASSED → SOFT LOOP (NO FAILURE)

🔧 SYSTEM ACTION

- Identify weakest 2–3 words only
- Auto-assign:
 - Day 103–104 style mixed listening & speaking
 - Extra exposure, no new words

🕒 REATTEMPT

- Gate reopens automatically after 72 hours

🧠 CHILD EXPERIENCE

- No fail screen
- Encouraging close

"Let's play with these words again 😊"

Child never knows it was a gate.

🔒 NON-NEGOTIABLE RULES

- No pass/fail language
 - No red marks
 - No comparison
 - Confidence > speed > accuracy
-

✅ OUTCOME GUARANTEE

When this gate is passed, the child can:

- ✓ Read 3-letter words automatically
 - ✓ Speak confidently without prompting
 - ✓ Handle mixed words calmly
 - ✓ Move into fluency work without struggle
-

🔑 WHY THIS WORKS (LOGIC CHECK)

- Uses **permutation with repetition** conceptually
- Applies **phonics filters** aggressively
- Mirrors your **2-letter logic exactly**
- Scales without overwhelming

This is how you turn **17,576 theoretical words** into **real reading ability**.

PHASE 5 – WORD CHAINS & FLUENCY

DAY 106 – WORD CHAINS DISCOVERY

Type: Introduction Day

Focus: Same sounds, changing one sound at a time

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction
- ✓  Visible scoring (stars + progress bar)

Core rule still applies: **Sound** → **letters** → **word**.

DAY 106 OBJECTIVE

By the end of Day 106, the child:

- Notices that **one small sound change makes a new word**
 - Learns to keep most of the word stable
 - Begins reading **word-to-word smoothly**
 - Feels: *“Words change, but I can handle it.”*
-

WORD CHAINS (SET 1)

We use **one-anchor chains** only.

Chain A

mat → man

Chain B

sit → sun

(Only one sound changes. Everything else stays stable.)

PART 1 – CHAIN DISCOVERY (LISTEN FIRST)

(10 minutes → 5 + 5)

1A. HEAR THE FIRST WORD

(5 minutes | Anchor Establishment)

 **Goal**

Lock the base word.

PIXO FLOW

- Word shown: **mat**
-  Voice:

“mat...”

- Sound bars animate together
- Letters visible

No response required.

Repeat for **sit**.

1B. HEAR THE CHANGE

(5 minutes | Sound Shift Awareness)

Goal

Make the *change* noticeable.

PIXO FLOW

For **mat** → **man**

- “mmm-aaa-ttt” → **mat**
- Final sound fades
- New sound appears: “nnn”
- Letters update → **man**

For **sit** → **sun**

- “sss-iii-ttt” → **sit**
- Middle sound fades
- New sound appears: “uuu”
- Letters update → **sun**

PIXO says:

“One sound changed 😊”

No speaking yet.

PART 2 – GUIDED CHAIN SPEAKING

(10 minutes → 5 + 5)

2A. SAY BOTH WORDS (WITH PIXO)

(5 minutes | Supported Fluency)

Goal

Speak across the chain smoothly.

PIXO FLOW

- Words shown together:

mat → man

- PIXO:

“Say them with me... mat... man”

- Mic opens
- PIXO speaks along

Repeat for:

sit → sun

Scoring:

★ for attempt

✨ glow for smooth transition

2B. SAY THE CHAIN ALONE

(5 minutes | Independent Flow)

Goal

Encourage smooth back-to-back speaking.

PIXO FLOW

- First word plays
- Arrow appears
- Second word plays
- Child says both

Rules:

- No rush
 - Any attempt accepted
-

PART 3 – CHAIN MEANING + PRAISE

(10 minutes → 5 + 5)

3A. SAY → MATCH BOTH

(5 minutes | Meaning Stability)

 Goal

Ensure both words are understood.

PIXO FLOW

- Word chain shown: **mat** → **man**
- Child says both
- Two picture pairs appear
- Child matches correctly

Repeat once for **sit** → **sun**.

Scoring:

★ immediate

Progress bar advances

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

 Goal

End Day 106 feeling capable with changing words.

PIXO FLOW

- Celebration animation
- Voice:
“You changed words easily!”

 Badge:

Word Chain Starter

SCORING LOGIC (VISIBLE BUT SAFE)

- Stars reward **attempt and smooth transitions**
 - Accuracy adjusts pacing silently
 - No fail screens
 - Always end on success
-

DAY 106 FINAL OUTCOME

Child can:

- ✓ Read two connected words
- ✓ Handle a single sound change

- ✓ Maintain flow across words
- ✓ Feel confident with word variation

PHASE 5 – WORD CHAINS & FLUENCY

DAY 106 – WORD CHAINS DISCOVERY

Type: Introduction Day

Focus: Same sounds, changing one sound at a time

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction
- ✓  Visible scoring (stars + progress bar)

Core rule still applies: **Sound** → **letters** → **word**.

DAY 106 OBJECTIVE

By the end of Day 106, the child:

- Notices that **one small sound change makes a new word**
 - Learns to keep most of the word stable
 - Begins reading **word-to-word smoothly**
 - Feels: *“Words change, but I can handle it.”*
-

WORD CHAINS (SET 1)

We use **one-anchor chains** only.

Chain A

mat → man

Chain B

sit → sun

(Only one sound changes. Everything else stays stable.)

PART 1 – CHAIN DISCOVERY (LISTEN FIRST)

(10 minutes → 5 + 5)

1A. HEAR THE FIRST WORD

(5 minutes | Anchor Establishment)

 Goal

Lock the base word.

PIXO FLOW

- Word shown: **mat**

-  Voice:

“mat...”

- Sound bars animate together
- Letters visible

No response required.

Repeat for **sit**.

1B. HEAR THE CHANGE

(5 minutes | Sound Shift Awareness)

Goal

Make the *change* noticeable.

PIXO FLOW

For **mat** → **man**

- “mmm-aaa-ttt” → **mat**
- Final sound fades
- New sound appears: “nnn”
- Letters update → **man**

For **sit** → **sun**

- “sss-iii-ttt” → **sit**
- Middle sound fades
- New sound appears: “uuu”

-

DAY 106 FINAL OUTCOME

Child can:

- ✓ Read two connected words
- ✓ Handle a single sound change

- ✓ Maintain flow across words
- ✓ Feel confident with word variation

● DAY 107 – WORD CHAINS PRACTICE

Focus: Smooth transitions across connected words

Type: Practice (no assessment)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full words visible
- ✓ ✎️ Spelling interaction
- ✓ 📊 Visible scoring (stars + progress bar)

Core rule still applies: **Sound** → **letters** → **word**.

🧠 DAY 107 OBJECTIVE

By the end of Day 107, the child:

- Moves smoothly through **2–3 word chains**
- Keeps most sounds stable while one sound changes
- Speaks consecutive words without hesitation
- Feels: “*I can keep going.*”

This is **fluency practice**, not new learning.

📖 WORD CHAINS (SET 2)

Chain A (ending change)

mat → man → fan

Chain B (vowel change)

sit → sun → nut

(Only **one sound changes at a time.**)

🕒 PART 1 – CHAIN LISTENING PRACTICE

(10 minutes → 5 + 5)

🕒 1A. HEAR THE FULL CHAIN

(5 minutes | Flow Awareness)

🎯 Goal

Help the child *hear continuity*.

PIXO FLOW

- Chain displayed:

mat → man → fan

- 🗣️ Voice plays words **back-to-back**
- Sound bars animate smoothly
- Letters visible

Repeat once for:

sit → sun → nut

No speaking required.

PIXO says softly:

“The words change, but they stay close 😊”

🕒 1B. HEAR THE CHANGE POINT

(5 minutes | Change Awareness)

🎯 Goal

Make the changing sound noticeable.

PIXO FLOW

- First word plays
- Second word plays
- Changed sound **glows briefly**

Example:

mat → man

↑ n

Repeat across both chains.

No response required.

🕒 PART 2 – GUIDED CHAIN SPEAKING

(10 minutes → 5 + 5)

🕒 2A. SAY THE CHAIN WITH PIXO

(5 minutes | Supported Fluency)

🎯 Goal

Practice smooth, continuous speaking.

PIXO FLOW

- Chain shown:

sit → sun → nut

- PIXO:

“Say them with me... sit... sun... nut”

- Mic opens
- PIXO speaks along

Scoring:

★ for attempt

💡 glow for smooth transitions

🕒 2B. SAY THE CHAIN ALONE

(5 minutes | Independent Practice)

🎯 Goal

Encourage self-driven fluency.

PIXO FLOW

- First word plays
- Arrow appears

- Next word plays
- Child says all words in order

Rules:

- No time pressure
- Any attempt accepted

PART 3 – CHAIN CONTROL + PRAISE

(10 minutes → 5 + 5)

3A. SAY → BUILD → CONTINUE

(5 minutes | Active Control)

Goal

Strengthen control across transitions.

PIXO FLOW

- Child says first word
- Letters of second word appear scrambled
- Child builds it
- Child says second word
- Third word appears → child says it

Example:

mat → man → fan

Scoring:

★ per completed chain

3B. PRAISE + PROGRESS LOCK

(5 minutes | Confidence Anchor)

Goal

End Day 107 feeling fluent.

PIXO FLOW

- Progress bar update
- Star summary:

★★★★ / ★★★★★

- Voice:

“You moved through the words smoothly!”

Badge:

Word Chain Mover

SCORING LOGIC (VISIBLE BUT SAFE)

- Stars reward **continuity and effort**
- Accuracy adjusts chain speed silently
- No fail screens
- Always end on success

DAY 107 FINAL OUTCOME

Child can:

- ✓ Read connected words smoothly
- ✓ Handle single-sound changes confidently

- ✓ Maintain flow across short chains
- ✓ Feel ready for longer sequences

● DAY 108 – WORD CHAIN SPEED & CONFIDENCE

Focus: Faster transitions + emotional calm

Type: Fluency strengthening (no assessment)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔑 MODE RULES (ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full words visible
- ✓ ✎️ Spelling interaction
- ✓ 📊 Visible scoring (stars + progress bar)

Core rule unchanged: **Sound → letters → word.**

🧠 DAY 108 OBJECTIVE

By the end of Day 108, the child:

- Reads word chains **slightly faster**
- Keeps voice calm while speed increases
- Trusts the first response
- Feels: *“I can go faster and stay relaxed.”*

This is **confidence under speed**, not pressure.

📖 WORD CHAINS (REUSED)

Chain A

mat → man → fan

Chain B

sit → sun → nut

(No new words introduced.)

🕒 PART 1 – FASTER CHAIN LISTENING

(10 minutes → 5 + 5)

🕒 1A. QUICK CHAIN FLOW

(5 minutes | Speed Exposure)

🎯 Goal

Expose child to faster transitions safely.

PIXO FLOW

- Chains play at **slightly increased speed**
- Sound bars animate smoothly
- Letters visible

Order mixed:

sit → sun → nut

mat → man → fan

PIXO says softly:

“Listen calmly 😊”

No speaking required.

1B. SAME OR DIFFERENT (FAST)

(5 minutes | Quick Decisions)

 Goal

Train fast listening without anxiety.

PIXO FLOW

- Two short chains played:
 - “mat → man”
 - “mat → mat”
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- No countdowns
- Calm pacing

Scoring:

★ for decision attempt

PART 2 – FASTER CHAIN SPEAKING

(10 minutes → 5 + 5)

2A. SAY THE CHAIN (MEDIUM SPEED)

(5 minutes | Controlled Fluency)

 Goal

Increase speed while keeping smooth voice.

PIXO FLOW

- Chain shown:
sit → sun → nut
- PIXO:
“Say them smoothly 😊”
- Mic opens
- Child says all three words

Rules:

- No rush signal
- Any attempt accepted

Scoring:

★ for attempt

💡 glow if smooth and steady

2B. SAY FIRST, SEE AFTER

(5 minutes | Confidence Boost)

Goal

Encourage internal recall before visual support.

PIXO FLOW

- First word sound plays
- Child says entire chain
- After speaking → chain appears on screen

Rules:

- 3 rounds only
- No correction sounds

Scoring:

★ immediate

PART 3 – SPEED SUCCESS + PRAISE

(10 minutes → 5 + 5)

3A. FAST CHAIN FLASH

(5 minutes | Light Automation)

Goal

Reinforce that speed can feel easy.

PIXO FLOW

- Chains flash quickly (sound + text)
- Child just listens
- No action required

This primes Day 109.

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

Goal

End Day 108 feeling capable and relaxed.

PIXO FLOW

- Progress bar update
- Star summary:

★ ★ / ★ ★ ★

- Voice:

“You stayed calm and fast!”

 Badge:

Calm Chain Reader

SCORING LOGIC (VISIBLE BUT SAFE)

- Stars reward **calm speed and effort**
 - Hesitation slows next round, not rewards
 - No fail screens
 - Always end on success
-

DAY 108 FINAL OUTCOME

Child can:

- ✓ Move through word chains faster
- ✓ Stay calm while speed increases

- ✓ Speak smoothly without tension
- ✓ Feel confident about fluency

● DAY 109 – WORD CHAIN AUTOMATION

Focus: Automatic chaining with minimal prompts

Type: Automation day (no teaching, no assessment)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full words visible (briefly)
- ✓ ✎️ Spelling interaction (minimal)
- ✓ 🏆 Visible scoring (stars + progress bar)

Support fades quickly. Child leads.

🧠 DAY 109 OBJECTIVE

By the end of Day 109, the child:

- Reads word chains **without thinking**
- Transitions between words naturally
- Maintains rhythm and confidence
- Feels: *“Words just come out.”*

This is **automation**, not practice.

📖 WORD CHAINS (AUTOMATION SET)

Chain A

mat → man → fan

Chain B

sit → sun → nut

🕒 PART 1 – NATURAL CHAIN FLOW

(10 minutes → 5 + 5)

🕒 1A. LISTEN ONLY (NO ACTION)

(5 minutes | Rhythm Lock)

🎯 Goal

Internalize flow without responding.

PIXO FLOW

- Chains play at **natural speaking speed**
- Minimal pause between words
- Letters fade quickly after sound

Order mixed.

PIXO says once:

“Just listen 😊”

No interaction.

1B. SAY AFTER ME (ONE PROMPT)

(5 minutes | Low-Support Speaking)

Goal

Prompt speech once, then step back.

PIXO FLOW

- Chain plays once
- Mic opens silently
- Child says entire chain

No countdowns.

No encouragement mid-way.

Scoring:

★ for completion only

PART 2 – AUTOMATIC SPEAKING

(10 minutes → 5 + 5)

2A. SAY THE CHAIN (NO VISUALS FIRST)

(5 minutes | Pure Retrieval)

Goal

Test automatic recall.

PIXO FLOW

- First word sound plays
- No text shown
- Child says entire chain
- Text appears **after speaking**

Rules:

- 4 rounds
- Any attempt accepted

Scoring:

★ immediate

✨ glow if smooth

2B. SAY → BUILD (FAST)

(5 minutes | Confirmation Only)

Goal

Confirm accuracy without slowing flow.

PIXO FLOW

- Child says second word in chain
- Letters briefly appear scrambled
- Child taps quickly
- No rebuild if correct

Rules:

- One tap sequence
- No retries

Scoring:

★ for completion

 PART 3 – AUTOMATION SUCCESS + PRAISE

(10 minutes → 5 + 5)

 3A. CHAIN FLASH

(5 minutes | Subconscious Reinforcement)

 Goal

Lock in speed and confidence.

PIXO FLOW

- Chains flash rapidly (sound + text)
- Child only listens
- No interaction

This cements automation.

 3B. PRAISE + LOCK

(5 minutes | Emotional Closure)

 Goal

End Day 109 feeling fluent.

PIXO FLOW

- Progress bar update
- Star summary:

★★★★ / ★★★★★

- Voice:

“The words came out easily!”

 Badge:

Chain Automatic

 SCORING LOGIC (VISIBLE BUT SAFE)

- Stars reward **completion and flow**
- Errors do not interrupt flow
- Adjustments happen silently
- No fail screens

 DAY 109 FINAL OUTCOME

Child can:

- ✓ Read word chains automatically
- ✓ Maintain rhythm without prompts
- ✓ Speak confidently without hesitation
- ✓ Feel ready for validation

 DAY 110 – PHASE 5 CHECKPOINT

Type: Mastery Gate

Focus: Word-chain fluency & automation

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible (briefly)
- ✓  Spelling interaction (light, confirmatory)
- ✓  Visible scoring (stars + progress bar)

Child never sees pass/fail.

System decides silently.

DAY 110 OBJECTIVE (SYSTEM)

- Confirm **automatic word-chain reading**
 - Validate **smooth transitions without hesitation**
 - Check **confidence under mixed conditions**
 - Decide readiness for **Phase 6 expansion**
-

WORD CHAINS UNDER CHECK

Chain A

mat → man → fan

Chain B

sit → sun → nut

(Only one sound changes per step.)

PART 1 – CALM WARM-UP (NO TEST SIGNAL)

(10 minutes → 5 + 5)

1A. FAMILIAR CHAIN FLOW

(5 minutes | Emotional Safety)

Goal

Remove any “exam” feeling.

PIXO FLOW

- Chains play once each at **natural speed**
- Sound bars animate smoothly
- Letters appear briefly after sound

Order mixed.

PIXO says gently:

“You know these words 😊”

No response required.

1B. SAY-TOGETHER (ONE CHAIN)

(5 minutes | Confidence Prime)

Goal

Lower speaking anxiety before observation.

PIXO FLOW

- PIXO:

“Let’s say one together 😊”

- System selects the stronger chain
- PIXO speaks along
- Mic opens briefly

Scoring:

★ for participation only

🕒 PART 2 – HIDDEN FLUENCY CHECK

(10 minutes → 5 + 5)

⚠ Child never experiences this as a test.

🕒 2A. HEAR → SAY FULL CHAIN

(5 minutes | Fluency Validation)

🎯 Goal

Confirm automatic chain recall.

PIXO FLOW

- First word sound plays
- Arrow appears
- Entire chain expected

Example:

sit → sun → nut

Rules:

- No text initially
- Text appears **after speaking**
- One replay allowed

System tracks:

- Response latency
- Smoothness between words

Stars appear regardless.

🕒 2B. SAY → BUILD (ONE WORD)

(5 minutes | Stability Confirmation)

🎯 Goal

Ensure spelling awareness is stable but not effortful.

PIXO FLOW

- Middle word of chain spoken
- Letters appear scrambled briefly
- Child taps correct order

Example:

sun

s u n

System tracks:

- Accuracy
- Hesitation

No correction sounds.

PASS CRITERIA (SYSTEM-ONLY)

✓ Chain accuracy $\geq 85\%$

✓ Speaking confidence $\geq 4 / 5$

✓ No chain below 70% fluency

(Stars shown $\neq$ pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes $\rightarrow$ 5 + 5)

IF PASSED $\rightarrow$ PHASE 5 COMPLETE

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Celebration animation

- Voice:

“You can read word chains smoothly!”

 **Badge Unlocked:**

Word Chain Fluent

3B. NEXT-PHASE PREVIEW

(5 minutes | Forward Momentum)

- Sound bars animate:

- 3 $\rightarrow$ 4 $\rightarrow$ 3
 - New patterns hinted (sound only)

Voice:

“More word power is coming!”

 **UNLOCKED NEXT:**

PHASE 6 – 4-SOUND WORDS & SIMPLE SENTENCES (Day 111)

 Parent update:

“Your child reads connected word chains fluently and is ready for 4-sound word expansion.”

IF NOT YET STABLE $\rightarrow$ SOFT LOOP

- No fail screen

- Encouraging close:

“Let’s play with these words again 😊”

- System action:

- Identify weakest chain
- Auto-loop Days 107–109 style activities
- Reattempt gate after **72 hours**

Child never sees failure.

NON-NEGOTIABLE RULES

- No red marks

- No comparison

- No pressure language

- Confidence > speed > accuracy

PHASE 5 FINAL OUTCOME

Child can:

- ✓ Read word chains automatically
- ✓ Transition sounds smoothly
- ✓ Maintain rhythm and calm
- ✓ Enter 4-sound words without fear

● DAY 111 – 4-SOUND WORD DISCOVERY

Type: Introduction / Discovery

Focus: Hearing and noticing 4 sounds in a word

No assessment

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction (very light)
- ✓  Visible scoring (stars + progress bar)

Core rule remains sacred: **Sound → letters → word**

DAY 111 OBJECTIVE

By the end of Day 111, the child:

- Notices that some words have **4 sounds**
 - Learns that **two sounds can stay close together**
 - Does **not** feel pressure to read fast
 - Feels: *"It's just one more sound. I can do this."*
-

WORD SET (INTRO ONLY)

We introduce **one CCVC and one CVCC** word.

CCVC (extra sound at the start)

flag

(f + l + a + g)

CVCC (extra sound at the end)

nest

(n + e + s + t)

These words are **shown once only** today.

No drills. No repetition pressure.

PART 1 – WHOLE WORD DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR THE WHOLE WORD

(5 minutes | Auditory Anchor)

Goal

Introduce the word as a **single sound unit**.

PIXO FLOW

- Picture appears

-  Voice:

“flag... flag...”

- **Four sound bars** animate together
- After second play → word fades in: **flag**

Repeat same flow for **nest**.

Rules:

- No spelling spoken
- No child response
- Just listening and watching

PIXO says gently:

“Listen to the whole word 😊”

1B. COUNT THE SOUNDS (VISUAL ONLY)

(5 minutes | Awareness, Not Action)

Goal

Help the child *notice* there are more sounds.

PIXO FLOW

- Sound bars separate slightly:

f l a g

- Bars glow one by one as sounds play

Repeat for:

n e s t

PIXO says:

“This word has four sounds.”

No speaking. No tapping.

PART 2 – SOUND JOINING (VERY GENTLE)

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER (ONCE)

(5 minutes | Supported Speaking)

Goal

Remove fear of length.

PIXO FLOW

- Word shown: **flag**
- PIXO:

“Say it with me... flag”

- Mic opens
- PIXO speaks along

Repeat once for **nest**.

Rules:

- One attempt only

- Any attempt accepted
- No correction

Scoring:

★ for participation only

2B. WATCH THE BUILD (NO TEST)

(5 minutes | Visual Confidence)

 Goal

Show that longer words still follow the same rule.

PIXO FLOW

- Letters appear one by one:

f → l → a → g

- Then join smoothly → **flag**

Same for:

n → e → s → t

PIXO says:

“The sounds join, just like before 😊”

Child does **not** build today.

PART 3 – MEANING + PRAISE

(10 minutes → 5 + 5)

3A. HEAR → CHOOSE PICTURE

(5 minutes | Meaning Mapping)

 Goal

Keep focus on meaning, not length.

FORMAT

-  Sound: “**nest**”
- Word visible: **nest**
- 3 pictures appear:
 - Nest 
 - Fan
 - Sun

Repeat once for **flag**.

Scoring:

★ Immediate

Progress bar moves slightly

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

 Goal

End Day 111 feeling safe with longer words.

PIXO FLOW

- Gentle celebration
- Voice:

“You heard longer words easily!”

 Badge:

4-Sound Explorer

SCORING LOGIC (SAFE)

- Stars reward **participation only**
 - Accuracy does not matter today
 - No fail screens
 - No repetition pressure
-

DAY 111 FINAL OUTCOME

Child can:

- ✓ Hear 4-sound words calmly
 - ✓ Notice sound clusters (start/end)
 - ✓ Say longer words once without fear
 - ✓ Feel ready for practice
-

DAY 112 – 4-SOUND WORD PRACTICE

Words:

- **flag** (CCVC)
- **nest** (CVCC)

Type: Practice (no assessment)

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction (guided)
- ✓  Visible scoring (stars + progress bar)

Rule remains: **Sound → letters → word**

Today's tone: *slow, calm, supportive*

DAY 112 OBJECTIVE

By the end of Day 112, the child:

- Joins **4 sounds** without panic
 - Understands that clusters still flow together
 - Speaks longer words with support
 - Feels: *"Longer words are okay."*
-

PART 1 – SOUND JOINING PRACTICE

(10 minutes → 5 + 5)

1A. HEAR & WATCH THE JOIN

(5 minutes | Visual Reinforcement)

Goal

Reinforce how 4 sounds flow into one word.

PIXO FLOW

For **flag**:

f → l → a → g

- Each sound plays
- Each letter glows
- Sounds slightly overlap
- Word forms smoothly: **flag**

Repeat same flow for **nest**:

n → e → s → t

Rules:

- Slow pace
- No speaking required
- Just watching and listening

PIXO says softly:

“The sounds stay together 😊”

1B. HEAR THE WORD (NORMAL SPEED)

(5 minutes | Whole-Word Confidence)

Goal

Let the child hear the word *as a unit*.

PIXO FLOW

- 🗣️ “flag” (normal speed)
- Sound bars animate together
- Word visible

Repeat once for **nest**.

No response required.

PART 2 – GUIDED SPEAKING (SUPPORTED)

(10 minutes → 5 + 5)

2A. SAY IT TOGETHER (TWICE MAX)

(5 minutes | Confidence Building)

Goal

Encourage speaking without pressure.

PIXO FLOW

- Word shown: **flag**
- PIXO:
“Say it with me... flag”

- Mic opens
- PIXO speaks along

Repeat once more if child wants.

Repeat same flow for **nest**.

Scoring:

★ for trying (not accuracy)

2B. SAY AFTER SOUND BARS

(5 minutes | Gentle Independence)

 Goal

Let the child try without full word first.

PIXO FLOW

- Four sound bars animate
- No word shown initially
- PIXO asks softly:
“What word is this?”
- Child speaks
- Word appears after speaking

Rules:

- Any attempt accepted
- No correction sounds

Scoring:

★ for attempt

 PART 3 – MEANING + PRAISE

(10 minutes → 5 + 5)

 3A. HEAR → SAY → CHOOSE

(5 minutes | Meaning Stability)

 Goal

Ensure longer words still connect to meaning.

FORMAT

-  Sound: “flag”
- Child says word
- 3 pictures appear:
 - Flag 
 - Nest
 - Fan

Repeat once for **nest**.

Scoring:

★ immediate

Progress bar advances slightly

 3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

 Goal

End Day 112 feeling safe and capable.

PIXO FLOW

- Gentle celebration
- Voice:
“You said longer words calmly!”

 Badge:

4-Sound Builder

 **SCORING LOGIC (SAFE)**

- Stars reward **effort and calmness**
- Accuracy adjusts pacing silently
- No fail screens
- Always end on success

✅ DAY 112 FINAL OUTCOME

Child can:

- ✓ Join 4 sounds slowly
- ✓ Say **flag** / **nest** with support
- ✓ Understand meaning clearly
- ✓ Feel ready for more practice

DAY 113 – 4-SOUND WORD CONFIDENCE

Words:

- **flag** (CCVC)
- **nest** (CVCC)

Type: Confidence & independence (no assessment)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📖 Letters / full words visible
- ✓ ✎️ Spelling interaction (light)
- ✓ 📊 Visible scoring (stars + progress bar)

Core rule still holds: **Sound → letters → word**

🧠 DAY 113 OBJECTIVE

By the end of Day 113, the child:

- Says **4-sound words independently**
- Maintains smooth flow without stopping
- Uses letters only as reassurance
- Feels: *"I can say longer words by myself."*

🕒 PART 1 – CONFIDENT SPEAKING WARM-UP

(10 minutes → 5 + 5)

🕒 1A. LISTEN → SAY (INDEPENDENT)

(5 minutes | Confidence Primer)

🎯 Goal

Encourage speaking without PIXO speaking along.

PIXO FLOW

- Word shown: **flag**
-  Voice:
“flag”
- Sound bars animate together
- Mic opens

Child says the word alone.

Repeat once for **nest**.

Scoring:

★ for attempt

💡 glow for smooth flow

PIXO says:

“Nice saying it yourself 😊”

1B. THINK → SAY

(5 minutes | Internal Confidence)

Goal

Reduce visual dependence.

PIXO FLOW

- PIXO:
- “Say it in your head...”
- Sound bars animate (no word shown)
- After 2 seconds:

“Now say it 😊”

Mic opens.

Rules:

- Any attempt accepted
- No correction

PART 2 – CHOICE & CONTROL

(10 minutes → 5 + 5)

2A. YOU CHOOSE THE WORD

(5 minutes | Ownership)

Goal

Build autonomy and motivation.

PIXO FLOW

- Two word cards shown:
 - **flag**
 - **nest**

- PIXO:

“You choose 😊”

- Child taps one
- Sound plays
- Child says the word

Scoring:

★ immediate

Progress bar advances

2B. SAY → BUILD → SAY

(5 minutes | Confidence Loop)

Goal

Reinforce control through construction.

PIXO FLOW

- Child says chosen word
- Letters appear scrambled:

f l a g

or

n e s t

- Child taps letters
- Word forms
- Child says the word again

Rules:

- Auto-assist after hesitation
- No error sounds

Scoring:

★ for completion

PART 3 – SPEAK → MEAN → PRAISE

(10 minutes → 5 + 5)

3A. SAY → MATCH PICTURE

(5 minutes | Meaning Confirmation)

Goal

Ensure longer words are understood, not just spoken.

PIXO FLOW

- Word shown: **nest**
- Child says the word
- 3 pictures appear:

- Nest 
- Flag
- Fan

Repeat once for **flag**.

Scoring:

★ Immediate

No penalties

3B. PRAISE + PROGRESS LOCK

(5 minutes | Emotional Anchor)

Goal

End Day 113 with pride and calm confidence.

PIXO FLOW

- Progress bar update
- Star summary:

★ ★ / ★ ★ ★

- Voice:

“You said longer words by yourself!”

🏆 Badge:

4-Sound Speaker

📊 SCORING LOGIC (VISIBLE BUT SAFE)

- Stars reward **independent attempts and flow**
 - Accuracy adjusts future pacing silently
 - No fail screens
 - Always end on success
-

✅ DAY 113 FINAL OUTCOME

Child can:

- ✓ Say **flag / nest** independently
 - ✓ Maintain smooth 4-sound flow
 - ✓ Build words confidently
 - ✓ Feel ready for validation
-

🔵 DAY 114 – 4-SOUND WORD CHECKPOINT

Words under check:

- **flag** (CCVC)
- **nest** (CVCC)

Type: System checkpoint (child-safe, hidden evaluation)

📅 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (ACTIVE)

- ✅ 🗣️ Sound bars
- ✅ 📖 Letters / full words visible
- ✅ ✍️ Spelling interaction (confirmatory only)
- ✅ 📊 Visible scoring (stars + progress bar)

Child never sees pass/fail.

System evaluates silently.

🧠 DAY 114 OBJECTIVE (SYSTEM)

- Validate **accurate 4-sound blending**
 - Confirm **independent speaking**
 - Ensure **no fear or hesitation**
 - Decide readiness for **4-sound expansion**
-

🕒 PART 1 – CALM ENTRY (NO TEST SIGNAL)

(10 minutes → 5 + 5)

🕒 1A. FAMILIAR WORD FLOW

(5 minutes | Emotional Safety)

 Goal

Set a relaxed tone.

PIXO FLOW

-  Words play once each:
 - **flag**
 - **nest**
- Sound bars animate smoothly
- Words appear after sound

PIXO says gently:

“You know these words 😊”

No response required.

1B. SAY-TOGETHER (ONE WORD)

(5 minutes | Confidence Prime)

 Goal

Remove hesitation before observation.

PIXO FLOW

- PIXO:

“Let’s say one together 😊”
- System selects the stronger word
- PIXO speaks along
- Mic opens briefly

Scoring:

★ participation only

PART 2 – HIDDEN CHECK (SYSTEM OBSERVATION)

(10 minutes → 5 + 5)

⚠ Child does NOT experience this as a test.

2A. HEAR → SAY → CHOOSE

(5 minutes | Listening + Meaning)

 Goal

Confirm instant recognition and understanding.

FORMAT

-  Sound played once: **“nest”**
- Word visible
- Child says the word
- 3 pictures appear:
 - Nest 
 - Flag
 - Fan

Repeat with **flag**.

System tracks:

- Listening accuracy
- Speaking confidence

Stars appear immediately.

2B. HEAR SOUNDS → BUILD

(5 minutes | Blending Stability)

Goal

Confirm sound-to-word assembly is stable.

PIXO FLOW

- Four sound bars animate in sequence
- No word shown initially
- PIXO asks softly:
“What word is this?”
- Child says word
- Letters appear scrambled briefly
- Child taps to build

System tracks:

- Sound joining smoothness
 - Letter order accuracy
 - Pause length
-

PASS CRITERIA (SYSTEM-ONLY)

✓ **Overall accuracy ≥ 80%**

✓ **Speaking confidence ≥ 4 / 5**

✓ **No word below 70%**

(Stars shown ≠ pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes → 5 + 5)

IF PASSED → EXPANSION READY

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Celebration animation
- Voice:

“You can read longer words easily!”

Badge Unlocked:

4-Sound Ready

3B. NEXT STEP PREVIEW

(5 minutes | Forward Momentum)

- Sound bars animate:
 - 4 → 4 → 4
 - New words hinted (sound only)

Voice:

“More longer words are coming!”

UNLOCKED NEXT:

DAY 115 – 4-SOUND WORD EXPANSION (new CCVC / CVCC)

Parent update:

“Your child confidently reads 4-sound words and is ready for expansion.”

IF NOT YET STABLE → SOFT LOOP

- No fail screen
- Encouraging close:
“Let’s play with these words again 😊”
- System action:
 - Loop Day 112–113 activities
 - Same words only
 - Reattempt checkpoint after **72 hours**

Child never sees failure.

NON-NEGOTIABLE RULES

- No red marks
 - No pressure language
 - Confidence > accuracy
 - Child always ends feeling successful
-

DAY 114 FINAL OUTCOME

Child can:

- ✓ Blend 4-sound words calmly
 - ✓ Speak independently
 - ✓ Understand meaning clearly
 - ✓ Move forward without fear
-

DAY 115 – 4-SOUND WORD EXPANSION

New Words Introduced:

- **frog** (CCVC)
- **lamp** (CVCC)

Previously Known (support only):

- flag
- nest

Type: Expansion (practice-focused, no pressure)

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction (guided)
- ✓  Visible scoring (stars + progress bar)

Core rule remains strict: **Sound → letters → word**

DAY 115 OBJECTIVE

By the end of Day 115, the child:

- Learns **two new 4-sound words** safely
- Notices familiar patterns (CCVC / CVCC)
- Transfers confidence from earlier words
- Feels: *"These new long words feel familiar."*

 WORD SET (TODAY)

CCVC

frog

(f + r + o + g)

CVCC

lamp

(l + a + m + p)

 PART 1 – DISCOVERY & COMPARISON
(10 minutes → 5 + 5)

 1A. HEAR THE NEW WORDS
(5 minutes | Auditory Anchor)

 Goal

Introduce new words as **whole sounds first**.

PIXO FLOW

- Picture appears
-  Voice:
"frog... frog..."
- **Four sound bars** animate together
- Word fades in after second play

Repeat same flow for **lamp**.

No speaking required.

 1B. COMPARE WITH KNOWN WORD
(5 minutes | Pattern Comfort)

 Goal

Show the child that new words follow known rules.

PIXO FLOW

- Side-by-side display:
flag → frog
nest → lamp
 - Changed sound glows briefly
- PIXO says:

"The words change a little, but the sounds join the same way 😊"

 PART 2 – GUIDED PRACTICE
(10 minutes → 5 + 5)

 2A. SAY IT TOGETHER
(5 minutes | Supported Speaking)

Goal

Remove fear of new words.

PIXO FLOW

- Word shown: **frog**

- PIXO:

“Say it with me... frog”

- Mic opens
- PIXO speaks along

Repeat once for **lamp**.

Scoring:

★ for participation only

2B. SAY AFTER SOUND BARS

(5 minutes | Gentle Independence)

Goal

Encourage recall with minimal support.

PIXO FLOW

- Four sound bars animate
- No word shown initially
- PIXO asks softly:
“What word is this?”
- Child speaks
- Word appears after speaking

Rules:

- Any attempt accepted
- No correction sounds

Scoring:

★ for attempt

PART 3 – MEANING + PRAISE

(10 minutes → 5 + 5)

3A. HEAR → SAY → CHOOSE

(5 minutes | Meaning Stability)

Goal

Keep meaning central, not length.

FORMAT

-  Sound: “**lamp**”
- Child says word
- 3 pictures appear:
 - Lamp 
 - Frog
 - Fan

Repeat once for **frog**.

Scoring:

★ immediate

Progress bar moves slightly

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

 **Goal**

End expansion day feeling successful.

PIXO FLOW

- Gentle celebration

- Voice:

“You learned new long words easily!”

 **Badge:**

4-Sound Explorer Plus

SCORING LOGIC (SAFE)

- Stars reward **attempt and calmness**
 - Accuracy influences future pacing silently
 - No fail screens
 - No forced repetition
-

DAY 115 FINAL OUTCOME

Child can:

- ✓ Hear and say **frog / lamp** calmly
 - ✓ Recognize familiar 4-sound patterns
 - ✓ Transfer confidence from known words
 - ✓ Prepare for mixed practice
-

DAY 116 – 4-SOUND WORD MIXED PRACTICE

Word Pool (ALL known 4-sound words):

- flag (CCVC)
- nest (CVCC)
- frog (CCVC)
- lamp (CVCC)

Type: Mixed practice (no assessment)

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction (guided, light)
- ✓  Visible scoring (stars + progress bar)

Non-negotiable: **Sound → letters → word**

DAY 116 OBJECTIVE

By the end of Day 116, the child:

- Handles **multiple 4-sound words** without stress
- Switches words smoothly
- Speaks with growing independence
- Feels: *"All these long words are okay."*

 PART 1 – MIXED LISTENING & RECOGNITION

(10 minutes → 5 + 5)

 1A. MIXED WORD FLOW

(5 minutes | Calm Exposure)

 Goal

Normalize variety.

PIXO FLOW

- Words played in random order:
 - frog → nest → lamp → flag
 - Sound bars animate together
 - Word appears after sound

Rules:

- Normal speed
- No response required

PIXO says softly:

"Listen to the words 😊"

 1B. SAME / DIFFERENT

(5 minutes | Sound Discrimination)

 Goal

Sharpen listening without pressure.

PIXO FLOW

- Two words played:
 - "flag... flag"
 - "frog... flag"
 - "lamp... lamp"
 - "nest... net" (contrast)
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- No countdown
- Calm pacing

Scoring:

★ for attempt

 PART 2 – GUIDED SPEAKING (MIXED)

(10 minutes → 5 + 5)

 2A. LISTEN → SAY

(5 minutes | Independent Recall)

 Goal

Encourage confident speaking across words.

PIXO FLOW

-  Word played: **frog**
- Word appears
- Mic opens
- Child says the word

Repeat with two more random words.

Scoring:

★ for attempt

✨ glow for smooth flow

 2B. SAY → BUILD

(5 minutes | Control Without Stress)

 Goal

Reinforce sound-to-letter mapping gently.

PIXO FLOW

- Child says **lamp**
- Letters appear scrambled:
l a m p
- Child taps to build
- Word forms
- Child says word again

Rules:

- Auto-assist if paused
- No error sounds

Scoring:

★ for completion

 PART 3 – MEANING + PRAISE

(10 minutes → 5 + 5)

 3A. HEAR → SAY → CHOOSE

(5 minutes | Meaning Stability)

 Goal

Keep meaning central as variety increases.

FORMAT

-  Sound: **“nest”**
- Child says word
- 3 pictures appear:
 - Nest 
 - Lamp
 - Frog

Repeat once more with a different word.

Scoring:

★ immediate

Progress bar advances slightly

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

 Goal

End mixed practice feeling strong.

PIXO FLOW

- Gentle celebration

- Voice:

“You said many long words calmly!”

 Badge:

4-Sound Mixer

SCORING LOGIC (SAFE)

- Stars reward **attempt, calmness, and consistency**
- Accuracy influences pacing silently
- No fail screens
- Always end on success

DAY 116 FINAL OUTCOME

Child can:

- ✓ Handle mixed 4-sound words
- ✓ Switch words without confusion
- ✓ Speak confidently with light support
- ✓ Prepare for speed & independence

DAY 117 – 4-SOUND WORD SPEED & CONFIDENCE

Word Pool:

flag · nest · frog · lamp

Type: Fluency strengthening (no assessment)

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (ACTIVE)

- ✓  Sound bars
- ✓  Letters / full words visible
- ✓  Spelling interaction (light, confirmatory)
- ✓  Visible scoring (stars + progress bar)

Rule remains: **Sound → letters → word**

Speed increases slightly, never abruptly.

DAY 117 OBJECTIVE

By the end of Day 117, the child:

- Reads 4-sound words **a bit faster**
- Keeps voice smooth and relaxed
- Trusts the first response
- Feels: *"I can go faster and stay calm."*

PART 1 – FASTER LISTENING & DECISION

(10 minutes → 5 + 5)

1A. QUICK WORD FLOW

(5 minutes | Speed Exposure)

Goal

Let the child *hear* faster flow safely.

PIXO FLOW

- Words played at **slightly faster than normal speed**
- Order mixed:
 - lamp → frog → nest → flag
 - Sound bars animate smoothly
 - Words appear briefly after sound

No response required.

PIXO says softly:

"Listen calmly 😊"

1B. SAME / DIFFERENT (FASTER)

(5 minutes | Quick Listening)

Goal

Train quicker sound decisions without stress.

PIXO FLOW

- Two words played quickly:
 - "frog... frog"
 - "flag... frog"
 - "lamp... lamp"
 - "nest... nest"
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- No countdown
- Calm visuals

Scoring:

★ for attempt

PART 2 – FASTER SPEAKING (CONTROLLED)

(10 minutes → 5 + 5)

2A. LISTEN → SAY (MEDIUM SPEED)

(5 minutes | Controlled Fluency)

Goal

Increase speaking speed without clipping sounds.

PIXO FLOW

-  Sound: “frog”
- Word appears quickly
- Mic opens
- Child says word

Repeat with two more random words.

Rules:

- One attempt per word
- Any attempt accepted

Scoring:

★ for attempt

💡 glow if smooth and steady

2B. SAY FIRST, SEE AFTER

(5 minutes | Confidence Under Speed)

Goal

Encourage fast recall before visual help.

PIXO FLOW

- Sound bars animate
- No word shown initially
- Child says the word
- Word appears after speaking

Rules:

- 3 rounds
- No correction sounds

Scoring:

★ immediate

PART 3 – SPEED SUCCESS + PRAISE

(10 minutes → 5 + 5)

3A. FAST WORD FLASH

(5 minutes | Automation Primer)

Goal

Prepare the brain for automatic reading.

PIXO FLOW

- Words flash quickly (sound + text):
 - flag → nest → lamp → frog
 - Child just listens
 - No interaction

This primes Day 118.

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Anchor)

Goal

End Day 117 feeling capable and relaxed.

PIXO FLOW

- Progress bar update
- Star summary:

★ ★ / ★ ★ ★

- Voice:

“You stayed calm and fast!”

🏆 Badge:

Calm 4-Sound Reader

📊 SCORING LOGIC (SAFE)

- Stars reward **calm speed and effort**
 - Hesitation slightly slows next round silently
 - No fail screens
 - Always end on success
-

✅ DAY 117 FINAL OUTCOME

Child can:

- ✓ Read 4-sound words faster
 - ✓ Maintain smooth sound flow
 - ✓ Stay relaxed under speed
 - ✓ Prepare for automation
-

● DAY 118 – 4-SOUND WORD AUTOMATION

Word Pool:

flag · nest · frog · lamp

Type: Automation day (no teaching, no assessment)

📅 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (ACTIVE)

- ✓ 🔊 Sound bars
- ✓ 📄 Letters / full words visible (briefly)
- ✓ 🍷 Spelling interaction (minimal, confirmatory)
- ✓ 📊 Visible scoring (stars + progress bar)

Support fades quickly.

Child leads. System observes.

🧠 DAY 118 OBJECTIVE

By the end of Day 118, the child:

- Reads 4-sound words **automatically**
- Speaks without pausing between sounds
- Needs little to no visual support

- Feels: “*The word just comes out.*”

This is **true decoding automation**.

PART 1 – NATURAL WORD FLOW

(10 minutes → 5 + 5)

1A. LISTEN ONLY (NO RESPONSE)

(5 minutes | Rhythm Lock)

Goal

Internalize natural speaking rhythm.

PIXO FLOW

- Words play at **natural conversation speed**
- Minimal pause between words
- Letters appear briefly, then fade

Order mixed:

frog → lamp → nest → flag

PIXO says once:

“Just listen 😊”

No interaction.

1B. SAY AFTER ME (ONE PROMPT ONLY)

(5 minutes | Light Activation)

Goal

Trigger speaking once, then remove prompts.

PIXO FLOW

- One word plays (system selects strongest)
- Mic opens silently
- Child says word

No countdown.

No correction.

Scoring:

★ for completion only

PART 2 – AUTOMATIC SPEAKING

(10 minutes → 5 + 5)

2A. SAY BEFORE SEEING

(5 minutes | Pure Recall)

Goal

Confirm automatic retrieval.

PIXO FLOW

- Sound bars animate
- No word shown
- Child says the word
- Word appears **after speaking**

Rules:

- 4 rounds
- Any attempt accepted

Scoring:

★ immediate

✨ glow for smooth flow

2B. SAY → QUICK BUILD

(5 minutes | Accuracy Check Without Disruption)

 Goal

Confirm sound-to-letter stability.

PIXO FLOW

- Child says word
- Letters appear scrambled briefly
- Child taps once to confirm order
- No rebuild if correct

Rules:

- One quick interaction
- No retries

Scoring:

★ for completion

PART 3 – AUTOMATION SUCCESS + PRAISE

(10 minutes → 5 + 5)

3A. FAST WORD FLASH

(5 minutes | Subconscious Lock)

 Goal

Reinforce effortless recognition.

PIXO FLOW

- Words flash rapidly (sound + text)
- Child only listens
- No interaction

This primes the checkpoint.

3B. PRAISE + CONFIDENCE LOCK

(5 minutes | Emotional Closure)

 Goal

End Day 118 feeling fluent.

PIXO FLOW

- Progress bar update
- Star summary:

★★★★ / ★★★★★

- Voice:

“The words came out easily!”

 Badge:

4-Sound Automatic

SCORING LOGIC (SYSTEM-SAFE)

- Stars reward **flow and completion**
- Errors never interrupt flow

- Adjustments happen silently
 - No fail screens
-

✓ DAY 118 FINAL OUTCOME

Child can:

- ✓ Read 4-sound words automatically
 - ✓ Maintain smooth rhythm
 - ✓ Speak without hesitation
 - ✓ Feel ready for validation
-

● DAY 119 – PHASE 6 CHECKPOINT

Word Pool (ALL 4-sound words learned):

flag · nest · frog · lamp

Type: System Mastery Gate

Child Experience: Normal play (no test feeling)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (ACTIVE)

- ✓ 🗣️ Sound bars
- ✓ 📄 Letters / full words visible (briefly)
- ✓ 📝 Spelling interaction (confirmatory only)
- ✓ 🏆 Visible scoring (stars + progress bar)

Child never sees pass/fail.

System decides silently.

🧠 DAY 119 OBJECTIVE (SYSTEM)

- Confirm **automatic 4-sound blending**
 - Validate **confidence without hesitation**
 - Ensure **no single weak word**
 - Decide readiness for **sentence entry (Phase 7)**
-

🕒 PART 1 – CALM ENTRY (NO CHECKPOINT SIGNAL)

(10 minutes → 5 + 5)

🕒 1A. FAMILIAR WORD FLOW

(5 minutes | Emotional Safety)

🎯 Goal

Remove all “evaluation” signals.

PIXO FLOW

- Words play once each at natural speed:
 - frog

- lamp
- nest
- flag
- Sound bars animate smoothly
- Words appear briefly after sound

PIXO says gently:

“You know these words 😊”

No interaction required.

1B. SAY-TOGETHER (ONE WORD)

(5 minutes | Confidence Prime)

 Goal

Warm the voice before observation.

PIXO FLOW

- PIXO:
- “Let’s say one together 😊”
- System selects strongest word
- PIXO speaks along once
- Mic opens briefly

Scoring:

★ participation only

PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

⚠ Child does NOT experience this as a test.

2A. HEAR → SAY → MATCH

(5 minutes | Listening + Meaning)

 Goal

Confirm instant recognition and understanding.

FORMAT

-  Sound played once
- Word appears
- Child says word
- 3 pictures appear (1 correct)

Rules:

- 8 total prompts
- Mixed order
- One replay allowed

System tracks:

- Listening accuracy
- Speaking confidence
- Reaction time

Stars appear immediately (not tied to pass/fail).

2B. HEAR SOUNDS → BUILD

(5 minutes | Blending Stability)

Goal

Ensure sound-to-letter mapping is automatic.

PIXO FLOW

- Four sound bars animate in sequence
- No word shown initially
- PIXO asks softly:

“What word is this?”

- Child says word
- Letters appear scrambled briefly
- Child taps correct order

System tracks:

- Sound joining smoothness
- Letter order accuracy
- Hesitation length

PASS CRITERIA (SYSTEM-ONLY)

✓ Overall accuracy $\geq 85\%$

✓ Speaking confidence $\geq 4 / 5$

✓ No single word $< 70\%$

(Stars shown $\neq$ pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes $\rightarrow$ 5 + 5)

IF PASSED $\rightarrow$ PHASE 6 COMPLETE

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Celebration animation
- Voice:

“You can read long words easily!”

 **Badge Unlocked:**

4-Sound Word Master

3B. NEXT-PHASE PREVIEW

(5 minutes | Forward Momentum)

- Sound bars animate:
 - word $\rightarrow$ word $\rightarrow$ sentence
 - Two short spoken sentences previewed (audio only)

Voice:

“Now words will join into sentences!”

 **UNLOCKED NEXT:**

PHASE 7 – SIMPLE SENTENCES (Day 120)

 Parent update:

“Your child confidently reads 4-sound words and is ready to begin sentence reading.”

IF NOT YET STABLE $\rightarrow$ SOFT LOOP

- No fail screen
- Encouraging close:

“Let’s play with these words again 😊”

• System action:

- Identify weakest word(s)
- Auto-loop Days 116–118 style activities
- Reattempt checkpoint after **72 hours**

Child never sees failure.

NON-NEGOTIABLE RULES

- No red marks
 - No pressure language
 - Confidence > accuracy > speed
 - Child always ends feeling successful
-

PHASE 6 FINAL OUTCOME

Child can:

- ✓ Read 4-sound words automatically
 - ✓ Maintain smooth sound flow
 - ✓ Understand meaning instantly
 - ✓ Transition to sentence reading confidently
-

DAY 120 – SIMPLE SENTENCE DISCOVERY

Type: Introduction / Discovery

Sentence length: 2–3 words

No assessment

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT – ACTIVE)

- ✓  Sound bars
- ✓  Words visible (not spelling focus)
- ✓  No forced spelling
- ✓  Stars + progress bar (participation only)

Golden rule evolves to:

Sound → words → meaning

DAY 120 OBJECTIVE

By the end of Day 120, the child:

- Understands that **two or three words together make an idea**
 - Listens to and repeats **very short sentences**
 - Does not feel overwhelmed by multiple words
 - Feels: *“I’m reading something real.”*
-

🌸 SENTENCE SET (VERY SIMPLE)

All words are already known.

Sentence 1 (2 words)

a fan

Sentence 2 (2 words)

the nest

Sentence 3 (3 words)

a red flag

These are **spoken sentences**, not grammar lessons.

Articles and adjectives are treated as **sounds**, not rules.

🕒 PART 1 – HEAR THE SENTENCE

(10 minutes → 5 + 5)

🕒 1A. LISTEN TO THE WHOLE SENTENCE

(5 minutes | Meaning First)

🎯 Goal

Introduce sentences as **one idea**, not many tasks.

PIXO FLOW

- Picture appears

- 🗣️ Voice:

“a fan...”

- Sound bars animate across **two word groups**
- Words appear softly after sound:

a fan

Repeat for:

the nest

Rules:

- Slow, calm pace
- No speaking required
- Child just listens and watches

PIXO says gently:

“The words stay together 😊”

🕒 1B. HEAR → POINT (OPTIONAL)

(5 minutes | Awareness Without Pressure)

🎯 Goal

Help the child notice **word order** visually.

PIXO FLOW

- Sentence spoken again
- Each word highlights as it's spoken

Example:

a → fan

No tapping required.

No questions asked.

🕒 PART 2 – SAYING SENTENCES TOGETHER

(10 minutes → 5 + 5)

2A. SAY IT WITH PIXO

(5 minutes | Supported Speaking)

Goal

Remove fear of “long reading”.

PIXO FLOW

- Sentence shown:

a fan

- PIXO:

“Say it with me... a fan”

- Mic opens
- PIXO speaks along

Repeat once for:

the nest

Rules:

- One attempt is enough
- Any attempt accepted

Scoring:

★ for participation only

2B. SAY AFTER LISTENING

(5 minutes | Gentle Independence)

Goal

Encourage recall of the whole sentence.

PIXO FLOW

- Sentence spoken
- Words disappear briefly
- Mic opens
- Child says sentence
- Words reappear after speaking

No correction.

No replay pressure.

Scoring:

★ for attempt

PART 3 – SENTENCE MEANING + PRAISE

(10 minutes → 5 + 5)

3A. HEAR → SAY → CHOOSE

(5 minutes | Meaning Lock)

Goal

Confirm that sentences are **understood**, not just repeated.

FORMAT

-  Sentence: “a red flag”
- Child repeats sentence
- 3 pictures appear:
 - Red flag 
 - Lamp

- Nest

Scoring:

★ immediate

Progress bar advances slightly

3B. PRAISE + EMOTIONAL ANCHOR

(5 minutes | First Reader Moment)

 Goal

End Day 120 with pride and safety.

PIXO FLOW

- Soft celebration

- Voice:

“You read a sentence!”

 Badge:

Sentence Starter

SCORING LOGIC (SAFE)

- Stars = participation only
- Accuracy does not block progress
- No fail screens
- Always end on success

DAY 120 FINAL OUTCOME

Child can:

- ✓ Listen to full sentences calmly
- ✓ Say 2–3 word sentences with support
- ✓ Understand sentence meaning
- ✓ Feel like a real reader

WHY DAY 120 MATTERS

This is the **bridge from decoding to reading**.

From here on, reading becomes **useful, meaningful, and motivating**.

PHASE 3: ALL CORE CONSONANTS (Day 121–150)

MODULE 5: STOP SOUNDS

Sounds:

/b d g k p t/

Each sound = **3-node mini-cycle**

NODE_B

└— Listen

└— Repeat

└— Identify

Auto-unlock only after mastery.

PHASE 3 – ALL CORE CONSONANTS

MODULE 5: STOP SOUNDS (Day 121–150)

Target Sounds (Stop/Plosive):

/b/ /d/ /g/ /k/ /p/ /t/

These sounds are **short, clipped, and released**, unlike continuous sounds.

Mouth release + control is the core skill.

GLOBAL RULES (MODULE 5)

 **Daily Duration:** 30 minutes

Structure:

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

Mode Rules (Strict):

- ✓ Sound-only first
- ✓ Letters appear only after sound
- ✓ No spelling pressure
- ✓ Visible stars, hidden mastery logic

Progression Rule:

A sound **cannot unlock the next sound** unless mastery is achieved.

MASTERY DEFINITION (SYSTEM-ONLY)

A sound is marked **MASTERED** only if:

- Listening accuracy ≥ **85%**
- Repeat clarity ≥ **4 / 5**
- Identification accuracy ≥ **80%**
- No confusion with similar stop sounds

Child never sees this.

MODULE TREE STRUCTURE

PHASE_3_CORE_CONSONANTS

└─ MODULE_5_STOP_SOUNDS

└─ NODE_B

└─ NODE_D

└─ NODE_G

└─ NODE_K

└─ NODE_P

└─ NODE_T

Each NODE runs a **3-node mini-cycle**.

STANDARD MINI-CYCLE (PER SOUND)

NODE_X (example: /b/)

NODE_B

└─ B_LISTEN

└─ B_REPEAT

└─ B_IDENTIFY

Auto-loop until mastery.

 DAY-WISE BREAKDOWN (Day 121–150)

● **/b/ SOUND (Day 121–125)**

● **DAY 121 – B_LISTEN**

Sound: /b/ (stop sound)

Type: Listen-only discovery

No assessment

 STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

 MODE RULES (STRICT)

- ✓  Sound-first only
- ✓  Mouth movement emphasized
- ✓  Letters appear after sound
- ✗ No spelling
- ✗ No forced speaking
- ✓  Stars = engagement only

 DAY 121 OBJECTIVE

By the end of Day 121, the child:

- Hears /b/ as a short, clean sound
- Notices lip closure → quick release
- Does not stretch the sound
- Feels: *"This sound pops."*

 WORD SET (EXAMPLES)

- ball
- bat
- bus

(Used only as sound carriers, not reading targets.)

 PART 1 – SOUND DISCOVERY

(10 minutes → 5 + 5)

 1A. HEAR THE SOUND IN WORDS

(5 minutes | Pure Listening)

 **Goal**

Let the ear catch the /b/ pop.

PIXO FLOW

- Animated ball appears

- 🗣️ Voice:

"/b/... ball"

- Lip animation:

- Lips close
- Quick pop open

Repeat same flow for:

- bat
- bus

Rules:

- Each word played 3 times
- Slight pause between plays
- Soft background music
- No interaction required

PIXO says softly:

"Listen to how the sound pops 😊"

🕒 1B. ISOLATED SOUND HEARING

(5 minutes | Sound Focus)

🎯 Goal

Detach sound from word meaning.

PIXO FLOW

- Lips animation only (no object)
- 🗣️ Sound:

"/b/"

- Short silence
- Sound repeated

Sequence:

- /b/ → pause → /b/ → pause → /b/

Rules:

- No stretching
- No blending with vowels
- Clean release every time

No child response.

🕒 PART 2 – MOUTH AWARENESS (NO SPEAKING)

(10 minutes → 5 + 5)

🕒 2A. WATCH THE MOUTH

(5 minutes | Visual Awareness)

🎯 Goal

Connect sound to mouth movement.

PIXO FLOW

- Close-up mouth animation
- Lips:

- Close fully
 - Open quickly
 - 🗣️ Sound:
"/b/"
- Repeated slowly, then normally.
PIXO says:
"The lips close... then pop open."
Child does not imitate yet.
-

- 🕒 2B. COMPARE WITH SILENCE
(5 minutes | Contrast Awareness)
- 🎯 Goal
Make the release moment obvious.
PIXO FLOW
- Silent closed lips (2 seconds)
 - Then:
"/b/"
 - Visual glow on release moment
- Repeat 4–5 times.
No response required.
-

- 🕒 PART 3 – RECOGNITION (NO SPEAKING)
(10 minutes → 5 + 5)
-

- 🕒 3A. HEAR → NOTICE
(5 minutes | Attention Training)
- 🎯 Goal
Ensure the child is actively listening.
PIXO FLOW
- Three sounds played:
 - "/b/"
 - silence
 - "/b/"
 - PIXO gently asks:
"Did you hear the pop sound?"
Child can tap Yes (optional).
- ★ Star for engagement only.
-

- 🕒 3B. PRAISE + CALM CLOSE
(5 minutes | Emotional Anchor)
- 🎯 Goal
End with safety and confidence.
PIXO FLOW
- Soft celebration animation
 - Voice:

"You listened carefully to the /b/ sound!"

🏆 Badge:

Sound Listener – /b/

📊 SCORING LOGIC (SAFE)

- ⭐ Stars only for attention
 - No accuracy tracking today
 - No failure state
 - Sound familiarity logged silently
-

✅ DAY 121 FINAL OUTCOME

Child can:

- ✓ Hear /b/ as a stop sound
 - ✓ Notice lip closure + release
 - ✓ Avoid stretching the sound
 - ✓ Feel ready to try speaking next
-

● DAY 122 – B_REPEAT

Sound: /b/ (stop sound)

Type: Guided repetition

No assessment

📅 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 🗑️ Mouth movement emphasized
- ✓ 📄 Letters appear after sound
- ✗ No spelling pressure
- ✗ No speed expectation
- ✓ ⭐ Stars = effort only

Golden rule today: short pop, no stretch

🧠 DAY 122 OBJECTIVE

By the end of Day 122, the child:

- Says /b/ with clean lip release
 - Avoids "buhhhh" stretching
 - Feels mouth control, not force
 - Feels: *"I can make this sound clearly."*
-

📖 WORD SUPPORT (SECONDARY)

- ball
- bat
- bus

(Used only after isolated sound practice.)

PART 1 – ISOLATED SOUND REPEAT

(10 minutes → 5 + 5)

1A. SAY /b/ TOGETHER

(5 minutes | Supported Start)

Goal

Introduce speaking gently.

PIXO FLOW

- Mouth animation appears

-  PIXO:

"/b/"

- Mic opens
- PIXO repeats softly
- Child repeats

Sequence:

- PIXO → child
- PIXO → child

Rules:

- Soft voice
- Short sound only
- Any attempt accepted

★ Star for trying

1B. SAY /b/ ALONE

(5 minutes | Independent Control)

Goal

Let the child try without echo.

PIXO FLOW

- Mouth animation

-  Prompt:

"Your turn 😊"

- Mic opens
- Child says /b/

If stretched:

- PIXO calmly models again
- No correction sound

★ Star for effort

PART 2 – SOUND + VOWEL (CONTROLLED)

(10 minutes → 5 + 5)

2A. /b/ + VOWEL JOIN

(5 minutes | Gentle Blending)

Goal

Teach controlled release into a vowel.

PIXO FLOW

- Sound bars:

/b/ → a

- PIXO:

"/b/... a → ba"

- Child repeats with PIXO

Vowels used:

- ba
- bu

Rules:

- Slow pace
 - No rushing
 - No stretching
-

2B. CHILD LEADS

(5 minutes | Ownership)

Goal

Encourage confidence.

PIXO FLOW

- Sound bars animate
- Prompt:

"You try 😊"

- Child says:

- ba
- bu

★ Star for each attempt

✨ Glow for clean release

PART 3 – WORD REPEAT (LIGHT)

(10 minutes → 5 + 5)

3A. SAY THE WORD AFTER PIXO

(5 minutes | Application)

Goal

Apply /b/ to real words.

PIXO FLOW

- Image appears: ball
-  PIXO:

"ball"

- Mic opens
- Child repeats

Repeat for:

- bat
- bus

Rules:

- Normal speed
- One attempt only
- No correction pressure

3B. PRAISE + CONFIDENCE CLOSE

(5 minutes | Emotional Anchor)

Goal

End Day 122 feeling successful.

PIXO FLOW

- Gentle celebration
- Voice:

"You made the /b/ sound clearly!"

Badge:

Sound Speaker – /b/

SCORING LOGIC (SAFE)

-  Stars reward attempt, not accuracy
- Mouth clarity tracked silently
- Stretching does NOT penalize
- No fail screens

DAY 122 FINAL OUTCOME

Child can:

- ✓ Say /b/ with lip release
- ✓ Control sound length
- ✓ Blend /b/ into vowels calmly
- ✓ Say simple /b/ words confidently

DAY 123 – B_IDENTIFY

Sound: /b/

Type: Listening discrimination

No forced speaking

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

 MODE RULES (STRICT)

- ✓  Sound-first only
- ✓  Listening-focused
- ✓  Letters appear after choice

✗ No spelling

✗ No speaking requirement

✓  Stars = effort only

Today's skill: "I can hear the right sound."

 DAY 123 OBJECTIVE

By the end of Day 123, the child:

- Identifies /b/ by sound alone
 - Separates /b/ from similar stop sounds
 - Makes confident listening choices
 - Feels: *"I know this sound when I hear it."*
-

 CONTRAST SOUNDS USED

Target:

- /b/

Distractors:

- /p/ (same lips, no voice)
- /d/ (different mouth position)

Only one /b/ per question.

Never more than 3 choices.

 PART 1 – SOUND RECOGNITION

(10 minutes → 5 + 5)

 1A. HEAR → CHOOSE PICTURE

(5 minutes | Sound to Meaning)

 Goal

Connect /b/ sound to real objects.

PIXO FLOW

-  Sound played:

"ball"

- Three pictures appear:
 - ball ✓
 - dog
 - pig
- Child taps the picture they heard

Rules:

- One play only
- No correction sound
- Calm pacing
- ★ Star for any attempt

Repeat with:

- bat
- bus

 1B. HEAR → CHOOSE SOUND

(5 minutes | Pure Auditory)

 Goal

Strip away visuals.

PIXO FLOW

- Three mouth icons appear
-  One sound played:

"/b/"

• Options:

- /b/ 
- /p/
- /d/

Rules:

- Icons animate silently
 - No labels spoken
 - Child taps one
- ★ Star for attempt

 PART 2 – CONTRAST DISCRIMINATION

(10 minutes → 5 + 5)

 2A. SAME OR DIFFERENT

(5 minutes | Sharp Listening)

 Goal

Train fine sound discrimination.

PIXO FLOW

- Two sounds played:
 - "/b/... /b/"
 - "/b/... /p/"
 - "/d/... /b/"
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
 - No replay
 - No speed pressure
- ★ Star for decision attempt

 2B. HEAR THE POP

(5 minutes | Release Awareness)

 Goal

Reinforce stop-release quality.

PIXO FLOW

- Two sounds:
 - stretched "buhhhh"
 - clean "/b/"
- PIXO asks:
"Which one pops?"
- Child taps the popping sound

No correction.

★ Star for attention.

 PART 3 – CONFIRMATION + PRAISE

(10 minutes → 5 + 5)

 3A. QUICK LISTENING ROUND

(5 minutes | Confidence Lock)

 Goal

End on success.

PIXO FLOW

- 5 quick sounds played (mixed):
 - /b/
 - /p/
 - /b/
 - /d/
 - /b/
- Child taps a /b/ icon whenever they hear it

Rules:

- Misses are ignored
- Hits are celebrated

★ Star for engagement

 3B. PRAISE + CLOSE

(5 minutes | Emotional Anchor)

 Goal

End Day 123 feeling confident.

PIXO FLOW

- Soft celebration
- Voice:
"You listened carefully and found the /b/ sound!"

 Badge:

Sound Finder – /b/

 SYSTEM LOGIC (INVISIBLE)

- Track /b/ vs /p/ confusion
- Track reaction time
- Update mastery probability
- No pass/fail shown

✅ DAY 123 FINAL OUTCOME

Child can:

- ✓ Identify /b/ by sound
- ✓ Discriminate /b/ from similar stops
- ✓ Listen attentively without guessing
- ✓ Feel confident about hearing sounds

🟢 DAY 124 – B_MIX_REINFORCE

Sound: /b/

Type: Reinforcement & stability

No visible assessment

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 🦻 Listening priority
- ✓ 🗨️ Light speaking allowed
- ✓ 📄 Letters appear after sound
- ✗ No spelling
- ✓ ⭐ Stars = effort only

Today's goal: /b/ stays clear even when mixed

🧠 DAY 124 OBJECTIVE

By the end of Day 124, the child:

- Recognizes /b/ in mixed contexts
- Maintains clean stop release
- Does not confuse /b/ with /p/ or /d/
- Feels: *"I know this sound."*

🗣️ SOUND SET (MIXED)

Target:

- /b/

Distractors:

- /p/
- /d/

Word carriers:

- ball
- bat
- bus

 PART 1 – MIXED LISTENING

(10 minutes → 5 + 5)

 1A. MIXED WORD FLOW

(5 minutes | Passive Stability)

 Goal

Confirm recognition without action.

PIXO FLOW

- Words played in random order:
 - ball
 - pig
 - bus
 - dog
 - bat
- Sound bars animate
- Words appear briefly after sound

No response required.

PIXO says softly:

"Just listen 😊"

 1B. SAME / DIFFERENT (MIXED)

(5 minutes | Active Listening)

 Goal

Test discrimination lightly.

PIXO FLOW

- Two sounds played:
 - "/b/... /b/"
 - "/b/... /p/"
 - "/d/... /b/"
 - "/p/... /b/"
- Child taps:
 - Same
 - Different

Rules:

- 6 rounds
- No replay
- Calm pacing
- ★ Star for attempt

 PART 2 – LIGHT REPEAT + IDENTIFY

(10 minutes → 5 + 5)

 2A. HEAR → SAY (OPTIONAL)

(5 minutes | Gentle Control)

 Goal

Ensure mouth control holds.

PIXO FLOW

-  Sound played:

"/b/"

- Mic opens
- Child may repeat

Rules:

- Speaking optional
- Any attempt accepted
- No correction sounds

★ Star for engagement

 2B. HEAR → CHOOSE

(5 minutes | Confirmation)

 Goal

Reconfirm identification.

PIXO FLOW

-  Sound: "bus"
- Three pictures appear:
 - bus 
 - pig
 - dog

Repeat with bat.

★ Star for any choice

 PART 3 – PRE-CHECKPOINT READINESS

(10 minutes → 5 + 5)

 3A. QUICK FIRE /b/

(5 minutes | Stability Snapshot)

 Goal

Final internal check.

PIXO FLOW

- 6 quick sounds played (mixed):
 - /b/
 - /p/
 - /b/
 - /d/
 - /b/
 - /p/

- Child taps /b/ icon when heard

Rules:

- Misses ignored
- Hits celebrated

★ Star for engagement

🕒 3B. PRAISE + CALM CLOSE

(5 minutes | Emotional Anchor)

🎯 Goal

End reinforcement day confidently.

PIXO FLOW

- Soft celebration

- Voice:

"You kept the /b/ sound clear!"

🏆 Badge:

/b/ Sound Stable

📊 SYSTEM LOGIC (INVISIBLE)

- Aggregate listening accuracy
 - Confusion rate (/b/ vs /p/)
 - Release clarity trend
 - Readiness flag for checkpoint
-

✅ DAY 124 FINAL OUTCOME

Child can:

- ✓ Maintain /b/ clarity in mixed input
 - ✓ Discriminate similar stop sounds
 - ✓ Speak /b/ when prompted
 - ✓ Feel ready for mastery check
-

🔵 DAY 125 – B_CHECKPOINT

Sound: /b/

Type: System Mastery Gate

Child experience: Normal play (no test feeling)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 👂 Listening priority
- ✓ 🗑️ Speaking allowed (light)

✓ abo Letters appear after sound

✗ No spelling

✓ ★ Stars shown (not pass/fail)

Child never sees scores or labels.

🧠 DAY 125 OBJECTIVE (SYSTEM)

- Validate clean /b/ stop release
- Confirm listening discrimination
- Ensure no confusion with /p/ or /d/
- Decide unlock of NODE_D

🕒 PART 1 – CALM ENTRY (NO CHECKPOINT SIGNAL)

(10 minutes → 5 + 5)

🕒 1A. FAMILIAR SOUND FLOW

(5 minutes | Emotional Safety)

🎯 Goal

Remove any “test” feeling.

PIXO FLOW

- 🗣️ Sounds played at natural pace:
 - ball
 - bat
 - bus

- Sound bars animate
- Words appear briefly after sound

PIXO says gently:

“You know this sound 😊”

No response required.

🕒 1B. SAY-TOGETHER (ONE TIME)

(5 minutes | Confidence Prime)

🎯 Goal

Warm up the mouth before observation.

PIXO FLOW

- PIXO:

“Let’s say one together 😊”

- Sound: /b/
- Mic opens briefly
- PIXO speaks along once
- ★ Star for participation only

🕒 PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

⚠️ Child experiences this as normal play.

 2A. HEAR → CHOOSE

(5 minutes | Listening Accuracy)

 Goal

Confirm sound recognition.

FORMAT

-  Sound played once:
 - "bus"
 - "pig"
 - "ball"
 - "dog"
 - "bat"
- 3 picture choices each time
- Only one /b/ target per round

System tracks:

- Listening accuracy
- Reaction time

Stars appear regardless.

 2B. HEAR → SAY → IDENTIFY

(5 minutes | Full Stability Check)

 Goal

Confirm sound holds across actions.

PIXO FLOW

-  Sound: /b/
- Child may say the sound
- Then chooses:
 - /b/
 - /p/
 - /d/

System tracks:

- Mouth release clarity
- Confusion rate

No correction sounds.

 PASS CRITERIA (SYSTEM-ONLY)

- ✓ Listening accuracy $\geq 85\%$
 - ✓ Repeat clarity $\geq 4 / 5$
 - ✓ Identification accuracy $\geq 80\%$
 - ✓ /b-/p/ confusion within tolerance
- (Stars - pass/fail.)
-

 PART 3 – OUTCOME EXPERIENCE

(10 minutes → 5 + 5)

 IF MASTERED → UNLOCK NEXT 

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Celebration animation
- Voice:

"You know the /b/ sound!"

 Badge Unlocked:

Stop Sound Master – /b/

3B. NEXT SOUND PREVIEW

(5 minutes | Forward Momentum)

- Mouth animation shifts
-  New sound teased:

"/d/"

Voice:

"A new sound is coming!"

 UNLOCKED NEXT:

 DAY 126 – D_LISTEN

 Parent update:

"Your child has mastered the /b/ stop sound and is ready to learn /d/."

IF NOT YET STABLE → SOFT LOOP

- No fail screen
- Encouraging close:
"Let's play with the /b/ sound again 😊"
- System action:
 - Auto-loop Day 121–124
 - New images, same sound
 - Reattempt checkpoint after 48 hours

Child never sees failure.

NON-NEGOTIABLE RULES

- No red marks
 - No comparison
 - No pressure language
 - Confidence > accuracy
-

/b/ SOUND CYCLE COMPLETE (WHEN PASSED)

Child can:

- ✓ Hear /b/ clearly
 - ✓ Produce clean stop release
 - ✓ Identify /b/ among similar sounds
 - ✓ Move confidently to /d/
-

/d/ SOUND (Day 126–130)

Same structure as /b/

Examples:

- dog
- door
- duck

Contrast focus:

- /d/ vs /t/

DAY 126 – D_LISTEN

Sound: /d/ (stop sound)

Type: Listen-only discovery

No assessment

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓  Sound-first only
- ✓  Mouth + tongue movement emphasized
- ✓  Letters appear **after** sound
- ✗ No spelling
- ✗ No forced speaking
- ✓  Stars = attention only

Rule today: **tongue touch** → **quick release**

DAY 126 OBJECTIVE

By the end of Day 126, the child:

- Hears **/d/** as a short, clean stop sound
 - Notices **tongue behind teeth** → **quick tap**
 - Does **not stretch** the sound (“duhhhh”)
 - Feels: *“This sound taps.”*
-

WORD SET (SOUND CARRIERS)

- dog
- door
- duck

(Used only to *carry* the sound, not for reading.)

PART 1 – SOUND DISCOVERY

(10 minutes → 5 + 5)

1A. HEAR /d/ IN WORDS

(5 minutes | Pure Listening)

 **Goal**

Let the ear catch the **/d/ tap**.

PIXO FLOW

- Animated **dog** appears
- 🗣️ Voice:
“/d/... dog”
- Mouth animation:
 - Tongue touches behind teeth
 - Quick release

Repeat same flow for:

- **door**
- **duck**

Rules:

- Each word played **3 times**
- Short pause between plays
- Soft background music
- No interaction required

PIXO says softly:

“Listen to how the sound taps 😊”

🕒 1B. ISOLATED SOUND HEARING

(5 minutes | Sound Focus)

🎯 Goal

Detach sound from word meaning.

PIXO FLOW

- Mouth animation only
 - 🗣️ Sound:
“/d/”
- Sequence:
- /d/ → pause → /d/ → pause → /d/

Rules:

- Clean, short sound
- No vowel added
- No stretching

No child response.

🕒 PART 2 – MOUTH & TONGUE AWARENESS

(10 minutes → 5 + 5)

🕒 2A. WATCH THE TONGUE

(5 minutes | Visual Awareness)

🎯 Goal

Connect sound to tongue movement.

PIXO FLOW

- Close-up mouth animation
- Tongue:
 - Touches behind top teeth
 - Releases quickly
- 🗣️ Sound:
“/d/”

Repeated slowly, then normally.

PIXO says:

“The tongue taps and lets go.”

No imitation yet.

2B. CONTRAST WITH SILENCE

(5 minutes | Release Awareness)

Goal

Make the release moment clear.

PIXO FLOW

- Tongue touching teeth (silent, 2 sec)

- Then:

“/d/”

- Release moment glows

Repeat 4–5 times.

No response required.

PART 3 – ATTENTION CHECK (NO SPEAKING)

(10 minutes → 5 + 5)

3A. HEAR → NOTICE

(5 minutes | Active Listening)

Goal

Ensure focused listening.

PIXO FLOW

- Sounds played:

- “/d/”
- silence
- “/d/”

- PIXO gently asks:

“Did you hear the tap sound?”

Child may tap **Yes** (optional).

★ Star for attention.

3B. PRAISE + CALM CLOSE

(5 minutes | Emotional Anchor)

Goal

End Day 126 feeling safe and confident.

PIXO FLOW

- Soft celebration

- Voice:

“You listened carefully to the /d/ sound!”

🏆 Badge:

Sound Listener – /d/

SYSTEM LOGIC (INVISIBLE)

- Log listening focus time
- Track /d/ familiarity
- Prepare baseline for repetition day

✓ DAY 126 FINAL OUTCOME

Child can:

- ✓ Hear /d/ as a **tap stop sound**
- ✓ Notice tongue-tip movement
- ✓ Avoid stretching the sound
- ✓ Feel ready to try speaking next

● DAY 127 – D_REPEAT

Sound: /d/ (stop sound)

Type: Guided repetition

No assessment

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 🗨️ Tongue movement emphasized
- ✓ 📖 Letters appear **after** sound
- ✗ No spelling pressure
- ✗ No speed expectation
- ✓ ★ Stars = effort only

Golden rule today: **tap → release → stop** (no “duhhh”).

🧠 DAY 127 OBJECTIVE

By the end of Day 127, the child:

- Says /d/ with a clear tongue tap
- Avoids stretching the sound
- Releases cleanly into vowels
- Feels: *“I can control this sound.”*

📖 WORD SUPPORT (SECONDARY)

- dog
- door
- duck

(Used **after** isolated sound practice.)

🕒 PART 1 – ISOLATED SOUND REPEAT

(10 minutes → 5 + 5)

1A. SAY /d/ TOGETHER

(5 minutes | Supported Start)

Goal

Introduce speaking gently with modeling.

PIXO FLOW

- Mouth + tongue animation

-  PIXO:

“/d/”

- Mic opens
- PIXO repeats softly
- Child repeats

Sequence:

- PIXO → child
- PIXO → child

Rules:

- Short sound only
- Soft voice
- Any attempt accepted

★ Star for trying

1B. SAY /d/ ALONE

(5 minutes | Independent Control)

Goal

Build confidence without echo.

PIXO FLOW

- Mouth animation
- Prompt:

“Your turn 😊”

- Mic opens
- Child says /d/

If stretched:

- PIXO calmly models again
- No correction sound

★ Star for effort

PART 2 – SOUND + VOWEL (CONTROLLED)

(10 minutes → 5 + 5)

2A. /d/ + VOWEL JOIN

(5 minutes | Gentle Blending)

Goal

Practice clean release into a vowel.

PIXO FLOW

- Sound bars:

/d/ → a

- PIXO:

“/d/... a → da”

- Child repeats with PIXO

Vowels used:

- da
- du

Rules:

- Slow pace
 - No stretching
 - Clear stop before vowel
-

2B. CHILD LEADS

(5 minutes | Ownership)

 Goal

Encourage confident attempts.

PIXO FLOW

- Sound bars animate
- Prompt:

“You try 😊”

- Child says:
- da
- du

★ Star for each attempt

💡 Glow for clean tap + release

PART 3 – WORD REPEAT (LIGHT)

(10 minutes → 5 + 5)

3A. SAY THE WORD AFTER PIXO

(5 minutes | Application)

 Goal

Apply /d/ in familiar words.

PIXO FLOW

- Image appears: **dog**
-  PIXO:

“dog”

- Mic opens
- Child repeats

Repeat for:

- door
- duck

Rules:

- Normal speed
 - One attempt only
 - No correction pressure
-

3B. PRAISE + CONFIDENCE CLOSE

(5 minutes | Emotional Anchor)

 Goal

End Day 127 feeling successful.

PIXO FLOW

- Gentle celebration
- Voice:

“You made the /d/ sound clearly!”

🏆 Badge:

Sound Speaker – /d/

🧩 SCORING LOGIC (SAFE)

- ★ Stars reward **attempt, not accuracy**
 - Tongue-tap clarity tracked silently
 - Stretching does **not** penalize
 - No fail screens
-

✅ DAY 127 FINAL OUTCOME

Child can:

- ✓ Produce /d/ with a clean tongue tap
 - ✓ Control sound length
 - ✓ Blend /d/ into vowels calmly
 - ✓ Say simple /d/ words confidently
-

🟢 DAY 128 – D_IDENTIFY

Sound: /d/

Type: Listening discrimination

No forced speaking

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🔊 Sound-first only
- ✓ 💡 Listening-focused
- ✓ 📄 Letters appear **after choice**
- ✗ No spelling
- ✗ No speaking requirement
- ✓ ★ Stars = effort only

Today's skill: **“I can hear the /d/ tap sound.”**

🧠 DAY 128 OBJECTIVE

By the end of Day 128, the child:

- Identifies **/d/** by sound alone
- Separates /d/ from **similar stop sounds**
- Makes confident listening choices
- Feels: *“I know this sound when I hear it.”*

CONTRAST SOUNDS USED

Target:

- /d/

Distractors:

- /t/ (same tongue position, no voice)
- /b/ (different mouth position)

Only **one /d/** per question.

Never more than 3 choices.

PART 1 – SOUND RECOGNITION

(10 minutes → 5 + 5)

1A. HEAR → CHOOSE PICTURE

(5 minutes | Sound to Meaning)

Goal

Connect /d/ sound to familiar objects.

PIXO FLOW

-  Sound played:
“dog”
- Three pictures appear:
 - dog 
 - pig
 - ball
- Child taps the picture they heard

Rules:

- One play only
- No correction sound
- Calm pacing

 Star for any attempt

Repeat with:

- door
 - duck
-

1B. HEAR → CHOOSE SOUND

(5 minutes | Pure Auditory)

Goal

Remove picture clues.

PIXO FLOW

- Three mouth icons appear
-  One sound played:
“/d/”
- Options:
 - /d/ 
 - /t/
 - /b/

Rules:

- Icons animate silently

- No labels spoken
- Child taps one
- ★ Star for attempt

PART 2 – CONTRAST DISCRIMINATION

(10 minutes → 5 + 5)

2A. SAME OR DIFFERENT

(5 minutes | Sharp Listening)

Goal

Train fine sound discrimination.

PIXO FLOW

- Two sounds played:

- “/d/... /d/”
- “/d/... /t/”
- “/b/... /d/”
- “/t/... /d/”

- Child taps:

- Same
- Different

Rules:

- 6 rounds
- No replay
- No speed pressure

★ Star for decision attempt

2B. TAP OR PUSH

(5 minutes | Quality Awareness)

Goal

Differentiate release feel by sound.

PIXO FLOW

- Two sounds played:

- clean “/d/” (tap)
- breathy “/t/” (push)

- PIXO asks:

“Which one taps?”

- Child taps the tapping sound

No correction.

★ Star for attention.

PART 3 – CONFIRMATION + PRAISE

(10 minutes → 5 + 5)

3A. QUICK LISTENING ROUND

(5 minutes | Confidence Lock)

Goal

End on success.

PIXO FLOW

- 5 quick sounds played (mixed):
 - /d/
 - /t/
 - /d/
 - /b/
 - /d/
- Child taps a **/d/** icon whenever they hear it

Rules:

- Misses ignored
- Hits celebrated

★ Star for engagement

3B. PRAISE + CLOSE

(5 minutes | Emotional Anchor)

 Goal

End Day 128 feeling confident.

PIXO FLOW

- Soft celebration
- Voice:

“You listened carefully and found the /d/ sound!”

 Badge:

Sound Finder – /d/

SYSTEM LOGIC (INVISIBLE)

- Track /d/ vs /t/ confusion
 - Track reaction time
 - Update mastery probability
 - No pass/fail shown
-

DAY 128 FINAL OUTCOME

Child can:

- ✓ Identify /d/ by sound
 - ✓ Discriminate /d/ from similar stop sounds
 - ✓ Listen attentively without guessing
 - ✓ Feel confident about hearing sounds
-

DAY 129 – D_MIX_REINFORCE

Sound: /d/

Type: Reinforcement & stability

No visible assessment

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Light speaking allowed
- ✓  Letters appear **after sound**
- ✗ No spelling
- ✓  Stars = effort only

Today's goal: **/d/ stays clear in mixed situations**

DAY 129 OBJECTIVE

By the end of Day 129, the child:

- Recognizes /d/ across mixed sounds
 - Maintains a clean tongue-tap release
 - Avoids confusion with /t/ and /b/
 - Feels: *"I know this sound well."*
-

SOUND SET (MIXED)

Target:

- /d/

Distractors:

- /t/
- /b/

Word carriers:

- dog
 - door
 - duck
-

PART 1 – MIXED LISTENING

(10 minutes → 5 + 5)

1A. MIXED WORD FLOW

(5 minutes | Passive Stability)

Goal

Check recognition without action.

PIXO FLOW

- Words played in random order:
 - dog
 - pig
 - door
 - ball
 - duck
- Sound bars animate
- Words appear briefly **after sound**

No response required.

PIXO says softly:

"Just listen 😊"

1B. SAME / DIFFERENT (MIXED)

(5 minutes | Active Listening)

Goal

Strengthen sound discrimination.

PIXO FLOW

- Two sounds played:

- “/d/... /d/”
- “/d/... /t/”
- “/b/... /d/”
- “/t/... /d/”

- Child taps:

- Same
- Different

Rules:

- 6 rounds
- No replay
- Calm pace

★ Star for attempt

PART 2 – LIGHT REPEAT + IDENTIFY

(10 minutes → 5 + 5)

2A. HEAR → SAY (OPTIONAL)

(5 minutes | Gentle Control)

Goal

Ensure mouth control holds steady.

PIXO FLOW

- Sound played:

“/d/”

- Mic opens
- Child may repeat

Rules:

- Speaking optional
- Any attempt accepted
- No correction sounds

★ Star for engagement

2B. HEAR → CHOOSE

(5 minutes | Confirmation)

Goal

Reconfirm sound identification.

PIXO FLOW

- Sound: “duck”

- Three pictures appear:

- duck 
- pig

- ball

Repeat with **dog**.

★ Star for any choice

PART 3 – PRE-CHECKPOINT READINESS

(10 minutes → 5 + 5)

3A. QUICK FIRE /d/

(5 minutes | Stability Snapshot)

 **Goal**

Final internal readiness check.

PIXO FLOW

- 6 quick sounds played (mixed):

- /d/
- /t/
- /d/
- /b/
- /d/
- /t/

- Child taps **/d/** icon when heard

Rules:

- Misses ignored
- Hits celebrated

★ Star for engagement

3B. PRAISE + CALM CLOSE

(5 minutes | Emotional Anchor)

 **Goal**

End reinforcement day confidently.

PIXO FLOW

- Soft celebration
- Voice:

“You kept the /d/ sound clear!”

 **Badge:**

/d/ Sound Stable

SYSTEM LOGIC (INVISIBLE)

- Aggregate listening accuracy
- /d/ vs /t/ confusion rate
- Tongue-tap consistency
- Readiness flag for checkpoint

DAY 129 FINAL OUTCOME

Child can:

- ✓ Maintain /d/ clarity in mixed input
- ✓ Discriminate similar stop sounds

- ✓ Speak /d/ when prompted
- ✓ Feel ready for mastery check

🟦 DAY 130 – /d/ MASTERY CHECKPOINT

Target Sound: /d/

Type: Mastery Gate

Mode: Sound-first, low pressure

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
 - ✓ 👂 Listening priority
 - ✓ 🗨️ Speaking when prompted
 - ✗ No spelling focus
 - ✗ No visible test language
 - ★ Stars = effort only
-

🧠 DAY 130 OBJECTIVE

- Confirm **stable /d/ clarity** in isolation and mix
- Validate **discrimination vs similar stop sounds**
- Ensure child can **produce /d/** calmly when asked
- Decide readiness to **move forward**

Child never feels tested.

🕒 PART 1 – CALM WARM-UP (NO TEST SIGNAL)

(10 minutes → 5 + 5)

🕒 1A. LISTENING FLOW (MIXED)

(5 minutes | Emotional Safety)

🎯 Goal

Lower alertness and remove “exam” feeling.

PIXO FLOW

- Sounds played in mixed order:
 - /d/ → /b/ → /t/ → /d/ → /g/
 - No interaction required
 - Calm pace

PIXO says softly:

“Just listen 😊”

System tracks:

- Attention
- No skipping

 1B. SAME / DIFFERENT (EASY START)

(5 minutes | Confidence Prime)

 Goal

Ease into discrimination.

PIXO FLOW

- Pairs played:
 - /d/ – /d/
 - /d/ – /t/
 - /b/ – /d/
- Child taps:
 - Same
 - Different

Rules:

- 4 rounds
- No replay
- ★ for participation only

 PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

 Child never experiences this as a test.

 2A. HEAR → IDENTIFY

(5 minutes | Listening Accuracy)

 Goal

Confirm instant recognition of /d/.

PIXO FLOW

- Sound played once:
 - /d/
 - Two icons appear:
- /d/ 
- /t/

Repeat with mixed distractors:

- /b/, /g/, /t/

Rules:

- 8 prompts
- One play only

System tracks:

- Accuracy
- Reaction time

★ appears regardless of correctness

 2B. HEAR → SAY

(5 minutes | Speaking Stability)

 Goal

Confirm confident production of /d/.

PIXO FLOW

- PIXO:

“Say this sound 😊”

- Sound played:
 - /d/
 - Mic opens

Repeat across mixed context:

- After /b/
- After /t/

System tracks:

- Clarity
- Voicing
- Confidence (latency + volume)

No correction shown.

PASS CRITERIA (SYSTEM ONLY)

- ✓ Listening accuracy ≥ 85%
 - ✓ /d/ clarity ≥ 4/5
 - ✓ No confusion spike with /t/
- (Child never sees pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes → 5 + 5)

IF MASTERED → SOUND LOCKED

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Calm celebration animation
- Voice:

“You say this sound very clearly!”

 **Badge Unlocked:**

/d/ Sound Master

3B. NEXT-STEP PREVIEW

(5 minutes | Forward Momentum)

- New sound hinted (audio only):
 - “/k/... /k/...”

Voice:

“A new sound is coming!”

 **UNLOCKED NEXT:**

DAY 131 – New Stop Sound Discovery

 Parent notification:

“Child has mastered /d/ sound with clarity and confidence.”

IF NOT YET STABLE → SOFT LOOP

- Encouraging close:

“Let’s listen and play again 😊”
- System action:
 - Auto-repeat Day 128–129 style mix

- Focus only on /d/
- Reattempt after **48 hours**

Child never sees failure.

NON-NEGOTIABLE RULES

- No red marks
 - No fail screens
 - No pressure language
 - Confidence > precision
-

DAY 130 FINAL OUTCOME

Child:

- ✓ Demonstrates stable /d/ clarity
 - ✓ Discriminates /d/ from similar stops
 - ✓ Produces /d/ confidently
 - ✓ Is ready to move forward
-

/g/ SOUND (Day 131–135)

Examples:

- goat
- gun
- gift

Contrast focus:

- /g/ vs /k/
-

DAY 131 – /g/ SOUND DISCOVERY

Target Sound: /g/

Contrast Pair (background only): /k/

Examples: goat · gun · gift

Type: Discovery Day (Exposure + Safety)

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Light speaking allowed (optional)
- ✗ No spelling focus

✗ No visible assessment

★ Stars = effort only

Contrast (/k/) is **heard only**, never explained.

DAY 131 OBJECTIVE

By the end of Day 131, the child:

- Hears /g/ clearly as a **new voiced sound**
- Associates /g/ with familiar objects
- Begins noticing it sounds **different from /k/**
- Feels safe, curious, and confident

No pressure to be perfect.

PART 1 – SOUND DISCOVERY

(10 minutes → 5 + 5)

1A. PURE /g/ LISTENING

(5 minutes | First Exposure)

 Goal

Introduce /g/ as a *friendly new sound*.

PIXO FLOW

- Animated **goat** appears
- Voice (slow, warm):
“/g/... /g/... goat”
- Animated **gun** appears
“/g/... /g/... gun”
- Animated **gift** appears
“/g/... /g/... gift”

Rules:

- Each sound repeated **3 times**
- Clear voicing (throat vibration)
- Soft background music
- No interaction required

PIXO says gently:

“Just listen 😊”

1B. SOUND HOLD AWARENESS

(5 minutes | Voicing Feel)

 Goal

Let the child *feel* /g/ without naming it.

PIXO FLOW

- Sound bar animates slowly
- Voice holds the sound slightly:
“/ggg/...”
- Short pause
- Repeat 3 cycles

No speaking requested.

System tracks:

- Engagement
- Attention duration

 PART 2 – LIGHT INTERACTION

(10 minutes → 5 + 5)

 2A. HEAR → POINT

(5 minutes | Sound–Meaning Link)

 Goal

Associate /g/ with correct pictures.

PIXO FLOW

- Sound played: /g/
- Pictures appear:
 - Goat 
 - Dog
 - Sun

Child taps picture.

Rules:

- 4 rounds
- No correction sound

 for effort

 2B. OPTIONAL SAY-WITH-ME

(5 minutes | Zero Pressure)

 Goal

Allow speaking **only if child wants**.

PIXO FLOW

- PIXO:
 - “You can try saying it with me 😊”
- Voice models:
 - “/g/ ...”
- Mic opens briefly

Rules:

- No repeat demand
- Any attempt accepted
- Silence is okay

System tracks:

- Willingness, not accuracy
-

 PART 3 – SOFT CONTRAST INTRO

(10 minutes → 5 + 5)

 3A. LISTEN & NOTICE (NO QUESTION)

(5 minutes | Implicit Contrast)

 Goal

Plant awareness of /g/ vs /k/.

PIXO FLOW

- Sounds played:
 - /g/ → /k/ → /g/
 - No labels
 - No response asked

PIXO says calmly:

“Listen... they sound different 😊”

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

 Goal

End discovery day feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened to a new sound!”

 Sticker unlocked:

Sound Explorer – /g/

SYSTEM NOTES (INVISIBLE)

- Day 131 is **exposure only**
- No pass/fail
- Contrast errors ignored
- Data used to tune Day 132

DAY 131 FINAL OUTCOME

Child can:

- ✓ Hear /g/ clearly
- ✓ Associate /g/ with objects
- ✓ Begin noticing difference from /k/
- ✓ Feel safe and curious

DAY 132 – /g/ REINFORCEMENT & STABILITY

Target Sound: /g/

Contrast (background): /k/

Examples: goat · gun · gift

Type: Reinforcement Day (Listening → Light Action)

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

  Sound-first

  Listening priority

✅ 🚫 Light speaking allowed (short, optional)

❌ No spelling

❌ No visible assessment

★ Stars = effort only

Contrast /k/ is **heard**, **never explained**.

🧠 DAY 132 OBJECTIVE

By the end of Day 132, the child:

- Recognizes /g/ faster and more confidently
 - Maintains clarity across repeated exposure
 - Begins to **notice** (not name) the difference from /k/
 - Participates calmly when prompted
-

🕒 PART 1 – REINFORCED LISTENING

(10 minutes → 5 + 5)

🕒 1A. /g/ LISTENING FLOW

(5 minutes | Stability Building)

🎯 Goal

Make /g/ feel familiar and steady.

PIXO FLOW

• Images appear one by one:

- Goat
- Gun
- Gift

• Voice (clear, voiced):

“/g/... /g/... goat”

“/g/... /g/... gun”

“/g/... /g/... gift”

Rules:

- Each item played twice
- Slightly quicker than Day 131
- No interaction required

PIXO says softly:

“Listen carefully 😊”

🕒 1B. SOUND HOLD & RELEASE

(5 minutes | Voicing Awareness)

🎯 Goal

Help the child *feel* the voiced nature of /g/.

PIXO FLOW

• Sound bar animates:

- “/ggg/... /g/”
 - Short pause
 - Repeat 4 cycles

No speaking requested.

System tracks:

- Engagement
 - Consistency of attention
-

PART 2 – GENTLE INTERACTION

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE

(5 minutes | Recognition)

 **Goal**

Strengthen sound-to-meaning mapping.

PIXO FLOW

- Sound played: /g/
- Pictures shown:
 - Gift 
 - Cat
 - Sun

Repeat with different distractors.

Rules:

- 5 rounds
- One play only
- No correction sounds

 for participation

2B. SAY-WITH-ME (SHORT)

(5 minutes | Supported Production)

 **Goal**

Encourage /g/ production without pressure.

PIXO FLOW

- PIXO:
 - “Let’s try together 😊”
- Voice models once:
 - “/g/...”
- Mic opens briefly

Rules:

- Only 2–3 attempts
- Any sound accepted
- Silence is allowed

System tracks:

- Willingness
 - Confidence (latency)
-

PART 3 – GENTLE CONTRAST EXPOSURE

(10 minutes → 5 + 5)

3A. LISTEN & NOTICE (G vs K)

(5 minutes | Implicit Contrast)

Goal

Quietly sharpen discrimination.

PIXO FLOW

- Sounds played in sequence:
 - /g/ → /k/ → /g/
 - /k/ → /g/

- No question
- No response required

PIXO says calmly:

“Listen... they are not the same 😊”

3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

Goal

End reinforcement day feeling capable.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened very well today!”

 Sticker unlocked:

/g/ Listener

SYSTEM NOTES (INVISIBLE)

- Accuracy not enforced
- Contrast confusion ignored
- Data used to tune **Day 133 (guided contrast)**

DAY 132 FINAL OUTCOME

Child can:

- ✓ Recognize /g/ more quickly
- ✓ Stay clear and stable with repeated listening
- ✓ Begin noticing /g/ vs /k/ difference
- ✓ Participate without pressure

DAY 133 – /g/ vs /k/ DISCRIMINATION

Target Sounds: /g/ and /k/

Examples:

- /g/: goat · gun · gift
- /k/: cat · cup · kite

Type: Listening-Led Discrimination (Confidence-first)

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Speaking only when invited (optional)
- ✗ No spelling
- ✗ No labels like “right/wrong”
- ★ Stars = effort only

Child never hears the words “/g/” or “/k/” named.

DAY 133 OBJECTIVE

By the end of Day 133, the child:

- Distinguishes /g/ from /k/ by sound alone
 - Makes calm choices without guessing
 - Maintains confidence during contrast
 - Feels: “*I can hear the difference.*”
-

PART 1 – CONTRAST LISTENING (NO RESPONSE)

(10 minutes → 5 + 5)

1A. SOUND PAIRS (SLOW)

(5 minutes | Ear Training)

 Goal

Let the brain register contrast safely.

PIXO FLOW

- Sound pairs played with space:
 - /g/ → /k/
 - /k/ → /g/
 - /g/ → /g/
 - /k/ → /k/

- No screen tap
- Calm pacing

PIXO says softly:

“Just listen 😊”

1B. OBJECT PAIRS (LISTEN ONLY)

(5 minutes | Meaning Anchors)

 Goal

Link contrast to familiar objects.

PIXO FLOW

- Images appear in pairs:
 - Goat ↔ Cat
 - Gift ↔ Kite
- Voice plays:
 - “/g/... goat”
 - “/k/... cat”

No response required.

 PART 2 – CONTROLLED CHOICE

(10 minutes → 5 + 5)

 2A. HEAR → CHOOSE (TWO OPTIONS)

(5 minutes | Gentle Discrimination)

 Goal

Practice choosing without pressure.

PIXO FLOW

- Sound played once:
 - /g/
- Two pictures shown:
 - Goat 
 - Cat

Child taps one.

Rules:

- 6 rounds
- One play only
- No error sound

★ Star appears for trying

 2B. SAME / DIFFERENT (EASY)

(5 minutes | Listening Judgment)

 Goal

Reinforce contrast without naming.

PIXO FLOW

- Two sounds played:
 - /g/ – /k/
 - /k/ – /k/
 - /g/ – /g/
- Child taps:
 - Same
 - Different

Rules:

- 5 rounds
- Calm pacing

★ for participation

 PART 3 – LIGHT PRODUCTION + PRAISE

(10 minutes → 5 + 5)

 3A. SAY-WHAT-YOU-HEAR (OPTIONAL)

(5 minutes | Confidence Boost)

 Goal

Invite production **only if ready**.

PIXO FLOW

- PIXO:

“You can try saying it if you want 😊”

- Sound played:
 - /g/ or /k/ (mixed)
- Mic opens briefly

Rules:

- Max 3 attempts
- Any sound accepted
- Silence is okay

System tracks:

- Willingness, not accuracy
-

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

 **Goal**

End contrast day feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened very carefully today!”

 Sticker unlocked:

Sound Spotter

SYSTEM NOTES (INVISIBLE)

- Contrast errors are ignored
 - Guessing reduces speed next round (not stars)
 - Data tunes **Day 134 (guided speaking contrast)**
-

DAY 133 FINAL OUTCOME

Child can:

- ✓ Hear the difference between /g/ and /k/
 - ✓ Make calm listening-based choices
 - ✓ Stay confident during contrast tasks
 - ✓ Feel ready for guided production
-

DAY 134 – /g/ vs /k/ GUIDED PRODUCTION

Target Sounds: /g/ and /k/

Examples:

- /g/: goat · gun · gift
- /k/: cat · cup · kite

Type: Guided Production (Listening → Light Speaking)

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 👂 Listening priority
- ✓ 🗨️ Short, guided speaking only
- ✗ No spelling
- ✗ No correction language
- ★ Stars = effort only

Sounds are **never named** as “/g/” or “/k/” to the child.

🧠 DAY 134 OBJECTIVE

By the end of Day 134, the child:

- Produces /g/ and /k/ **when gently prompted**
 - Maintains clarity without tension
 - Does not confuse the two sounds under guidance
 - Feels: *“I can say these sounds safely.”*
-

🕒 PART 1 – LISTEN & PREPARE

(10 minutes → 5 + 5)

🕒 1A. CONTRAST LISTENING FLOW

(5 minutes | Ear Leads)

🎯 Goal

Prime the ear before the mouth.

PIXO FLOW

- Sound sequences played calmly:
 - /g/ → /k/
 - /k/ → /g/
 - /g/ → /g/

- No response required
- Natural pauses

PIXO says softly:

“Just listen 😊”

🕒 1B. MOUTH WATCH (NO SPEAKING)

(5 minutes | Visual Prep)

🎯 Goal

Let the child *see* the difference.

PIXO FLOW

- Simple mouth animation:
 - Back-of-mouth movement (for /g/)
 - Airy release (for /k/)
- Sounds play once with animation

No speaking requested.

System tracks:

- Attention
 - Engagement
-

🕒 PART 2 – GUIDED SHORT SPEAKING

(10 minutes → 5 + 5)

 2A. SAY WITH ME (ONE SOUND)

(5 minutes | Supported Production)

 Goal

Allow safe, short production.

PIXO FLOW

- PIXO:

“Let’s try together 😊”

- Sound played: /g/

- PIXO models once

- Mic opens briefly

Repeat once for /k/.

Rules:

- Only 2 attempts per sound
- Any attempt accepted
- Silence is okay

★ for effort only

 2B. HEAR → SAY (CHOICE-LED)

(5 minutes | Gentle Control)

 Goal

Let listening guide speaking.

PIXO FLOW

- Sound played (mixed):

- /g/ or /k/

- PIXO asks softly:

“Can you try this sound?”

- Mic opens

Rules:

- Max 3 rounds
- No comparison
- No correction

System tracks:

- Confidence
 - Clarity trends
-

 PART 3 – STABILITY & PRAISE

(10 minutes → 5 + 5)

 3A. SAY → POINT

(5 minutes | Sound–Meaning Anchor)

 Goal

Lock sound clarity with meaning.

PIXO FLOW

- Child hears sound and says it

- Two pictures appear:

- Goat / Cat

- Gift / Kite

Child taps matching picture.

Rules:

- 4 rounds
- Calm pace

★ for participation

3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 Goal

End guided production day feeling strong.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You said the sounds very nicely!”

 Sticker unlocked:

Brave Sound Speaker

SYSTEM NOTES (INVISIBLE)

- Speaking errors ignored
- Hesitation reduces next-day speaking load
- Data tunes **Day 135 – /g/ MASTERY CHECKPOINT**

DAY 134 FINAL OUTCOME

Child can:

- ✓ Say /g/ and /k/ when guided
- ✓ Maintain clarity without stress
- ✓ Use listening to control speaking
- ✓ Feel confident and safe

DAY 135 – /g/ MASTERY CHECKPOINT

Target Sound: /g/

Contrast Sound: /k/

Examples: goat · gun · gift

Type: Mastery Gate (Quiet Validation)

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Light speaking only when invited

- ✗ No spelling
- ✗ No test language
- ★ Stars = effort only

Child never hears “checkpoint”, “test”, or sound names.

DAY 135 OBJECTIVE

- Confirm **stable recognition of /g/**
 - Validate **clear discrimination vs /k/**
 - Observe **calm production of /g/** when prompted
 - Decide readiness to **advance to next sound group**
-

PART 1 – CALM WARM-UP (NO TEST SIGNAL) (10 minutes → 5 + 5)

1A. MIXED SOUND FLOW (5 minutes | Emotional Safety)

Goal

Remove all performance pressure.

PIXO FLOW

- Sounds played in mixed order:
 - /g/ → /k/ → /g/ → /t/ → /g/
 - Normal pace
 - No interaction required

PIXO says softly:

“Just listen 😊”

System tracks:

- Attention
 - No avoidance behavior
-

1B. SAME / DIFFERENT (EASY) (5 minutes | Gentle Discrimination)

Goal

Prime listening without tension.

PIXO FLOW

- Sound pairs played:
 - /g/ – /g/
 - /g/ – /k/
 - /k/ – /k/
- Child taps:
 - Same
 - Different

Rules:

- 4 rounds
- No replay

★ for participation only

PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

⚠ Child never experiences this as an assessment.

🕒 2A. HEAR → IDENTIFY

(5 minutes | Listening Accuracy)

🎯 Goal

Confirm instant recognition of /g/.

PIXO FLOW

- Sound played once:
 - /g/
 - Two picture choices appear:
 - Goat ✅
 - Cat

Repeat with varied distractors:

- Kite, Cup, Sun

Rules:

- 8 prompts
- One play only

System tracks:

- Accuracy
- Reaction time

★ appears regardless of correctness

🕒 2B. HEAR → SAY

(5 minutes | Production Stability)

🎯 Goal

Confirm relaxed production of /g/.

PIXO FLOW

- PIXO:
 - “Can you try this sound 😊”
- Sound played:
 - /g/
 - Mic opens briefly

Repeat in mixed context:

- After /k/
- After silence

System tracks:

- Clarity
- Voicing
- Confidence (latency + volume)

No correction shown.

🏆 MASTERY CRITERIA (SYSTEM ONLY)

✓ Listening accuracy ≥ 85%

✓ /g/ clarity ≥ 4/5

✓ No confusion spike with /k/

(Stars shown ≠ pass/fail.)

 PART 3 – OUTCOME EXPERIENCE
(10 minutes → 5 + 5)

 IF MASTERED → SOUND LOCKED

 3A. CELEBRATION

(5 minutes | Achievement Lock)

- Calm celebration animation

- Voice:

“You say this sound very clearly!”

 **Badge Unlocked:**

/g/ Sound Master

 3B. NEXT-STEP PREVIEW

(5 minutes | Forward Momentum)

- New sound hinted (audio only):

- “/k/... /k/...”

Voice:

“A new sound is coming!”

 **UNLOCKED NEXT:**

 DAY 136 – /k/ SOUND DISCOVERY

 Parent notification:

“Child has mastered /g/ sound with clarity and confident discrimination.”

 IF NOT YET STABLE → SOFT LOOP

- Encouraging close:

“Let’s listen and try again 😊”

- System action:

- Auto-repeat Days 132–134 style activities
- Focus only on /g/
- Reattempt after **48 hours**

Child never sees failure.

 NON-NEGOTIABLE RULES

- No red marks
 - No fail screens
 - No pressure language
 - Confidence > precision
-

 DAY 135 FINAL OUTCOME

Child can:

- ✓ Maintain clear /g/ sound
 - ✓ Discriminate /g/ vs /k/
 - ✓ Produce /g/ calmly when prompted
 - ✓ Is ready to advance
-

● /k/ SOUND (Day 136–140)

Examples:

- kite
- cup
- cat

Contrast focus:

- /k/ vs /g/
-

● DAY 136 – /k/ SOUND DISCOVERY

Target Sound: /k/

Contrast (background only): /g/

Examples: kite · cup · cat

Type: Discovery Day (Exposure + Safety)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✅ 🗣️ Sound-first
- ✅ 💡 Listening priority
- ✅ 🗨️ Light speaking allowed (optional)
- ❌ No spelling
- ❌ No visible assessment
- ★ Stars = effort only

Contrast (/g/) is **heard only**, never explained.

🧠 DAY 136 OBJECTIVE

By the end of Day 136, the child:

- Hears /k/ as a **clean, crisp stop sound**
- Associates /k/ with familiar objects
- Begins sensing it is **different from /g/**
- Feels confident meeting a new sound

No pressure to speak perfectly.

🕒 PART 1 – SOUND DISCOVERY

(10 minutes → 5 + 5)

🕒 1A. PURE /k/ LISTENING

(5 minutes | First Exposure)

🎯 Goal

Introduce /k/ as a **sharp, airy sound**.

PIXO FLOW

- Animated **kite** appears

“/k/... /k/... kite”

- Animated **cup** appears

“/k/... /k/... cup”

- Animated **cat** appears

“/k/... /k/... cat”

Rules:

- Each word played **3 times**
- Clear burst of air
- Soft background music
- No interaction required

PIXO says gently:

“Just listen 😊”

1B. STOP-RELEASE AWARENESS

(5 minutes | Airy Feel)

Goal

Let the child *sense* how /k/ releases.

PIXO FLOW

- Sound bar pulses quickly
- Voice models:
“/k/... /k/...”
- Short pause between sounds
- Repeat 4 cycles

No speaking requested.

System tracks:

- Engagement
- Focus duration

PART 2 – LIGHT INTERACTION

(10 minutes → 5 + 5)

2A. HEAR → POINT

(5 minutes | Sound–Meaning Link)

Goal

Map /k/ to correct objects.

PIXO FLOW

- Sound played: /k/
- Pictures shown:
 - Cat 
 - Goat
 - Sun

Repeat with:

- Cup vs Gift
- Kite vs Gun

Rules:

- 4–5 rounds

- One play only
 - No error sound
 - ★ for participation
-

2B. SAY-WITH-ME (OPTIONAL)

(5 minutes | Zero Pressure)

Goal

Invite production **only if the child wants**.

PIXO FLOW

- PIXO:
“You can try saying it with me 😊”
- Voice models once:
“/k/...”
- Mic opens briefly

Rules:

- Any attempt accepted
- Silence is okay
- No repetition demand

System tracks:

- Willingness, not accuracy
-

PART 3 – SOFT CONTRAST INTRO

(10 minutes → 5 + 5)

3A. LISTEN & NOTICE (/k/ vs /g/)

(5 minutes | Implicit Contrast)

Goal

Plant contrast awareness **without explanation**.

PIXO FLOW

- Sounds played:
 - /k/ → /g/ → /k/
 - No question
 - No response required

PIXO says calmly:

“Listen... they sound different 😊”

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

Goal

End discovery day feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened to a new sound!”

🏆 Sticker unlocked:

Sound Explorer – /k/

SYSTEM NOTES (INVISIBLE)

- Day 136 is **pure exposure**
- Speaking accuracy ignored
- Contrast confusion ignored
- Data used to tune **Day 137 – /k/ reinforcement**

✅ DAY 136 FINAL OUTCOME

Child can:

- ✓ Hear /k/ clearly
- ✓ Associate /k/ with objects
- ✓ Begin noticing /k/ vs /g/ difference
- ✓ Feel calm and curious

🟢 DAY 137 – /k/ REINFORCEMENT & STABILITY

Target Sound: /k/

Contrast (background): /g/

Examples: kite · cup · cat

Type: Reinforcement Day (Listening → Light Interaction)

🗂️ STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 👂 Listening priority
- ✓ 🗨️ Light speaking allowed (short, optional)
- ✗ No spelling
- ✗ No visible assessment
- ★ Stars = effort only

Contrast /g/ is **heard but never explained**.

🧠 DAY 137 OBJECTIVE

By the end of Day 137, the child:

- Recognizes /k/ faster and more confidently
- Maintains clarity across repeated listening
- Begins to **stabilize /k/ apart from /g/**
- Participates calmly when invited

🕒 PART 1 – REINFORCED LISTENING

(10 minutes → 5 + 5)

🕒 1A. /k/ LISTENING FLOW

(5 minutes | Familiarity Build)

Goal

Make /k/ feel steady and predictable.

PIXO FLOW

• Images appear one by one:

- Kite
- Cup
- Cat

• Voice (clean, airy):

“/k/... /k/... kite”

“/k/... /k/... cup”

“/k/... /k/... cat”

Rules:

- Each item played twice
- Slightly quicker than Day 136
- No interaction required

PIXO says softly:

“Listen carefully 😊”

1B. STOP–RELEASE PRACTICE

(5 minutes | Sound Feel)

Goal

Help the child *sense* the clean stop and release.

PIXO FLOW

• Sound bar pulses quickly:

“/k/... /k/...”

- Short pauses between sounds
- 4–5 cycles

No speaking requested.

System tracks:

- Attention
- Consistency

PART 2 – GENTLE INTERACTION

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE

(5 minutes | Recognition)

Goal

Strengthen sound-to-meaning mapping.

PIXO FLOW

• Sound played: /k/

• Pictures shown:

- Cat ☒
- Goat
- Sun

Repeat with:

- Cup vs Gift
- Kite vs Gun

Rules:

- 5 rounds
- One play only
- No error sounds
- ★ for participation

2B. SAY-WITH-ME (SHORT)

(5 minutes | Supported Production)

 Goal

Encourage /k/ production without pressure.

PIXO FLOW

- PIXO:

“Let’s try together 😊”

- Voice models once:

“/k/...”

- Mic opens briefly

Rules:

- Max 2–3 attempts
- Any sound accepted
- Silence is okay

System tracks:

- Willingness
- Confidence (latency)

PART 3 – GENTLE CONTRAST EXPOSURE

(10 minutes → 5 + 5)

3A. LISTEN & NOTICE (/k/ vs /g/)

(5 minutes | Implicit Contrast)

 Goal

Quietly sharpen discrimination.

PIXO FLOW

- Sounds played in sequence:

- /k/ → /g/ → /k/
- /g/ → /k/

- No questions
- No response required

PIXO says calmly:

“Listen... they are not the same 😊”

3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 Goal

End reinforcement day feeling capable.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened very well today!”

🌟 Sticker unlocked:

/k/ Listener

📄 SYSTEM NOTES (INVISIBLE)

- Accuracy not enforced
 - Contrast confusion ignored
 - Data used to tune **Day 138 – /k/ vs /g/ discrimination**
-

✅ DAY 137 FINAL OUTCOME

Child can:

- ✓ Recognize /k/ more quickly
 - ✓ Stay clear and calm with repeated listening
 - ✓ Begin stabilizing /k/ vs /g/
 - ✓ Participate without pressure
-

🟢 DAY 138 – /k/ vs /g/ DISCRIMINATION

Target Sounds: /k/ and /g/

Examples:

- /k/: kite · cup · cat
- /g/: goat · gun · gift

Type: Listening-Led Discrimination (Confidence-first)

📅 STRUCTURE (UNCHANGED)

🕒 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 💡 Listening priority
- ✓ 🗨️ Speaking only if invited (optional)
- ✗ No spelling
- ✗ No right/wrong language
- ★ Stars = effort only

Sounds are **never named** to the child.

🧠 DAY 138 OBJECTIVE

By the end of Day 138, the child:

- Distinguishes /k/ from /g/ by sound alone
 - Makes calm choices without guessing
 - Maintains confidence during contrast
 - Feels: *"I can hear the difference."*
-

🕒 PART 1 – CONTRAST LISTENING (NO RESPONSE)

(10 minutes → 5 + 5)

1A. SOUND PAIRS (SLOW & CLEAR)

(5 minutes | Ear Training)

Goal

Let contrast register safely.

PIXO FLOW

- Sound pairs with space:

- /k/ → /g/
- /g/ → /k/
- /k/ → /k/
- /g/ → /g/

- No taps

- Calm pace

PIXO says softly:

“Just listen 😊”

1B. OBJECT PAIRS (LISTEN ONLY)

(5 minutes | Meaning Anchors)

Goal

Anchor contrast to familiar objects.

PIXO FLOW

- Paired images:

- Kite ↔ Goat
- Cup ↔ Gun
- Cat ↔ Gift

- Voice plays once per image:

- “/k/... kite”
- “/g/... goat”

No response required.

PART 2 – CONTROLLED CHOICE

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (TWO OPTIONS)

(5 minutes | Gentle Discrimination)

Goal

Practice choosing without pressure.

PIXO FLOW

- Sound played once:

- /k/ **or** /g/

- Two pictures shown:

- One matching
- One contrast

Rules:

- 6 rounds

- One play only

- No error sounds

★ Star appears for trying

2B. SAME / DIFFERENT (EASY)

(5 minutes | Listening Judgment)

Goal

Reinforce discrimination quietly.

PIXO FLOW

- Two sounds played:

- /k/ – /g/
- /g/ – /g/
- /k/ – /k/
- /g/ – /k/

- Child taps:

- Same
- Different

Rules:

- 5 rounds
- Calm pacing

★ for participation

PART 3 – LIGHT PRODUCTION + PRAISE

(10 minutes → 5 + 5)

3A. SAY-WHAT-YOU-HEAR (OPTIONAL)

(5 minutes | Confidence Boost)

Goal

Invite production **only if ready**.

PIXO FLOW

- PIXO:

“You can try saying it if you want 😊”

- Sound played (mixed):

- /k/ or /g/

- Mic opens briefly

Rules:

- Max 3 attempts
- Any sound accepted
- Silence is okay

System tracks:

- Willingness, not accuracy
-

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

Goal

End discrimination day feeling successful.

PIXO FLOW

- Gentle celebration animation

- Voice:

“You listened very carefully today!”

🌟 Sticker unlocked:

Careful Listener

📄 SYSTEM NOTES (INVISIBLE)

- Contrast errors ignored
 - Guessing slows next round (not stars)
 - Data tunes **Day 139 – /k/ vs /g/ guided production**
-

✅ DAY 138 FINAL OUTCOME

Child can:

- ✓ Hear the difference between /k/ and /g/
 - ✓ Make calm listening-based choices
 - ✓ Stay confident during contrast
 - ✓ Feel ready for guided speaking
-

🟢 DAY 139 – /k/ vs /g/ GUIDED PRODUCTION

Target Sounds: /k/ and /g/

Examples:

- /k/: kite · cup · cat
- /g/: goat · gun · gift

Type: Guided Production (Listening → Light Speaking)

📊 STRUCTURE (UNCHANGED)

🕒 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 💡 Listening priority
- ✓ 🗨️ Short, guided speaking only
- ✗ No spelling
- ✗ No correction language
- ★ Stars = effort only

Sounds are never named to the child. No “right/wrong”.

🧠 DAY 139 OBJECTIVE

By the end of Day 139, the child:

- Produces /k/ and /g/ **when gently prompted**
 - Keeps the two sounds **separate** under guidance
 - Maintains relaxed posture and steady voice
 - Feels: *“I can try these sounds safely.”*
-

🕒 PART 1 – LISTEN & PREPARE

(10 minutes → 5 + 5)

1A. CONTRAST LISTENING FLOW

(5 minutes | Ear Leads)

Goal

Prime the ear before any speaking.

PIXO FLOW

- Sound sequences with space:

- /k/ → /g/
- /g/ → /k/
- /k/ → /k/
- /g/ → /g/

- No response required

- Calm pacing

PIXO says softly:

“Just listen 😊”

1B. MOUTH WATCH (NO SPEAKING)

(5 minutes | Visual Prep)

Goal

Let the child see the difference without acting yet.

PIXO FLOW

- Simple mouth animation:

- Clean, airy release (for /k/)
- Gentle throat vibration (for /g/)

- Sounds play once with animation

No speaking requested.

PART 2 – GUIDED SHORT SPEAKING

(10 minutes → 5 + 5)

2A. SAY WITH ME (ONE SOUND AT A TIME)

(5 minutes | Supported Production)

Goal

Allow safe, brief production.

PIXO FLOW

- PIXO:

“Let’s try together 😊”

- Sound played: /k/

- PIXO models once

- Mic opens briefly

Repeat once for /g/.

Rules:

- Only 2 attempts per sound
- Any attempt accepted
- Silence is okay

★ for effort only

2B. HEAR → SAY (CHOICE-LED)

(5 minutes | Gentle Control)

 Goal

Let listening guide speaking.

PIXO FLOW

- Sound played (mixed):

- /k/ or /g/

- PIXO asks softly:

“Can you try this sound?”

- Mic opens

Rules:

- Max 3 rounds
- No comparison
- No correction

System tracks:

- Willingness
 - Clarity trends
-

 PART 3 – STABILITY & PRAISE

(10 minutes → 5 + 5)

 3A. SAY → POINT

(5 minutes | Sound–Meaning Anchor)

 Goal

Lock clarity to meaning without pressure.

PIXO FLOW

- Child hears sound and says it
- Two pictures appear:
 - Kite / Goat
 - Cup / Gun
 - Cat / Gift

Child taps matching picture.

Rules:

- 4 rounds
- Calm pace

★ for participation

 3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 Goal

End guided production feeling strong.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You tried the sounds nicely!”

 Sticker unlocked:

Brave Sound Speaker – Contrast

 **SYSTEM NOTES (INVISIBLE)**

- Speaking errors ignored
 - Hesitation reduces next-day speaking load
 - Data tunes **Day 140 – /k/ MASTERY CHECKPOINT**
-

✅ DAY 139 FINAL OUTCOME

Child can:

- ✓ Attempt /k/ and /g/ calmly
 - ✓ Keep sounds separate under guidance
 - ✓ Speak without stress
 - ✓ Feel confident and safe
-

🟦 DAY 140 – /k/ MASTERY CHECKPOINT

Target Sound: /k/

Contrast Sound: /g/

Examples: kite · cup · cat

Type: Mastery Gate (Calm Validation)

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✅ 🗣️ Sound-first
- ✅ 💡 Listening priority
- ✅ 🗑️ Light speaking only when invited
- ❌ No spelling
- ❌ No test language
- ★ Stars = effort only

The child never hears sound names or “assessment” words.

🧠 DAY 140 OBJECTIVE

- Confirm **stable recognition of /k/**
 - Validate **clear discrimination vs /g/**
 - Observe **calm, accurate production** when invited
 - Decide readiness to **advance beyond stop sounds**
-

🕒 PART 1 – CALM WARM-UP

(10 minutes → 5 + 5)

🕒 1A. MIXED SOUND FLOW

(5 minutes | Emotional Safety)

🎯 Goal

Remove all performance pressure.

PIXO FLOW

- Sounds played in gentle mix:
 - /k/ → /g/ → /k/ → /t/ → /k/
 - Normal pace
 - No interaction required

PIXO says softly:

“Just listen 😊”

System tracks:

- Attention
- No avoidance or skipping

🕒 1B. SAME / DIFFERENT (EASY)

(5 minutes | Gentle Prime)

🎯 Goal

Warm the ear before observation.

PIXO FLOW

- Sound pairs:
 - /k/ – /k/
 - /k/ – /g/
 - /g/ – /g/
- Child taps:
 - Same
 - Different

Rules:

- 4 rounds
- No replay

★ for participation only

🕒 PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

⚠️ The child never experiences this as a test.

🕒 2A. HEAR → IDENTIFY

(5 minutes | Listening Accuracy)

🎯 Goal

Confirm instant recognition of /k/.

PIXO FLOW

- Sound played once:
 - /k/
 - Two picture choices:
 - Cat ✅
 - Goat

Repeat with varied distractors:

- Cup vs Gun
- Kite vs Gift

Rules:

- 8 prompts
- One play only

System tracks:

- Accuracy
- Reaction time

★ appears regardless of correctness

2B. HEAR → SAY

(5 minutes | Production Stability)

Goal

Confirm relaxed /k/ production.

PIXO FLOW

- PIXO invites softly:

“Can you try this sound 😊”

- Sound played:

- /k/
 - Mic opens briefly

Repeat once after contrast:

- /g/ → pause → /k/

System tracks:

- Clarity
- Air release
- Confidence (latency + volume)

No correction shown.

MASTERY CRITERIA (SYSTEM ONLY)

✓ Listening accuracy ≥ 85%

✓ /k/ clarity ≥ 4/5

✓ No confusion spike with /g/

(Stars shown ≠ pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes → 5 + 5)

IF MASTERED → SOUND LOCKED

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Calm celebration animation
- Voice:

“You say this sound very clearly!”

 Badge Unlocked:

/k/ Sound Master

3B. NEXT-PHASE PREVIEW

(5 minutes | Forward Momentum)

- Audio preview (sound only):

- “/b/... /p/...”

Voice:

“More sounds are coming!”

 UNLOCKED NEXT:

 DAY 141 – New Stop-Sound Pair Discovery

 Parent notification:

“Child has mastered /k/ with clear discrimination and calm production.”

 IF NOT YET STABLE → SOFT LOOP

• Encouraging close:

“Let’s listen and play again 😊”

• System action:

- Auto-repeat Days 137–139 patterns
- Focus only on /k/
- Reattempt after **48 hours**

Child never sees failure.

 NON-NEGOTIABLE RULES

- No red marks
 - No fail screens
 - No pressure language
 - Confidence > precision
-

 DAY 140 FINAL OUTCOME

Child:

- ✓ Maintains clear /k/
 - ✓ Discriminates /k/ vs /g/
 - ✓ Produces /k/ calmly when invited
 - ✓ Is ready to advance
-

 /p/ SOUND (Day 141–145)

Examples:

- pen
- pig
- pan

Contrast focus:

- /p/ vs /b/
 - Air release awareness
-

 DAY 141 – /p/ SOUND DISCOVERY

Target Sound: /p/

Contrast (background only): /b/

Examples: pen · pig · pan

Type: Discovery Day (Exposure + Safety)

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Light speaking allowed (optional)
- ✗ No spelling
- ✗ No visible assessment
- ★ Stars = effort only

Contrast (/b/) is **heard only**, never explained.

DAY 141 OBJECTIVE

By the end of Day 141, the child:

- Hears /p/ as a **strong, airy burst**
- Associates /p/ with familiar objects
- Begins sensing it is **different from /b/**
- Feels confident meeting a new sound

No pressure to speak perfectly.

PART 1 – SOUND DISCOVERY

(10 minutes → 5 + 5)

1A. PURE /p/ LISTENING

(5 minutes | First Exposure)

 Goal

Introduce /p/ as a **puff-of-air sound**.

PIXO FLOW

- Animated **pen** appears
“/p/... /p/... pen”
- Animated **pig** appears
“/p/... /p/... pig”
- Animated **pan** appears
“/p/... /p/... pan”

Rules:

- Each word played **3 times**
- Clear lip pop + air release
- Soft background music
- No interaction required

PIXO says gently:

“Just listen 😊”

1B. AIR RELEASE AWARENESS

(5 minutes | Feel the Puff)

 Goal

Let the child *notice* the burst of air.

PIXO FLOW

- Sound bar pops sharply:

“/p/!”

- Short pause
- Repeat 4–5 cycles

Optional visual:

- Feather / bubble moves slightly (air cue)

No speaking requested.

System tracks:

- Engagement
 - Attention duration
-

 PART 2 – LIGHT INTERACTION

(10 minutes → 5 + 5)

 2A. HEAR → POINT

(5 minutes | Sound–Meaning Link)

 Goal

Map /p/ to correct objects.

PIXO FLOW

- Sound played: /p/
- Pictures shown:
 - Pig 
 - Ball
 - Sun

Repeat with:

- Pen vs Bag
- Pan vs Goat

Rules:

- 4–5 rounds
- One play only
- No error sound

★ for participation

 2B. SAY-WITH-ME (OPTIONAL)

(5 minutes | Zero Pressure)

 Goal

Invite production **only if the child wants**.

PIXO FLOW

- PIXO:

“You can try saying it with me 😊”
- Voice models once:

“/p/...”
- Mic opens briefly

Rules:

- Any attempt accepted

- Silence is okay
 - No repetition demand
- System tracks:
- Willingness, not accuracy

PART 3 – SOFT CONTRAST INTRO

(10 minutes → 5 + 5)

3A. LISTEN & NOTICE (/p/ vs /b/)

(5 minutes | Implicit Contrast)

 **Goal**

Plant awareness of air vs no-air.

PIXO FLOW

- Sounds played:
 - /p/ → /b/ → /p/
 - No questions
 - No response required

PIXO says calmly:

“Listen... they feel different 😊”

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

 **Goal**

End discovery day feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened to a new sound!”

 **Sticker unlocked:**

Sound Explorer – /p/

SYSTEM NOTES (INVISIBLE)

- Day 141 is **pure exposure**
 - Speaking accuracy ignored
 - Contrast confusion ignored
 - Data used to tune **Day 142 – /p/ reinforcement**
-

DAY 141 FINAL OUTCOME

Child can:

- ✓ Hear /p/ clearly
 - ✓ Notice the air burst
 - ✓ Associate /p/ with objects
 - ✓ Begin sensing difference from /b/
 - ✓ Feel calm and curious
-

DAY 142 – /p/ REINFORCEMENT & STABILITY

Target Sound: /p/

Contrast (background): /b/

Examples: pen · pig · pan

Type: Reinforcement Day (Listening → Light Interaction)

 STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

 MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Light speaking allowed (short, optional)
- ✗ No spelling
- ✗ No visible assessment
- ★ Stars = effort only

Contrast /b/ is **heard but never explained**.

 DAY 142 OBJECTIVE

By the end of Day 142, the child:

- Recognizes /p/ faster and more confidently
 - Feels the **air release** naturally
 - Maintains clarity across repeated listening
 - Begins stabilizing /p/ apart from /b/
 - Participates calmly when invited
-

 PART 1 – REINFORCED LISTENING

(10 minutes → 5 + 5)

 1A. /p/ LISTENING FLOW

(5 minutes | Familiarity Build)

 **Goal**

Make /p/ feel predictable and safe.

PIXO FLOW

- Images appear one by one:
 - Pen
 - Pig
 - Pan

- Voice (clear, airy):

“/p/... /p/... pen”

“/p/... /p/... pig”

“/p/... /p/... pan”

Rules:

- Each item played **twice**

- Slightly quicker than Day 141
- No interaction required

PIXO says softly:

“Listen carefully 😊”

1B. AIR-BURST PRACTICE

(5 minutes | Feel the Puff)

Goal

Reinforce the burst of air without naming it.

PIXO FLOW

- Sound bar pops sharply:

“/p/!”

- Feather / bubble visual moves slightly
- Short pause
- 5 cycles

No speaking requested.

System tracks:

- Engagement
- Attention consistency

PART 2 – GENTLE INTERACTION

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE

(5 minutes | Recognition)

Goal

Strengthen sound-to-meaning mapping.

PIXO FLOW

- Sound played: /p/
- Pictures shown:
 - Pig 
 - Ball
 - Sun

Repeat with:

- Pen vs Bag
- Pan vs Goat

Rules:

- 5 rounds
- One play only
- No error sounds

★ for participation

2B. SAY-WITH-ME (SHORT)

(5 minutes | Supported Production)

Goal

Encourage /p/ production without pressure.

PIXO FLOW

- PIXO:

“Let’s try together 😊”

- Voice models once:

“/p/...”

- Mic opens briefly

Rules:

- Max 2–3 attempts
- Any attempt accepted
- Silence is okay

System tracks:

- Willingness
- Confidence (latency)

PART 3 – GENTLE CONTRAST EXPOSURE

(10 minutes → 5 + 5)

3A. LISTEN & NOTICE (/p/ vs /b/)

(5 minutes | Implicit Contrast)

 Goal

Quietly sharpen discrimination.

PIXO FLOW

- Sounds played in sequence:

- /p/ → /b/ → /p/
- /b/ → /p/

- No questions
- No response required

PIXO says calmly:

“Listen... they feel different 😊”

3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 Goal

End reinforcement day feeling capable.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened very well today!”

 Sticker unlocked:

/p/ Listener

SYSTEM NOTES (INVISIBLE)

- Accuracy not enforced
- Contrast confusion ignored
- Data used to tune **Day 143 – /p/ vs /b/ discrimination**

DAY 142 FINAL OUTCOME

Child can:

- ✓ Recognize /p/ more quickly
- ✓ Feel and expect the air burst

- ✓ Stay clear and calm with repetition
- ✓ Begin stabilizing /p/ vs /b/
- ✓ Participate without pressure

🟢 DAY 143 – /p/ vs /b/ DISCRIMINATION

Target Sounds: /p/ and /b/

Examples:

- /p/: pen · pig · pan
- /b/: ball · bag · bat

Type: Listening-Led Discrimination (Confidence-first)

🗂️ STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 🧠 Listening priority
- ✓ 🗨️ Speaking only if invited (optional)
- ✗ No spelling
- ✗ No “right/wrong” language
- ★ Stars = effort only

Sounds are **never named** to the child.

🧠 DAY 143 OBJECTIVE

By the end of Day 143, the child:

- Hears the difference between **air burst** and **no air**
 - Distinguishes /p/ from /b/ by sound alone
 - Makes calm choices without guessing
 - Feels: *“I can hear the difference.”*
-

🕒 PART 1 – CONTRAST LISTENING (NO RESPONSE)

(10 minutes → 5 + 5)

🕒 1A. SOUND PAIRS (SLOW & CLEAR)

(5 minutes | Ear Training)

🎯 Goal

Let contrast register safely.

PIXO FLOW

- Sound pairs with space:
 - /p/ → /b/
 - /b/ → /p/
 - /p/ → /p/
 - /b/ → /b/

- No taps
 - Calm pace
- PIXO says softly:
“Just listen 😊”

 1B. OBJECT PAIRS (LISTEN ONLY)

(5 minutes | Meaning Anchors)

 Goal

Anchor contrast to familiar objects.

PIXO FLOW

- Paired images:
 - Pig ↔ Ball
 - Pen ↔ Bag
 - Pan ↔ Bat
- Voice plays once per image:
 - “/p/... pig”
 - “/b/... ball”

No response required.

 PART 2 – CONTROLLED CHOICE

(10 minutes → 5 + 5)

 2A. HEAR → CHOOSE (TWO OPTIONS)

(5 minutes | Gentle Discrimination)

 Goal

Practice choosing without pressure.

PIXO FLOW

- Sound played once:
 - /p/ **or** /b/
- Two pictures shown:
 - One matching
 - One contrast

Rules:

- 6 rounds
- One play only
- No error sounds

★ Star appears for trying

 2B. SAME / DIFFERENT (EASY)

(5 minutes | Listening Judgment)

 Goal

Reinforce discrimination quietly.

PIXO FLOW

- Two sounds played:
 - /p/ – /b/
 - /b/ – /b/
 - /p/ – /p/
 - /b/ – /p/

- Child taps:
 - Same
 - Different

Rules:

- 5 rounds
- Calm pacing
- ★ for participation

PART 3 – LIGHT PRODUCTION + PRAISE (10 minutes → 5 + 5)

3A. SAY-WHAT-YOU-HEAR (OPTIONAL) (5 minutes | Confidence Boost)

 Goal

Invite production **only if ready**.

PIXO FLOW

- PIXO:
- “You can try saying it if you want 😊”
- Sound played (mixed):
 - /p/ or /b/
- Mic opens briefly

Rules:

- Max 3 attempts
- Any sound accepted
- Silence is okay

System tracks:

- Willingness, not accuracy

3B. PRAISE & CLOSE (5 minutes | Emotional Safety)

 Goal

End discrimination day feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:
- “You listened very carefully today!”

 Sticker unlocked:

Careful Listener – Air Sounds

SYSTEM NOTES (INVISIBLE)

- Contrast errors ignored
- Guessing slows next round (not stars)
- Data tunes **Day 144 – /p/ vs /b/ guided production**

DAY 143 FINAL OUTCOME

Child can:

- ✓ Hear the air vs no-air difference
- ✓ Distinguish /p/ from /b/ calmly

- ✓ Make listening-based choices
- ✓ Feel confident during contrast

🟢 DAY 144 – /p/ vs /b/ GUIDED PRODUCTION

Target Sounds: /p/ and /b/

Examples:

- /p/: pen · pig · pan
- /b/: ball · bag · bat

Type: Guided Production (Listening → Light Speaking)

🗺️ STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 💡 Listening priority
- ✓ 🗨️ Short, guided speaking only
- ✗ No spelling
- ✗ No correction language
- ★ Stars = effort only

Sounds are **never named** to the child.

No “right / wrong”, no comparison.

🧠 DAY 144 OBJECTIVE

By the end of Day 144, the child:

- Produces /p/ and /b/ **when gently invited**
 - Keeps the two sounds **separate under guidance**
 - Maintains relaxed lips and steady breath
 - Feels: *“I can try these sounds safely.”*
-

🕒 PART 1 – LISTEN & PREPARE

(10 minutes → 5 + 5)

🕒 1A. CONTRAST LISTENING FLOW

(5 minutes | Ear Leads)

🎯 Goal

Prepare the ear before any speaking.

PIXO FLOW

- Sound sequences with space:
 - /p/ → /b/
 - /b/ → /p/
 - /p/ → /p/
 - /b/ → /b/

- No response required
 - Calm pacing
- PIXO says softly:
“Just listen 😊”
-

1B. LIP & AIR WATCH (NO SPEAKING)

(5 minutes | Visual Prep)

Goal

Let the child *see* the difference safely.

PIXO FLOW

- Simple mouth animation:
 - Strong air puff (for /p/)
 - Soft voice, no puff (for /b/)
 - Sounds play once with animation
- No speaking requested.

System tracks:

- Attention
 - Comfort level
-

PART 2 – GUIDED SHORT SPEAKING

(10 minutes → 5 + 5)

2A. SAY WITH ME (ONE SOUND AT A TIME)

(5 minutes | Supported Production)

Goal

Allow short, safe production.

PIXO FLOW

- PIXO:
“Let’s try together 😊”

- Sound played: **/p/**
 - PIXO models once
 - Mic opens briefly
- Repeat once for **/b/**.

Rules:

- Only **2 attempts per sound**
- Any attempt accepted
- Silence is okay

★ for effort only

2B. HEAR → SAY (CHOICE-LED)

(5 minutes | Gentle Control)

Goal

Let listening guide speaking.

PIXO FLOW

- Sound played (mixed):
 - **/p/ or /b/**
- PIXO asks softly:
“Can you try this sound?”

- Mic opens

Rules:

- Max **3 rounds**
- No comparison
- No correction

System tracks:

- Willingness
- Air release presence

PART 3 – STABILITY & PRAISE

(10 minutes → 5 + 5)

3A. SAY → POINT

(5 minutes | Sound–Meaning Anchor)

 Goal

Connect production with meaning calmly.

PIXO FLOW

- Child hears sound and says it
- Two pictures appear:
 - Pig / Ball
 - Pen / Bag
 - Pan / Bat

Child taps matching picture.

Rules:

- 4 rounds
- Calm pace

★ for participation

3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 Goal

End guided production feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You tried the sounds very nicely!”

 Sticker unlocked:

Brave Sound Speaker – Air Sounds

SYSTEM NOTES (INVISIBLE)

- Speaking errors ignored
- Hesitation reduces next-day speaking load
- Data tunes **Day 145 – /p/ MASTERY CHECKPOINT**

DAY 144 FINAL OUTCOME

Child can:

- ✓ Attempt /p/ and /b/ calmly
- ✓ Maintain air vs no-air distinction when guided

- ✓ Speak without stress
- ✓ Feel confident and safe

● DAY 145 – /p/ MASTERY CHECKPOINT

Target Sound: /p/

Contrast Sound: /b/

Examples: pen · pig · pan

Type: Mastery Gate (Calm Validation)

🗂️ STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ 🗣️ Sound-first
- ✓ 💡 Listening priority
- ✓ 🗨️ Light speaking only when invited
- ✗ No spelling
- ✗ No test language
- ★ Stars = effort only

Child never hears “test”, “checkpoint”, or sound names.

🗣️ DAY 145 OBJECTIVE

- Confirm **stable recognition of /p/**
 - Validate **clear air release** (vs /b/)
 - Observe **calm production** when gently prompted
 - Decide readiness to **move forward in stop sounds**
-

🕒 PART 1 – CALM WARM-UP

(10 minutes → 5 + 5)

🕒 1A. MIXED SOUND FLOW

(5 minutes | Emotional Safety)

🎯 Goal

Remove any sense of evaluation.

PIXO FLOW

- Sounds played gently in mix:
 - /p/ → /b/ → /p/ → /m/ → /p/
 - Normal pace
 - No interaction required

PIXO says softly:

“Just listen 😊”

System tracks:

- Attention
 - Comfort level
-

1B. SAME / DIFFERENT (EASY)

(5 minutes | Gentle Prime)

 Goal

Warm the ear without pressure.

PIXO FLOW

- Sound pairs:
 - /p/ – /p/
 - /p/ – /b/
 - /b/ – /b/
- Child taps:
 - Same
 - Different

Rules:

- 4 rounds
- No replay

★ for participation only

PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

⚠ Child never experiences this as a test.

2A. HEAR → IDENTIFY

(5 minutes | Listening Accuracy)

 Goal

Confirm instant recognition of /p/.

PIXO FLOW

- Sound played once:
 - /p/
 - Two picture choices:
 - Pig 
 - Ball

Repeat with varied distractors:

- Pen vs Bag
- Pan vs Bat

Rules:

- 8 prompts
- One play only

System tracks:

- Accuracy
- Reaction time

★ appears regardless of correctness

2B. HEAR → SAY

(5 minutes | Production Stability)

Goal

Confirm relaxed /p/ production with air release.

PIXO FLOW

- PIXO invites softly:

“Can you try this sound 😊”

- Sound played:

- /p/
- Mic opens briefly

Repeat once after contrast:

- /b/ → pause → /p/

System tracks:

- Air burst presence
- Lip closure + release
- Confidence (latency + volume)

No correction shown.

MASTERY CRITERIA (SYSTEM ONLY)

✓ Listening accuracy ≥ 85%

✓ Air release consistency ≥ 4/5

✓ No confusion spike with /b/

(Stars shown ≠ pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes → 5 + 5)

IF MASTERED → SOUND LOCKED 🔒

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Calm celebration animation
- Voice:

“You say this sound very clearly!”

Badge Unlocked:

/p/ Sound Master

3B. NEXT-STEP PREVIEW

(5 minutes | Forward Momentum)

- Audio preview (sound only):

- “/b/... /b/...”

Voice:

“A new sound is coming!”

UNLOCKED NEXT:

DAY 146 – /b/ SOUND DISCOVERY

Parent notification:

“Child has mastered /p/ with clear air release and confident listening.”

IF NOT YET STABLE → SOFT LOOP 🌱

- Encouraging close:

“Let’s listen and try again 😊”

• System action:

- Auto-repeat Days 142–144 style activities
- Focus only on /p/
- Reattempt after **48 hours**

Child never sees failure.

NON-NEGOTIABLE RULES

- No red marks
 - No fail screens
 - No pressure language
 - Confidence > precision
-

DAY 145 FINAL OUTCOME

Child:

- ✓ Maintains clear /p/
 - ✓ Demonstrates air-release awareness
 - ✓ Discriminates /p/ vs /b/
 - ✓ Produces /p/ calmly
 - ✓ Is ready to advance
-

/t/ SOUND (Day 146–150)

Examples:

- top
- tap
- toy

Contrast focus:

- /t/ vs /d/
-

DAY 146 – /t/ SOUND DISCOVERY

Target Sound: /t/

Contrast (background only): /d/

Examples: top · tap · toy

Type: Discovery Day (Exposure + Safety)

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓  Sound-first
 - ✓  Listening priority
 - ✓  Light speaking allowed (optional)
 - ✗ No spelling
 - ✗ No visible assessment
 - ★ Stars = effort only
- Contrast (/d/) is **heard only**, never explained.
-

DAY 146 OBJECTIVE

By the end of Day 146, the child:

- Hears /t/ as a **soft, clean stop**
- Associates /t/ with familiar objects
- Begins sensing it is **different from /d/**
- Feels calm and curious about a new sound

No pressure to speak correctly.

PART 1 – SOUND DISCOVERY

(10 minutes → 5 + 5)

1A. PURE /t/ LISTENING

(5 minutes | First Exposure)

Goal

Introduce /t/ as a **quiet tap sound**.

PIXO FLOW

- Animated **top** appears
“/t/... /t/... top”
- Animated **tap** appears
“/t/... /t/... tap”
- Animated **toy** appears
“/t/... /t/... toy”

Rules:

- Each word played **3 times**
- Clean tongue tap
- Soft background music
- No interaction required

PIXO says gently:

“Just listen 😊”

1B. STOP AWARENESS (QUIET)

(5 minutes | Gentle Release)

Goal

Let the child *notice* the quiet stop.

PIXO FLOW

- Sound bar taps softly:
“/t/... /t/...”
- Short pause
- 4–5 cycles

No speaking requested.

System tracks:

- Engagement
- Attention duration

 PART 2 – LIGHT INTERACTION

(10 minutes → 5 + 5)

 2A. HEAR → POINT

(5 minutes | Sound–Meaning Link)

 Goal

Map /t/ to correct objects.

PIXO FLOW

- Sound played: /t/
- Pictures shown:
 - Toy 
 - Dog
 - Sun

Repeat with:

- Top vs Door
- Tap vs Goat

Rules:

- 4–5 rounds
- One play only
- No error sound

★ for participation

 2B. SAY-WITH-ME (OPTIONAL)

(5 minutes | Zero Pressure)

 Goal

Invite production **only if the child wants**.

PIXO FLOW

- PIXO:

“You can try saying it with me 😊”
- Voice models once:

“/t/...”
- Mic opens briefly

Rules:

- Any attempt accepted
- Silence is okay
- No repetition demand

System tracks:

- Willingness, not accuracy
-

 PART 3 – SOFT CONTRAST INTRO

(10 minutes → 5 + 5)

 3A. LISTEN & NOTICE (/t/ vs /d/)

(5 minutes | Implicit Contrast)

Goal

Plant awareness of **quiet vs voiced**.

PIXO FLOW

- Sounds played:
 - /t/ → /d/ → /t/
- No questions
- No response required

PIXO says calmly:

“Listen... they sound different 😊”

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

Goal

End discovery day feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You listened to a new sound!”

Sticker unlocked:

Sound Explorer – /t/

SYSTEM NOTES (INVISIBLE)

- Day 146 is **pure exposure**
- Speaking accuracy ignored
- Contrast confusion ignored
- Data used to tune **Day 147 – /t/ reinforcement**

DAY 146 FINAL OUTCOME

Child can:

- ✓ Hear /t/ clearly
- ✓ Notice the quiet stop
- ✓ Associate /t/ with objects
- ✓ Begin sensing difference from /d/
- ✓ Feel calm and confident

DAY 147 – /t/ REINFORCEMENT & STABILITY

Target Sound: /t/

Contrast (background): /d/

Examples: top · tap · toy

Type: Reinforcement Day (Listening → Light Interaction)

STRUCTURE (UNCHANGED)

30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

- ✓  Sound-first
- ✓  Listening priority
- ✓  Light speaking allowed (short, optional)
- ✗ No spelling
- ✗ No visible assessment
- ★ Stars = effort only

Contrast /d/ is **heard but never explained**.

DAY 147 OBJECTIVE

By the end of Day 147, the child:

- Recognizes /t/ faster and more confidently
 - Maintains a **quiet, clean stop**
 - Begins stabilizing /t/ apart from /d/
 - Participates calmly when invited
-

PART 1 – REINFORCED LISTENING

(10 minutes → 5 + 5)

1A. /t/ LISTENING FLOW

(5 minutes | Familiarity Build)

Goal

Make /t/ feel predictable and safe.

PIXO FLOW

- Images appear one by one:
 - Top
 - Tap
 - Toy

- Voice (soft, crisp):

“/t/... /t/... top”

“/t/... /t/... tap”

“/t/... /t/... toy”

Rules:

- Each item played **twice**
- Slightly quicker than Day 146
- No interaction required

PIXO says softly:

“Listen carefully 😊”

1B. QUIET STOP PRACTICE

(5 minutes | Tongue Tap Awareness)

Goal

Reinforce the gentle tongue stop.

PIXO FLOW

- Sound bar taps lightly:

“/t/... /t/...”

- Short pauses
- 4–5 cycles

No speaking requested.

System tracks:

- Attention
- Consistency

PART 2 – GENTLE INTERACTION

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE

(5 minutes | Recognition)

 **Goal**

Strengthen sound-to-meaning mapping.

PIXO FLOW

- Sound played: /t/
- Pictures shown:
 - Toy 
 - Dog
 - Sun

Repeat with:

- Top vs Door
- Tap vs Goat

Rules:

- 5 rounds
- One play only
- No error sounds

★ for participation

2B. SAY-WITH-ME (SHORT)

(5 minutes | Supported Production)

 **Goal**

Encourage /t/ production without pressure.

PIXO FLOW

- PIXO:

“Let’s try together 😊”
- Voice models once:

“/t/...”
- Mic opens briefly

Rules:

- Max 2–3 attempts
- Any attempt accepted
- Silence is okay

System tracks:

- Willingness
- Confidence (latency)

PART 3 – GENTLE CONTRAST EXPOSURE

(10 minutes → 5 + 5)

 3A. LISTEN & NOTICE (/t/ vs /d/)

(5 minutes | Implicit Contrast)

 Goal

Quietly sharpen discrimination.

PIXO FLOW

• Sounds played in sequence:

- /t/ → /d/ → /t/
- /d/ → /t/

• No questions

• No response required

PIXO says calmly:

“Listen... they are not the same 😊”

 3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 Goal

End reinforcement day feeling capable.

PIXO FLOW

• Gentle celebration animation

• Voice:

“You listened very well today!”

 Sticker unlocked:

/t/ Listener

 SYSTEM NOTES (INVISIBLE)

- Accuracy not enforced
 - Contrast confusion ignored
 - Data used to tune **Day 148 – /t/ vs /d/ discrimination**
-

 DAY 147 FINAL OUTCOME

Child can:

- ✓ Recognize /t/ more quickly
 - ✓ Maintain a quiet, clean stop
 - ✓ Begin stabilizing /t/ vs /d/
 - ✓ Participate calmly without pressure
-

 DAY 148 – /t/ vs /d/ DISCRIMINATION

Target Sounds: /t/ and /d/

Examples:

- /t/: top · tap · toy
- /d/: dog · door · duck

Type: Listening-Led Discrimination (Confidence-first)

 STRUCTURE (UNCHANGED)

🕒 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 **MODE RULES (STRICT)**

- ✅ 🗣️ Sound-first
- ✅ 💡 Listening priority
- ✅ 🗨️ Speaking only if invited (optional)
- ❌ No spelling
- ❌ No “right / wrong” language
- ★ Stars = effort only

Sounds are **never named** to the child.

🧠 **DAY 148 OBJECTIVE**

By the end of Day 148, the child:

- Hears the difference between **quiet stop** and **voiced stop**
- Distinguishes /t/ from /d/ by sound alone
- Makes calm choices without guessing
- Feels: “*I can hear the difference.*”

🕒 **PART 1 – CONTRAST LISTENING (NO RESPONSE)**

(10 minutes → 5 + 5)

🕒 **1A. SOUND PAIRS (SLOW & CLEAR)**

(5 minutes | Ear Training)

🎯 Goal

Let contrast register safely.

PIXO FLOW

- Sound pairs with space:
 - /t/ → /d/
 - /d/ → /t/
 - /t/ → /t/
 - /d/ → /d/

- No taps
- Calm pace

PIXO says softly:

“Just listen 😊”

🕒 **1B. OBJECT PAIRS (LISTEN ONLY)**

(5 minutes | Meaning Anchors)

🎯 Goal

Anchor contrast to familiar objects.

PIXO FLOW

- Paired images:
 - Toy ↔ Dog
 - Tap ↔ Door

- Top ↔ Duck
- Voice plays once per image:
 - “/t/... toy”
 - “/d/... dog”

No response required.

PART 2 – CONTROLLED CHOICE

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (TWO OPTIONS)

(5 minutes | Gentle Discrimination)

Goal

Practice choosing without pressure.

PIXO FLOW

- Sound played once:
 - /t/ **or** /d/
- Two pictures shown:
 - One matching
 - One contrast

Rules:

- 6 rounds
- One play only
- No error sounds

★ Star appears for trying

2B. SAME / DIFFERENT (EASY)

(5 minutes | Listening Judgment)

Goal

Reinforce discrimination quietly.

PIXO FLOW

- Two sounds played:
 - /t/ – /d/
 - /d/ – /d/
 - /t/ – /t/
 - /d/ – /t/
- Child taps:
 - Same
 - Different

Rules:

- 5 rounds
- Calm pacing

★ for participation

PART 3 – LIGHT PRODUCTION + PRAISE

(10 minutes → 5 + 5)

3A. SAY-WHAT-YOU-HEAR (OPTIONAL)

(5 minutes | Confidence Boost)

Goal

Invite production **only if ready**.

PIXO FLOW

- PIXO:

“You can try saying it if you want 😊”

- Sound played (mixed):

- /t/ or /d/

- Mic opens briefly

Rules:

- Max 3 attempts
- Any sound accepted
- Silence is okay

System tracks:

- Willingness, not accuracy
-

3B. PRAISE & CLOSE

(5 minutes | Emotional Safety)

Goal

End discrimination day feeling successful.

PIXO FLOW

- Gentle celebration animation

- Voice:

“You listened very carefully today!”

 Sticker unlocked:

Careful Listener – Quiet Sounds

SYSTEM NOTES (INVISIBLE)

- Contrast errors ignored
 - Guessing slows next round (not stars)
 - Data tunes **Day 149 – /t/ vs /d/ GUIDED PRODUCTION**
-

DAY 148 FINAL OUTCOME

Child can:

- ✓ Hear the difference between /t/ and /d/
 - ✓ Make calm listening-based choices
 - ✓ Stay confident during contrast
 - ✓ Feel ready for guided speaking
-

DAY 149 – /t/ vs /d/ GUIDED PRODUCTION

Target Sounds: /t/ and /d/

Examples:

- /t/: top · tap · toy
- /d/: dog · door · duck

Type: Guided Production (Listening → Light Speaking)

STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 **MODE RULES (STRICT)**

- ✅ 🗣️ Sound-first
- ✅ 👂 Listening priority
- ✅ 🗨️ Short, guided speaking only
- ❌ No spelling
- ❌ No correction language
- ★ Stars = effort only

Sounds are **never named** to the child.

No “right / wrong”, no comparison language.

🧠 **DAY 149 OBJECTIVE**

By the end of Day 149, the child:

- Produces /t/ and /d/ **when gently invited**
- Keeps the two sounds **separate under guidance**
- Maintains relaxed tongue and steady voice
- Feels: *“I can try these sounds safely.”*

🕒 **PART 1 – LISTEN & PREPARE**

(10 minutes → 5 + 5)

🕒 **1A. CONTRAST LISTENING FLOW**

(5 minutes | Ear Leads)

🎯 Goal

Prepare the ear before speaking.

PIXO FLOW

- Sound sequences with space:
 - /t/ → /d/
 - /d/ → /t/
 - /t/ → /t/
 - /d/ → /d/

- No response required
- Calm pacing

PIXO says softly:

“Just listen 😊”

🕒 **1B. TONGUE WATCH (NO SPEAKING)**

(5 minutes | Visual Prep)

🎯 Goal

Let the child *see* the difference safely.

PIXO FLOW

- Simple mouth animation:
 - Light tongue tap, quiet release (for /t/)

- Heavier tongue tap with voice (for /d/)
 - Sounds play once with animation
- No speaking requested.
- System tracks:
- Attention
 - Comfort level
-

PART 2 – GUIDED SHORT SPEAKING (10 minutes → 5 + 5)

2A. SAY WITH ME (ONE SOUND AT A TIME) (5 minutes | Supported Production)

Goal

Allow short, safe production.

PIXO FLOW

- PIXO:
- “Let’s try together 😊”

- Sound played: /t/
- PIXO models once
- Mic opens briefly

Repeat once for /d/.

Rules:

- Only **2 attempts per sound**
 - Any attempt accepted
 - Silence is okay
- ★ for effort only
-

2B. HEAR → SAY (CHOICE-LED) (5 minutes | Gentle Control)

Goal

Let listening guide speaking.

PIXO FLOW

- Sound played (mixed):
 - /t/ or /d/
- PIXO asks softly:

“Can you try this sound?”

- Mic opens

Rules:

- Max **3 rounds**
- No comparison
- No correction

System tracks:

- Willingness
 - Tongue placement trends
-

PART 3 – STABILITY & PRAISE (10 minutes → 5 + 5)

3A. SAY → POINT

(5 minutes | Sound–Meaning Anchor)

 **Goal**

Connect production with meaning calmly.

PIXO FLOW

- Child hears sound and says it
- Two pictures appear:
 - Toy / Dog
 - Tap / Door
 - Top / Duck

Child taps matching picture.

Rules:

- 4 rounds
- Calm pace

 for participation

3B. PRAISE & CLOSE

(5 minutes | Confidence Lock)

 **Goal**

End guided production feeling successful.

PIXO FLOW

- Gentle celebration animation
- Voice:

“You tried the sounds very nicely!”

 Sticker unlocked:

Brave Sound Speaker – Quiet Stops

SYSTEM NOTES (INVISIBLE)

- Speaking errors ignored
 - Hesitation reduces next-day speaking load
 - Data tunes **Day 150 – /t/ MASTERY CHECKPOINT**
-

DAY 149 FINAL OUTCOME

Child can:

- ✓ Attempt /t/ and /d/ calmly
 - ✓ Maintain quiet vs voiced distinction when guided
 - ✓ Speak without stress
 - ✓ Feel confident and safe
-
-

1A. MIXED SOUND FLOW

(5 minutes | Emotional Safety)

 **Goal**

Remove any sense of evaluation.

PIXO FLOW

- Sounds played gently in mix:

- /t/ → /d/ → /t/ → /k/ → /t/
 - Normal pace
 - No interaction required

PIXO says softly:

“Just listen 😊”

System tracks:

- Attention
- Comfort (no exits, no hesitation)

1B. SAME / DIFFERENT (EASY)

(5 minutes | Gentle Prime)

 Goal

Warm the ear before observation.

PIXO FLOW

- Sound pairs:
 - /t/ – /t/
 - /t/ – /d/
 - /d/ – /d/
- Child taps:
 - Same
 - Different

Rules:

- 4 rounds
- No replay
- ★ for participation only

PART 2 – HIDDEN MASTERY CHECK

(10 minutes → 5 + 5)

⚠ The child never experiences this as a test.

2A. HEAR → IDENTIFY

(5 minutes | Listening Accuracy)

 Goal

Confirm instant recognition of /t/.

PIXO FLOW

- Sound played once:
 - /t/
 - Two picture choices:
 - Toy 
 - Dog

Repeat with varied distractors:

- Top vs Door
- Tap vs Duck

Rules:

- 8 prompts
- One play only

System tracks:

- Accuracy
- Reaction time

★ appears regardless of correctness

2B. HEAR → SAY

(5 minutes | Production Stability)

Goal

Confirm relaxed /t/ production (quiet, clean stop).

PIXO FLOW

- PIXO invites softly:

“Can you try this sound 😊”

- Sound played:

- /t/
 - Mic opens briefly

Repeat once after contrast:

- /d/ → pause → /t/

System tracks:

- Tongue tap clarity
- Absence of voicing
- Confidence (latency + volume)

No correction shown.

MASTERY CRITERIA (SYSTEM ONLY)

✓ Listening accuracy ≥ 85%

✓ /t/ quiet-stop clarity ≥ 4/5

✓ No confusion spike with /d/

(Stars shown ≠ pass/fail.)

PART 3 – OUTCOME EXPERIENCE

(10 minutes → 5 + 5)

IF MASTERED → SOUND LOCKED

3A. CELEBRATION

(5 minutes | Achievement Lock)

- Calm celebration animation
- Voice:

“You say this sound very clearly!”

 Badge Unlocked:

/t/ Sound Master

3B. NEXT-STEP PREVIEW

(5 minutes | Forward Momentum)

- Audio preview (sound only):
 - “/b/... /p/... /t/...”

Voice:

“More sounds are coming!”

 UNLOCKED NEXT:

 DAY 151 – Consonant Blends Discovery (bl, st)

 Parent notification:

“Child has mastered /t/ with clear quiet-stop control and confident listening.”

 IF NOT YET STABLE → SOFT LOOP

• Encouraging close:

“Let’s listen and play again 😊”

• System action:

- Auto-repeat Days 147–149 patterns
- Focus only on /t/
- Reattempt after **48 hours**

Child never sees failure.

 NON-NEGOTIABLE RULES

- No red marks
 - No fail screens
 - No pressure language
 - Confidence > precision
-

 DAY 150 FINAL OUTCOME

Child:

- ✓ Maintains clear /t/
 - ✓ Discriminates /t/ vs /d/
 - ✓ Produces /t/ calmly when invited
 - ✓ Is ready to advance
-
-

 AUTO-LOOP LOGIC (CRITICAL)

If child:

- Confuses two stop sounds
- Clips sound incorrectly
- Hesitates consistently

System action:

 Mark sound as **weak**

 Replay:

- LISTEN → REPEAT → IDENTIFY
- New images, same sounds

No failure shown to child.

 PIXO AUTO-LOOP LOGIC (CRITICAL CORE)

 **PURPOSE**

Ensure **sound clarity + confidence** before progression
without ever showing failure, scores, or correction to the child.

TRIGGERS (ANY ONE = LOOP)

A sound is flagged  **WEAK** if **any** of the following occur within a rolling window:

1 Confusion Trigger

- Child selects wrong sound in contrast tasks
(e.g., /t/ chosen when /d/ played)
 - Threshold:
 - ≥ 2 errors in last 5 contrast items
-

2 Clipping Trigger

- Stop sound lacks proper release
(e.g., /p/ without air, /k/ swallowed)
 - Detected via:
 - Audio envelope too short
 - Missing burst signature
 - Threshold:
 - ≥ 2 clipped attempts in 3 invitations
-

3 Hesitation Trigger

- Delayed response indicating uncertainty
 - Detected via:
 - Response latency > adaptive baseline
 - Threshold:
 - ≥ 3 hesitations in session
-

WEAK SOUND TAGGING

When triggered:

sound.status = WEAK

sound.priority = HIGH

sound.visibility = HIDDEN

Child never sees:

-  "Wrong"
 -  Red marks
 -  Scores
 -  Retry messages
-

AUTO-LOOP EXECUTION (INVISIBLE)

LOOP SEQUENCE (FIXED ORDER)

 **LISTEN → REPEAT → IDENTIFY**

1. LISTEN (Re-Stabilization)

- 100% listening
- No interaction
- New visuals only
- Slower pacing

- Sound played 3× per item

💋 2. REPEAT (Optional & Gentle)

- Invitation only
- Max 2 attempts
- Any sound accepted
- Silence allowed

🖼️ 3. IDENTIFY (Low Pressure)

- 2-choice or 3-choice tasks
- One correct target
- New image set
- No error feedback

🌱 CONTENT RULES DURING LOOP

- ✓ Same sound
- ✗ No same images
- ✗ No same order
- ✗ No visible assessment

System rotates:

- Visual set
- Background rhythm
- Prompt phrasing

🕒 LOOP TIMING RULES

Situation	Action
Mild instability	Loop same day (Part 3 only)
Repeated weakness	Full next-day loop
Persistent (48 hrs)	Multi-day micro-loop

🟢 EXIT CONDITIONS (SYSTEM ONLY)

Sound exits **WEAK** state when:

- ✓ Listening accuracy ≥ 85%
- ✓ No clipping detected in last 3 attempts
- ✓ Hesitation within adaptive norm

Then:

sound.status = STABLE

sound.priority = NORMAL

😊 CHILD EXPERIENCE (ALWAYS POSITIVE)

What the child experiences:

- “Let’s listen again 😊”
- New pictures
- Calm repetition
- Stickers for effort

What the child **never** experiences:

- ✗ Failure
- ✗ Repetition explained
- ✗ Comparison
- ✗ Pressure

DESIGN PRINCIPLE (NON-NEGOTIABLE)

Stability before speed

Confidence before contrast

Listening before speaking

SYSTEM GUARANTEE

This auto-loop logic ensures:

- ✓ No sound progresses unstable
- ✓ No child feels corrected
- ✓ No fear accumulation
- ✓ Long-term phonemic accuracy

DATA TAGS (FOR PIXO ENGINE)

Per sound:

- First-attempt accuracy
- Mouth clarity score
- Confusion pair (e.g., b↔p)
- Time to mastery

These fuel **adaptive scheduling** later.

PIXO ENGINE — DATA TAGS (PER SOUND)

PURPOSE

Turn every interaction into **signal**, not noise.

No scores shown to the child. No pressure. Only precision.

CORE DATA OBJECT (PER SOUND)

```
sound_profile {  
  sound_id  
  phase_id  
  first_attempt_accuracy  
  mouth_clarity_score  
  confusion_pairs[]  
  time_to_mastery  
  stability_state  
}
```

DATA TAG DEFINITIONS

First-Attempt Accuracy

What it measures

- Whether the child identifies or responds correctly **on the first exposure**.

Why it matters

- Pure recognition strength (no learning effect).

How it's captured

- First choice in:
 - Hear → Choose
 - Same / Different
- No replays counted.

$\text{first_attempt_accuracy} = \text{correct_first} / \text{total_first_attempts}$

2 Mouth Clarity Score

What it measures

- Quality of sound production when attempted.

Signals used

- Presence of:
 - Air burst (p, k)
 - Voicing (b, d, g)
 - Clean stop (t, k)
- Absence of clipping or swallowing.

Scale

0 = no attempt

1 = unclear

3 = partially clear

5 = clean & stable

Rolling window

- Last 5 invitations only.
-

3 Confusion Pair Tracking

What it measures

- Which sounds are mistaken **for each other**.

Examples

- $b \leftrightarrow p$
- $t \leftrightarrow d$
- $k \leftrightarrow g$

How it's logged

```
confusion_pairs: [  
  { target: "p", mistaken_as: "b", count: 3 },  
  { target: "t", mistaken_as: "d", count: 2 }  
]
```

Why it matters

- Drives contrast-based reinforcement instead of generic repeats.
-

4 Time to Mastery

What it measures

- Real learning duration, not calendar time.

Captured from

- First exposure timestamp
→ Mastery Gate pass timestamp

$\text{time_to_mastery} = \text{mastery_date} - \text{first_exposure_date}$

Used for

- Predicting future sound difficulty
 - Personal pacing curves
-

Stability State (Hidden)

Derived tag used by auto-loop logic.

STATES:

-  STABLE
-  DEVELOPING
-  WEAK

Updated from

- Accuracy trends
 - Clarity trends
 - Hesitation frequency
-

HOW DATA FEEDS ADAPTIVE SCHEDULING

WEAK SOUND

- Appears more frequently
 - Slower pacing
 - More listening loops
 - New visuals each time
-

DEVELOPING SOUND

- Normal frequency
 - Balanced listening + light speaking
 - Occasional contrast tasks
-

STABLE SOUND

- Short appearances
 - Faster pacing
 - Used as distractor in contrast games
-

LONG-TERM ENGINE USES

These tags later enable:

- ✓ Personalized phonics path
 - ✓ Difficulty prediction for blends
 - ✓ Early detection of articulation risk
 - ✓ Parent-side progress insights
 - ✓ Teacher dashboard heatmaps
-

CHILD-SIDE GUARANTEE

Child never sees:

-  Scores
-  Time metrics
-  Weak/strong labels
-  Comparison

Child only sees:

★ Praise

 Stickers

😊 Calm flow

 NON-NEGOTIABLE PRINCIPLE

Data informs the system, never the child.

✓ PHASE 3 OUTCOME (Day 150)

Child can:

- ✓ Hear and release all stop sounds clearly
- ✓ Discriminate similar plosives
- ✓ Control mouth movements
- ✓ Prepare for **blends + advanced words**

WHAT UNLOCKS NEXT

● PHASE 4 – CONSONANT BLENDS & ADVANCED WORDS (Day 151)

Examples:

- bl, st, gr, pl
- 5-sound words
- Sentence expansion

[illegible]

MODULE 6: WORD FORMATION

Words like:

bat, dog, cup, tap, bag

Tree:

MODULE_6_WORD_FORMATION

└─ CVC_WORDS_SET_1

└─ CVC_WORDS_SET_2

└─ MIXED_WORDS

MODULE 6 – WORD FORMATION

(CVC Sound → Meaning → Confident Saying)

Prerequisite:

✓ Stop sounds mastered (/b d g k p t/)

✓ Vowel stability achieved

✓ CV blending experience present

Mode (STRICT):

🔊 Sound bars only

✗ No letters

✗ No spelling

✗ No visible scoring

🌳 MODULE TREE

MODULE_6_WORD_FORMATION

└─ CVC_WORDS_SET_1

└─ CVC_WORDS_SET_2

└─ MIXED_WORDS

🧠 MODULE OBJECTIVE

By the end of Module 6, the child can:

✓ Hear a full word as **one sound unit**

✓ Recognize word → picture instantly

✓ Say the whole word calmly

✓ Maintain sound clarity inside words

✓ Transition smoothly toward fluency modules

🧩 GLOBAL STRUCTURE (UNCHANGED)

🕒 30 minutes per day

• 10 → 5 + 5

• 10 → 5 + 5

• 10 → 5 + 5

Flow always follows:

LISTEN → JOIN → SAY → IDENTIFY

NODE 1 – CVC_WORDS_SET_1

(Controlled, clean stops)

Word Set

bat · dog · cup · tap · bag

(Chosen to balance: voiced/unvoiced, air/no-air)

Focus

- Sound joining inside words
 - Stop sounds **not clipped**
 - Word heard as a whole, not letters
-

DAILY NODE FLOW (SET 1)

PART 1 – WORD LISTENING

(10 min → 5 + 5)

1A. Whole Word First

- “bat” (3×)
- “dog” (3×)
- “cup” (3×)

No interaction.

Sound bars show **3 pulses only**.

1B. Join the Sounds

- “/b/... /a/... /t/ → bat”
 - Very slow → normal
-

PART 2 – GUIDED SAYING

(10 min → 5 + 5)

2A. Say With Me

- PIXO models once
- Child invited
- Max 2 attempts per word

2B. Hear → Say

- Word played once
- Child repeats

Silence = accepted.

PART 3 – WORD → MEANING

(10 min → 5 + 5)

3A. Hear → Choose Picture

- 1 correct
- 2 distractors (known words)

3B. Praise

 Sticker: *Word Builder*

AUTO-LOOP CONDITIONS (MODULE 6)

A word is flagged  WEAK if:

- Final stop clipped (ba...)
- Initial stop confused (bat → pat)
- Hesitation > baseline

 Loop sequence:

LISTEN → JOIN → SAY → IDENTIFY

(New images, same word)

NODE 2 – CVC_WORDS_SET_2

(Expanded contrast + stability)

Word Set

cap · bed · pig · top · duck

Focus

- Faster word recognition
- Maintain clarity under speed
- Reinforce contrast pairs inside words

NODE FLOW (SAME STRUCTURE)

Enhancements:

- Slightly faster pacing
- Mixed word order
- Contrast embedded:
 - bat ↔ pat
 - dog ↔ tog (nonsense distractor)

Still:

 No correction

 No spelling

NODE 3 – MIXED_WORDS

(Automation & confidence)

Word Pool

All words from Set 1 + Set 2

Focus

- Automatic word hearing
- Confident saying
- Prepare for phrase-level modules

MIXED NODE FLOW

PART 1 – RANDOM WORD FLOW

- Words played randomly
- Shorter pauses

PART 2 – QUICK SAY

- Hear → Say (no visuals)
- Say → Match (visual after)

PART 3 – GAME + PRAISE

- Same / Different (word level)
- Sticker: 🦋 *Fast Word Ears*

DATA TAGS (MODULE 6 EXTENSION)

Per **word**, system tracks:

- Word clarity score
- Sound-inside-word confusion
- Time to automation
- Carryover issues (sound ok alone, weak in word)

These feed:

- ➡ Phrase readiness
 - ➡ Blend prediction
 - ➡ Future remediation logic
-

✅ MODULE 6 EXIT CRITERIA (SYSTEM ONLY)

- ✓ ≥ 85% word recognition
 - ✓ No persistent clipping
 - ✓ Calm, confident production
 - ✓ Stable response time
-

NEXT MODULE UNLOCKS

● MODULE 7 – WORD CHAINS & SHORT PHRASES

(“bat → bat on → bat on mat” – sound only)

PHASE 4: READINESS & CONFIDENCE (Day 151–180)

MODULE 7: SOUND AWARENESS GAMES

MODULE_7_READINESS

└— FIRST_SOUND

└— LAST_SOUND

└— MIDDLE_SOUND

└— GUESS_THE_SOUND

└— FINAL_GATE

This phase has **zero teaching**, only games.

PHASE 4 – READINESS & CONFIDENCE

Duration: Day 151–180

Nature: 100% game-based

Teaching: ✖ None

Correction: ✖ None

Pressure: ✖ None

This phase answers one question only:

“Is the child ready to move forward without fear?”

PHASE 4 CORE OBJECTIVE

By the end of Day 180, the child:

- ✓ Plays confidently with sounds
- ✓ Hears sounds inside words automatically
- ✓ Responds fast without hesitation
- ✓ Shows zero fear of mistakes
- ✓ Is neurologically ready for structured reading phases

GLOBAL RULES (NON-NEGOTIABLE)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No correction language
 - ✗ No visible scores
 - ★ Praise = participation only
- System **observes**, never instructs.

MODULE TREE

MODULE_7_READINESS

- |— FIRST_SOUND
- |— LAST_SOUND
- |— MIDDLE_SOUND
- |— GUESS_THE_SOUND
- └— FINAL_GATE

NODE 1 – FIRST_SOUND

(Initial sound awareness)

What the game checks

Does the child **hear the first sound instantly**?

GAME FLOW

- Word played: “bat”
- Pictures shown:
 - ball
 - sun
 - fish

Child taps the one that **starts the same**.

Engine observes

- Reaction time
 - First-attempt accuracy
 - Hesitation
 - ✗ No feedback
 - ★ Sticker: *Sound Spotter*
-

NODE 2 – LAST_SOUND

(Ending sound awareness)

What the game checks

Does the child **hold the word to the end?**

GAME FLOW

- Word played: “cup”
- Pictures shown:
 - cap
 - sun
 - pig

Child taps word with **same ending sound**.

Engine observes

- Final sound stability
- Clipping risk
- End-of-word awareness

 No correction

 Sticker: *Sound Finisher*

NODE 3 – MIDDLE_SOUND

(Vowel awareness inside words)

What the game checks

Can the child **hear the middle sound** without naming it?

GAME FLOW

- Word played: “bat”
- Options played (audio-only):
 - /a/
 - /o/
 - /u/

Child taps the sound that **lives inside** the word.

Engine observes

- Vowel stability
- Processing speed
- Cognitive load handling

 No teaching

 Sticker: *Sound Detective*

NODE 4 – GUESS_THE_SOUND

(Implicit phonemic intuition)

What the game checks

Does the child **predict sounds naturally?**

GAME FLOW

- PIXO plays:

“/b/... /a/... ____”

• Three sounds appear:

- /t/
- /g/
- /m/

Child taps what **feels right**.

Engine observes

- Internal sound mapping
- Guess confidence vs hesitation
- Automatic blending readiness

✗ No “correct” shown

★ Sticker: *Sound Wizard*

NODE 5 – FINAL_GATE

(Readiness confirmation, not a test)

FINAL GATE PURPOSE

Confirm:

- ✓ Sound awareness is automatic
 - ✓ No fear response
 - ✓ No persistent hesitation
 - ✓ Stable auditory processing
-

GAME MIX

- First sound games
- Last sound games
- Middle sound games
- Guess-the-sound

All shuffled.

No repeats.

No teaching cues.

SYSTEM-ONLY PASS LOGIC

- ✓ Consistent engagement
 - ✓ No sound marked  WEAK
 - ✓ Reaction time within personal baseline
 - ✓ Confidence stable across sessions
-

IF READY → PHASE COMPLETE

Child experiences:

 Celebration

 Badge: **Sound Ready**

Parent notification:

“Your child shows strong sound awareness and confidence. Ready for next phase.”

IF NOT YET READY → SILENT EXTENSION

- Phase extends automatically
- Games repeat with new content
- No visible retry
- Confidence protected

DESIGN PRINCIPLE (ABSOLUTE)

We never teach in Phase 4.

We only listen to the child's brain.

WHAT THIS PHASE ENABLES NEXT

Depending on data:

- Reading readiness
 - Sentence-level listening
 - Advanced blending
 - Fluency modules
-

PHASE 4 – DAY-WISE MAPPING (151–180)

Global Rules (Apply Every Day):

- ⌚ 30 minutes (10 → 5+5 × 3)
 - 🎮 Games only
 - ❌ No teaching
 - ❌ No correction
 - ⭐ Praise = participation only
 - 🔁 Auto-loop enabled silently
-

DAYS 151–155 — FIRST SOUND GAMES

Node: FIRST_SOUND

Daily Focus:

Initial sound detection (automatic, fast)

Day	Game Mix
151	Easy first-sound match (2 choices)
152	First sound with 3 choices
153	Faster pacing + random order
154	Mixed known words
155	First-sound mini-checkpoint (game only)

System watches:

Reaction time • Hesitation • First-attempt accuracy

DAYS 156–160 — LAST SOUND GAMES

Node: LAST_SOUND

Daily Focus:

Ending sound holding (no clipping)

Day	Game Mix
156	Easy last-sound match

Day	Game Mix
157	Last sound with 3 choices
158	Contrast endings (t/d, p/b)
159	Faster word endings
160	Last-sound mini-checkpoint

System watches:

Final sound stability • Drop-off risk • Calmness

 DAYS 161–165 — MIDDLE SOUND GAMES

Node: MIDDLE_SOUND

Daily Focus:

Vowel awareness inside words

Day	Game Mix
161	Middle sound (audio options only)
162	Middle sound with distractors
163	Faster vowel recognition
164	Mixed word lengths
165	Middle-sound mini-checkpoint

System watches:

Vowel stability • Cognitive load handling • Speed

 DAYS 166–170 — GUESS THE SOUND

Node: GUESS_THE_SOUND

Daily Focus:

Implicit phonemic intuition (no certainty pressure)

Day	Game Mix
166	Predict final sound
167	Predict middle sound
168	Missing sound in CVC
169	Faster prediction rounds
170	Guess-sound confidence check

System watches:

Confidence vs hesitation • Intuition strength

 DAYS 171–175 — MIXED SOUND AWARENESS

Node: (Auto-mixed)

Daily Focus:

Automatic sound play without thinking

Day	Game Mix
171	First + Last sound mix
172	First + Middle mix
173	Last + Guess mix

Day	Game Mix
174	All games shuffled
175	Pre-final stabilization day

System watches:

Consistency • Fatigue • Emotional response

🎮 **DAYS 176–180 — FINAL READINESS GATE**

Node: FINAL_GATE

Daily Focus:

Readiness confirmation (not a test)

Day	Experience
176	Calm mixed games
177	Faster mixed games
178	Confidence-weighted randomization
179	Silent observation day
180	🎉 Final Readiness Gate

🟣 **DAY 180 – PHASE 4 COMPLETION**

System confirms:

- ✓ No persistent 🔴 weak sounds
- ✓ Reaction time stable
- ✓ No fear or avoidance
- ✓ Sound awareness is automatic

Child experiences:

🎉 Celebration

🏆 Badge: **Sound Ready**

Parent message:

“Your child shows strong sound awareness and confidence. Ready for the next phase.”

💬 **SILENT EXTENSION RULE (IF NEEDED)**

If readiness not confirmed:

- Days auto-extend
- Games reshuffle
- No visible retry
- Confidence protected

🔒 **CORE DESIGN TRUTH**

Phase 4 does not teach.

It listens to the brain.

🟢 **DAY 151 – EASY FIRST-SOUND MATCH (2 CHOICES)**

Node: FIRST_SOUND

Type: Sound Awareness Game

Difficulty: Easiest entry

Teaching: ✖ None

Correction: ✖ None

DAY 151 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Hears the **first sound instantly**
- Responds without hesitation
- Plays calmly and confidently

This day sets the **baseline** for Phase 4.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

✓ Sound-only

✓ Game language only

✖ No teaching prompts

✖ No “right / wrong”

✖ No visible score

★ Praise = participation only

PART 1 – WARM-UP LISTENING GAME

(10 minutes → 5 + 5)

1A. LISTEN & NOTICE

(5 minutes | No Action)

 Goal

Set calm listening mode.

PIXO FLOW

• PIXO plays a word:

- “bat”
- “sun”
- “cup”

• No pictures

• No response required

PIXO says gently:

“Just listen 😊”

System observes:

- Attention
 - Comfort
 - No avoidance
-

1B. FIRST-SOUND DEMO (GAME STYLE)

(5 minutes | Still No Choice)

Goal

Model the game without asking.

PIXO FLOW

- Word played: “bat”
- Two pictures appear:
 - ball
 - sun
- PIXO auto-selects **ball**

PIXO says:

“This one starts the same ★”

No explanation beyond that.

PART 2 – FIRST-SOUND MATCH (2 CHOICES)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE

(5 minutes | Core Game)

Goal

Check instant first-sound recognition.

PIXO FLOW (Repeated Rounds)

- Word played once:
 - “bat”
- Two picture choices:
 - ball ✓
 - sun

More rounds:

- “cup” → cat / dog
- “tap” → toy / pig
- “dog” → door / sun

Rules:

- Only **2 choices**
- One play only
- No error sound
- Calm pacing

★ appears after every tap

2B. SAME GAME, NEW WORDS

(5 minutes | Stability Check)

Goal

Confirm consistency with new items.

- New word set
- Same structure
- Slight randomization

System observes:

- First-attempt accuracy
 - Reaction time
 - Hesitation
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. QUICK PLAY ROUND

(5 minutes | Fun Finish)

 Goal

End with ease and success.

- Faster pace
- Familiar words
- Still 2 choices only

No difficulty increase.

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor confidence.

PIXO FLOW

- Gentle animation
- Voice:

“You played the sound game nicely!”

 Sticker unlocked:

Sound Spotter – Start

DATA TAGS UPDATED (SYSTEM ONLY)

For each sound used:

- First-attempt accuracy
- Reaction time baseline
- Hesitation frequency

No sound is marked weak on Day 151 unless:

- Extreme hesitation
 - Repeated random tapping
-

DAY 151 FINAL OUTCOME

Child:

- ✓ Plays without fear
 - ✓ Understands the game
 - ✓ Shows baseline first-sound awareness
 - ✓ Is ready for Day 152 (3-choice version)
-

DAY 152 – FIRST-SOUND MATCH (3 CHOICES)

Node: FIRST_SOUND

Type: Sound Awareness Game

Difficulty: Low → Medium

Teaching: ✗ None

Correction: ✗ None

DAY 152 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Identifies the **first sound** with one extra distractor
- Maintains calm decision-making
- Shows stable reaction time vs Day 151

This day tests **clarity under mild choice load**.

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP & GAME MODEL

(10 minutes → 5 + 5)

1A. LISTEN & SETTLE

(5 minutes | No Action)

 Goal

Re-enter calm listening mode.

PIXO FLOW

- Words played:
 - “bat”
 - “dog”
 - “cup”
- No pictures
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort
 - Attention continuity
-

1B. GAME DEMO (3 CHOICES)

(5 minutes | Silent Modeling)

 Goal

Show the new format without explanation.

PIXO FLOW

- Word played: “bat”
- Three pictures appear:
 - ball
 - sun
 - fish
- PIXO auto-selects **ball**

PIXO says:

“This one starts the same ★”

No further explanation.

PART 2 – FIRST-SOUND MATCH (3 CHOICES)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (CORE GAME)

(5 minutes)

 Goal

Check first-sound recognition with mild distraction.

PIXO FLOW (Repeated Rounds)

- Word played once:
 - “cup”
- Three picture choices:
 - cat 
 - dog
 - sun

More rounds:

- “tap” → toy  / pig / fish
- “dog” → door  / cup / sun
- “bat” → ball  / toy / pig

Rules:

- **3 choices**
- One play only
- Calm pacing
- No error sound
- ★ appears after every tap

2B. NEW WORDS, SAME GAME

(5 minutes | Stability Check)

 Goal

Confirm consistency with different content.

- New word pool
- Same structure
- Randomized position of correct answer

System observes:

- First-attempt accuracy
- Reaction time change vs Day 151
- Hesitation patterns

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. QUICK PLAY ROUND

(5 minutes | Fun Finish)

 Goal

End with ease, not challenge.

- Familiar words only
- Still 3 choices
- Slightly faster flow

No pressure increase.

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor success, not performance.

PIXO FLOW

- Gentle animation
- Voice:

“You played the sound game nicely!”

 Sticker unlocked:

Sound Spotter – Level Up

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound used:

- First-attempt accuracy
- Reaction time delta (vs Day 151)
- Hesitation frequency

 Auto-loop only if:

- Consistent random guessing
- Sharp hesitation spike

No visible impact to child.

DAY 152 FINAL OUTCOME

Child:

- ✓ Handles 3-choice sound games calmly
 - ✓ Maintains first-sound awareness
 - ✓ Shows confidence stability
 - ✓ Is ready for Day 153 (faster pacing)
-

DAY 153 – FIRST-SOUND MATCH (FASTER + RANDOM)

Node: FIRST_SOUND

Type: Sound Awareness Game

Difficulty: Same logic, higher tempo

Teaching:  None

Correction:  None

DAY 153 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Maintains **first-sound accuracy under speed**
- Responds without panic or freezing
- Keeps confidence steady with randomization

This day measures **automaticity**, not thinking.

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP (NORMAL SPEED)

(10 minutes → 5 + 5)

1A. LISTEN & SETTLE

(5 minutes | No Action)

 Goal

Anchor calm before speed increases.

PIXO FLOW

- Words played (normal pace):
 - “bat”
 - “dog”
 - “cup”
 - “tap”

- No pictures
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Baseline attention
 - Comfort
-

1B. DEMO ROUND (FASTER)

(5 minutes | Silent Modeling)

 Goal

Show the new pace without explanation.

PIXO FLOW

- Word played: “bat”
- Three pictures appear quickly:
 - ball
 - sun
 - fish

- PIXO auto-selects **ball**

PIXO says:

“Let’s play 🌟”

No explanation of speed.

PART 2 – FIRST-SOUND MATCH (FASTER)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (CORE GAME)

(5 minutes)

Goal

Check first-sound recognition with reduced pause.

PIXO FLOW (Repeated Rounds)

- Word played once
- Pictures appear immediately
- Shorter pause before next round

Example rounds:

- “cup” → cat  / dog / sun
- “tap” → toy  / pig / fish
- “dog” → door  / cup / sun
- “bat” → ball  / toy / pig

Rules:

- 3 choices
- One play only
- No error sound
- Faster flow

🌟 appears after every tap

2B. RANDOM ORDER ROUND

(5 minutes | Automation Check)

Goal

Ensure speed does not cause guessing.

- Same game
- Word order randomized
- Correct option position randomized

System observes:

- Reaction time
- Accuracy drop (if any)
- Hesitation spikes

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED SPEED PLAY

(5 minutes | Fun Finish)

 Goal

End with success, not strain.

- Slightly slower than Part 2
 - Familiar words only
 - Still random order
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor confidence after speed exposure.

PIXO FLOW

- Gentle animation
- Voice:

“You played the sound game really well!”

 Sticker unlocked:

Fast Sound Finder

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- Reaction time under speed
- Accuracy vs Day 152
- Hesitation delta

 Auto-loop triggers only if:

- Speed causes panic
- Accuracy collapses sharply

Child never sees this.

DAY 153 FINAL OUTCOME

Child:

- ✓ Handles faster pace calmly
 - ✓ Maintains first-sound recognition
 - ✓ Shows early automaticity
 - ✓ Is ready for Day 154 (mixed known words)
-

DAY 154 – FIRST-SOUND MATCH (MIXED KNOWN WORDS)

Node: FIRST_SOUND

Type: Sound Awareness Game

Difficulty: Same speed, broader content

Teaching:  None

Correction:  None

DAY 154 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Maintains first-sound recognition across **many known words**

- Transfers skill beyond a small set
- Stays calm and confident with variety

This day checks **generalization**, not learning.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP (MIXED WORD LISTENING)

(10 minutes → 5 + 5)

1A. LISTEN & SETTLE

(5 minutes | No Action)

 **Goal**

Prime the ear with variety.

PIXO FLOW

- Words played (normal pace, mixed):
 - bat
 - dog
 - cup
 - tap
 - pig
 - toy
 - sun
 - bag

- No pictures
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort with variety
 - No avoidance
-

1B. DEMO ROUND (MIXED)

(5 minutes | Silent Modeling)

 **Goal**

Show that the game works the same with new words.

PIXO FLOW

- Word played: “pig”
- Three pictures appear:
 - pen
 - sun
 - fish
- PIXO auto-selects **pen**

PIXO says:

“This one starts the same ★”

No explanation.

PART 2 – FIRST-SOUND MATCH (MIXED WORD POOL)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (CORE GAME)

(5 minutes)

 Goal

Confirm first-sound recognition across breadth.

PIXO FLOW (Repeated Rounds)

- Word played once (random):
 - “bag”
- Three picture choices:
 - bat 
 - sun
 - toy

More mixed rounds:

- “cup” → cat  / dog / pig
- “toy” → tap  / bag / sun
- “dog” → door  / cup / fish
- “pig” → pan  / toy / sun

Rules:

- 3 choices
- One play only
- Same speed as Day 153
- No error sound

★ after every tap

2B. RANDOM MIX ROUND

(5 minutes | Generalization Check)

 Goal

Ensure stability with no pattern predictability.

- Larger word pool
- Correct option position fully randomized
- Same fast pacing

System observes:

- Accuracy consistency
- Reaction time spread
- Guessing patterns

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIX PLAY

(5 minutes | Fun Finish)

Goal

End with ease, not overload.

- Slightly reduced speed
 - Familiar favorites only
 - Still mixed
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Anchor confidence with variety success.

PIXO FLOW

- Gentle animation
- Voice:

“You played the sound game really well!”

 Sticker unlocked:

Sound Spotter – Explorer

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- Generalization accuracy
- Reaction time variance
- Stability across word pool

Auto-loop only if:

- Specific sound collapses under variety
- Hesitation spikes repeatedly

Child never sees this.

DAY 154 FINAL OUTCOME

Child:

- ✓ Handles wide word variety calmly
 - ✓ Maintains first-sound awareness
 - ✓ Shows generalization readiness
 - ✓ Is ready for Day 155 (mini-checkpoint)
-

DAY 155 – FIRST-SOUND MINI CHECKPOINT

Node: FIRST_SOUND

Type: Game-only confirmation

Teaching: ✗ None

Correction: ✗ None

Feedback: ✗ None

The child never knows this is a checkpoint.

DAY 155 OBJECTIVE (SYSTEM SIDE)

Silently confirm that:

- First-sound awareness is **automatic**
- Accuracy holds under variety + speed
- No fear, no hesitation patterns

This day **closes the FIRST_SOUND node**.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – CALM MIXED PLAY

(10 minutes → 5 + 5)

1A. LISTEN & FLOW

(5 minutes | No Action)

 **Goal**

Remove any sense of evaluation.

PIXO FLOW

• Mixed words played:

- bat
- dog
- cup
- tap
- pig
- toy
- bag
- sun

- Normal pace
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort

- Attention
 - No avoidance
-

1B. DEMO GAME (MIXED)

(5 minutes | Silent Modeling)

Goal

Re-anchor game rules effortlessly.

PIXO FLOW

- Word played: “cup”
- Three pictures appear:
 - cat
 - dog
 - toy
- PIXO auto-selects **cat**

PIXO says:

“This one starts the same ★”

No explanation.

PART 2 – FIRST-SOUND GAME (CHECKPOINT MIX)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (MIXED & RANDOM)

(5 minutes)

Goal

Observe automatic first-sound detection.

PIXO FLOW

- Word played once (randomized):
 - “tap”
- Three picture choices (random positions):
 - toy 
 - pig
 - sun

More rounds:

- “dog” → door  / cup / fish
- “bag” → bat  / toy / sun
- “pig” → pan  / cup / toy
- “toy” → tap  / bag / sun

Rules:

- 3 choices
- Same speed as Day 154
- One play only
- No error sounds

★ appears after every tap

2B. QUICK RANDOM BURST

(5 minutes | Automation Check)

Goal

Ensure no collapse under quick succession.

- Shorter pauses
- Familiar + less-used words
- Fully randomized order

System observes:

- Reaction time stability
 - Guessing vs confidence
 - Any sound-specific hesitation
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED FAVORITES

(5 minutes | Emotional Balance)

Goal

End checkpoint day with comfort.

- Child-favorite words only
 - Slightly slower pace
 - Still game format
-

3B. PRAISE & TRANSITION

(5 minutes | Silent Success)

Goal

Close node without signaling completion.

PIXO FLOW

- Gentle animation
- Voice:

“You played the sound games very nicely!”

Sticker unlocked:

Sound Spotter – Complete

(No mention of checkpoint.)

SYSTEM-ONLY CHECKPOINT LOGIC

- ✓ First-attempt accuracy ≥ 85%
- ✓ Reaction time within personal baseline
- ✓ No persistent hesitation
- ✓ No sound marked ● WEAK

If all met:

FIRST_SOUND.status = COMPLETE

If not:

- Silent extension
 - Re-enter FIRST_SOUND games with new content
 - Child never sees retry
-

DAY 155 FINAL OUTCOME

Child:

- ✓ Plays first-sound games effortlessly

- ✓ Shows automatic sound awareness
- ✓ Maintains confidence
- ✓ Is ready for **DAY 156 – LAST SOUND GAMES**

● DAY 156 – LAST-SOUND MATCH (EASY)

Node: LAST_SOUND

Type: Sound Awareness Game

Difficulty: Easy entry

Teaching: ✗ None

Correction: ✗ None

🧠 DAY 156 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- **Holds the word to the end**
- Notices the **final sound** naturally
- Responds calmly without rushing or clipping

This day establishes the **baseline for ending-sound awareness**.

🧱 STRUCTURE (UNCHANGED)

🕒 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

🕒 PART 1 – WARM-UP LISTENING

(10 minutes → 5 + 5)

🕒 1A. LISTEN & HOLD

(5 minutes | No Action)

🎯 Goal

Encourage full-word listening to the end.

PIXO FLOW

- Words played slowly:
 - “bat”
 - “cup”
 - “dog”
 - “tap”

- Slight pause after each word
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Whether attention stays through word ending
 - No early tapping or skipping
-

🕒 1B. GAME DEMO (ENDING SOUND)

(5 minutes | Silent Modeling)

🎯 Goal

Show the idea of “same ending” without explanation.

PIXO FLOW

- Word played: “cup”
- Two pictures appear:
 - cap
 - sun
- PIXO auto-selects **cap**

PIXO says:

“This one ends the same ★”

No explanation beyond this.

🕒 PART 2 – LAST-SOUND MATCH (2 CHOICES)

(10 minutes → 5 + 5)

🕒 2A. HEAR → CHOOSE

(5 minutes | Core Game)

🎯 Goal

Check ending-sound awareness with minimal load.

PIXO FLOW (Repeated Rounds)

- Word played once:
 - “bat”
- Two picture choices:
 - cat ✅
 - dog

More rounds:

- “cup” → cap ✅ / sun
- “tap” → map ✅ / pig
- “dog” → bag ✅ / toy

Rules:

- **2 choices only**
- One play only
- Calm pace
- No error sound

★ appears after every tap

🕒 2B. SAME GAME, NEW WORDS

(5 minutes | Stability Check)

 Goal

Confirm consistency with new endings.

- New word set
- Same structure
- Slight randomization

System observes:

- First-attempt accuracy
 - Ending-sound holding
 - Hesitation at word end
-

 PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

 3A. RELAXED ENDING PLAY

(5 minutes | Fun Finish)

 Goal

End with comfort and success.

- Familiar words
- Slower pace
- Still 2 choices

No difficulty increase.

 3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor positive feeling around endings.

PIXO FLOW

- Gentle animation
- Voice:

“You listened all the way to the end!”

 Sticker unlocked:

Sound Finisher – Start

 DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- Final-sound accuracy
- End-of-word holding
- Clipping risk
- Reaction time to end

 Auto-loop only if:

- Child taps before word ends repeatedly
- Ending sound consistently ignored

Child never sees this.

 DAY 156 FINAL OUTCOME

Child:

- ✓ Holds words to the end

- ✓ Matches simple ending sounds
- ✓ Plays calmly and confidently
- ✓ Is ready for Day 157 (3-choice ending sounds)

● DAY 157 – LAST-SOUND MATCH (3 CHOICES)

Node: LAST_SOUND

Type: Sound Awareness Game

Difficulty: Easy → Mild

Teaching: ✗ None

Correction: ✗ None

🧠 DAY 157 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Continues to **hold the word to the end**
- Identifies the **final sound** with one extra distractor
- Stays calm and confident with added choice load

This day checks **ending-sound clarity under mild complexity**.

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

🕒 PART 1 – WARM-UP & GAME MODEL

(10 minutes → 5 + 5)

🕒 1A. LISTEN & HOLD

(5 minutes | No Action)

🎯 Goal

Re-anchor attention to the **end** of the word.

PIXO FLOW

- Words played slowly:
 - “bat”
 - “cup”
 - “dog”
 - “tap”
 - “sun”

- Slight pause after each word
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Full-word attention
- No early tapping

1B. GAME DEMO (3 CHOICES)

(5 minutes | Silent Modeling)

Goal

Show the new 3-choice format without explanation.

PIXO FLOW

- Word played: “cup”
- Three pictures appear:
 - cap
 - sun
 - pig
- PIXO auto-selects **cap**

PIXO says:

“This one ends the same ★”

No further explanation.

PART 2 – LAST-SOUND MATCH (3 CHOICES)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (CORE GAME)

(5 minutes)

Goal

Check ending-sound recognition with mild distraction.

PIXO FLOW (Repeated Rounds)

- Word played once:
 - “bat”
- Three picture choices:
 - cat ✓
 - bag
 - sun

More rounds:

- “cup” → cap ✓ / dog / toy
- “tap” → map ✓ / pig / sun
- “dog” → bag ✓ / cup / fish
- “sun” → bun ✓ / toy / pig

Rules:

- **3 choices**
- One play only
- Calm pacing
- No error sound

★ appears after every tap

2B. NEW WORDS, SAME GAME

(5 minutes | Stability Check)

 Goal

Confirm consistency across new endings.

- Fresh word set
- Same structure
- Randomized position of correct option

System observes:

- First-attempt accuracy
 - End-sound holding
 - Hesitation at the final sound
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED ENDING PLAY

(5 minutes | Fun Finish)

 Goal

End with ease, not challenge.

- Familiar words only
 - Slightly slower pace than Part 2
 - Still 3 choices
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor confidence with success at endings.

PIXO FLOW

- Gentle animation
- Voice:

“You listened all the way to the end!”

 Sticker unlocked:

Sound Finisher – Level Up

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- Final-sound accuracy
- Clipping frequency
- Reaction time at word end
- Hesitation trend vs Day 156

 Auto-loop only if:

- Endings consistently ignored
- Early taps spike repeatedly

Child never sees this.

 **DAY 157 FINAL OUTCOME**

Child:

- ✓ Handles 3-choice ending games calmly
- ✓ Maintains attention to word endings
- ✓ Shows stable confidence
- ✓ Is ready for **Day 158 – Contrast Endings (t/d, p/b)**

 DAY 158 – LAST-SOUND MATCH (CONTRAST ENDINGS)

Node: LAST_SOUND

Type: Sound Awareness Game

Difficulty: Same load, sharper contrast

Teaching: ✗ None

Correction: ✗ None

 DAY 158 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Hears **stop-sound differences at word endings**
- Maintains attention through the final sound
- Stays calm when endings are similar (t/d, p/b)

This day checks **precision at the end**, not speed.

 STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

 MODE RULES (STRICT)

✓ Sound-only

✓ Game language only

✗ No teaching prompts

✗ No “right / wrong”

✗ No visible score

★ Praise = participation only

 PART 1 – WARM-UP (ENDINGS IN FOCUS)

(10 minutes → 5 + 5)

 1A. LISTEN & HOLD (CONTRAST SET)

(5 minutes | No Action)

 **Goal**

Tune the ear to **final stop sounds**.

PIXO FLOW

- Words played slowly with clear endings:
 - “bat”
 - “bad”
 - “cap”

- “cab”
 - “tap”
 - “tab”
 - Slight pause after each word
 - No visuals
 - No response required
- PIXO says softly:
 “Just listen 😊”
- System observes:
- Whether attention stays to the final sound
 - Any early tapping tendency
-

🕒 1B. GAME DEMO (CONTRAST ENDING)

(5 minutes | Silent Modeling)

🎯 Goal

Show that endings matter without explaining why.

PIXO FLOW

- Word played: “bat”
- Three pictures appear:
 - cat
 - cab
 - sun
- PIXO auto-selects **cat**

PIXO says:

“This one ends the same ★”

No explanation of /t/ vs /d/.

🕒 PART 2 – LAST-SOUND MATCH (CONTRAST)

(10 minutes → 5 + 5)

🕒 2A. HEAR → CHOOSE (CORE GAME)

(5 minutes)

🎯 Goal

Check discrimination of similar endings.

PIXO FLOW (Repeated Rounds)

- Word played once:
 - “cap”
- Three picture choices:
 - map
 - cab
 - tap

Correct match is **map** (same /p/ ending).

More rounds:

- “bat” → cat ✅ / bad / sun
- “tap” → map ✅ / tab / pig
- “dog” → bag ✅ / dot / toy
- “cup” → cap ✅ / cub / sun

Rules:

- 3 choices
 - One play only
 - Calm pacing
 - No error sound
- ★ after every tap

2B. RANDOMIZED CONTRAST ROUND

(5 minutes | Precision Check)

Goal

Ensure contrast is heard without guessing.

- Mixed contrasts:
 - t vs d
 - p vs b
 - Correct option position fully randomized
 - Same pace as Part 2A
- System observes:
- Confusion pairs at word end
 - Hesitation spikes
 - Clipping risk

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED ENDING PLAY

(5 minutes | Comfort Reset)

Goal

End contrast day without tension.

- Familiar endings only
- Slightly slower pace
- Still 3 choices

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Reinforce confidence, not accuracy.

PIXO FLOW

- Gentle animation
- Voice:
“You listened carefully to the end!”

 Sticker unlocked:

Sound Finisher – Sharp Ears

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- End-sound confusion pairs (t↔d, p↔b)
- Final-sound accuracy
- End-of-word hesitation

- Clipping indicators

 Auto-loop only if:

- Persistent confusion at endings
- Child stops listening before word end

Child never sees this.

✓ DAY 158 FINAL OUTCOME

Child:

- ✓ Hears contrast endings calmly
- ✓ Holds words to completion
- ✓ Maintains confidence under similarity
- ✓ Is ready for **Day 159 – Faster Ending Games**

● DAY 159 – LAST-SOUND MATCH (FASTER PACE)

Node: LAST_SOUND

Type: Sound Awareness Game

Difficulty: Same logic, higher tempo

Teaching: ✗ None

Correction: ✗ None

🧠 DAY 159 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Maintains **ending-sound accuracy under speed**
- Continues listening **all the way to the end**
- Responds without panic or rushing

This day measures **automaticity at word endings**.

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 MODE RULES (STRICT)

- ✓ Sound-only
- ✓ Game language only
- ✗ No teaching prompts
- ✗ No “right / wrong”
- ✗ No visible score
- ★ Praise = participation only

🕒 PART 1 – WARM-UP (NORMAL SPEED)

(10 minutes → 5 + 5)

🕒 1A. LISTEN & HOLD

(5 minutes | No Action)

Goal

Re-anchor calm listening before speed.

PIXO FLOW

- Words played (normal pace):
 - bat
 - bad
 - cap
 - cab
 - tap
 - tab
- Slight pause after each word
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort
 - Full-word attention
-

1B. DEMO ROUND (FASTER)

(5 minutes | Silent Modeling)

Goal

Show the new pace without explanation.

PIXO FLOW

- Word played: “cap”
- Three pictures appear quickly:
 - map
 - cab
 - sun
- PIXO auto-selects **map**

PIXO says:

“Let’s play ⭐”

No explanation of speed.

PART 2 – LAST-SOUND MATCH (FASTER)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (CORE GAME)

(5 minutes)

Goal

Check ending-sound recognition with reduced pause.

PIXO FLOW (Repeated Rounds)

- Word played once
- Shorter pause before choices
- Next round starts faster

Example rounds:

- “bat” → cat  / bad / sun
- “cup” → cap  / cub / toy

- “tap” → map  / tab / pig
- “dog” → bag  / dot / sun

Rules:

- 3 choices
- One play only
- Faster flow
- No error sound

★ appears after every tap

2B. RANDOM FAST BURST

(5 minutes | Automation Check)

 Goal

Ensure speed does not cause guessing.

- Mixed contrasts (t/d, p/b)
- Random order
- Shortest pauses of the day

System observes:

- Reaction time at word end
 - Accuracy drop (if any)
 - Hesitation spikes
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED ENDING PLAY

(5 minutes | Ease Reset)

 Goal

End with calm, not strain.

- Slightly slower than Part 2
 - Familiar words only
 - Still 3 choices
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor confidence after speed exposure.

PIXO FLOW

- Gentle animation
- Voice:

“You listened very carefully to the end!”

 Sticker unlocked:

Fast Finisher

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- Ending-sound accuracy under speed
- Reaction time compression
- Hesitation delta vs Day 158

 Auto-loop only if:

- Speed causes premature tapping
- Accuracy collapses sharply

Child never sees this.

DAY 159 FINAL OUTCOME

Child:

- ✓ Handles faster ending games calmly
 - ✓ Maintains final-sound awareness
 - ✓ Shows automaticity at word endings
 - ✓ Is ready for **Day 160 – Last-Sound Mini Checkpoint**
-

DAY 160 – LAST-SOUND MINI CHECKPOINT

Node: LAST_SOUND

Type: Game-only confirmation

Teaching: ✗ None

Correction: ✗ None

Feedback: ✗ None

The child never knows this is a checkpoint.

DAY 160 OBJECTIVE (SYSTEM SIDE)

Silently confirm that:

- Ending-sound awareness is **automatic**
- Accuracy holds under contrast + speed
- No clipping or early tapping patterns persist

This day **closes the LAST_SOUND node**.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

✓ Sound-only

✓ Game language only

✗ No teaching prompts

✗ No “right / wrong”

✗ No visible score

★ Praise = participation only

PART 1 – CALM MIXED PLAY

(10 minutes → 5 + 5)

1A. LISTEN & HOLD

(5 minutes | No Action)

Goal

Remove any sense of evaluation.

PIXO FLOW

- Mixed contrast words played:

- bat
- bad
- cap
- cab
- tap
- tab
- dog
- bag

- Normal pace

- No visuals

- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Attention through word endings
 - No early tapping behavior
-

1B. DEMO GAME (MIXED)

(5 minutes | Silent Modeling)

Goal

Re-anchor the game naturally.

PIXO FLOW

- Word played: “tap”

- Three pictures appear:

- map
- tab
- sun

- PIXO auto-selects **map**

PIXO says:

“This one ends the same ★”

No explanation.

PART 2 – LAST-SOUND GAME (CHECKPOINT MIX)

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (MIXED & RANDOM)

(5 minutes)

Goal

Observe automatic ending-sound detection.

PIXO FLOW

- Word played once (randomized):

- “cup”

- Three picture choices (random positions):

- cap 

- cub
- toy

More rounds:

- “bat” → cat  / bad / sun
- “dog” → bag  / dot / toy
- “tap” → map  / tab / pig
- “sun” → bun  / toy / pig

Rules:

- 3 choices
 - Same speed as Day 159
 - One play only
 - No error sounds
- ★ appears after every tap

2B. QUICK RANDOM BURST

(5 minutes | Automation Check)

Goal

Ensure no collapse under rapid succession.

- Shorter pauses
- Full contrast set (t/d, p/b)
- Randomized order

System observes:

- Reaction time stability
- Hesitation spikes
- End-sound confusion pairs

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED FAVORITES

(5 minutes | Emotional Balance)

Goal

End checkpoint day comfortably.

- Child-favorite words only
- Slightly slower pace
- Still game format

3B. PRAISE & TRANSITION

(5 minutes | Silent Success)

Goal

Close node without signaling completion.

PIXO FLOW

- Gentle animation
- Voice:

“You listened very carefully!”

 Sticker unlocked:

Sound Finisher – Complete

(No mention of checkpoint.)

SYSTEM-ONLY CHECKPOINT LOGIC

- ✓ Ending-sound accuracy $\geq 85\%$
- ✓ No persistent clipping
- ✓ Reaction time within personal baseline
- ✓ No sound marked  WEAK

If all met:

LAST_SOUND.status = COMPLETE

If not:

- Silent extension
- Re-enter LAST_SOUND games with new content
- Child never sees retry

DAY 160 FINAL OUTCOME

Child:

- ✓ Holds words to the end automatically
- ✓ Handles contrast endings calmly
- ✓ Maintains confidence
- ✓ Is ready for **DAY 161 – Middle-Sound Games (Easy)**

DAY 161 – MIDDLE-SOUND MATCH (EASY)

Node: MIDDLE_SOUND

Type: Sound Awareness Game

Difficulty: Easy entry

Teaching:  None

Correction:  None

DAY 161 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Notices the **sound inside the word**
- Can hold the word mentally and extract the middle sound
- Responds calmly without confusion or overload

This day sets the **baseline for internal sound awareness**.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

- ✓ Sound-only
- ✓ Game language only
-  No teaching prompts
-  No “right / wrong”

✗ No visible score

★ Praise = participation only

🕒 PART 1 – WARM-UP LISTENING

(10 minutes → 5 + 5)

🕒 1A. LISTEN & HOLD (MIDDLE AWARENESS)

(5 minutes | No Action)

🎯 Goal

Encourage holding the **whole word** in mind.

PIXO FLOW

- Words played slowly:
 - “bat”
 - “dog”
 - “cup”
 - “tap”
- Slight pause after each word
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Full-word attention
 - No early tapping
-

🕒 1B. GAME DEMO (MIDDLE SOUND)

(5 minutes | Silent Modeling)

🎯 Goal

Show the idea of “sound inside” without explanation.

PIXO FLOW

- Word played: “bat”
- Three **sounds** appear (audio buttons):
 - /a/
 - /o/
 - /u/
- PIXO auto-selects /a/

PIXO says:

“This sound is inside ★”

No naming of “middle” or vowels.

🕒 PART 2 – MIDDLE-SOUND MATCH (EASY)

(10 minutes → 5 + 5)

🕒 2A. HEAR WORD → CHOOSE SOUND

(5 minutes | Core Game)

🎯 Goal

Check basic middle-sound awareness.

PIXO FLOW (Repeated Rounds)

- Word played once:

- “dog”

- Three sound options:

- /o/ ✓
 - /a/
 - /u/

More rounds:

- “cup” → /u/ ✓ /a/ / /o/
 - “tap” → /a/ ✓ /o/ / /u/
 - “pig” → /i/ ✓ /a/ / /u/

Rules:

- **3 audio choices**

- One play only

- Calm pace

- No error sound

★ appears after every tap

2B. SAME GAME, NEW WORDS

(5 minutes | Stability Check)

 Goal

Confirm consistency across different words.

- New CVC words
- Same vowel options
- Randomized order

System observes:

- First-attempt accuracy
- Cognitive load handling
- Hesitation duration

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIDDLE PLAY

(5 minutes | Ease Finish)

 Goal

End gently without overload.

- Familiar words only
- Slightly slower pace
- Same sound options

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor confidence around internal listening.

PIXO FLOW

- Gentle animation
- Voice:

“You found the sound inside!”

🌟 Sticker unlocked:

Sound Detective – Start

📊 DATA TAGS UPDATED (SYSTEM ONLY)

Per vowel sound:

- Middle-sound accuracy
- Processing time
- Confusion patterns
- Cognitive load tolerance

🔄 Auto-loop only if:

- Child consistently taps before processing
- Middle sound guessing dominates

Child never sees this.

✅ DAY 161 FINAL OUTCOME

Child:

- ✓ Understands the game format
 - ✓ Notices sounds inside words
 - ✓ Plays calmly and confidently
 - ✓ Is ready for **DAY 162 – Middle-Sound Match (With Distractors)**
-

🟢 DAY 162 – MIDDLE-SOUND MATCH (WITH DISTRACTORS)

Node: MIDDLE_SOUND

Type: Sound Awareness Game

Difficulty: Easy → Mild

Teaching: ❌ None

Correction: ❌ None

🧠 DAY 162 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Identifies the **middle sound** when distractors are more similar
- Maintains calm processing without guessing
- Shows stable reaction time vs Day 161

This day checks **precision without instruction**.

🗉 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

- ✅ Sound-only
- ✅ Game language only
- ❌ No teaching prompts
- ❌ No “right / wrong”

✗ No visible score

★ Praise = participation only

PART 1 – WARM-UP (TUNED LISTENING)

(10 minutes → 5 + 5)

1A. LISTEN & HOLD (SIMILAR SOUNDS)

(5 minutes | No Action)

 Goal

Prime the ear for closer sound differences.

PIXO FLOW

- Words played slowly:
 - “bat”
 - “bet”
 - “bit”
 - “but”
- Slight pause after each word
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Attention span
 - Comfort with similarity
-

1B. GAME DEMO (DISTRACTORS)

(5 minutes | Silent Modeling)

 Goal

Model the trickier choice set without explanation.

PIXO FLOW

- Word played: “bet”
- Three sound options:
 - /e/
 - /i/
 - /a/
- PIXO auto-selects /e/

PIXO says:

“This sound is inside ★”

No explanation of why others are close.

PART 2 – MIDDLE-SOUND MATCH (DISTRACTORS)

(10 minutes → 5 + 5)

2A. HEAR WORD → CHOOSE SOUND

(5 minutes | Core Game)

 Goal

Check middle-sound awareness with close distractors.

PIXO FLOW (Repeated Rounds)

- Word played once:

- “bit”

- Sound options:

- /i/ ✓
 - /e/
 - /a/

More rounds:

- “bat” → /a/ ✓ / /e/ / /u/
 - “bet” → /e/ ✓ / /i/ / /a/
 - “but” → /u/ ✓ / /o/ / /a/
 - “pig” → /i/ ✓ / /e/ / /a/

Rules:

- 3 audio choices
- One play only
- Calm pace
- No error sound

★ appears after every tap

2B. NEW WORDS, SAME DISTRACTORS

(5 minutes | Stability Check)

 Goal

Confirm consistency across fresh examples.

- New word set
- Same vowel clusters
- Randomized order

System observes:

- Accuracy under similarity
- Reaction time changes
- Guessing patterns

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIDDLE PLAY

(5 minutes | Ease Reset)

 Goal

End with comfort, not strain.

- Familiar words only
- Slightly slower pace
- Clearer vowel contrasts

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 Goal

Anchor confidence after careful listening.

PIXO FLOW

- Gentle animation
- Voice:

“You listened very carefully!”

🏆 Sticker unlocked:

Sound Detective – Sharp Ears

📊 DATA TAGS UPDATED (SYSTEM ONLY)

Per vowel sound:

- Confusion pairs (a↔e↔i)
- Middle-sound accuracy
- Processing time under similarity

🔄 Auto-loop only if:

- Guessing dominates
- Processing time spikes sharply

Child never sees this.

✅ DAY 162 FINAL OUTCOME

Child:

- ✓ Handles trickier sound choices calmly
 - ✓ Maintains middle-sound awareness
 - ✓ Shows improved listening precision
 - ✓ Is ready for **DAY 163 – Faster Middle-Sound Games**
-

🟢 DAY 163 – MIDDLE-SOUND MATCH (FASTER PACE)

Node: MIDDLE_SOUND

Type: Sound Awareness Game

Difficulty: Same logic, higher tempo

Teaching: ❌ None

Correction: ❌ None

🧠 DAY 163 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Identifies the **middle sound quickly**
- Maintains accuracy with **shorter processing time**
- Stays calm under faster transitions

This day measures **automatic internal sound awareness**.

🏠 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

✅ Sound-only

✅ Game language only

❌ No teaching prompts

❌ No “right / wrong”

✗ No visible score

★ Praise = participation only

PART 1 – WARM-UP (NORMAL SPEED)

(10 minutes → 5 + 5)

1A. LISTEN & HOLD

(5 minutes | No Action)

 Goal

Re-anchor calm before speed increase.

PIXO FLOW

- Words played at normal pace:

- bat
- bet
- bit
- but
- dog

- Slight pause after each word

- No visuals

- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort
 - Full-word attention
-

1B. DEMO ROUND (FASTER)

(5 minutes | Silent Modeling)

 Goal

Show the quicker pace without explanation.

PIXO FLOW

- Word played: “bit”

- Three sound options appear quickly:

- /i/
- /e/
- /a/

- PIXO auto-selects /i/

PIXO says:

“Let’s play ★”

No explanation of speed.

PART 2 – MIDDLE-SOUND MATCH (FASTER)

(10 minutes → 5 + 5)

2A. HEAR WORD → CHOOSE SOUND

(5 minutes | Core Game)

Goal

Check middle-sound recognition with reduced pause.

PIXO FLOW (Repeated Rounds)

- Word played once
- Sound options appear immediately
- Next round starts quickly

Example rounds:

- “bat” → /a/  / /e/ / /u/
- “bet” → /e/  / /i/ / /a/
- “bit” → /i/  / /e/ / /a/
- “but” → /u/  / /o/ / /a/

Rules:

- 3 audio choices
- One play only
- Faster flow
- No error sound

★ appears after every tap

2B. RANDOM FAST BURST

(5 minutes | Automation Check)

Goal

Ensure speed does not cause guessing.

- Same distractor sets
- Fully randomized order
- Shortest pauses of the day

System observes:

- Reaction time compression
 - Accuracy drop (if any)
 - Hesitation spikes
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIDDLE PLAY

(5 minutes | Ease Reset)

Goal

End with calm, not strain.

- Familiar words only
 - Slightly slower than Part 2
 - Clearer vowel contrasts
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Anchor confidence after speed exposure.

PIXO FLOW

- Gentle animation
- Voice:

“You listened very carefully!”

🏷️ Sticker unlocked:

Sound Detective – Fast Thinker

📊 DATA TAGS UPDATED (SYSTEM ONLY)

Per vowel sound:

- Reaction time under speed
- Accuracy vs Day 162
- Hesitation delta

🔄 Auto-loop only if:

- Speed causes random tapping
- Accuracy collapses sharply

Child never sees this.

✅ DAY 163 FINAL OUTCOME

Child:

- ✓ Handles faster middle-sound games calmly
 - ✓ Maintains internal sound accuracy
 - ✓ Shows early automaticity
 - ✓ Is ready for **DAY 164 – Mixed Word Lengths (Middle Sound)**
-

🟢 DAY 164 – MIDDLE-SOUND MATCH (MIXED WORD LENGTHS)

Node: MIDDLE_SOUND

Type: Sound Awareness Game

Difficulty: Same logic, broader memory load

Teaching: ❌ None

Correction: ❌ None

🧠 DAY 164 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Maintains **middle-sound awareness** across words of different lengths
- Holds longer sound sequences without confusion
- Keeps calm and accuracy as memory demand varies

This day checks **sound stability under variable cognitive load**.

🏠 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

✅ Sound-only

✅ Game language only

❌ No teaching prompts

❌ No “right / wrong”

✗ No visible score

★ Praise = participation only

PART 1 – WARM-UP (VARIED WORD LISTENING)

(10 minutes → 5 + 5)

1A. LISTEN & HOLD

(5 minutes | No Action)

 Goal

Prepare the brain for **short and longer words**.

PIXO FLOW

- Words played at normal pace:

- bat
- sun
- fish
- basket
- rocket

- Slight pause after each word

- No visuals

- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Attention across word lengths
 - No early tapping
-

1B. GAME DEMO (LONGER WORD)

(5 minutes | Silent Modeling)

 Goal

Show that the same game works for longer words.

PIXO FLOW

- Word played: “rocket”

- Three sound options:

- /o/
- /a/
- /u/

- PIXO auto-selects **/o/**

PIXO says:

“This sound is inside ★”

No explanation of syllables or structure.

PART 2 – MIDDLE-SOUND MATCH (MIXED LENGTHS)

(10 minutes → 5 + 5)

2A. HEAR WORD → CHOOSE SOUND

(5 minutes | Core Game)

Goal

Check middle-sound awareness across lengths.

PIXO FLOW (Repeated Rounds)

- Word played once:

- “fish”

- Sound options:

- /i/ 
- /a/
- /u/

More rounds:

- “bat” → /a/  / /e/ / /u/
- “rocket” → /o/  / /a/ / /u/
- “sun” → /u/  / /o/ / /a/
- “basket” → /a/  / /e/ / /o/

Rules:

- 3 audio choices
- One play only
- Calm pace
- No error sound

★ appears after every tap

2B. RANDOM MIX ROUND

(5 minutes | Load-Handling Check)

Goal

Ensure sound focus does not drop with length changes.

- Short + longer words mixed
- Distractors remain close
- Order fully randomized

System observes:

- Accuracy variance by word length
 - Reaction time differences
 - Cognitive fatigue signals
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIX PLAY

(5 minutes | Ease Reset)

Goal

End with comfort and success.

- Familiar short words only
 - Slightly slower pace
 - Clear vowel options
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Anchor confidence after variable load.

PIXO FLOW

- Gentle animation
- Voice:

“You listened very carefully!”

Sticker unlocked:

Sound Detective – Deep Listener

DATA TAGS UPDATED (SYSTEM ONLY)

Per vowel sound:

- Accuracy vs word length
- Reaction time spread
- Fatigue indicators

Auto-loop only if:

- Accuracy drops sharply for longer words
- Hesitation spikes repeatedly

Child never sees this.

DAY 164 FINAL OUTCOME

Child:

- ✓ Maintains middle-sound awareness across word lengths
 - ✓ Handles memory load calmly
 - ✓ Shows stable confidence
 - ✓ Is ready for **DAY 165 – Middle-Sound Mini Checkpoint**
-

DAY 165 – MIDDLE-SOUND MINI CHECKPOINT

Node: MIDDLE_SOUND

Type: Game-only confirmation

Teaching: ✗ None

Correction: ✗ None

Feedback: ✗ None

The child never knows this is a checkpoint.

DAY 165 OBJECTIVE (SYSTEM SIDE)

Silently confirm that:

- Middle-sound awareness is **automatic**
- Accuracy holds across **word lengths + distractors**
- No hesitation or overload patterns persist

This day **closes the MIDDLE_SOUND node**.

STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

 MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

 PART 1 – CALM MIXED LISTENING
(10 minutes → 5 + 5)

 1A. LISTEN & HOLD
(5 minutes | No Action)

 Goal

Remove any sense of evaluation.

PIXO FLOW

- Mixed words played (short + long):
 - bat
 - dog
 - cup
 - fish
 - basket
 - rocket

- Normal pace
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Attention span
 - Comfort across word lengths
-

 1B. DEMO GAME (MIXED)
(5 minutes | Silent Modeling)

 Goal

Re-anchor the game naturally.

PIXO FLOW

- Word played: “fish”
- Three sound options:
 - /i/
 - /a/
 - /u/
- PIXO auto-selects /i/

PIXO says:

“This sound is inside ★”

No explanation.

 PART 2 – MIDDLE-SOUND GAME (CHECKPOINT MIX)

(10 minutes → 5 + 5)

 2A. HEAR WORD → CHOOSE SOUND

(5 minutes)

 Goal

Observe automatic middle-sound detection.

PIXO FLOW

- Word played once (randomized):

- “sun”

- Sound options:

- /u/ 
- /o/
- /a/

More rounds:

- “bat” → /a/  / /e/ / /u/
- “rocket” → /o/  / /a/ / /u/
- “pig” → /i/  / /e/ / /a/
- “basket” → /a/  / /e/ / /o/

Rules:

- 3 audio choices
- Same pace as Day 164
- One play only
- No error sounds

★ appears after every tap

 2B. QUICK RANDOM BURST

(5 minutes | Automation Check)

 Goal

Ensure stability under quick succession.

- Mixed word lengths
- Close vowel distractors
- Fully randomized order

System observes:

- Reaction time stability
 - Accuracy consistency
 - Cognitive fatigue signals
-

 PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

 3A. RELAXED FAVORITES

(5 minutes | Emotional Balance)

 Goal

End checkpoint day comfortably.

- Child-favorite words only
 - Slightly slower pace
 - Clear vowel contrasts
-

3B. PRAISE & TRANSITION

(5 minutes | Silent Success)

 **Goal**

Close node without signaling completion.

PIXO FLOW

- Gentle animation
- Voice:

“You listened very carefully!”

 **Sticker unlocked:**

Sound Detective – Complete

(No mention of checkpoint.)

SYSTEM-ONLY CHECKPOINT LOGIC

- ✓ Middle-sound accuracy $\geq 85\%$
- ✓ Reaction time within personal baseline
- ✓ No overload or hesitation spikes
- ✓ No vowel marked  **WEAK**

If all met:

MIDDLE_SOUND.status = COMPLETE

If not:

- Silent extension
 - Re-enter MIDDLE_SOUND games with new content
 - Child never sees retry
-

DAY 165 FINAL OUTCOME

Child:

- ✓ Extracts middle sounds automatically
 - ✓ Handles mixed word lengths calmly
 - ✓ Maintains confidence
 - ✓ Is ready for **DAY 166 – Guess-the-Sound Games**
-

DAY 166 – GUESS-THE-SOUND (EASY PREDICTION)

Node: GUESS_THE_SOUND

Type: Intuitive sound-prediction game

Difficulty: Easy entry

Teaching:  None

Correction:  None

DAY 166 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Predicts sounds **without instruction**
- Responds confidently even when unsure
- Treats guessing as play, not risk

This day checks **phonemic intuition**, not correctness.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP (PATTERN LISTENING)

(10 minutes → 5 + 5)

1A. LISTEN TO PARTIAL WORDS

(5 minutes | No Action)

 **Goal**

Introduce incomplete sound patterns.

PIXO FLOW

- PIXO plays slowly:
 - “/b/... /a/...”
 - “/t/... /a/...”
 - “/c/... /u/...”
- Slight pause after each
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort with incompleteness
 - No anxiety signals
-

1B. GAME DEMO (GUESSING)

(5 minutes | Silent Modeling)

 **Goal**

Show guessing as safe play.

PIXO FLOW

- PIXO plays:
 - “/b/... /a/... ____”
- Three sound options appear:
 - /t/
 - /g/

- /m/
- PIXO auto-selects /t/

PIXO says:

“Let’s see ★”

No explanation of correctness.

PART 2 – GUESS-THE-SOUND (EASY)

(10 minutes → 5 + 5)

2A. HEAR → GUESS

(5 minutes | Core Game)

Goal

Check intuitive sound completion.

PIXO FLOW (Repeated Rounds)

- Partial sound pattern played:

“/b/... /a/... ____”

- Sound options:

- /t/
- /g/
- /m/

More rounds:

- “/c/... /u/... ____” → /p/ /t/ /g/
- “/d/... /o/... ____” → /g/ /t/ /b/
- “/p/... /i/... ____” → /g/ /t/ /m/

Rules:

- 3 sound choices
 - One play only
 - Calm pace
 - No confirmation sound
- ★ appears after every tap
-

2B. SAME GAME, NEW PATTERNS

(5 minutes | Stability Check)

Goal

Observe confidence across different patterns.

- New CV starts
- Same sound set
- Randomized order

System observes:

- Guess confidence
 - Hesitation duration
 - Avoidance behavior
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED GUESS PLAY

(5 minutes | Fun Finish)

Goal

End with ease, not evaluation.

- Familiar sound starts
 - Slower pace
 - Fewer rounds
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Reinforce safety of guessing.

PIXO FLOW

- Gentle animation
- Voice:

“You tried the sound game!”

Sticker unlocked:

Sound Wizard – Start

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound pattern:

- Guess confidence (latency)
- Intuition strength
- Hesitation vs tap rate

Auto-loop only if:

- Child freezes repeatedly
- Avoids tapping

Child never sees this.

DAY 166 FINAL OUTCOME

Child:

- ✓ Treats guessing as play
 - ✓ Shows early phonemic intuition
 - ✓ Maintains confidence without certainty
 - ✓ Is ready for **DAY 167 – Guess-the-Sound (Final Sound Prediction)**
-

DAY 167 – GUESS-THE-SOUND (FINAL SOUND PREDICTION)

Node: GUESS_THE_SOUND

Type: Intuitive prediction game

Focus: Final sound

Teaching: ✗ None

Correction: ✗ None

DAY 167 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Predicts **ending sounds intuitively**
- Holds the sound pattern mentally until the end
- Guesses calmly without fear of being wrong

This day checks **end-of-word intuition**, not correctness.

STRUCTURE (UNCHANGED)

 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP (INCOMPLETE WORD LISTENING)

(10 minutes → 5 + 5)

1A. LISTEN TO WORD STARTS

(5 minutes | No Action)

 Goal

Introduce words that **stop before the end**.

PIXO FLOW

- PIXO plays:
 - “/b/... /a/...”
 - “/c/... /u/...”
 - “/t/... /a/...”
 - “/d/... /o/...”
- Slight pause after each
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort with unfinished sounds
 - No frustration signals
-

1B. GAME DEMO (FINAL SOUND GUESS)

(5 minutes | Silent Modeling)

 Goal

Show that guessing the end is safe.

PIXO FLOW

- PIXO plays:

“/b/... /a/... ____”
- Three sound options appear:
 - /t/
 - /g/

- /m/
- PIXO auto-selects /t/

PIXO says:

“Let’s see ★”

No explanation, no confirmation.

PART 2 – GUESS-THE-FINAL-SOUND (10 minutes → 5 + 5)

2A. HEAR → GUESS (5 minutes | Core Game)

 Goal

Check intuitive prediction of **final sounds**.

PIXO FLOW (Repeated Rounds)

- Partial pattern played:

“/t/... /a/... ____”

- Sound options:

- /p/
- /t/
- /g/

More rounds:

- “/c/... /u/... ____” → /p/ /t/ /b/
- “/d/... /o/... ____” → /g/ /t/ /b/
- “/b/... /a/... ____” → /t/ /m/ /g/

Rules:

- 3 sound choices
 - One play only
 - Calm pace
 - No success/failure cue
- ★ appears after every tap
-

2B. NEW FINAL-SOUND PATTERNS (5 minutes | Stability Check)

 Goal

Observe confidence across varied endings.

- New CV starts
- Same sound options
- Random order

System observes:

- Hesitation vs confidence
 - Avoidance patterns
 - Guess speed consistency
-

PART 3 – CONFIDENCE CLOSE (10 minutes → 5 + 5)

3A. RELAXED GUESS PLAY (5 minutes | Fun Finish)

Goal

End the day with ease.

- Familiar starting sounds
- Slower pace
- Fewer rounds

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Reinforce that guessing is safe.

PIXO FLOW

- Gentle animation
- Voice:

“You tried the sound game!”

Sticker unlocked:

Sound Wizard – Explorer

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound pattern:

- Final-sound intuition strength
- Hesitation duration
- Confidence trend vs Day 166

Auto-loop only if:

- Child freezes repeatedly
- Refuses to guess

Child never sees this.

DAY 167 FINAL OUTCOME

Child:

- ✓ Predicts ending sounds intuitively
- ✓ Holds sound patterns to completion
- ✓ Remains confident while guessing
- ✓ Is ready for **DAY 168 – Guess-the-Sound (Middle Sound Prediction)**

DAY 168 – GUESS-THE-SOUND (MIDDLE SOUND PREDICTION)

Node: GUESS_THE_SOUND

Type: Intuitive sound-prediction game

Focus: Middle sound

Teaching: ✗ None

Correction: ✗ None

DAY 168 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Predicts the **middle sound intuitively**
- Holds partial sound information and completes it mentally
- Guesses calmly without hesitation or stress

This day checks **internal phonemic intuition**, not accuracy.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP (PARTIAL WORD LISTENING)

(10 minutes → 5 + 5)

1A. LISTEN TO WORD FRAMES

(5 minutes | No Action)

 **Goal**

Introduce words **missing the middle sound**.

PIXO FLOW

- PIXO plays:
 - “/b/... ____ .../t/”
 - “/c/... ____ .../p/”
 - “/d/... ____ .../g/”
 - “/p/... ____ .../g/”

- Slight pause after each
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort with gaps
 - No frustration or confusion signals
-

1B. GAME DEMO (MIDDLE GUESS)

(5 minutes | Silent Modeling)

 **Goal**

Model guessing the inside sound safely.

PIXO FLOW

- PIXO plays:
 - “/b/... ____ .../t/”
- Three sound options appear:
 - /a/
 - /o/

- /u/
- PIXO auto-selects /a/

PIXO says:

“Let’s see ★”

No explanation.

PART 2 – GUESS-THE-MIDDLE-SOUND (10 minutes → 5 + 5)

2A. HEAR FRAME → GUESS (5 minutes | Core Game)

Goal

Check intuitive middle-sound prediction.

PIXO FLOW (Repeated Rounds)

- Partial frame played:

“/c/... ____ .../p/”

- Sound options:

- /u/
- /a/
- /o/

More rounds:

- “/b/... ____ .../t/” → /a/ /i/ /u/
- “/p/... ____ .../g/” → /i/ /a/ /o/
- “/d/... ____ .../g/” → /o/ /a/ /u/

Rules:

- 3 sound choices
- One play only
- Calm pace
- No success/failure cue

★ appears after every tap

2B. NEW FRAMES, SAME GAME (5 minutes | Stability Check)

Goal

Observe confidence across varied patterns.

- New sound frames
- Same vowel sets
- Random order

System observes:

- Guess latency
 - Confidence vs avoidance
 - Pattern completion comfort
-

PART 3 – CONFIDENCE CLOSE (10 minutes → 5 + 5)

3A. RELAXED GUESS PLAY (5 minutes | Ease Finish)

Goal

End with calm and success.

- Familiar frames only
 - Slower pace
 - Fewer rounds
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Reinforce that intuition is safe.

PIXO FLOW

- Gentle animation
- Voice:

“You tried the sound game!”

Sticker unlocked:

Sound Wizard – Inside Sounds

DATA TAGS UPDATED (SYSTEM ONLY)

Per vowel sound:

- Middle-sound intuition strength
- Hesitation duration
- Confidence trend vs Days 166–167

Auto-loop only if:

- Child freezes repeatedly
- Avoids guessing

Child never sees this.

DAY 168 FINAL OUTCOME

Child:

- ✓ Predicts middle sounds intuitively
 - ✓ Handles incomplete sound frames calmly
 - ✓ Maintains confidence while guessing
 - ✓ Is ready for **DAY 169 – Guess-the-Sound (Faster Prediction)**
-

DAY 169 – GUESS-THE-SOUND (FASTER PREDICTION)

Node: GUESS_THE_SOUND

Type: Intuitive sound-prediction game

Difficulty: Same logic, higher tempo

Teaching: ✗ None

Correction: ✗ None

DAY 169 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Guesses sounds **more quickly without stress**
- Maintains confidence when pauses are shorter
- Avoids freezing or overthinking under speed

This day measures **automatic intuition**, not correctness.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – WARM-UP (NORMAL SPEED)

(10 minutes → 5 + 5)

1A. LISTEN TO PATTERNS

(5 minutes | No Action)

 **Goal**

Re-anchor calm before speed increases.

PIXO FLOW

- Partial patterns played at normal pace:
 - “/b/... ____ .../t/”
 - “/c/... ____ .../p/”
 - “/d/... ____ .../g/”
- Slight pause after each
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort
 - No hesitation buildup
-

1B. DEMO ROUND (FASTER)

(5 minutes | Silent Modeling)

 **Goal**

Show the quicker pace without explanation.

PIXO FLOW

- Pattern played:
“/b/... ____ .../t/”
- Three sound options appear quickly:
 - /a/
 - /o/
 - /u/

- PIXO auto-selects /a/

PIXO says:

“Let’s play 🌟”

No explanation of speed.

PART 2 – GUESS-THE-SOUND (FASTER)

(10 minutes → 5 + 5)

2A. HEAR → GUESS

(5 minutes | Core Game)

Goal

Check intuitive guessing with reduced pause.

PIXO FLOW (Repeated Rounds)

- Partial frame played once
- Sound options appear immediately
- Next round begins quickly

Example rounds:

- “/c/... ____ .../p/” → /u/ /a/ /o/
- “/b/... ____ .../t/” → /a/ /i/ /u/
- “/p/... ____ .../g/” → /i/ /a/ /o/

Rules:

- 3 sound choices
- One play only
- Faster flow
- No success/failure cue

🌟 appears after every tap

2B. RANDOM FAST BURST

(5 minutes | Automation Check)

Goal

Ensure speed does not cause avoidance.

- Same patterns
- Fully randomized order
- Shortest pauses of the phase

System observes:

- Reaction time compression
 - Guess confidence vs freezing
 - Accuracy stability (background only)
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED GUESS PLAY

(5 minutes | Ease Reset)

Goal

End with calm and success.

- Familiar frames only
 - Slightly slower pace
 - Fewer rounds
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

 **Goal**

Anchor confidence after speed exposure.

PIXO FLOW

- Gentle animation
- Voice:

“You tried the sound game!”

 Sticker unlocked:

Sound Wizard – Quick Thinker

DATA TAGS UPDATED (SYSTEM ONLY)

Per pattern:

- Reaction time under speed
- Hesitation delta vs Day 168
- Freeze/avoidance signals

 Auto-loop only if:

- Speed causes repeated freezing
- Child avoids tapping

Child never sees this.

DAY 169 FINAL OUTCOME

Child:

- ✓ Guesses sounds quickly without stress
 - ✓ Shows automatic intuition
 - ✓ Maintains confidence under speed
 - ✓ Is ready for **DAY 170 – Guess-the-Sound Mini Checkpoint**
-

DAY 170 – GUESS-THE-SOUND MINI CHECKPOINT

Node: GUESS_THE_SOUND

Type: Game-only confirmation

Teaching:  None

Correction:  None

Feedback:  None

The child never knows this is a checkpoint.

DAY 170 OBJECTIVE (SYSTEM SIDE)

Silently confirm that:

- Sound prediction is **automatic**
- Guessing happens **without fear or freezing**
- Speed does not reduce confidence

This day **closes the GUESS_THE_SOUND node.**

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – CALM PATTERN LISTENING

(10 minutes → 5 + 5)

1A. LISTEN TO INCOMPLETE PATTERNS

(5 minutes | No Action)

 **Goal**

Remove any sense of evaluation.

PIXO FLOW

- Partial sound frames played:
 - “/b/... ____ .../t/”
 - “/c/... ____ .../p/”
 - “/d/... ____ .../g/”
 - “/p/... ____ .../g/”

- Normal pace
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort with gaps
 - No frustration or avoidance
-

1B. DEMO GAME (MIXED)

(5 minutes | Silent Modeling)

 **Goal**

Re-anchor the guessing game naturally.

PIXO FLOW

- Pattern played:

“/c/... ____ .../p/”
- Three sound options appear:
 - /u/
 - /a/
 - /o/

- PIXO auto-selects /u/

PIXO says:

“Let’s see ★”

No explanation.

PART 2 – GUESS-THE-SOUND (CHECKPOINT MIX)

(10 minutes → 5 + 5)

2A. HEAR → GUESS (MIXED & RANDOM)

(5 minutes)

Goal

Observe automatic intuitive guessing.

PIXO FLOW

- Partial frame played once (random):

“/b/... ____ .../t/”

- Sound options (random positions):

- /a/
- /i/
- /u/

More rounds:

- “/d/... ____ .../g/” → /o/ /a/ /u/
- “/p/... ____ .../g/” → /i/ /a/ /o/
- “/c/... ____ .../p/” → /u/ /a/ /o/

Rules:

- 3 sound choices
 - Same speed as Day 169
 - One play only
 - No success/failure cues
- ★ appears after every tap
-

2B. QUICK RANDOM BURST

(5 minutes | Automation Check)

Goal

Ensure intuition holds under quick succession.

- Fully randomized patterns
- Short pauses
- Familiar + less-used frames

System observes:

- Reaction time stability
 - Hesitation spikes
 - Freeze/avoidance signals
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED FAVORITE GUESSES

(5 minutes | Emotional Balance)

Goal

End checkpoint day with comfort.

- Familiar frames only
 - Slightly slower pace
 - Fewer rounds
-

3B. PRAISE & TRANSITION

(5 minutes | Silent Success)

Goal

Close node without signaling completion.

PIXO FLOW

- Gentle animation
- Voice:

“You played the sound game nicely!”

Sticker unlocked:

Sound Wizard – Complete

(No mention of checkpoint.)

SYSTEM-ONLY CHECKPOINT LOGIC

- ✓ Guess latency within personal baseline
- ✓ No repeated freezing
- ✓ Confidence stable across patterns
- ✓ No intuition collapse under speed

If all met:

GUESS_THE_SOUND.status = COMPLETE

If not:

- Silent extension
 - Re-enter GUESS_THE_SOUND games with new patterns
 - Child never sees retry
-

DAY 170 FINAL OUTCOME

Child:

- ✓ Guesses sounds confidently
 - ✓ Handles incomplete patterns calmly
 - ✓ Shows automatic phonemic intuition
 - ✓ Is ready for **DAY 171 – Mixed Sound Awareness Games**
-

DAY 171 – MIXED SOUND AWARENESS (FIRST + LAST)

Node: MIXED_AWARENESS

Game Types: First-sound + Last-sound (shuffled)

Teaching: ✗ None

Correction: ✗ None

DAY 171 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Switches smoothly between **first** and **last** sound tasks
- Adapts without confusion when game type changes

- Maintains confidence with mixed demands

This day checks **flexibility**, not accuracy.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

MODE RULES (STRICT)

- ✓ Sound-only
 - ✓ Game language only
 - ✗ No teaching prompts
 - ✗ No “right / wrong”
 - ✗ No visible score
 - ★ Praise = participation only
-

PART 1 – CALM MIXED LISTENING

(10 minutes → 5 + 5)

1A. LISTEN TO WORDS (FULL RANGE)

(5 minutes | No Action)

 **Goal**

Prepare the ear for **edges of words**.

PIXO FLOW

- Words played at normal pace:
 - bat
 - dog
 - cup
 - tap
 - sun
 - bag

- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort
 - No anticipation tapping
-

1B. GAME DEMO (MIXED EDGE)

(5 minutes | Silent Modeling)

 **Goal**

Show that games may change quietly.

PIXO FLOW

- Word played: “bat”
- Game auto-runs:

Round 1 (First sound):

- Pictures:
 - ball
 - sun
 - pig
 - PIXO selects **ball**

Round 2 (Last sound):

- Pictures:
 - cat
 - dog
 - sun
 - PIXO selects **cat**

PIXO says:

“Let’s play 🌟”

No explanation of the switch.

PART 2 – MIXED FIRST + LAST GAMES

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE (MIXED)

(5 minutes | Core Game)

 Goal

Check adaptability between edge types.

PIXO FLOW

- Each round randomly chooses:
 - First-sound game **or**
 - Last-sound game

Examples:

- Word: “cup”
 - First sound → cat  / dog / sun
- Word: “tap”
 - Last sound → map  / pig / sun

Rules:

- 3 choices
 - One play only
 - Calm pace
 - No cue which game it is
- 🌟 after every tap

2B. RANDOM EDGE BURST

(5 minutes | Flexibility Check)

 Goal

Ensure no confusion when game type changes quickly.

- Faster switching between first/last
- Random word order
- Same pace as Day 170

System observes:

- Switch cost (hesitation on game change)

- Accuracy stability
 - Emotional response
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIX PLAY

(5 minutes | Ease Reset)

Goal

End with comfort and flow.

- Familiar words only
 - Slower switching
 - Mixed but predictable
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Anchor confidence with flexibility success.

PIXO FLOW

- Gentle animation
- Voice:

“You played many sound games!”

 Sticker unlocked:

Sound Switcher – Start

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound:

- Switch hesitation (first ↔ last)
- Accuracy by edge type
- Adaptability score

Auto-loop only if:

- Child freezes during game switches
- Consistent confusion between edges

Child never sees this.

DAY 171 FINAL OUTCOME

Child:

- ✓ Switches between first and last sound games
 - ✓ Maintains confidence
 - ✓ Shows flexible sound awareness
 - ✓ Is ready for **DAY 172 – Mixed Sound Awareness (First + Middle)**
-

DAY 172 – Mixed Sound Awareness (First + Middle)

- New mix
- Same zero-teaching rules

● DAY 173 – MIXED SOUND AWARENESS (LAST + GUESS)

Node: MIXED_AWARENESS

Game Types: Last-sound + Guess-the-sound (shuffled)

Teaching: ✗ None

Correction: ✗ None

🧠 DAY 173 OBJECTIVE (SYSTEM SIDE)

Observe whether the child:

- Switches smoothly between **clear listening** (last sound) and **intuition** (guess)
- Maintains confidence when certainty and uncertainty alternate
- Avoids freezing when guessing follows a precise task

This day checks **emotional flexibility**, not correctness.

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

✓ Sound-only

✓ Game language only

✗ No teaching prompts

✗ No “right / wrong”

✗ No visible score

★ Praise = participation only

🕒 PART 1 – CALM MIXED LISTENING

(10 minutes → 5 + 5)

🕒 1A. LISTEN TO WORD ENDS

(5 minutes | No Action)

🎯 Goal

Prime attention to **word endings** before mixing with guessing.

PIXO FLOW

- Words played at normal pace:
 - bat
 - cup
 - dog
 - tap
 - sun

- Slight pause after each word

- No visuals

- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort with endings
- No anticipation tapping

1B. GAME DEMO (MIXED TYPE)

(5 minutes | Silent Modeling)

Goal

Show quiet switching between certainty and guessing.

PIXO FLOW

- Word played: “tap”

Round 1 (Last sound):

- Pictures:
 - map
 - tab
 - sun
- PIXO selects **map**

Round 2 (Guess):

- Pattern played:

“/t/... /a/... ____”

- Sound options:
 - /p/
 - /g/
 - /m/
- PIXO selects **/p/**

PIXO says:

“Let’s play 🌟”

No explanation of the switch.

PART 2 – MIXED LAST + GUESS GAMES

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE / GUESS (MIXED)

(5 minutes | Core Game)

Goal

Check adaptability between last-sound certainty and intuitive guessing.

PIXO FLOW

- Each round randomly chooses:
 - Last-sound game **or**
 - Guess-the-sound game

Examples:

- Word: “cup”
 - Last sound → cap  / cub / toy
- Pattern: “/b/... /a/... ____”
 - Guess → /t/ /g/ /m/

Rules:

- 3 choices
- One play only

- Calm pace
 - No cue which game it is
 - ★ after every tap
-

2B. RANDOM SWITCH BURST

(5 minutes | Flexibility Check)

Goal

Ensure switching does not trigger hesitation.

- Faster alternation between last & guess
- Random word/pattern order
- Same pace as Day 172

System observes:

- Switch hesitation
 - Freeze during guessing
 - Confidence recovery after guess
-

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIX PLAY

(5 minutes | Ease Reset)

Goal

End with comfort and flow.

- Familiar words + simple guess patterns
 - Slower switching
 - Predictable rhythm
-

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Anchor confidence across certainty and intuition.

PIXO FLOW

- Gentle animation
- Voice:

“You played many sound games!”

 Sticker unlocked:

Sound Switcher – Brave Guesser

DATA TAGS UPDATED (SYSTEM ONLY)

Per sound/pattern:

- Switch hesitation (last ↔ guess)
- Guess confidence after certainty
- Emotional recovery time

Auto-loop only if:

- Child freezes repeatedly after guessing
- Switching causes avoidance

Child never sees this.

✅ **DAY 173 FINAL OUTCOME**

Child:

- ✓ Switches between last-sound and guessing games
- ✓ Maintains confidence across certainty + intuition
- ✓ Shows emotional flexibility
- ✓ Is ready for **DAY 174 – All Games Shuffled**

🟢 **DAY 174 – MIXED SOUND AWARENESS (ALL GAMES SHUFFLED)**

Node: MIXED_AWARENESS

Game Types:

- First-sound
- Middle-sound
- Last-sound
- Guess-the-sound

(All shuffled, unpredictable)

Teaching: ❌ None

Correction: ❌ None

🧠 **DAY 174 OBJECTIVE (SYSTEM SIDE)**

Observe whether the child:

- Switches effortlessly across **all sound-awareness modes**
- Maintains confidence when task type is unpredictable
- Shows automatic listening without hesitation or stress

This day checks **global readiness**, not skill-by-skill accuracy.

🏗️ **STRUCTURE (UNCHANGED)**

🕒 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

🔒 **MODE RULES (STRICT)**

- ✅ Sound-only
- ✅ Game language only
- ❌ No teaching prompts
- ❌ No “right / wrong”
- ❌ No visible score
- ★ Praise = participation only

🕒 **PART 1 – CALM FULL-RANGE LISTENING**

(10 minutes → 5 + 5)

🕒 **1A. LISTEN TO WORDS (FULL RANGE)**

(5 minutes | No Action)

🎯 Goal

Prepare the ear for **any possible sound task**.

PIXO FLOW

- Words played at normal pace:

- bat
- dog
- cup
- pig
- fish
- bag

- No visuals

- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Comfort
 - No anticipation tapping
-

1B. GAME DEMO (ALL TYPES)

(5 minutes | Silent Modeling)

 Goal

Show that **any game may appear**.

PIXO FLOW

- Word played: “bat”

Round 1 – First sound

- Pictures: ball / sun / pig
- PIXO selects **ball**

Round 2 – Middle sound

- Sounds: /a/ /o/ /u/
- PIXO selects **/a/**

Round 3 – Last sound

- Pictures: cat / dog / sun
- PIXO selects **cat**

Round 4 – Guess

- Pattern: “/b/... /a/... ____”
- Sounds: /t/ /g/ /m/
- PIXO selects **/t/**

PIXO says:

“Let’s play 🌟”

No explanation.

PART 2 – ALL GAMES SHUFFLED

(10 minutes → 5 + 5)

2A. HEAR → CHOOSE / GUESS (FULL MIX)

(5 minutes | Core Game)

 Goal

Check seamless switching across all sound tasks.

PIXO FLOW

- Each round randomly selects:

- First-sound
- Middle-sound
- Last-sound
- Guess-the-sound

Examples:

- Word: “cup”
→ Middle sound → /u/ /o/ /a/
- Word: “dog”
→ First sound → door / sun / pig
- Pattern: “/t/... /a/... ____”
→ Guess → /p/ /g/ /m/

Rules:

- 3 choices
- One play only
- Calm pace
- No cue which game it is
- ★ after every tap

2B. RANDOM FAST SHUFFLE

(5 minutes | Automation Check)

Goal

Ensure no collapse under unpredictability.

- Faster switching
- Fully randomized order
- Familiar + less-used items

System observes:

- Switch cost
- Hesitation spikes
- Emotional regulation

PART 3 – CONFIDENCE CLOSE

(10 minutes → 5 + 5)

3A. RELAXED MIX PLAY

(5 minutes | Ease Reset)

Goal

End with comfort, not intensity.

- Familiar words only
- Slower switching
- Predictable rhythm

3B. PRAISE & REWARD

(5 minutes | Emotional Lock)

Goal

Anchor confidence after full shuffle.

PIXO FLOW

- Gentle animation
- Voice:

“You played lots of sound games!”

🏆 Sticker unlocked:

Sound Switcher – All Star

📊 DATA TAGS UPDATED (SYSTEM ONLY)

Per child profile:

- Global switch flexibility
- Overall hesitation trend
- Stress response under unpredictability
- Readiness confidence index

🔄 Auto-loop only if:

- Child freezes repeatedly across game types
- Emotional discomfort appears

Child never sees this.

✅ DAY 174 FINAL OUTCOME

Child:

- ✓ Handles all sound-awareness games fluidly
 - ✓ Switches without fear
 - ✓ Maintains calm under unpredictability
 - ✓ Is ready for **DAY 175 – Pre-Final Stabilization Day**
-

🟢 DAY 175 – PRE-FINAL STABILIZATION DAY

Node: FINAL_STABILIZATION

Type: Gentle mixed play

Teaching: ❌ None

Challenge: ❌ None

Speed: ❌ Increased

🧠 DAY 175 OBJECTIVE (SYSTEM SIDE)

Ensure the child:

- Feels relaxed and successful
- Engages confidently without effort
- Shows no lingering hesitation or stress

This day prepares **emotional readiness**, not skill.

🧱 STRUCTURE (UNCHANGED)

🕒 30 minutes total

- 10 min → 5 + 5
 - 10 min → 5 + 5
 - 10 min → 5 + 5
-

🔒 MODE RULES (STRICT)

✅ Sound-only

✅ Game language only

❌ No teaching prompts

- ✗ No difficulty increase
 - ✗ No visible score
 - ★ Praise = participation only
-

 PART 1 – CALM LISTENING FLOW
(10 minutes → 5 + 5)

 1A. RELAXED WORD LISTENING
(5 minutes | No Action)

 Goal

Slow the system down.

PIXO FLOW

- Words played slowly:
 - bat
 - dog
 - sun
 - cup
 - fish
- Long pauses
- No visuals
- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Relaxed attention
 - No urgency
-

 1B. EASY DEMO GAME
(5 minutes | Silent Modeling)

 Goal

Remind the child of familiar play.

PIXO FLOW

- Word played: “bat”
- First-sound game:
 - ball
 - sun
 - pig
- PIXO auto-selects **ball**

PIXO says:

“Let’s play ★”

 PART 2 – GENTLE MIXED PLAY
(10 minutes → 5 + 5)

 2A. EASY MIX (NO SWITCHING SURPRISES)
(5 minutes)

Goal

Maintain flow without challenge.

PIXO FLOW

- Familiar game types only:

- First sound
- Last sound

- Predictable alternation

- Clear choices

Rules:

- 3 choices
- One play only
- Slow pace

★ after every tap

2B. FAVORITE GAME REPEAT

(5 minutes | Emotional Comfort)

Goal

End the core play on a high note.

- PIXO selects child's **most-successful game type**
- Familiar words only
- Slow, rhythmic pacing

System observes:

- Enjoyment
 - Confidence
-

PART 3 – EMOTIONAL CLOSE

(10 minutes → 5 + 5)

3A. RELAXED LISTEN-ONLY

(5 minutes | Decompression)

Goal

Lower cognitive load fully.

- Soft word playback
 - Background calm music
 - No interactions
-

3B. PRAISE & REASSURANCE

(5 minutes | Emotional Lock)

Goal

Anchor readiness gently.

PIXO FLOW

- Gentle animation

- Voice:

“You played calmly and nicely.”

Sticker unlocked:

Ready & Calm

DATA TAGS UPDATED (SYSTEM ONLY)

- Stress indicators
- Confidence baseline before final gate
- Engagement smoothness

 Auto-loop only if:

- Signs of anxiety or avoidance appear
- Child never sees this.

✓ **DAY 175 FINAL OUTCOME**

Child:

- ✓ Feels calm and confident
- ✓ Engages without effort
- ✓ Shows readiness stability
- ✓ Is prepared for **DAY 176 – FINAL GATE**

● **DAY 176 – FINAL READINESS GATE**

Node: FINAL_GATE

Type: Game-only mastery confirmation

Teaching: ✗ None

Correction: ✗ None

Feedback: ✗ None (until outcome)

The child never knows this is a “gate”.

DAY 176 OBJECTIVE (SYSTEM SIDE)

Silently confirm:

- Full sound awareness (first, middle, last, guess)
- Emotional calm under mixed conditions
- Automatic response without hesitation or fear

This gate decides **readiness to progress**.

STRUCTURE (UNCHANGED)

 **30 minutes total**

- 10 min → 5 + 5
- 10 min → 5 + 5
- 10 min → 5 + 5

MODE RULES (STRICT)

✓ Sound-only

✓ Game language only

✗ No teaching prompts

✗ No visible score

✗ No correction or error cues

★ Praise = participation only

PART 1 – CALM GLOBAL LISTENING

(10 minutes → 5 + 5)

1A. LISTEN TO MIXED WORDS

(5 minutes | No Action)

 Goal

Anchor calm before full mix.

PIXO FLOW

- Words played at relaxed pace:

- bat
- dog
- sun
- cup
- fish
- bag

- No visuals

- No response required

PIXO says softly:

“Just listen 😊”

System observes:

- Baseline attention
 - Emotional calm
-

1B. DEMO GAME (GLOBAL MIX)

(5 minutes | Silent Modeling)

 Goal

Reinforce natural play.

PIXO FLOW

- Word played: “dog”

- Random game appears:

- Middle sound → /o/ /a/ /u/
 - PIXO auto-selects /o/

PIXO says:

“Let’s play 🌟”

PART 2 – FINAL MIXED GAMES

(10 minutes → 5 + 5)

2A. FULL MIX PLAY

(5 minutes | Core Observation)

 Goal

Observe natural, automatic responses.

PIXO FLOW

- Games appear randomly:

- First sound
- Middle sound
- Last sound
- Guess-the-sound

- Mixed words and patterns

- Calm pace

- No cues

★ after every tap

System tracks:

- Accuracy trend (hidden)
 - Reaction time stability
 - Emotional regulation
-

2B. FINAL RANDOM BURST

(5 minutes | Confirmation)

 Goal

Ensure consistency until the end.

- Slightly quicker transitions
- Still comfortable
- No surprises

System confirms:

- No freezing
 - No stress spike
-

PART 3 – OUTCOME DELIVERY

(10 minutes → 5 + 5)

3A. QUIET WRAP-UP

(5 minutes | Neutral Close)

 Goal

Finish play before revealing outcome.

- Relaxed listen-only
 - Soft music
 - No interaction
-

3B. OUTCOME LOGIC (SYSTEM-DRIVEN)

IF PASSED

Conditions (hidden):

- ✓ Stable accuracy across all game types
- ✓ Reaction time within personal baseline
- ✓ No emotional distress signals

PIXO triggers:

 Celebration animation

 Happy sound

 Badge unlocked:

Sound Ready – Master

Parent notification:

“Your child is ready for the next learning phase.”

IF NOT PASSED (SILENT)

PIXO does:

- No failure shown
- No negative signal
- Auto-schedules:

- Day 171–175 gentle replay (new content)
- Gate reattempt after **48 hours**

Child experiences:

- ✓ Normal play
- ✓ No sense of failure

FINAL DATA TAGS STORED

- Global sound awareness index
- Emotional readiness score
- Time-to-readiness
- Adaptive path recommendation

DAY 176 FINAL OUTCOME

Child:

- ✓ Feels successful
- ✓ Experiences celebration or calm continuity
- ✓ Is protected from failure signals
- ✓ Transitions smoothly to the next phase

WHAT UNLOCKS NEXT

PHASE 5 – EARLY READING / STRUCTURED PHONICS

Day 177 onward

This is **not a jump**.

It is a **controlled reveal** from sound-play → sound-symbol connection.

Child is now:

- ✓ Sound-ready
- ✓ Emotionally safe
- ✓ Flexible across first / middle / last / guess
- ✓ Able to hold sound sequences

So Phase 5 introduces **letters carefully, late, and gently**.

PHASE 5 CORE PRINCIPLES (NON-NEGOTIABLE)

- Sounds stay primary
- Letters appear as **labels**, not targets
- No spelling drills
- No memorization pressure
- Reading emerges, not forced

The child already “knows sounds”.

Phase 5 simply shows **how the world writes them**.

TRANSITION BRIDGE: DAY 177–180

These days exist only to **prevent shock**.

DAY 177 – SOUND → SYMBOL INTRO (PASSIVE)

Purpose:

Let the child *notice* that sounds have shapes.

What happens

- Sound plays: /m/
- After sound finishes, letter **m** fades in
- No instruction
- No naming
- No asking

PIXO language:

“This is how the sound looks.”

Child action:

- None required

System observes:

- Comfort with symbol appearance
-

DAY 178 – SOUND + SYMBOL TOGETHER (NO TASK)

Purpose:

Stabilize sound–symbol pairing **without demand**.

What happens

- /s/ plays
- Letter **s** appears simultaneously
- Picture present (sun)
- No questions

PIXO language:

“Listen and look.”

No choices. No taps.

DAY 179 – OPTIONAL TAP (CHOICE, NOT TEST)

Purpose:

Allow interaction without pressure.

What happens

- Sound /a/ plays
- Two symbols appear: **a** / **o**
- PIXO says:

“Tap what feels right.”

★ appears regardless of choice.

System logs:

- Intuition alignment
 - No pass/fail
-

DAY 180 – TRANSITION CONFIRMATION (GAME-ONLY)

Purpose:

Confirm symbol exposure did not break confidence.

What happens

- Mixed play:
 - Sound-only rounds
 - Sound + letter rounds
 - No visible distinction

Outcome (system-side):

- If calm → unlock Module 8
- If hesitation → repeat 177–179 with new content

Child never sees this decision.

PHASE 5 MODULE STRUCTURE (OVERVIEW)

MODULE 8: SOUND–LETTER CONNECTION

(Not alphabet teaching)

Tree:

```
PHASE_5_EARLY_READING
├── MODULE_8_SOUND_SYMBOL
│   ├── LETTER_A_SOUND
│   ├── LETTER_M_SOUND
│   ├── LETTER_S_SOUND
│   └── SYMBOL_MIX
```

Each letter:

- Introduced **after** sound mastery
- Used only in listening-based games
- Never drilled alphabetically

MODULE 9: GUIDED BLENDING (WITH LETTERS)

- CV → CVC
- Letters shown **after sound blend**
- Reading is observed, not demanded

MODULE 10: EARLY READING CONFIDENCE

- Short words appear
- Child hears first
- Then sees
- Then chooses

PARENT-FACING LANGUAGE (IMPORTANT)

After Day 176 message:

“Your child has developed strong sound awareness and listening confidence.

We are now gently introducing how sounds appear in written form.

There is no memorization or pressure. Reading will emerge naturally.”

No mention of:

- ✗ tests
- ✗ grades
- ✗ performance

SYSTEM GUARANTEE

If at any point:

- Confidence drops
- Hesitation increases
- Guessing turns anxious

PIXO:

-  Auto-reverts to sound-only mode
 -  Rebuilds safety
 -  Reintroduces symbols later
-

✓ SUMMARY

- ✓ Phase 5 unlocked safely
- ✓ Day 177–180 bridge prevents shock
- ✓ Letters introduced *after* readiness
- ✓ Confidence remains protected

NEXT OPTIONS (YOU CHOOSE)

- 1 Build **DAY 177–180** in full PIXO format
 - 2 Design **MODULE 8 day-by-day**
 - 3 Create **Phase 5 mastery gates**
-
-
-

PART 2: AUTO-LOOP LOGIC + SCORING SCHEMA

This is where PIXO beats every app.

SCORING COMPONENTS (Per Node)

Metric	Weight
Listening Accuracy	30%
Repeat Confidence	30%
Picture MCQ	30%
Response Speed	10%

Total = 100

AUTO-LOOP RULE (CORE FEATURE)

IF score < 80%

- repeat same node next session
- change visuals + audio tone
- add encouragement layer

ELSE

- unlock next node

Weak sound logic:

- PIXO tags sound as ● Weak
 - Injects it again after 48 hours automatically
-

CONFIDENCE ENGINE

If child hesitates:

- No “wrong” sound
- PIXO says:
“Let’s try once more together 😊”

If child succeeds:

- Praise animation
- Star + voice clap

GATE SYSTEM (NON-BYPASSABLE)

Gate	Condition
Phase 1 → 2	All vowel + continuous sounds ≥ 80%
Phase 2 → 3	CV blends success ≥ 85%
Phase 3 → 4	Word recognition ≥ 85%
Level 1 Complete	Final gate pass

No parent override.

No skipping.

Brain safety first.

PARENT / ADMIN DASHBOARD (LOGIC)

Track:

- Weak sounds
- Time spent
- Confidence score
- Retry count
- Readiness %

FINAL RESULT (LEVEL 1 COMPLETE)

- ✓ Sound mastery
- ✓ Blending instinct
- ✓ Speaking confidence
- ✓ Reading-ready brain
- ✓ Child thinks English is **easy**
